American Graffiti Margo Thompson.2015-09-15 The first appearances of graffiti “tags” (signatures) on New York City subway trains in the early 1970s were discarded as incidents of vandalism or the rough, violent cries of the ignorant and impoverished. However, as the graffiti movement progressed and tags became more elaborate and ubiquitous, genuine artists emerged whose unique creativity and unconventional media captured the attention of the world. Featuring gallery and street works by several contributors to the graffiti scene, this book offers insight into the lives of urban artists, describes their relationship with the bourgeois art world, and discusses their artistic motivation with unprecedented sensitivity.

Premediation: Affect and Mediality After 9/11 R. Grusin.2010-04-09 In an era of heightened securitization, print, televisual and networked media have become obsessed with the 'pre-mediation' of future events. In response to the shock of 9/11, socially networked US and global media worked to pre-mediate collective affects of anticipation and connectivity, while also perpetuating low levels of apprehension or fear.

Alphonse Mucha and artworks Patrick Bade.2023-11-16 Born in 1860 in a small Czech town, Alphonse Mucha (1860-1939) was an artist on the forefront of Art Nouveau, the modernist movement that swept Paris in the 1910s, marking a return to the simplicity of natural forms, and changing the world of art and design forever. In fact, Art Nouveau was known to insiders as the “Mucha style” for the legions of imitators who adapted the master’s celebrated tableaux. Today, his distinctive depictions of lithe young women in classical dress have become a pop cultural touchstone, inspiring album covers, comic books, and everything in between. Patrick Bade and Victoria Charles offer readers an inspiring survey of Mucha’s career, illustrated with over one hundred lustrous images, from early Parisian advertisements and posters for Sandra Bernhardt, to the famous historical murals painted just before his death, at the age of 78, in 1939.

The Terror Dream Susan Faludi.2007-10-02 From the Pulitzer Prize-winning journalist and bestselling author of Backlash—an unflinching dissection of the mind of America after 9/11 In this most original examination of America's post-9/11 culture, Susan Faludi shines a light on the country's psychological response to the attacks on that terrible day. Turning her acute observational powers on the media, popular culture, and political life, Faludi unearths a barely acknowledged but bedrock societal drama shot through with baffling contradictions. Why, she asks, did our culture respond to an assault against American global dominance with a frenzied summons to restore traditional manhood, marriage, and maternity? Why did we react as if the hijackers had targeted not a commercial and military edifice but the family home and nursery? Why did an attack fueled by hatred of Western emancipation lead us to a regressive fixation on Doris Day womanhood and John Wayne masculinity, with trembling security

moms, swaggering presidential gunslingers, and the rescue of a female soldier cast as a helpless little girl? The answer, Faludi finds, lies in a historical anomaly unique to the American experience: the nation that in recent memory has been least vulnerable to domestic attack was forged in traumatizing assaults by nonwhite barbarians on town and village. That humiliation lies concealed under a myth of cowboy bluster and feminine frailty, which is reanimated whenever threat and shame looms. Brilliant and important, *The Terror Dream* shows what 9/11 revealed about us—and offers the opportunity to look at ourselves anew.

Screens of Terror Phil Hammond.2011 The essays in this collection first came together at a conference, held at London South Bank University's Centre for Media and Culture Research in September 2010, on representations of the 'war on terror' in film and television.

Burne-Jones Patrick Bade.2011-12-22 Burne-Jones' oeuvre can be understood as an attempt to create in paint a world of perfect beauty, as far removed from the Birmingham of his youth as possible. At that time Birmingham was a byword for the dire effects of unregulated capitalism - a booming, industrial conglomeration of unimaginable ugliness and squalor. The two great French symbolist painters, Gustave Moreau and Pierre Puvis de Chavannes, immediately recognised Burne-Jones as an artistic fellow traveller. But, it is very unlikely that Burne-Jones would have accepted or even, perhaps, have understood the label of 'symbolist'. Yet he seems to have been one of the most representative figures of the symbolist movement and of that pervasive mood termed "fin-de-siecle". Burne-Jones is usually labelled as a Pre-Raphaelite. In fact he was never a member of the Brotherhood formed in 1848. Burne-Jones' brand of Pre-Raphaelitism derives not from Hunt and Millais but from Dante Gabriel Rossetti. Burne-Jones' work in the late 1850s is, moreover, closely based on Rossetti's style. His feminine ideal is also taken from that of Rossetti, with abundant hair, prominent chins, columnar necks and androgynous bodies hidden by copious medieval gowns. The prominent chins remain a striking feature of both artists' depictions of women. From the 1860s their ideal types diverge. As Rossetti's women balloon into ever more fleshy opulence, Burne-Jones' women become more virginal and ethereal to the point where, in some of the last pictures, the women look anorexic. In the early 1870s Burne-Jones painted several mythical or legendary pictures in which he seems to have been trying to exorcise the traumas of his celebrated affair with Mary Zambaco. No living British painter between Constable and Bacon enjoyed the kind of international acclaim that Burne-Jones was accorded in the early 1890s. This great reputation began to slip in the latter half of the decade, however, and it plummeted after 1900 with the triumph of Modernism. With hindsight we can see this flatness and the turning away from narrative as characteristic of early Modernism and the first hesitant steps towards Abstraction. It is not as odd at it seems that Kandinsky cited Rossetti and Burne-Jones as forerunners of Abstraction in his book, "Concerning the Spiritual in Art".

William Morris Arthur Clutton-Brock.2012-05-08 Through his eclecticism, William Morris (1834-1896) was one of the most emblematic personalities of the nineteenth century. Painter, architect, poet and engineer, wielding the quill as well as the brush, he jolted Victorian society by discarding standards established by triumphant industry. His commitment to the writing of the Socialist Manifesto was the logical result of the revolution he

personified in his habitat, the form of his design and the colours he used. Forerunner of twentieth-century designers, he co-founded with John Ruskin the Arts and Crafts movement. As an independent man, William Morris led the way to Art Nouveau and later Bauhaus. Through the essential body of his written and visual work, Arthur Clutton-Brock's masterwork deciphers the narrow relationship between ideals and creation, as well as between evolution and revolution.

The War on Terror Derek Paget, Stephen Lacey. 2015-05-22 This book explores the ways in which television has engaged directly and indirectly with the new realities of the post-9/11 world. It offers detailed analysis of a number of key programmes and series that engage with, or are haunted by, the aftermath of the events of September 11 in the USA and what is unavoidably through problematically and contentiously referred to as the resulting 'war on terror'. The substantive part of the book is a series of independent chapters, each written on a different topic and considering different programmes. It includes series and single dramas representing the invasion of Iraq (The Mark of Cain, Occupation and Generation Kill), comedic representations (Gary, Tank Commander), documentary (the BBC Panorama's coverage of 9/11), 'what if' docudramas (Dirty War), 9/11 in popular series (CSI:NY) and representations of Tony Blair in drama and docudrama. The book concludes with an extended reflection on contemporary docudrama and an interview with filmmaker and docudramatist Peter Kosminsky.

The ABC of Style Émile Bayard. 2023-12-28 Ever wondered why your ceiling is shaped like the arches in a gothic cathedral? Or why your office building looks so different from its neighboring counterparts? The ABC of Style invites you to explore the many different architectural and decorative interior styles from their ancient origins to the 1940s. Take a journey through history to see how the French aristocracy styled their palaces and castles to the simple designs of the Dominican monastic churches during the middle ages. Often, political changes implicate a stylistic transformation. Thus, the different European styles were frequently named after a sovereign or a historical period (Renaissance style, Medieval style). Until the end of the nineteenth century, the stylistic mutations of the time were generally based on the tastes of the royalty. Stylistic expression was, therefore, an affirmation of power.
