Reincarnation Omraam Mikhaël Aïvanhov.2021-06-14 'Belief in reincarnation is one of the cornerstones of morality. As long as human beings are unaware that the law of cause and effect is operative from one incarnation to the next, no amount of sermonizing will persuade them to change their ways. But once they know that the difficulties and trials they encounter in life are the direct result of faults committed in a previous life, not only can they accept them as just, but they start to work for good so as to be sure that their future incarnations will be better.' Harmonizing of the Human Soul Beinsa Douno.2013

The Law of Karma Beinsa Douno.2013-10-21 Karma is a law of cause and effect. You moved the gold from one safe into another and you will be moved from one house to another. Attendants will be also appointed to keep you, and when you go out, rings may be put on your arms and legs. The karmic law originated with the coming of humans out of God. And the action or manifestation of that law begins with the polarization of people, i.e. with the appearance of both sexes, the two poles in the world. Polarization implies splitting of the human mind into positive and negative, ascending and descending, or in a higher words level - consciousness of Love and consciousness of Wisdom. These are the two poles in man. There are two laws: one of them is the law of karma, or the law of cause and effect. You bear sufferings necessarily. The second law is a law of freedom. The law of karma does not recognize any right, any culture, any happiness, any love. Who applies that law? You apply it every day, but it is applied on you, too. You catch a hen, touch it here and there to make sure that it is fattened and you put the knife on its neck. It is quacking, praying, but you do not hear it. You think of the good meal that you will cook. There is no law that can protect the hen. There is no a judge, who to give the right to it. Do you think that if you kill the chicken, you will be happy? From that moment your sufferings begin, i.e. your karma. You might say that it is written, that God allows people to eat meat. This is a human interpretation. There is a difference between what is written and said by God. God said only dead branches of trees to be cut, and people allowed themselves to cut also the live branches, as well as entire forests. Furthermore, if you uproot a dry tree, you are to plant a new, young tree. Karma is created when people do not live in accordance with the Divine laws. They deviate from the right path and walk along a curve wavy line, called path of astral serpent. One, who thinks he can outwit the law of karma, is wrong. For such people it can be used the Bulgarian proverb: A sly fox falls into the trap by both legs. One must not play with karma. Why? Karma is a creditor. It does not allow any delay even with half a day. It does not forgive anything: you will pay the exact sum even with the interest. Therefore, karma does not excuse even the interest. The karmic law is drastic. It excuses only when everything is paid off.

Love Wisdom Truth Beinsa Douno.2011-03-03 This is a spiritual book comprised of quotations about Love, Wisdom, and Truth that I have collected from lectures given by the master Beinsa Douno/Peter Deunov. Without exaggeration this book contains valuable uplifting Divine ideas, principles, rules and laws which we all should put into practice. Beinsa Douno teaches that all people are brothers and sisters (since we come from one and the same Father-God) and should live as such. This teaching is not mine, it is God's teaching. It is a teaching of Love, brotherhood and sisterhood of absolute freedom in which everyone respects the rights of the others. And the powerful are ready to be servants of the little and weak. Beinsa Douno. This book together with the books Prayers and Spiritual Formulas and The Might of Love are available for free, just send me an email and I will email them to you. Love, God, and Everything Nicolya Christi.2021-10-26 • Explores how to consciously evolve, heal our generational trauma, and awaken to the amazing potential we each hold for transformation • Shares unique maps and models for psychospiritual integration, spiritual awakening, and evolving consciousness • Examines the evolutionary continuum of the soul and catalytic astrological events that will influence humanity in the years and decades ahead Humanity is undergoing a planetary wake-up call: in order to survive the global spiritual, ecological, and cultural crises we now face, the long, dark night of the collective soul,we need to consciously evolve, heal our generational trauma, and awaken to the amazing potential we each hold for profound transformation. In this sweeping exploration of love, consciousness, and awakening, Nicolya Christi offers a deep investigation of the Great Shift of Ages that is now occurring. She shares detailed personal accounts of the extraordinary metaphysical, psychic, and out-of-body experiences she has had throughout her life along with the direct spiritual insights she gained as a result. She explores what consciousness is and examines the evolutionary continuum of the soul—including the voyage of the incarnate soul, the metaphysical-spiritual reality of the excarnate soul, and the beyond-soul reality. She also shares maps and models for psychospiritual integration, awakening, and evolving consciousness that she has pioneered. Examining the personal and collective human shadow, the author looks at the central role epigenetics play in our current fear-based reality and explores the impact of stories of wounding from a personal, ancestral, and karmic perspective. Focusing on healing generational and collective trauma, she shows how by changing our "story," we can change the world and transcend the shadow of human experience. She explores spiritual wisdom from ancient cultures spanning millennia, especially the Classic Maya, and highlights evolutionary astrological events that will influence humanity in the years and decades ahead as we more fully awaken. Sharing her vision for the New Earth, Nicolya reveals how deeply feeling and envisioning our post-transformation future as if it has already happened will help bring it into being. She also shares a look into the new epoch of wellness, regeneration, psychology, biology, and technology that will unfold as humanity transitions from the dysfunctional old paradigm into a conscious and awakened new world.

A New Humanity Is Rising The Aquarian Team.2021-03-19 We are going through a difficult time presently as we reach the bottom of the involution curve of human history. According to the great cycles of humanity's development, this descent was intended in order to better know ourselves through matter. These cycles are part of a planetary evolution design under guidance from time immemorial leading us to presently live one of these major cycles of our history. Indeed, we are initiating the evolution phase, the one of rediscovering our essential divine nature. In this work, we invite you to discover your inner temple, to consider alternative medicines, to balance the two eternal principles within each of you, to use the great four sciences of the Initiates, to discover how women hold the keys for a new humanity and, finally, to live your own inner divinity on a daily basis. Already we perceive the dawn of a new day whereby the sun is rising in the consciousness and the warmth of the heart is calling for a deeper connection.

The Master Speaks Joel S. Goldsmith.2010-12 2010 Reprint of 1962 Edition.Joel Solomon Goldsmith (March 10, 1892-June 17, 1964) was an author, teacher, spiritual healer, mystic, and founder of the Infinite Way movement. In this book Goldsmith makes a distinction between psychological healing and spiritual healing. Psychological healing is primarily an activity of the human mind and the intellect. Spiritual healing is an activity of the soul faculties; it is always performed without mental activity, without the necessity of the physical presence of the patient, and often without his cooperation beyond giving his consent. The book is devoted to explaining the art of spiritual healing.

The Splendour of Tiphareth Omraam Mikhaël Aïvanhov.2012-04-09 'When we focus our attention on the sun, the centre of our universe, we draw closer to our own centre, our higher self, the sun within; we melt into it and begin to resemble it more and more. 'But to focus our attention on the sun also means to learn to mobilize all our thoughts, desires, and energies, and put them to work in the service of the highest ideal. He who works to unify the chaotic multitude of inner forces that constantly threaten to tear him apart, and launch them in the pursuit of one, luminous, beneficial goal, becomes a powerful focal point, capable of radiating in every direction. Believe me, a human being who masters the tendencies of his lower nature can benefit the whole of mankind. He becomes as radiant as the sun. His freedom is such that his consciousness embraces the whole human race as he pours out the superabundance of light and love that dwell within him. The world needs more and more human beings capable of dedicating themselves to this work with the sun, for only love and light are capable of transforming humanity.' Omraam Mikhaël Aïvanhov

Love and Sexuality (Part 2) Omraam Mikhaël Aïvanhov.2013-02-07 'There are several possible attitudes towards love. You can eat it, you can drink it, and you can breathe it, but you can also live in it. Those who eat love remain on the physical plane and are never fully satisfied because they are content with pleasures of a lower order. The pleasures of those who drink love are less crude, but they are still confined to the delights and satisfactions of the astral plane. Certain philosophers, writers and artists, who have managed to reach the mental plane, breathe love; love is the constant source of their inspiration. Only those who live in love, in the subtle, etheric dimension of love, truly possess it. For them it is light in the mind and warmth in the heart, and they can pour out that light and warmth on those around them. Those who live in this love possess all fullness.' Omraam Mikhaël Aïvanhov

Prophet for Our Times David Lorimer.2015-09-07 Peter Deunov (Beinsa Dounov), who lived in Bulgaria from 1864 to 1944, was a great and inspired teacher of the Perennial Wisdom - the essential thread of truth running through all the major world religions. He was an extraordinary man who at once embodied great simplicity and tremendous profundity. All those who knew him testified to the fact that he inspired inner excellence in very ordinary people. His teachings are both direct and clear, and will speak to everybody whatever their creed. The Health Book (Translated) Peter Deunov,Beinsa Douno.2022-06-16 This book is compiled by a group of disciples, using excerpts from Master Peter Deunov's lectures. The recommendations collected over the years are addressed to listeners of different inspirations. They have been grouped according to a logical organization so as to prioritize the accuracy of the original texts scattered in different books, at the risk of repetition, rather than depriving readers of in-depth and more complete information. Repetition itself constitutes a pedagogical method. In order to respect the integrity of the Master's thought, we considered it preferable not to disassociate the principles of high spirituality from the practice of daily life. We

entrust, to everyone's attention and spiritual openness, the putting into practice of this immemorial wisdom that was already expressed with a wide profusion of knowledge at the beginning of the 20th century. The ultimate goal is the reconciliation of man with the divine in him, the basis of a path to a better existence, in accordance with the laws of Nature, in order to understand the causes of his illnesses and to find the means of healing best suited to man today. _____ All divine creation exists in miniature in man. Each man is like a string on the divine instrument on which unseen entities play with their bows. Man's body is the result of the divine energy that created today's human organism. Man possesses twelve bodies, but, for the time being, only four are in operation: the physical body, the astral body or emotion body, the mental body and a fourth named the causal body. The other eight subtle bodies are still in the embryonic state, but they will manifest in the future. When man reaches the spiritual world, four other bodies will manifest, and when he enters the divine world the other four bodies will develop. Each will develop and manifest at the right time. The human soul possesses its own specific body through which it can elevate and glorify itself. This body is so plastic, so well made that it is capable of shrinking or enlarging. It is precisely this body that builds the physical body, as well as all other bodies. The intellect and heart are as important as the physical body. The latter represents the base in the bosom of which man draws his life forces. The physical body represents a divine garment that is constantly being renewed. It changes every seven years. Because of this permanent renewal, man is healthy, full of energy and well-being. At present our spiritual body is in formation as it is not completed: the forehead, nose, mouth, bones, skull, brain, hands are not yet fully processed. The astral hand is in the process of forming. The astral substance is condensing, preparing for a higher, purer life. At present it resembles something fluidic, liquid-like. Man is shaped like a cone, wider at the top at shoulder level, narrower at the bottom. This testifies to his descent into the physical world, that is, the material world.

The Map of Consciousness Explained David R. Hawkins, M.D., Ph.D..2020-10-20 An accessible exploration of best-selling author's most famous work, The Map of Consciousness, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with The Map of Consciousness, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values-along with a logarithmic scale of 1 to 1,000-became the Map of Consciousness, which Dr. Hawkins first wrote about in his best-selling book, Power vs. Force. With the Map, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These higher energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins's teachings on human consciousness and their associated energy fields, The Map of Consciousness Explained offers readers an introduction and deeper understanding of the Map, with visual charts and practical applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life.

Knowledge and Critical Pedagogy Joe L. Kincheloe.2008-06-19 In a globalized neo-colonial world an insidious and often debilitating crisis of knowledge not only continues to undermine the quality of research produced by scholars but to also perpetuate a neo-colonial and oppressive socio-cultural, political economic, and educational system. The lack of attention such issues receive in pedagogical institutions around the world undermines the value of education and its role as a force of social justice. In this context these knowledge issues become a central concern of critical pedagogy. As a mode of education that is dedicated to a rigorous form of knowledge work, teachers and students as knowledge producers, anti-oppressive educational and social practices, and diverse perspectives from multiple social locations, critical pedagogy views dominant knowledge policies as a direct assault on its goals. Knowledge and Critical Pedagogy: An Introduction takes scholars through a critical review of the issues facing researchers and educators in the last years of the first decade of the twenty-first century. Refusing to assume the reader's familiarity with such issues but concurrently rebuffing the tendency to dumb down such complex issues, the book serves as an excellent introduction to one of the most important and complicated issues of our time.

The Wellspring of Good Beinsa Douno.2015-12-14 The Wellspring of Good - The last Words of the Master Beinsa Douno, compiled by Bojan Boev and Boris Nikolov. During World War II after the beginning of the bombardment of Sofia, Peter Deunov moved with a group of his followers to the village Murchaev, in the Vitosha Mountains where they were welcomed into the home of Temelko. Here he gave his last directions and guidance, summarizing his previous lectures and outlining the future of humanity. These last words were taken down in shorthand and presented by his closest disciples Bojan Boev and Boris Nikolov in the book The Wellspring of Good. The Master shares deep insights into the inner realities of life, covering a vast array of subjects, including Paneurhythmy, Communion with Nature, Music, The Law of Love, Cosmic Consciousness, The Colors, Joy, Rejuvenation, The Culture of the Angels, The New Epoch, etc. When I speak about the new man, I have in mind the people of the Sun who live with Joy. They are exuberant, generous, and overcome their difficulties easily. They are heroes, men with open hearts. They use everything wisely. They enjoy everything. In both suffering and pleasure, the new man is filled with an inner joy. He knows that both the bad and the good conditions are given in order for him to grow. (Peter Deunov) Peter Deunov (also known as Beinsa Douno), is a teacher of Esoteric Christianity, who lived and taught in Bulgaria during the first half of the 20th century. His knowledge, character, and powers, all mark him as a rare messenger of Divine Reality. He had a very large following when he passed on, but his teaching was suppressed by the Communist regime. In recent years, this teaching, and its associated spiritual practices, have begun to bloom again, as the Bulgarians enjoy a greater degree of freedom. This teaching covers all aspects of life, with a special emphasis on music, spiritual dance (Paneurhythmy), and communion with God in Nature. This fourth edition includes: - a Preface by professor Harrie Salman - improved translations of the 134 chapters from the original Bulgarian - a timeline with the dates and events from the Master's life - an appendix providing the historical context of the Master's time in Marchaev, where the events transcribed in this book occurred - an expanded set of photographs from lives of the Master and his followers

On the Art of Teaching, from the Initiatic Point of View (3) Omraam Mikhaël Aïvanhov.2023-10-25 'Parents and teachers have every material means at their disposal for the proper education of children, but they still lack the means of regenerating humanity. This is what the Teaching of the Universal White Brotherhood brings us: the means parents need to bring healthy, gifted children into the world, the means educators need to turn them into men and women ready to work for the good of society. But these methods can only be applied by adults who have already changed their patterns of behaviour in such a way as to be living examples for their young charges.' Omraam Mikhaël Aïvanhov

The Lost Light: An Interpretation of Ancient Scriptures Alvin Boyd Kuhn.2021-11-09T22:55:00Z Kuhn contended that the Bible derived its origins from other Pagan religions and that much of Christian history was pre-extant as Egyptian mythology. He also proposed that the Bible was symbolic and did not depict real events, and argued that the leaders of the church started to misinterpret the bible at the end of the third century. These controversial ideas outside of mainstream history and theology are rejected by most pre-eminent scholars, but many including Tom Harpur and John G. Jackson were influenced by the works of Kuhn. Harpur even dedicated his best-selling 2004 book, The Pagan Christ to Kuhn, calling him a man of immense learning and even greater courage and one of the single greatest geniuses of the twentieth century [who] towers above all others of recent memory in intellect and his understanding of the world's religions.

'You are Gods' Omraam Mikhaël Aïvanhov.2013-03-21 'Jesus was the most revolutionary of God's messengers. He was the first to defy all the ancient customs and his audacity in claiming that he was the son of God and that all human beings are equally sons and daughters of God was expiated on the cross. The insistence with which Jesus accentuated man's divine filiation offended and irritated the scribes and Pharisees to the point that they attempted one day to stone him. But Jesus said to them: "I have shown you many good works from the Father. For which of these are you going to stone me?"The Jews answered, "It is not for a good work that we are going to stone you, but for blasphemy, because you, though only a human being, are making yourself God." And then Jesus reminded them of the verse in the Psalms: Is it not written in your law, "I said, You are gods"?' Omraam Mikhaël Aïvanhov

The Foundation Stone Meditation Rudolf Steiner.2013-05-19 The Foundation Stone Meditation holds a central place in the inner life of many students of Rudolf Steiner's work. First presented during the refounding of the Anthroposophical Society at the Christmas Conference of 1923/24, it is a powerful and penetrating meditative text which many consider to be a key to the spiritual mysteries of our time. This version features three alternative translations (by George Adams, Pauline Wehrle and Richard Seddon), together with the original German verses and an introduction by Michael Wilson.

Bringing Symbols to Life Omraam Mikhaël Aïvanhov.2018-09-04 'In order to channel water, we dig ditches and furrows, and to light our houses we install electrical circuits. These examples are analogies: if we want to be able to pick up the spiritual energies passing through the atmosphere and make them circulate, we must install channels and circuits within ourselves as well. The gymnastic exercises we do each morning are a way of capturing these energies and making them circulate. This is because the geometric figures that correspond to the different movements relate to spiritual forces and entities. When we trace these figures in space, we are attracting the forces and entities to which they are linked, so that they can work in us.' Omraam Mikhaël Aïvanhov

The Living Book of Nature Omraam Mikhaël Aïvanhov.2013-09-20 Presentation The urgency of reconnecting with nature. Life is nothing other than uninterrupted exchanges between man and nature. By opening our heart to nature, by feeling that we are fully linked to it and that we are totally part of it, we can then access the great book of nature. So we will begin to capture, grasp, information of a subtle nature and discover the true meaning of the science of life. Because nature is the great cosmic reservoir with which we must urgently enter into contact. 'In Initiatic Science, to read means to be able to decipher the subtle and hidden side of objects and creatures, to interpret the symbols and signs placed everywhere by Cosmic Intelligence in the great book of the universe. To write means to leave one's imprint on this great book, to act upon stones, plants, animals and men through the magic force of one's spirit.' Through the Eyes of the Masters David Anrias.1947

The High Ideal Omraam Mikhaël Aïvanhov.2014-10-30 'Every ideal, whatever it may be, has a magical quality: it is linked to us, and it transmits something of its very quintessence. If we have chosen a very high ideal, it will constantly supply us with beneficial particles and currents. Since we have shaped it and kept it in our mind and heart, it will always be there to improve conditions until, one day, we find we have new conditions in our life which our ideal has prepared for us. But this will only happen if we love our ideal, if we think of it, nurture it and, despite its immensity and the distance that separates us from it, cradle it in our heart and soul.' Omraam Mikhaël Aïvanhov

The Second Birth Omraam Mikhaël Aïvanhov.2013-08-14 To be born a second time is to be born to a new life, the life of the Kingdom of God, the life of the great Universal White Brotherhood. Two thousand years ago, in Palestine, Jesus gave us the key to all spiritual work, when he said, Unless a man be born of water and the Spirit, he cannot enter into the Kingdom of God. Today, the Master Omraam Mikhaël Aïvanhov interprets these words for our benefit. The water Jesus speaks of is Love; the Spirit, fire, is Wisdom, and Love and Wisdom unite to give birth to Truth which is the new life. In his commentary, the Master Omraam Mikhaël Aïvanhov shows how these three virtues of Love, Wisdom and Truth, correspond to man's psychic structure composed of heart, mind and will. Explaining that our physical bodies mirror our psychic being, he shows how Cosmic Intelligence has inscribed the secret of love in our mouths, that of wisdom in our ears and that of truth in our eyes. This volume, which is the first of a series, sets out the essential foundations of Omraam Mikhaël Aïvanhov's Teaching and reveals the vast scope of his thought in which Holy Scripture, esoteric symbolism and the sciences of man and of nature meet and complete each other in one all-embracing synthesis. Awakening: Our Soul Journeys The Aquarian Team.2016-09-23 In our first book, we shed some light on subjects that presently affect societies around the world, such as politics, education, the economy, art, the role of women, and so on. We didn't talk about ourselves. In this book, we want to touch your heart and take you on our personal journeys, our souls' journeys, as we reached a point in life when we questioned the purpose of our existence . . . when we felt there had to be more than merely eating, sleeping, working, raising a family, and acquiring possessions. Of course, all of these are important, but a part of us remained dissatisfied, thirsty and ready to explore other realms of our being. So we each embarked on a quest leading up the mountain of our soul and spirit. Our paths towards the summit are all different, yet we share an element we came to recognize as essential when climbing a mountain, a well-trained guide is life-saving. In our stories, we each meet such a spiritual guide, a master mountaineer able to show us the way toward the spiritual summits: Omraam Mikhael Aïvanhov. Discover how his self-mastery and the many methods he suggested influenced us. Discover the direction we have taken as a result and how we keep climbing! Join us in the awakenings to new heights of consciousness! The spirit is above everything else, and when you succeed in becoming one with it, in identifying with it, you receive strength, peace of mind, illumination (Omraam Mikhael Aïvanhov).

Project Gutenberg is a wonderful source of free ebooks - particularly for academic work. However, it uses US copyright law, which isn't universal; some books listed as public domain might still be in copyright in other countries. RightsDirect explains the situation in more detail. You can search and download free books in categories like scientific, engineering, programming, fiction and many other books. No registration is required to download free e-books.
