Bunny Lake Is Missing Evelyn Piper.2012-10-01 The classic novel of suspense is “a headlong story of nerve-wracking tension, psychological validity and emotional drive” (Oakland Tribune). Blanche Lake is not like the other mothers who come to collect their children at the local nursery school on New York’s Upper East Side. She lives alone, has a job, and has never been married. It’s the first day of school when this story begins, and Blanche is eager to see how her daughter, Bunny, has fared away from home. But her expectant waiting becomes a mother’s most dreaded nightmare: Bunny never materializes. Neither teachers nor students recall the small girl, and soon Blanche is engaged in a frantic search for any trace of her missing daughter. And the worst part is . . . no one believes her. In this fraught and at times freakish tale of suspense, Evelyn Piper takes us deep into the psyche of the 1950s to explore American fetishes, fallacies, and fears around motherhood and sexuality. Blanche emerges as a new kind of heroine—a hard-boiled mom with gun in hand, willing to take any risk to find her missing daughter. “A classic thriller—a riveting revisit to the dark side of the fifties, where the tension beneath the calm surface has an undertow that drags the reader into its grip. Prime pulp—pure pleasure.” —Linda Fairstein, author of *The Bone Vault*

The Box Man Imiri Sakabashira.2010-01-19 THE FIRST STORY TO BE TRANSLATED INTO ENGLISH FROM THE SURREALIST AND ALTERNATIVE MANGA-KA Enter the strange world of Imiri Sakabashira, whose denizens are zoomorphic creatures that emerge from one another as well as their equally bizarre environs. *The Box Man* follows its protagonists along a scooter trip through a complex landscape that oscillates between a dense city, a countryside simplified to near abstraction, and hybrids of the two; the theme of hybridity permeates throughout. One is unsurprised to encounter a creature that is half elderly man, half crab, or a flying frog in this world where our guide apparent is an anthropomorphic, mollusk-like cat. Sakabashira weaves this absurdist tale into a seamless tapestry constructed of elements as seemingly disparate as Japanese folklore, pop culture, and surrealism. Within these panels, it becomes difficult to distinguish between the animate and the inanimate, the real and the imagined—a tension that adds a layer of complexity to this near-wordless psychedelic travelogue. Imiri Sakabashira (real name Mochizuki Katsuhiro) was born in Shizuoka,

Japan, in 1964, the same year that *Garo*, the influential manga anthology in which he would first be published, was founded.

Modernizing Composition Garrett Field.2017-03-22 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. The study of South Asian music falls under the purview of ethnomusicology, whereas that of South Asian literature falls under South Asian studies. As a consequence of this academic separation, scholars rarely take notice of connections between South Asian song and poetry. *Modernizing Composition* overcomes this disciplinary fragmentation by examining the history of Sinhala-language song and poetry in twentieth-century Sri Lanka. Garrett Field describes how songwriters and poets modernized song and poetry in response to colonial and postcolonial formations. The story of this modernization is significant in that it shifts focus from India's relationship to the West to little-studied connections between Sri Lanka and North India.

Sacred Sound and Social Change Lawrence A. Hoffman, Janet R. Walton.1993-01-31 Teachers, students, composers, performers, and other

practitioners of sacred sound will appreciate this volume because, unlike any book currently available on sacred music, it treats the history, development, current practices, composition, and critical views of the liturgical music of both the Jewish and Christian traditions. Contributors trace Jewish music from its place in Hebrew Scriptures through the nineteenth-century Reform movement. Similar accounts of Christian music describe its growth up to the Protestant Reformation, as well as post-Reformation development. Other essays explore liturgical music in contemporary North America by analyzing it against the backdrop of the continuous social change that characterizes our era.

Mitz Sigrid Nunez.2019-08-06 This tender biography of a sickly marmoset that was adopted by Leonard Woolf and became a fixture of Bloomsbury society (The New York Times) is an intimate portrait of the life and marriage of Leonard and Virginia Woolf from a National Book Award-winning author. In 1934, a sickly pathetic marmoset” named Mitz came into the care of Leonard Woolf. After he nursed her back to health, she became a ubiquitous presence in Bloomsbury society. Moving with Leonard and Virginia Woolf between their homes in London and Sussex, she developed her own special relationship with each of them, as well as with their pet cocker spaniels and with various members of the Woolfs’ circle, among them T. S. Eliot and Vita Sackville-West. Mitz also helped the Woolfs escape a close call with Nazis during a trip through Germany just before the outbreak of World War II. Using letters, diaries, memoirs, and other archival documents, Nunez reconstructs Mitz’s life against the background of Bloomsbury’s twilight years. This tender and imaginative mock biography offers a striking look at the lives of writers and artists shadowed by war, death, and mental breakdown, and at the solace and amusement inspired by its tiny subject--and this new edition includes an afterword by Peter Cameron and a never-before-published letter about Mitz by Nigel Nicolson. “In short, glistening sentences that refract the larger world, Ms. Nunez describes the appealingly eccentric, fiercely intelligent Woolfs during a darkening time.” —The Wall Street Journal

'Mooi omkranste Aphrodité die van Cyprus liefdes toverscepter zwaait' Jan Godderis.2007

After Confucius Paul R. Goldin.2017-04-01 After Confucius is a collection of eight studies of Chinese philosophy from the time of Confucius to the formation of the empire in the second and third centuries B.C.E. As detailed in a masterful introduction, each essay serves as a concrete example of “thick description”—an approach invented by philosopher Gilbert Ryle—which aims to reveal the logic that informs an observable exchange among members of a community or society. To grasp the significance of such exchanges, it is necessary to investigate the networks of meaning on which they rely. Paul R. Goldin argues that the character of ancient Chinese philosophy can be appreciated only if we recognize the cultural codes underlying the circulation of ideas in that world. Thick description is the best preliminary method to determine how Chinese thinkers conceived of

their own enterprise. Who were the ancient Chinese philosophers? What was their intended audience? What were they arguing about? How did they respond to earlier thinkers, and to each other? Why did those in power wish to hear from them, and what did they claim to offer in return for patronage? Goldin addresses these questions as he looks at several topics, including rhetorical conventions of Chinese philosophical literature; the value of recently excavated manuscripts for the interpretation of the more familiar, received literature; and the duty of translators to convey the world of concerns of the original texts. Each of the cases investigated in this wide-ranging volume exemplifies the central conviction behind Goldin's plea for thick description: We do not do justice to classical Chinese philosophy unless we engage squarely the complex and ancient culture that engendered it. Crackpot John Waters. 2007-11-01 An outrageous collection from the uniquely legendary John Waters, updated with new material—including Waters's 2002 New York Times article, "Finally, Footlights on the Fat Girls." Crackpot, originally released in 1986, is John Waters's brilliantly entertaining litany of odd and fascinating people, places, and things. From Baltimore to Los Angeles, from William Castle to Pia Zadora, from the National Enquirer to Ronald Reagan's colon, Waters explores the depths of our culture. And he dispenses useful advice along the way: how not to make a movie, how to become famous (read: infamous), and of course, how to most effectively shock and make our nation's public laugh at the same time. Loaded with bonus features, this special edition is guaranteed to leave you totally mental.

Haa K?usteeyi?, Our Culture Nora Dauenhauer, Richard Dauenhauer. 1994-01-01 Haa Kusteeyi, Our Culture: Tlingit Life Stories is an introduction to Tlingit social and political history. Each biography is compelling in its own merit, but when all are taken together, the collection shows patterns of interaction among people and communities of today, and across the generations. By combining historical documents and photographs with accounts gathered from living memory, the book also enables the present, living generations to interact with their past. The book features biographies and life histories of more than 50 men and women, most born between 1880 and 1910, including a special section on the founders of the Alaska Native Brotherhood. Additional lives are described tangentially. Each biography or life history follows a standard format that includes vital statistics, genealogical information, names in Tlingit and English, and major achievements. But each is also unique. Like the lives they describe, all vary in length, detail, and style, depending on authorship and available human and archival resources. To the fullest extent possible oral and written material from the subjects and their families has been incorporated. Some is more anecdotal, some more historical. The appendixes include previously unpublished historical documents and Tlingit texts with facing translations. The lives in this volume show how individual people both shaped and were shaped by their time and place in history.

Ball and Hammer Hugo Ball. 2002-01-01 In *Tenderenda*, composed between 1914 and 1920, Ball recounts a hallucinatory tale of his own Dada enchantment and disenchantment. Jeffrey T. Schnapp introduces the book, elaborating the cultural and historical context of Ball's work and situating Hammer's work in relation to Dada. In a concluding essay, Hammer probes various aspects of Ball's asceticism, spirituality, and sexuality to arrive at a revisionist interpretation of Zurich Dada and the origins of modernism as well as postmodern art-making.--Jacket.

The Challenges of Born-Digital Fiction Dene Grigar, Mariusz Pisarski. 2024-03-13 The Challenges of Born-Digital Fiction: Editions, Translations, and

Emulations addresses the growing concern about how best to maintain and extend the accessibility of early interactive novels and hypertext fiction or narratives. These forms of born-digital literature were produced before or shortly after the mainstreaming of the World Wide Web with proprietary software and on formats now obsolete. Preserving and extending them for a broad study by scholars of book culture, literary studies, and digital culture necessitate they are migrated, translated, and emulated – yet these activities can impact the integrity of the reader experience. Thus, this Element centers on three key challenges facing such efforts: (1) precision of references: identifying correct editions and versions of migrated works in scholarship; (2) enhanced media translation: approaching translation informed by the changing media context in a collaborative environment; and (3) media integrity: relying on emulation as the prime mode for long-term preservation of born-digital novels.

Art School Steven Henry Madoff.2009-09-11 Leading international artists and art educators consider the challenges of art education in today's dramatically changed art world. The last explosive change in art education came nearly a century ago, when the German Bauhaus was formed. Today, dramatic changes in the art world—its increasing professionalization, the pervasive power of the art market, and fundamental shifts in art-making itself in our post-Duchampian era—combined with a revolution in information technology, raise fundamental questions about the education of today's artists. Art School (Propositions for the 21st Century) brings together more than thirty leading international artists and art educators to reconsider the practices of art education in academic, practical, ethical, and philosophical terms. The essays in the book range over continents, histories, traditions, experiments, and fantasies of education. Accompanying the essays are conversations with such prominent artist/educators as John Baldessari, Michael Craig-Martin, Hans Haacke, and Marina Abramovic, as well as questionnaire responses from a dozen important artists—among them Mike Kelley, Ann Hamilton, Guillermo Kuitca, and Shirin Neshat—about their own experiences as students. A fascinating analysis of the architecture of major historical art schools throughout the world looks at the relationship of the principles of their designs to the principles of the pedagogy practiced within their halls. And throughout the volume, attention is paid to new initiatives and proposals about what an art school can and should be in the twenty-first century—and what it shouldn't be. No other book on the subject covers more of the questions concerning art education today or offers more insight into the pressures, challenges, risks, and opportunities for artists and art educators in the years ahead. Contributors Marina Abramovic, Dennis Adams, John Baldessari, Ute Meta Bauer, Daniel Birnbaum, Saskia Bos, Tania Bruguera, Luis Camnitzer, Michael Craig-Martin, Thierry de Duve, Clémentine Deliss, Charles Esche, Liam Gillick, Boris Groys, Hans Haacke, Ann Lauterbach, Ken Lum, Steven Henry Madoff, Brendan D. If you're having a hard time finding a good children's book amidst the many free classics available online, you might want to check out the International Digital Children's Library, where you can find award-winning books that range in length and reading levels. There's also a wide selection of languages available, with everything from English to Farsi. It's the easy way to get anything and everything done with the tap of your thumb. Find trusted cleaners, skilled plumbers and electricians, reliable painters, book, pdf, read online and more good services. Ebooks and Text Archives: From the Internet Archive; a library of fiction, popular books, children's books, historical texts and academic books. The free books on this site span every possible interest. The split between "free public domain ebooks" and "free original ebooks" is surprisingly even. A big chunk of the public domain titles are short stories and a lot of the original titles are fanfiction. Still, if you do a bit of digging around, you'll find some interesting stories. LibriVox is a unique platform, where you can rather download free audiobooks. The audiobooks are read by volunteers from all over the world and are free to listen on your mobile device, iPods, computers and can be even burnt into a CD. The collections also include classic literature and books that are obsolete. In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books. Our comprehensive range of products, services, and resources includes books supplied from more than 15,000

U.S., Canadian, and U.K. publishers and more. There are over 58,000 free Kindle books that you can download at Project Gutenberg. Use the search box to find a specific book or browse through the detailed categories to find your next great read. You can also view the free Kindle books here by top downloads or recently added. Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.
