*North Carolina Real Estate License Exam Prep* Stephen Mettling, David Cusic, Ryan Mettling. 2024-03-04 Features of North Carolina Real Estate License Exam Prep (NC-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) North Carolina-Specific Laws and Regulations Key Point Review (43 pages) National Practice Tests (500 questions) North Carolina Practice Tests (130 questions) North Carolina Sample Exam (105 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the North Carolina Real Estate License Exam Prep (NC-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. NC-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is North Carolina-specific - not just simplistic national content, but terse, relevant and accurate North Carolina laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. NC-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by Pearson Vue for North Carolina. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your North Carolina license exam. A word about the test questions... NC-RELEP's testing practice section consists of ten national practice tests, three state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 105 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your North Carolina real estate exam. So good luck!! Note: For North Carolina students looking for a comprehensive real estate principles textbook, we also publish Principles of Real Estate Practice in North Carolina.

**Guide to Broker Price Opinion Success** Allison Robbins.2015-03-04 In today's real estate market, only the innovative survive. As real estate agents, we need to utilize all sources of income available to us within our industry. BPOs (Broker Price Opinions) are a great way to generate extra income or become a full time BPO agent and watch the cash stack up! The key to becoming a successful money making machine in the bpo industry is within this book. I will walk you through how to get business, how to maintain and grow business relationships with asset companies, and how to become a fully functional bpo producer that can yield more than 10,000 in monthly revenue. Consider this...Most agents would have to sell 2-4 houses a month to generate the income that I make in BPOs in one month. Here is the kicker, I don't even work 8 hours a day, and I have every weekend to spend with my family. BPOs are guaranteed money, with very little expenditures and checks paid to you on a monthly basis. They easily become something to depend on in today's market. Even while doing traditional real estate sales, BPOs can become that extra income you have been looking for and will also help you stay abreast on local market activity in the process. Are you new to real estate? Are you tired of getting leads that never pan out? Tired of driving clients around to 20 houses before they decide not to buy? Have you put your license on inactive status until the market changes? In real estate, only the strong survive. If you have been doing the same thing and yielding poor results, maybe it's time to try something new. Are you ready to start making the income you deserve?
