A Journey in Time Wai Wai Myaing.2005 A Journey in Time is a nostalgic journey into the lives of a Burmese family during a period of intense political strife and turmoil. Since Burma lost its royalty and independence after the Anglo Burmese Wars in 1886, the fight for freedom never really ceased for its people. Burmese Nationalists, like Bogyoke Aung San, seize the opportunity to regain independence with the Japanese invasion of British Burma during World War II. Nonetheless, an oasis of peace is enjoyed by its people with the establishment of the rule of law in the country. Burma enters the world stage as the biggest exporter of rice, and its rich resources are developed on an unprecedented scale. Journey in Time chronicles this period in the lives of the Myaing family and their friends as it highlights the fascinating cultural and personal details that make them unique and interesting. Author Wai Wai Myaing confidently brings her loved ones to life as she describes their simple joys, aspirations, the worries that beset them, and the gentle Buddhist religion that guides them through their lives with dignity and grace.

Buddhist Approach to Global Education in Ethics Thich Duc Thien,Thich Nhat Tu.2019-04-16 EDITORS' INTRODUCTION This volume is a collection of papers presented at the international workshop on "Buddhist Approach to Global Education in Ethics" which is being held on May 13, 2019, at International Conference Center Tam Chuc, Ha Nam, Vietnam on the occasion of the 16th United Nations Day of Vesak Celebrations 2019. The aim is to throw new light on the values of the global ethical system with a focus on the Buddhist approach in deepening our understanding of how Buddhist ethics can deliver a social change in the globalized world. REVIEW OF CONTENTS Prof. P. D. Premasiri in his paper titled "Universally valid ethical norms of Buddhism applicable to global education in ethics" deals with hindrance in determining the basis for global education in ethics and providing undeniable facts about the diversity involved in ethical norms, principles and attitudes of various global communities. The author also discusses the characteristics of Buddhist teaching on a humanistic approach to the moral life with perceptions of enlightened humans, i.e. 'Knowledgeable Persons' (विद्वान् पुरिसा). The paper places further emphasis on the necessity to draw the attention of educators to train the minds of humans on ethical choices in accordance with such decisions. The paper entitled "Teaching Buddhist Ethics through the Life of the Buddha and Jesus" by Abraham Velez De Cea has proposed a new approach to the Buddhist ethical way of teaching and its application through interpretations of the Buddha's life from the perspective of virtue ethics and meditation. The purpose is to heighten the Buddhist contribution being made to global education in ethical issues. The paper is divided into two parts, Buddhist ethics as a form of virtue ethics and secondly, interpretation of the Buddha's teachings from the perspective of virtue ethics and meditation.

Building the Tatmadaw Maung Aung Myoe.2009-01-22 Ever since Myanmar regained her independence in January 1948, the Tatmadaw (Myanmar

Armed Forces) has been crucial in restoring and maintaining law and order. It is one of the most important institutions in Myanmar politics. Various aspects of the Tatmadaw have been studied. The most notable area of study has been the political role of the military. This study looks at the organizational development of the Myanmar armed forces. It analyses four different aspects of the Tatmadaw: military doctrine and strategy, organization and force structure, armament and force modernization, and military training and officer education. It sets out security perceptions and policies, charting developments in each phase against the situation at the time, and also notes the contributions of the leading actors in the process. Since early 1990s, the Tatmadaw has implemented a force modernization programme. This work studies rationales and strategy behind the force modernization programme and examines the military capabilities of the Tatmadaw. Drawing extensively from archival sources and existing literature, this empirically grounded research argues that, while the internal armed security threat to the state continues to play an important role, it is the external security threat that gives more weight to the expansion and modernization of the Tatmadaw since 1988. It also argues that, despite its imperfections, the Tatmadaw has transformed from a force essentially for counter-insurgency operations into a force capable of fighting in limited conventional warfare.

Perfect Hostage Justin Wintle.2013-07-01 Burma is a country where, as one senior UN official puts it, “just to turn your head can mean imprisonment or death.” Aung San Suu Kyi is one of the world’s foremost inspirational revolutionary leaders. Considered to be Burma’s best hope for freedom, she has waged a war of steadfast nonviolent opposition to the country’s vicious militant regime. Because of her resistance to the brutality of the Burmese government, she has been under house arrest since 1989. She has endured failing health, vilification through the Burmese media, and cruel imprisonment in one of the world’s most dreadful and inhumane jails. Suu Kyi has fought every hardship the junta could put her through, yet she has never once wavered from her position, never once advocated violence, and persevered in her message of peaceful resistance at all costs, earning her the Nobel Peace Prize in 1991, placing her among the likes of such renowned champions of peace as Gandhi, King, and Mandela. She is a truly heroic revolutionary. In *Perfect Hostage*, the most thorough biography of Suu Kyi to date, Justin Wintle tells both the story of the Burmese people and the story of an ordinary person who became a hero.

General Ne Win Robert Taylor.2015-05-25 Robert Taylor, one of the most prominent scholars in Myanmar studies, has written an illuminating study of Ne Win, the most enigmatic and controversial of the first generation of post-independence Southeast Asian leaders, and how he steered a then largely unknown country, Burma (now Myanmar), through the Cold War years. This book, by perhaps the only foreign political analyst to live in Burma under Ne Win, is a significant contribution to the historiography of Myanmar and its unnoticed role in the Cold War in Asia. -- Associate

Professor Ang Cheng Guan, Head of Graduate Studies, S. Rajaratnam School of International Studies, Nanyang Technological University, Singapore. This book fills a major gap in the literature on Myanmar by providing the first scholarly account of the life of General Ne Win, its enigmatic ruler for over 25 years. It will be of interest not only to professional Myanmar watchers, who have long awaited a detailed and comprehensive study of this important historical figure, but to anyone who wants to learn more about this troubled Southeast Asian country, where Ne Win's legacy is still being felt today. -- Andrew Selth, Adjunct Associate Professor, Griffith Asia Institute. The Colonel Ne Win of World War II and General Ne Win of post-independent Myanmar was not the same as Chairman Ne Win of the BSPP. Nor was the context of those days similar to the context by which he is normally judged today. The present work (and Taylor's scholarship in general) is acutely aware of such anachronistic projections backward, made to commensurate with certain desired academic and political consequences. Taylor examines Ne Win's life and career in the context of when it occurred. This book returns Ne Win to the period to which he belonged. -- Michael Aung-Thwin, Professor of South East Asian History, University of Hawaii. It is difficult to imagine that this study of Ne Win, the dominant figure in the politics of Burma through most of the second half of the twentieth century, will ever be surpassed. Immensely detailed, insightful, and impressively understanding, this is an outstanding work of scholarship. Ian Brown, Emeritus Professor of the Economic History of South East Asia, School of Oriental and African Studies (London).

Sakhong.2014-08-18 Just as the prismatic effects of glass mosaics or mirrors produce the spectrums of colour that give Myanmar's pagodas their glittering iridescence, Prisms on the Golden Pagoda offers a spectrum of views on the country's national reconciliation process. Because many of Myanmar's outlying ethnic groups straddle the country's borders with neighbouring countries in South and Southeast Asia and with China, the outcome of this process is crucial not only for the country's current domestic liberalization but also for regional geopolitics. The editor of this volume, Kyaw Yin Hlaing is a US-trained academic who currently serves as an advisor to Myanmar's President. He has assembled contributions from veteran activists such as the Shan leader U Shwe Ohn, the Chin politician Lian H. Sakhong, Widura Thakin Chit Maung, once leader of Burma's Red Socialists, and Thamarr Taman, formerly a senior civil servant. Commentary by the editor, and by Robert H Taylor and British diplomat-turned activist Derek Tonkin, explains the context and significance of these materials. By showing how the national reconciliation effort has been viewed inside the country, the contributors provide an important insider's perspective on Myanmar's difficult legacies of violence and separatism.

Burma's Constitution and Elections of 1974 Albert D. Moscotti.2018-06-25 In two parts: on the Constitution (Sections I-V) and on the Elections of 1974 and the Organizing of the New Government (Sections VI-X). Includes in the final section a commentary of the Constitution at the local level. Contains documents from the English language press, the text of the Constitution as published in English in 1974 and materials on major developments of 1974 such as chronologies on the making of the new Constitution and events relating to the election, a report on the Draft Constitution and information on the elections, the preparations for and results of a national referendum on the new Constitution. Material has been culled from a variety of sources, in particular the government-controlled newspapers, The Working People's Daily and The Guardian, which carry important texts, official government announcements and statements.

Chinese in Colonial Burma Yi Li.2017-02-25 Using previously unexplored archives from colonial institutions and individuals, and primary materials

produced by the Burmese Chinese, this comprehensive study investigates over a century of history of the Burmese Chinese under British colonial rule. Due to the peculiar position of Burma in the British imperial world and the Southeast Asian Chinese network, the Chinese community had a unique experience in a Southeast Asian colony governed by Europeans with an India-based system. This book reveals, through everyday life experience, prominent community figures, and milestone events, the internal rivalry and integration among different regional groups within the community, and the general impressions it left in contemporary observations and communal memories. The book also traces historical roots of some unsolved ethnic issues in present-day Myanmar.

Dr Maung Maung Robert H Taylor. 2003-08-01 Dr Maung Maung (1925-94) was a man of many parts: scholar, soldier, nationalist, internationalist, parliamentarian, and public servant. His life spanned seven decades of political, economic and social turbulence in the country he loved and served, Myanmar. A pioneer amongst post-colonial journalists in Southeast Asia, he was equally at home in the libraries and seminars of universities in the United States, Europe and Australia during the Cold War. As a jurist, Dr Maung Maung knew the law must remain relevant to changing societal requirements. As an author, he wrote weighty scholarly tomes and light-hearted accounts spiced with his wry observations on human foibles. He was a keen observer of human strengths and weaknesses. A loyal friend, he never maligned his critics or denied their merits. As a man of affairs, he was capable of understanding the weaknesses of the institutions that he served and that ultimately failed to live up to their ideals. This book collects together a number of his now obscure but important historical and journalistic essays with a full bibliography of his works.

The Female Voice of Myanmar Nilanjana Sengupta. 2015-12-09 The Female Voice of Myanmar seeks to offer a female perspective on the history and political evolution of Myanmar. It delves into the lives and works of four of Myanmar's remarkable women who set aside their lives to answer the call of their country: Khin Myo Chit, who spoke about latent sexual politics in pre-Independent Burma; Ludu Daw Amar, who as the editor of the leftist Ludu Daily, was deemed anti-establishment and was witness to the socialist government's abortive efforts at ethnic reconciliation; Ma Thida, whose writing bears testimony to the impact the authoritative military rule had on the individual psyche; and Aung San Suu Kyi, who has re-articulated Burmese nationalism. This book breaks new ground in exploring their writing, both published and hitherto unexamined, some in English and much in Burmese, while the intimate biographical sketches offer a glimpse into the Burmese home and the shifting feminine image.

Agony to Agony Patrick Yay. 2018-10-11 Patrick Yay was born in Burma during a time when the people of Myanmar felt helpless and frightened while living under the rule of a brutal military junta regime. While growing up, Yay had a few seemingly simple wishes: to be valued and respected, to have rights and freedom of choice, and to be treated as a human being. Unfortunately there appeared to be only one way he could achieve his greatest desires and that was to escape his native land. In a compelling retelling of his younger life experiences, Yay leads others through his childhood and several years beyond as he matured and began attending medical school. While detailing the many difficulties he endured under an unethical administration of senior doctors, Yay provides a penetrating look into his growing frustrations instigated by the corrupt Ne Win military regime. But

it was not until his younger brother's arrest and imprisonment during the U Thant funeral in Rangoon that Yay felt he had no choice but to begin planning an escape that would not come without sacrifices. Agony to Agony shares the fascinating story of a Burmese man as he attempted to pursue his dreams and escape a country held captive by ruthless dictators.
