## **Mantra** .1979

Making a Mantra Ellen Gough.2021-10-13 Jainism originated in India and shares some features with Buddhism and Hinduism, but it is a distinct tradition with its own key texts, art, rituals, beliefs, and history. One important way it has often been distinguished from Buddhism and Hinduism is through the highly contested category of Tantra: Jainism, unlike the others, does not contain a tantric path to liberation. But in *Making a Mantra*, historian of religions Ellen Gough refines and challenges our understanding of Tantra by looking at the development over two millennia of a Jain incantation, or mantra, that evolved from an auspicious invocation in a second-century text into a key component of mendicant initiations and meditations that continue to this day. Typically, Jainism is characterized as a celibate, ascetic path to liberation in which one destroys karma through austerities, while the tantric path to liberation is characterized as embracing the pleasures of the material world, requiring the ritual use of mantras to destroy karma. Gough, however, argues that asceticism and Tantra should not be viewed in opposition to one another. She does so by showing that Jains perform “tantric” rituals of initiation and meditation on mantras and maṇḍalas. Jainism includes kinds of tantric practices, Gough provocatively argues, because tantric practices are a logical extension of the ascetic path to liberation.

**Religious Diversity Today [3 volumes]** Jean-Guy A. Goulet,Liam D. Murphy,Anastasia Panagakos.2015-12-01 This insightful three-volume set examines faith through the social and cultural perspective of anthropology, sociology, and religious studies, shedding light on the role of religion in the human experience. Why is human suffering and the existence of evil part of the human experience? How does religious doctrine establish one's identity? In what ways does religion interact with and shape the social order? This thought-provoking work ponders these questions and explores the concept of religion from various perspectives: as a tool for self and community-based spiritual awareness, as a set of practices that translates faith into interaction with others, and as a cornerstone of society for those who seek to harness—or hinder—its influence. Written in accessible and inviting language, each volume focuses on a particular dimension of religion. The first book examines religious experience in the modern world and explores suffering in religious faiths, the second volume centers around ritual and pilgrimage, and the last book analyzes the controversial relationship between religion and societies. The content features such thought-provoking topics as death and green burials, sexuality and sex trade, and how and why evil manifests in the human experience.

**Atharva Veda - the Fourth Book** Atharvan And ANGIRAS.2019-12 The Atharvaveda is composed in Vedic Sanskrit, and it is a collection of 730 hymns with about 6,000 mantras, divided into 20 books. The text is in poem form deploying a diversity of Vedic matters. The Atharvaveda is sometimes called the Veda of magical formulas. It is said to represent a 'popular religion', incorporating not only formulas for magic, but also the daily rituals for initiation into learning (upanayana), marriage and funerals. Royal rituals and the duties of the court priests are also included in the Atharvaveda. The core text of the Atharvaveda falls within the classical Mantra period of Vedic Sanskrit, during the 2nd millennium BC - younger than the Rigveda, and roughly contemporary with the Yajurveda mantras, the Rigvedic Khilani, and the Sāmaveda. There is no absolute dating of any Vedic text including the Atharvaveda. The dating for Atharvaveda is derived from the new metals and items mentioned therein; it, for example, mentions iron (as krsna ayas, literally black metal), and such mentions have led the scholars to the estimate that the Atharvaveda hymns were compiled in the early Indian Iron Age, c. 1200 to 1000 BC, corresponding to the early Kuru Kingdom. The Atharvaveda represents a developing 2nd millennium BCE tradition of magical-religious rites to address superstitious anxiety, spells to remove maladies believed to be caused by demons, and herbs- and nature-derived potions as medicine. Many books of the Atharvaveda Samhita are dedicated to rituals without magic and to theosophy. The text is one of oldest surviving record of the evolutionary practices in religious medicine and reveals the earliest forms of folk healing. It contains hymns many of which were charms, magic spells and incantations meant to be pronounced by the person who seeks some benefit, or more often by a sorcerer who would say it on his or her behalf. The most frequent goal of these hymns charms and spells were long life of a loved one or recovery from some illness. In these cases, the affected would be given substances such as a plant (leaf, seed, root) and an amulet. Some magic spells were for soldiers going to war with the goal of defeating the enemy, others for anxious lovers seeking to remove rivals or to attract the lover who is less than interested, some for success at a sporting event, in economic activity, for bounty of cattle and crops, or removal of petty pest bothering a household. Some hymns were not about magic spells and charms, but prayer qua prayer and philosophical speculations. A significant portion of the text book are hymns for domestic rituals without magic or spells, and some are theosophical speculations such as all Vedic gods are One. The Atharvaveda includes mantras and verses for treating a variety of ailments. For example, the verses in hymn 4.15 of the recently discovered Paippalada version of the Atharvaveda, discuss how to deal with an open fracture, and how to wrap the wound with Rohini plant (Ficus Infectoria, native to India). Numerous hymns of the Atharvaveda are prayers and incantations wishing a child or loved one to get over some sickness and become healthy again, along with comforting the family members. The Vedic era assumption was that diseases are caused by evil spirits, external beings or demonic forces who enter the body of a victim to cause sickness.

**Software Codes of Mantra, Tantra, Witchcraft, Black Magic, Evil Eye, Evil Tongue** Ved from Victoria Institutions, Edgar Thurston.2016-09-14 This is a writing that proposes to take up the possibility of there being a non-tangible machinery behind the working of the so-called mantra, tantra, evil eye, black magic, voodoo etc. This book makes an attempt to find a pathway or opening by which we can find and enter the supernatural arena, where the supernatural software codes of reality & life are designed and maintained. It is a writing that tries to discuss a probability which is totally apart from the claims of material sciences. It proposes to examine the possibility of there being a supernatural software application location, wherein reality might be seen in the code view as well as in the design view. These two views are apart from the real view, which is the physical reality. The

ultimate aim of this book is to propose a pathway via which we can approach this supernatural software location. This book does move into a connected location: that of the real machinery that works in Homoeopathy. A very clear explanation of the most probable manner in which Homoeopathy works is elaborated. Beyond all that there is also a terrific portending of how all great native-English social systems can go into atrophy with the spread of feudal languages inside.

**Healing Cultures** Nirekha De Silva.2023-10-12 This book showcases the diverse range of healing cultures, and explores how government action can have an impact through determining, promoting, protecting or destroying traditional cultural aspects of healing and wellbeing, based on a case study of Sri Lanka. It argues that diverse forms of healing practices matter not only because of their value in the health and wellbeing of the community, but also because they strongly contribute towards the intangible cultural heritage of the country. Identifying the diverse forms of healing practices existing in the country and the role of the existing regulatory mechanisms determines the potential for protecting the diversity of healing. Despite Sri Lanka being historically rich in traditional knowledge and expression, very little, if anything, has been written on regulating traditional practices related to health and wellbeing in the country, a lacuna which this volume fills.

*Black Magic, Witchcraft and Occultism* Sajal Nag. 2023-06-09 Black magic, occult practices and witchcraft still evoke huge curiosity, interest and amazement in the minds of people. Although witchcraft in Europe has been a widely studied phenomenon, black magic and occult are not yet a popular theme of academic research, even though India is known as a land of magic, tantra and occult. The Indian State of Assam was historically feared as the land of Kamrup-Kamakhyā, black magic, witchcraft and occultic practices. It was where different Tantric cults as well as other occult practices thrived. The Khasi Hills are known for the practice of snake vampire worship. The village of Mayong is the village, where magic and occult is still practiced as a living tradition. This book is one of the rarest collections where such practices are researched, recorded and academically analyzed. It is one of those collections where studies of all three practices of Black Magic, Witchcraft and Occult are combined into one single book.

*Software codes of mantra, tantra, witchcraft, black magic, evil eye, evil tongue &c.* VED from VICTORIA INSTITUTIONS. This book can be downloaded as a PDF file from here. Prologue This is not a guide-book for studying any occult art. Instead it is a writing that proposes to take up the possibility of there being a real machinery behind the working of so-called mantra, tantra, evil eye, black magic, voodoo etc. This book does not teach any of the above mentioned arts. Yet, it does try to find a pathway or opening by which we can find or enter the supernatural arena from where the supernatural software codes of reality and life is designed and maintained. It is a writing that tries to discuss a probability that is not connected to material sciences. Instead it proposes to examine the possibility of there being a supernatural software application location wherein reality might be seen in the code view as-well-as the design view. These two views are apart from the real view, which is the physical reality. The ultimate aim of this book is to propose a pathway via which we can approach the supernatural software location, where all of reality, life, living organisms, brain software &c. are designed and maintained. This book is not a sudden writing on any impulse of the moment. I wrote my first book on codes in languages,

March of the Evil Empires; English versus the feudal languages, around 1989. The final version of the book was completed around 2000. In the concluding part of that book, I did hint about the possibility of there being something akin to a software background to reality. And that languages are software applications with varied capacities. In around the year 2005, I wrote a series of posts in a GB website on the same subject. It was basically a lot of unconnected themes all pointing to the same theme. This I later published as a digital book under the name: Software codes of reality, life and languages. Then my next major book on the subject came out with the name: Codes of reality! What is language? Here again the same theme of connecting the idea of there being a software realm behind reality and that languages have software codes which can directly connect to the software of reality was elaborated. The focus was on languages being sort of software applications through which physical reality could be influenced. Still, the theme was going forward only in very brief paces. A few years ago, I had to write a series of posts for supporting the contentions of Homoeopathy, by basing the ideas from my understandings. That Homoeopathy does work on the principle of a software program rectifying the software of life and human body. The book title was: The machinery of Homœopathy! Recently I happened to read Edgar Thurston's Omens and Superstitions of Southern India. It was at that time that I pondered upon reworking out the arguments from the perspective of mantra, tantra, black magic, witchcraft etc. The first thing I did was to create a very readable form of that book. As I went on doing that work, I could get to read the book also. This present book is being promoted as a Commentary on Omens and Superstitions of Southern India. However, only the last part of this book really is a sort of commentary. Even in that part, it is not exactly a commentary. I merely quoted some sentences from his book and elaborated upon them as per what I wanted to convey. Edgar Thurston's Omens and Superstitions of Southern India is definitely a great book. My writings do not aim to go against that book. This book of mine does contain a lot of mentions about Thurston's book. This book commences by mentioning OMENS AND SUPERSTITIONS OF SOUTHERN INDIA. However, it moves beyond to a wider ambit. It returns to Thurston's book at the end as a commentary. However, a mention of Thurston's book can be felt all along. I have used a few images from other old public domain books. These images are mainly taken from my own collection from such books. Due to some issues, I do not have the exact record as to where I got some of the images. I believe that such images have been taken from Edgar Thurston's Castes and Tribes of Southern India. Before commencing the reading of the book, the reader is further informed that in various locations, the text would seem to be dealing with cultural aspects. However, without clearly mentioning these things, it would difficult to go directly into the effects of supernatural software codes. DEVERKOVIL September 10th 2016

Bon and Naxi Manuscripts Agnieszka Helman-Ważny, Charles Ramble. 2023-01-30 The present volume offers a dozen studies of manuscripts of the Tibetan Bon and Naxi Dongba traditions across time and space. While some of the contributions focus on particular features of manuscripts from either tradition, others explicitly bridge the two by considering common codicological and material aspects of selected examples or common themes in the content of the texts. This is the first primarily object-based study to deal with the cultural history and technology of books from the two traditions. It discusses collections of Bon and Naxi manuscripts, the concepts and history of both traditions, the science and technology of book studies as it relates to these collections, the relationship between text and image, writing materials, and the historical and archaeological context of the manuscripts' places of origin. The authors are specialists in different fields including philology, anthropology, art history, codicology and archaeometry. The contributions shed light on trade routes, materials and technologies as well as on reading practices and ritual usage of Bon and Naxi manuscripts.

**Seed Mantra Miracles** Doron Alon.2015-11-28 In all mystical traditions, a tremendous amount of respect is given to the spoken and written word. What you say could be the difference between abundance and poverty. What you say can be the difference between health and illness. Words Are Powerful. In the Buddhist and Hindu traditions; Seed Mantras are used extensively. In fact, they are the backbone of meditation practice in these traditions. Mantras are chanted thousands upon thousands of times daily by individuals who have become intoxicated by the bliss these mantras can induce. In ancient Egypt, The Goddess Isis was known to be the embodiment of magical power, her use of words of power was so potent, that RA, the creator God himself needed her help. In the Kabalistic traditions, the backbone of EVERYTHING is the word. Whole books such as the Sepher Yezirah are dedicated to the power of letters and words and how God used them to create the universe. A select group of master kabbalists used word and letter permutations to change events in time and the very fabric of the universe. In Christianity, as summarized in the John 1:1, the word is all-powerful. In fact, the WORD IS GOD. The Seed mantras presented in this book are no exception; they are very powerful Hindu seed mantras. Millions of people use these mantras to bring abundance, love and so much more into their lives. These ancient mantras have stood the test of time and their power is infinite in scope. When you chant any mantra, you change your bodily and spiritual vibration, this change in vibration is IMMEDIATE, you do not need to wait for the energy to be activated. It is, however, with constant practice that these energies become manifest in physical form; although, often times it can be almost immediate. The Mantras in this book can be used to improve all areas of your life: Financial abundance. Attract Love. Attract Health. Attract Peace of Mind. Enhance your creative and intellectual abilities. Deepen Your Connection with Source.

Ancient Hindu Witchcraft for Protection and Counter Attack on Enemy Ajit Kumar.2019-06-09 On 1998, I had a client from south India regarding his wife went off with a black magician, who is located near to my client house. Magician done Vashikaran (magic of controlling desire person) on his wife. So, I start performing revert magic to clean the spell on her and get back to home. While performing ritual, suddenly I forgot the Mantra/ Spell which I already mastery and done multiple times. My mind was totally blocked and I am not aware about surroundings. My sensory power start warning me as some hidden shadow power is coming to hit me from back. Immediately, I stopped the ritual in middle and consult with my Guru (Master) regarding this bad experience. By the power of divine mother, he told My son! Opponent person is not an ordinary man, He is professional in using Stambhanam. He done spelling casting of goddess Bhagalamukhi on you. Again my mind got blocked for second time, I recovered back and ask the guidance to get knowledge in this magic. Master replied as Time should come to everyone to know that secret knowledge. Now that time arrived to you but in meanwhile, first complete your task. Then we successfully completed the ritual to get back my client's wife. Note: We will discuss about how we overcome this blocking force in upcoming chapters. Next day onwards, I start practicing up to mastery in this secret knowledge from my divine guru, now in this book I will share that secrets with you. Ancient Indian Occult, Witchcraft and Magical texts named this power as Stambhanam. Stambhanam is a word derived from Sanskrit known as to stop or block. Goddess for Power of Stambhanam is Bhagalamukhi, she is the stopping or blocking force of universe. Bhagalamukhi is one of the 10 ruling cosmic powers of the universe and known as blocking form of divine mother Parvathy. Bhagalamukhi blocks the thinking and acting force of enemy and saves the practitioner in all circumstances. She is the reason behind blocking life force in living beings and cause death. Man who won this blockage will gain immortality. Victory by battle on divine blocking

force of universe is highly impossible, better way is impressing this divine force of nature. Magic is nothing but impressing divine force of nature and get our need. Some of half knowledge person's say Bhagalamukhi as goddess of dark world but it is 100% wrong because bhagalamukhi is said to be a form of divine mother who control over blockage forces of universe. Her spells are used to clean or to create blockages. Universe creation is a result of collision/intercourse between Supreme and Divine Mother. This intercourse cause formation of different cosmic powers of nature. Up on all 10 cosmic powers are major and consider to be 10 forms of Divine mother. Bhagalamukhi is said to be 8th cosmic power which deals with creating and destroying the blockages of universe. Bhagalamukhi is useful for protection as well as counter attack on enemies. This magic is like a nuclear weapon which can destroy the enemies mind, body and power. Enemy can't come back to you and takes more time to recover, even he is equal to Solomon he will bow down to you. Secret mantra of Kali and Varahi also provided in this book to overcome bad luck, make enemy to silent and many more

I hope that this book will prove very useful not only for the Hindus but for all the people of the world who believe in Sanatana Dharma and follow it. If you are one of them who closely know the Sanatana Dharma, then you must also know that it is a Science, not a superstition. All books of the Sanatana Dharma or the Hindu Dharma are based on Esoteric Science, which common man can't understand easily. You have to follow the instructions of your mentors or Gurus from whom you are getting Initiation or Diksha. In this book, I have included the mantras and the ancient text or conversation between Shiva and Parvati, which I received from my Mentors or Gurus. I have presented some very useful mantras for the welfare of the public and the whole world through this book. In the series The Mantras, I have presented three books earlier which is very helpful for the beginners who wish to take the first step in the world of Tantra. In those book you will learn meditation and concentration. You will also know some facts of tantra-mantra. Meditation is most important thing in the Tantra, without which you can not understand the Tantra. Meditation will open the path of the world of Tantra. Meditation is also divided in many forms and of many types. It will improve your focus and concentration which is very necessary during exercitation (Sadhana). The most recommended book for the meditation is Vigyan Bhairava Tantra. In my another book, Shiv Swarodaya - A divine Law of breathing you will learn about the Tantra-Mantra and its application. In my another book The Basic Mantras you will learn and know some mantras which will improve your knowledge and faith in the Tantra. All these books will help you to learn and get Siddhis of the mantras which is discussed in this book. All the process to get Siddhis, or to prove, or to initiate the mantra's powers or energies are discussed with the mantras. In Part-1, I presented the conversation of Lord Shiva (as Lord Bhairava) and Goddess Parvati (as Goddess Bhairavi). During the conversation some mantra and secret of mantras are also revealed by the Bhairava. This is very important part of the book. You can consider this part as a Esoteric Science. In the Part-2, the process, application and mantras are discussed in detail. In this part, you will learn about the perfect time, the particular date (Tithis), the process, the auspicious or unauspicious days, etc. which are the most important part of the Tantra-Mantra to be successful. But never use these mantras with wrong intention, because that will harm you. You must use these mantras for the welfare of the society, so that you and the society will develop and promote humanity. Never use these mantras to make someone bad or to make someone's life worst. This act will take you in hell. So, again I request all the practitioner or the Sadhaka to use these mantras only for the betterment of the society. Never harm anyone. If you are the one who buy this book for the welfare for the humanity

When they want to do a Sadhana (or worship) to get rid of their enemies then they have to face many cosmic and supernatural obstacles during the practice of mantras, due to which their 'Sadhana' (or worship or ritual) have been failed many times. Some are not able to complete their 'Sadhana'. They experience different kinds of events and obstacles during 'Sadhana', and leave it midway and run away. Many readers experience the shadow of spirits at home. Some people are always ill. But when they go to the doctor for check up, everything is normal in the report. Even medicines have no effect on them. Many experience Tantra obstacles but do not know how to get rid of them. There is not even a Tantric in their knowledge (or also near or around them), where they can get exorcism done. Many people are facing many problems in their life without any reason and even they do not know how to get rid of them. They tried everything but failed. In such situation, chanting mantra (or Mantra Sadhana) is the only way to get rid of all their troubles. A number of magical practices are given in this book, so that you can understand the power of meditation in Tantra. So, in the world of Tantra this book is also very important. And many more books are published in the series The Mantras. Our some readers shared their problem with me and told that they find it difficult to chant mantras. They are not able to pronounce some mantras correctly. Such readers can email me and demand for the audio clip of those mantras. I will provide them audio clip of such mantras so that they can pronounce correctly and complete their worship (Sadhana) without any problem.

*Moldavite Magick* Baal Kadmon. 2015-08-17 From The Introduction: If there is one thing we all have in common is that we live on this great planet we call home. We often do not sit and reflect at the immensity of this planet. We take it for granted. Our days are so packed with activity and busy work that we forget where we come from. Very few people today can detach even for a moment to realize the miracle of existence on this great planet. According to both science and religion, life on this planet is a miracle, perhaps a fluke. No matter what you want to call it, that life exists here at all is amazing. Here we are, on a spinning rock that is hurtling through an ever expansive universe. It just boggles the mind, doesn't it? What is even more mind boggling is that everything is teeming with life. Even inanimate objects aren't dead; their atomic structure is alive with energy. An energy we

can use for magickal purposes. This energy is vibrating on certain frequencies, just like our own selves. These frequencies allow us to interact with everything that is around us. One of the best conduits of this earthly energy are crystals. In this book we will discuss how to use crystals in magick, but not only that, we will use Mantras as well to add extra energy to the crystals. I will explain why the two together are so effective. In this volume we will discuss a certain specific crystal, and the crystals is called Moldavite. It's by far the most powerful crystal you can buy. We will go through several rituals involving Moldavites and mantras. But first, let us discuss Crystals, mantras and moldavites in general. After that, we will put it all together. We will use Moldavite and Mantra Magick for the following: magickal purposes: To attract Money To Compel someone to be attracted to you ( be careful with this one) To promote physical healing To enhance your psychic powers and hidden knowledge To Control spiritual entities But be forewarned, Moldavite is a very powerful crystal. Use with Caution

*The Solitary Wiccan's Bible* Gavin Frost.2004-10-01 The key to all Wiccan practice is ultimately solitary because developing real growth and awareness begins inside each individual. The Solitary Wiccan's Bible is for any reader wanting to go deeper into his or her understanding and experience of Wicca--alone. There are many reasons people seek a solitary path: fear of charlatans, concern about co-workers finding out or being misunderstood by others, or lack of family or social support for Wiccan practice. The Solitary Wiccan's Bible uses the metaphor of a solitary pilgrim walking a path and discovering natural and spiritual truths along the way. This pilgrimage is based on the ancient symbology of the Pentagram enclosed in the triple circle. The Solitary Wiccan's Bible leads the pilgrim to cross the circles, moving from the Wilderness through the Home and Astral realms, to achieve the central Spiritual realm. Always down-to-earth and easy to understand, The Solitary Wiccan's Bible clearly lays out the Wiccan paths so any reader can follow. Chapters include:\* The Pilgrimage of Wicca\* The Pilgrim Enters New Realms\* The Pilgrimage of the Pentagram\* The Pilgrim's Wiccan Magical Path\* The Practical Pilgrim's Spellwork\* The Pilgrim's Talismans The Solitary Wiccan's Bible provides background and practice in clear, accessible, and often humorous prose, making the book immediately useful to first-time seekers and long-time practitioners alike.

**Healing Mantras** Thomas Ashley-Farrand.2008-12-24 Sound is more than simply a medium of artistic expression. Sound has practical and powerful applications in the real world. Mantras, or simple chants, are short phrases packed with energy and intention--specifically designed to generate powerful sound waves that promote healing, insight, creativity, and spiritual growth. Healing Mantras is the practical, how-to guide that makes the strengths and benefits of mantras available to everyone. The transformative power of sound has been passed down to the present from the sages of India, the classical scientists of ancient Greece, and the medieval monks of Europe. Mantras, sounds, and chants have inspired, comforted, and mended the lives of individuals, religious orders, and even entire cultures. Even though the science and discipline of chanting and formal prayer are practiced in every religion around the world, this is the first time that ancient Sanskrit mantras have been explained and adapted to Western needs. One of the few Western experts in Hindu and Buddhist mantras, Thomas Ashley-Farrand has practiced mantra-based spiritual disciplines for twenty-five years. In this illuminating book, he explains how and why mantras work and shows how to use them for everything from controlling habits to overcoming fear, from curing specific ailments to finding inner peace. In each of the more than fifty mantras, all translated from the original Sanskrit, Ashley-Farrand unlocks the power of every word, explains its appropriate application, and tells you how to pronounce it in easy-to-follow phonetic symbols. Inside, you'll find mantras for - Health - Worldly Success - Habit Control - Protection - Grief - Anger - Controlling Fear - Personal Attraction - Wisdom - Concentration and Mental Clarity - Healing Life Issues - and more! These mantras can be repeated aloud or in silence and can be used by people of any religion or spiritual practice, as you wash dishes, as you drive on the freeway, as you meditate, or as you cook. Sound can help and sound can heal, and Healing Mantras now makes this sound medicine available to everyone.

Software Codes of Mantra, Tantra, Witchcraft, Black Magic, Evil Eye, Evil Tongue &c V. E. D. from VED from VICTORIA INSTITUTIONS.2018-03-13 This is not a guide-book for studying any occult art. Instead it is a writing that proposes to take up the possibility of there being a real machinery behind the working of so-called mantra, tantra, evil eye, black magic, voodoo etc.Yet, it does try to find a pathway or opening by which we can find or enter the supernatural arena from where the supernatural software codes of reality and life is designed and maintained. It is a writing that tries to discuss a probability that is not connected to material sciences. Instead it proposes to examine the possibility of there being a supernatural software application location wherein reality might be seen in the code-view as-well-as the design-view. These two views are apart from the real view, which is the physical reality. The ultimate aim of this book is to propose a pathway via which we can approach the supernatural software location, where all of reality, life, living organisms, brain software &c. are designed and maintained. The route to this shrouded area might be found encrypted deep inside the software codes that run languages, human as well as animal. And in the clamorous Shamanistic ritualistic rites that connect us to the hoary past.

**Vashikaran Magick** Baal Kadmon.2015-03-23 What you are about to learn right now is rather obscure. In fact, there is only one other book written on this particular topic. It's a hidden side of an otherwise popular spiritual practice. What you will learn is the Dark Mantras of Subjugation called Vashikaran. I call them dark because they are meant to subjugate or command people and events to your will. Often mantras are associated with pure and spiritual practices. We use mantras to achieve altered states of consciousness, We use them to attract divine blessings. Seldom do we hear about people using mantras to control another person or persons. That kind of thing was relegated to black magick and witchcraft here in the west. But is it truly black magic? Is there actually such a thing as white and black magick in the eastern traditions? Or perhaps we , in the west interpret these things in stark black and white terms?In this book, we will discuss the Vashikaran Mantras and their dark powers

The Power of Tantra Hugh B. Urban.2009-10-30 In the West, the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock. For European colonizers, Orientalist scholars and Christian missionaries of the Victorian era, Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so-called 'Indian mind': a pathological mixture of

sensuality and religion that prompted the decline of modern Hinduism. Yet for most contemporary New Age and popular writers, Tantra is celebrated as a much-needed affirmation of physical pleasure and sex: indeed as a 'cult of ecstasy' to counter the perceived hypocritical prudery of many Westerners. In recent years, Tantra has become the focus of a still larger cultural and political debate. In the eyes of many Hindus, much of the western literature on Tantra represents a form of neo-colonialism, which continues to portray India as an exotic, erotic, hyper-sexualized Orient. Which, then, is the 'real' Tantra? Focusing on one of the oldest and most important Tantric traditions, based in Assam, northeast India, Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos, the human body and political society. In a fresh and vital contribution to the field, the author suggests that the 'real' meaning of Tantra lies in helping us rethink not just the history of Indian religions, but also our own modern obsessions with power, sex and the invidious legacies of cultural imperialism.

**Chakra Mantras** Thomas Ashley Farrand.2006-08-01 Thomas Ashley-Farrand is the preeminent authority on yogic mantras. In Chakra Mantras, he brings previously hidden knowledge from India and Tibet and teaches us through the use of mantras how to activate our secret chakras, which contain the keys to our spiritual progress. Located along the spine, the chakras process energy for all of our waking activities, and during sleep they provide energy for healing and cleansing the physical body. But there is another, higher octave of functioning that these chakras can achieve, if they are given higher states of spiritual energy in which to operate. This higher octave provides paths for spiritual development that ultimately lead to spiritual liberation or freedom from karma. A powerful method for charging the chakras with higher energy is through the use of Sanskrit mantras. With energy-invoking tools, stories from India's ancient tales, and amusing anecdotes, Chakra Mantras provides the information needed for fueling spiritual advancement through the use of healing sounds and chakra mantras.

*Tribal Science and Technology* Dr. Chittaranjan Mishra. Science is in human mind since the very existence of human being. Its knowledge grows with the growth of the human wants, as human wants are unlimited, so as the inventions of science. It justifies the saying that “necessity is the mother of invention”. It is also true that all the sects, communities and tribes of this world are leading their lives somehow scientifically. The sects or communities, whose necessities and expectations are more, their scientific knowledge is more and whose necessity is limited, their scientific knowledge is also limited. Tribes are the indigenous people and they have some indigenous knowledge of science and technology in their daily life. Presence of science is not only noticed in the modern Laboratories and modern industries but also in our daily lives.To know something is ‘Gyan’ (knowledge) and to achieve something is ‘Vigyan’ (Science). For example: to know the presence of ghee in the milk is Gyan, to know the process (technique) how to prepare ghee from milk is Vigyan/Vidya (science/scientific knowledge) and application of this process (scientific knowledge) to the practical aims of ghee preparation is technology. This book contains some aspects of tribal science and technological knowledge.
