Introducing Rivers of London Ben Aaronovitch.2020-06-11 This bumper boxset from the Sunday Times Number One bestselling author contains the first three novels in the two-million-copy selling series! My name is Peter Grant, and until January I was just an ordinary policeman in that mighty army for justice known to all right-thinking people as the Metropolitan Police Service (and as the Filth to everybody else). Then my life took a turn for the strange, and now I'm a Detective Constable and trainee wizard, the first apprentice in fifty years. My world has become somewhat more complicated, and it's safe to say the problems London's streets throw at me are now much more difficult to respond to. But there's someone out there causing trouble, using all manner of magic to do it, and they're putting ordinary Londoners at risk. It's fallen to me to bring order out of the chaos - or die trying. Like I said, life is stranger now. But I'm a police officer at heart, London is my city, and I've got a job to do. 'Funny and wildly inventive' Mail on Sunday 'A charming, witty and exciting romp through a magical world' Independent 'Witty, well plotted, vividly written and addictively readable' The Times This eBook boxset contains the first three novels in the bestselling Rivers of London series. Full of warmth, humour, and mysteries that will keep you guessing, this is your perfect introduction to a whole new side of England's capital.

The Threepenny Opera Bertolt Brecht.2015-04-10 This Student Edition of Brecht's satire on the capitalist society of the Weimar Republic features an extensive introduction and commentary that includes a plot summary, discussion of the context, themes, characters, style and language as well as questions for further study and notes on words and phrases in the text. It is the perfect edition for students of theatre and literature. Based on John Gay's eighteenth century Beggar's Opera, The Threepenny Opera, first staged in 1928 at the Theater am Schiffbauerdamm in Berlin, is a vicious satire on the bourgeois capitalist society of the Weimar Republic, but set in a mock-Victorian Soho. It focuses on the feud between Macheaf - an amoral criminal - and his father in law, a racketeer who controls and exploits London's beggars and is intent on having Macheaf hanged. Despite the resistance by Macheaf's friend the Chief of Police, Macheaf is eventually condemned to hang, until in a comic reversal the queen pardons him and grants him a title and land. With Kurt Weill's unforgettable music - one of the earliest and most successful attempts to introduce jazz to the theatre - it became a popular hit throughout the western world. The text is presented in the trusted translation by Ralph Manheim and John Willett.

Sounds innocuous enough. But when you hear this unit of London's Metropolitan Police investigates the class of crimes codenamed 'Falcon', your ears might prick up. Dig a little deeper, and you might discover words like 'wizard' and 'magic' and 'little crocodiles'. Your conclusion might be that someone is taking the piss. But perhaps the investigations by Detective Constable Peter Grant - newly promoted cop and trainee wizard - and his colleagues at the Folly (HQ of SAU) - really are conducted in the shadowy infraworld of London's mythological past - and present. Among Peter's associates are the Rivers of London - the ancient gods and goddesses of the capital's waterways (one of them is also his girlfriend, Beverley) who, while often helpful, also skirt that fine line between good and, er, not so good. 'Rivers of London: Water Weed' takes place after the events of 'The Hanging Tree' and 'Cry Fox'.

concerns with specific racial groups towards a more sophisticated analysis of the contribution of a broad, post-racial British writing. Examining the work of writers from a wide range of diverse racial backgrounds, the book illustrates how contemporary British fiction, rather than merely reflecting social norms, is making a radical contribution towards the possible future of a positively multi-ethnic and post-racial Britain. This is developed by a strategic use of the realist form, which becomes a utopian device as it provides readers with a reality beyond current circumstances, yet one which is rooted within an identifiable world. Speaking to the specific contexts of British cultural politics, and directly connecting with contemporary debates surrounding race and identity in Britain, the author engages with a wide range of both mainstream and neglected authors, including Ian McEwan, Zadie Smith, Julian Barnes, John Lanchester, Alan Hollinghurst, Martin Amis, Jon McGregor, Andrea Levy, Bernardine Evaristo, Hanif Kureishi, Kazuo Ishiguro, Hari Kunzru, Nadeem Aslam, Meera Syal, Jackie Kay, Maggie Gee, and Neil Gaiman. This cutting-edge volume explores how contemporary fiction is at the centre of re-thinking how we engage with the question of race in twenty-first-century Britain.
