Theorizing Historical Consciousness Peter C. Seixas.2004-01-01 Our understanding of the past shapes our sense of the present and the future: this is historical consciousness. While academic history, public history, and the study of collective memory are thriving enterprises, there has been only sparse investigation of historical consciousness itself, in a way that relates it to the policy questions it raises in the present. With *Theorizing Historical Consciousness*, Peter Seixas has brought together a diverse group of international scholars to address the problem of historical consciousness from the disciplinary perspectives of history, historiography, philosophy, collective memory, psychology, and history education. Historical consciousness has serious implications for international relations, reparations claims, fiscal initiatives, immigration, and indeed, almost every contentious arena of public policy, collective identity, and personal experience. Current policy debates are laced with mutually incompatible historical analogies, and identity politics generate conflicting historical accounts. Never has the idea of a straightforward 'one history that fits all' been less workable. *Theorizing Historical Consciousness* sets various theoretical approaches to the study of historical consciousness side-by-side, enabling us to chart the future study of how people understand the past.

Jewish Women in the Early Italian Women's Movement, 1861-1945 Ruth Nattermann.2022-06-30 This book is the first epoch-spanning study on Jewish participation in the Italian women's movement, focussing in a transnational perspective on the experience of Italian-Jewish protagonists in Liberal Italy, during the First World War and the Fascist dictatorship until 1945. Drawing on ego-documents, contemporary journals and Jewish community archives, as well as records by the police and public authorities, it examines the tensions within the emancipation process between participation and exclusion. The book argues that the racial laws from 1938 did not represent the sudden end of an idyllic integration, but rather the climax of a long-term development. Social marginalization, the persecution of Jewish rights, and the assault on Jewish lives during fascism are analysed distinctly from the perspective of Jewish women. In spite of their significant influence on the transnational orientation of the Italian women's movement, their emancipation as women and Jews remained incomplete.

The English Court in the Reign of George 1 John M. Beattie.1967-07-02 In this detailed study Dr Beattie provides evidence of the size, composition, administration and finances of George I's household, and discusses its social and political importance. The book shows that many familiar impressions of George I are misleading, and makes it clear that his court was still 'the most obvious source of patronage and political power and the centre of the upper-class social world of London and the country'. This study is based on material in the archives of England, Germany and America and gives a valuable insight into the control and distribution of patronage in the eighteenth century.

A World at Total War Roger Chickering,Stig Förster,Bernd Greiner,German Historical Institute (Washington, D.C.).2005 This volume presents the results of a conference on the history of total war.

The Currency of Socialism Jonathan R. Zatin.2007-03-05 This book explores the East German attempt to create a perfect society by eliminating money and explains the reasons for its failure.

To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Film as Art Rudolf Arnheim.1957-09 A theory of film

Considering the Creation of a Domestic Intelligence Agency in the United States Brian A. Jackson,Cheryl Y. Marcum,Albert A. Robbert,Andrew Riddile.2009-02-24 With terrorism still prominent on the U.S. agenda, whether the country's prevention efforts match the threat the United States faces continues to be central in policy debate. One element of this debate is questioning whether the United States should create a dedicated domestic intelligence agency. Case studies of five other democracies--Australia, Canada, France, Germany, and the UK--provide lessons and common themes that may help policymakers decide. The authors find that * most of the five countries separate the agency that conducts domestic intelligence gathering from any arrest and detention powers * each country has instituted some measure of external oversight over its domestic intelligence agency * liaison with other international, foreign, state, and local agencies helps ensure the best sharing of information * the boundary between domestic and international intelligence activities may be blurring.

Handbuch Musikpädagogik Michael Dartsch,Jens Knigge,Anne Niessen,Friedrich Platz,Christine Stöger.2018-09-10 Ein unverzichtbares Nachschlagewerk für die Musikpädagogik Das Handbuch der Musikpädagogik zeichnet ein Bild der Themen und Herangehensweisen der Forschungsdisziplin Musikpädagogik und führt in ihre Grundlagen und Diskurse ein. Dabei werden erstmals alle relevanten Teilbereiche des Faches berücksichtigt. Behandelt werden Themenfelder von den Begründungen und Kontexten der Musikpädagogik über die Akteure und ihre Handlungsfelder, Perspektiven auf das Lernen bis hin zu Orten musikpädagogischen Handelns und der Forschungsdisziplin selbst. Dieses Handbuch dient als Überblickswerk und stellt für Lehrende, Studierende, Forschende und Akteure der Kulturpolitik ein seit langem erwartetes, umfassendes deutschsprachiges Nachschlagewerk dar.

Philosophy Bridging the World Religions P. Koslowski.2013-04-18 This is the fifth and last volume of the EXPO-Discourses of the World Religions (World Exposition EXPO 2000, Hannover, Germany). The series aims at a deeper understanding of the similarities and differences between Hinduism, Buddhism, Judaism, Christianity, and Islam in their theological and philosophical propositions. It sees in philosophy a bridge between the religions and a means to overcome religious hostility and fundamentalism and to further the dialogue of the religions.

Uniforms Paul Fussell.2002 Presents a series of anecdotes that tell the history and meaning of American uniforms, identifying their cultural significance in terms of how uniforms unite and divide people as well as how they vary throughout the world.

America, the Vietnam War, and the World Andreas W. Daum,Lloyd C. Gardner,Wilfried Mausbach.2003-07-14 Publisher's description: This book presents new perspectives on the Vietnam War, its global repercussions, and the role of this war in modern history. The volume reveals 'America's War' as an international event that reverberated all over the world: in domestic settings of numerous nation-states, combatants and non-combatants alike, as well as in transnational relations and alliance systems. The volume thereby covers a wide geographical range-from Berkeley and Berlin to Cambodia and Canberra. The essays address political, military, and diplomatic issues no less than cultural and intellectual consequences of 'Vietnam'. The authors also set the Vietnam War in comparison to other major conflicts in world history; they cover over three centuries, and develop general insights into the tragedies and trajectories of military conflicts as phenomena of modern societies in general. For the first time, 'America's War' is thus depicted as a truly global event whose origins and characteristics deserve an interdisciplinary treatment.
