The Brand Innovation Manifesto John Grant. 2006-05-12 The days of the image brands are over, and 'new marketing' has gone mainstream. The world's biggest companies are pursuing a post-advertising strategy, moving away from advertising and investing in leading edge alternatives. In the vanguard of the revolution has been John Grant, co-founder of the legendary agency St. Luke's and author of The New Marketing Manifesto, whose radical thinking has informed a generation. Now Grant is set to stun the industry again. In The Brand Innovation Manifesto, he redefines the nature of brands, showing why old models and scales no longer work and revealing that the key to success today is impacting people's lifestyles (think Starbucks, iPod and eBay). At the heart of the book is the concept of the 'brand molecule' to which new cultural ideas can be constantly added to keep pace with change. Cataloguing 32 classes of idea, Grant presents a practical approach to mixing and matching them within your own market to develop new brand ideas - and new ideas for existing brands.

Fundraising for Social Change Kim Klein. 2016-04-18 The bible of grassroots fundraising, updated with the latest tools and methods Fundraising for Social Change is the preeminent guide to securing funding, with a specific focus on progressive nonprofit organizations with budgets under \$5 million. Used by nonprofits nationally and internationally, this book provides a soup-to-nuts prescription for building, maintaining, and expanding an individual donor program. Author Kim Klein is a recognized authority on all aspects of fundraising, and this book distills her decades of expertise into fundraising strategies that work. A robust individual donor program creates stable and long-term cash flow, and this book shows you how to structure your fundraising appropriately no matter how tight your initial budget. Develop and maintain a large base of individual donors Utilize strategies that pay off sooner rather than later Expand your reach and get your message out to the donor pool Translate traditional fundraising methods into strategies that work for social justice organizations with little or no front money Basing your fundraising strategy on the contributions of individual donors may feel like herding cats—but it's the best way for your organization to maintain maximum freedom to pursue the mission that matters. A robust, organized, planned approach can help you reach your goals sooner, and Fundraising for Social Change is the field guide for putting it all together to make big things happen.

The Art of Asking Amanda Palmer. 2014-11-11 FOREWORD BY BRENE BROWN and POSTSCRIPT FROM BRAIN PICKINGS CREATOR MARIA POPOVA Rock star, crowdfunding pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for—as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional, philosophical, and practical aspects of THE ART OF ASKING. Part manifesto, part revelation, this is the story of an artist struggling with the new rules of exchange in the twenty-first century, both on and off the Internet. THE ART OF ASKING will inspire readers to rethink their own ideas about asking, giving, art, and love.

Editing Across Media Ross F. Collins. 2013-01-22 Requirements for professional media editing have undergone enormous technological change. Editors still edit copy. But today they do much more. Mass media editors must demonstrate skills from computerized pagination to social media monitoring, from image manipulation to Search Engine Optimization. The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media, from newspapers to strategic communication. Public relations practitioners are expected to edit. Even advertising creative professionals must edit. And journalists taking on new roles as social media editors need to understand editing at the speed of digital media. This textbook aims to prepare university-level students for these expanded editing roles in an age of convergence. Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs. While many mass media students will not become professional editors, this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality. Editing, the authors believe, remains a bedrock skill for all students who hope to be successful in the mass media. Instructors considering this book for use in a course may request an examination copy here.
