**Baudolino** Umberto Eco.2011-05-15 BAUDOLINO gravita em torno dos prazeres da corte de Federico Hohenstaufen, conhecido como Barbarossa, à época da Terceira Cruzada. A história engloba justamente o período entre 1152 e 1204, começando com a ascensão de Barbarossa ao trono e terminando com a conquista de Constantinopla pela temida ordem dos cavaleiros templários. A trama é protagonizada por Baudolino - adolescente, criativo e mentiroso que dá título à obra - e Niceta Coniate, personagem inspirado em um historiador e orador que viveu na corte de Constantinopla. A narrativa retrocede, enquanto Baudolino conta a Niceta suas aventuras e desventuras, numa mistura de fantasia e realidade, História e faz-de-conta. Tudo isso temperado por inúmeras situações cômicas. No intervalo, Eco embaralha os seus personagens inventados e produz o mais recorrente efeito de seu texto: interferir em acontecimentos históricos conhecidos por meio de atos ou circunstâncias vividas pelos personagens fictícios.

Diplomatic Theory from Machiavelli to Kissinger G. Berridge,M. Keens-Soper,T. Otte.2001-03-23 This book offers an introductory guide for students to four centuries of diplomatic thought. Since diplomacy as we know it was created during the Renaissance in Italy, a number of major figures have reflected on the place of diplomacy in foreign affairs and the problems associated with its pursuit. These include statesmen, international lawyers and historians, most of whom had experience as diplomats of the first or second rank. This book examines the thought of some of the most important of them, from Niccolò Machiavelli in the early sixteenth century to Henry Kissinger in the late twentieth century.

*Young Children's Rights* Priscilla Alderson.2008 Published in association with Save the Children Priscilla Alderson examines the often overlooked issue of the rights of young children, starting with the question of how the 1989 UN Convention on the Rights of the Child applies to the youngest children, from birth to eight years of age. The question of finding a balance between young children's rights to protection, to provision (resources and services) and to participation (expressing their views, being responsible) is discussed. The author suggests that, in the belief we are looking after their best interests, we have become overprotective of children and deny them the freedom to be expressive, creative and active, and that improving the way adults and children communicate is the best way of redressing that balance. This second edition has been updated and expanded to include the relevance of UNCRC rights of premature babies, international examples such as the Chinese one-child policy, children's influence on regional policies, and the influence on young children's lives of policies such as Every Child Matters and those of the World Bank, IMF, OECD and UNICEF. This readable, informative and thought-provoking book is a compelling invitation to rethink our attitudes to young children's rights in the light of new theories, research and practical evidence about children's daily lives. It will be of interest to anyone who works with young children.

**Nobody's Child: A Tragedy, a Trial, and a History of the Insanity Defense** Susan Vinocour.2020-03-24 A powerful and humane exploration of the history of the insanity defense, through the story of one poignant case. When a three-year-old child was found with a head wound and other injuries, it looked like an open-and-shut case of second-degree murder. Psychologist and attorney Susan Vinocour agreed to evaluate the defendant, the child's mentally ill and impoverished grandmother, to determine whether she was competent to stand trial. Even if she had caused the child's death, had she realized at the time that her actions were wrong or was she legally insane? What followed was anything but an open-and-shut case. Nobody's Child traces the legal definition of insanity back to its inception in Victorian Britain nearly two hundred years ago, from when our understanding of the human mind was in its infancy, to today, when questions of race, class, and ability so often determine who is legally insane and who is criminally guilty. Vinocour explains how competency and insanity are creatures of a legal system, not of psychiatric reality, and how, in criminal law, the insanity defense has to often been a luxury of the rich and white. Nobody's Child is a profoundly dignified portrait of injustice in America and a complex examination of the troubling intersection of mental health and the law. When prisons are now the largest institutions for the mentally ill, Vinocour demands that we reckon with our conceptions of insanity with clarity, empathy, and responsibility.

**Albanian Literature** Robert Elsie.2005-07-29 The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. Albanian Literature: A Short History tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, Albanian Literature is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

**The Enforcement of Intellectual Property Rights: A Case Book** L.T.C. Harms,World Intellectual Property Organization.2012-12 With this publication, WIPO and the author aim at making available for judges, lawyers and law enforcement officials a valuable tool for the handling of intellectual property cases. To that effect, the case book uses carefully selected court decisions drawn from various countries with either civil or common law traditions. The extracts from the decisions and accompanying comments illustrate the different areas of intellectual property law, with an emphasis on matters that typically arise in connection with the enforcement of intellectual property rights in civil as well as criminal proceedings.

**Queen of the Owls** Barbara Linn Probst.2020-04-07 A chance meeting with a charismatic photographer will forever change Elizabeth's life. Until she met Richard, Elizabeth's relationship with Georgia O'Keeffe and her little-known Hawaii paintings was purely academic. Now it's personal. Richard tells Elizabeth that the only way she can truly understand O'Keeffe isn't with her mind—it's by getting into O'Keeffe's skin and reenacting her famous nude photos. In the intimacy of Richard's studio, Elizabeth experiences a new, intoxicating abandon and fullness. It never occurs to her that the photographs might be made public, especially without her consent. Desperate to avoid exposure—she's a rising star in the academic world and the mother of young children—Elizabeth demands that Richard dismantle the exhibit. But he refuses. The pictures are his art. His property, not hers. As word of the photos spreads, Elizabeth unwittingly becomes a feminist heroine to her students, who misunderstand her motives in posing. To the university, however, her actions are a public scandal. To her husband, they're a public humiliation. Yet Richard has reawakened an awareness that's haunted Elizabeth since she was a child—the truth that cerebral knowledge will never be enough. Now she must face the question: How much is she willing to risk to be truly seen and known?

**Teaching and the Case Method** Louis B. Barnes, Carl Roland Christensen, Abby J. Hansen. 1994 This third edition of *Teaching and the Case Method* is a further response to increased national and international interest in teaching, teachers, and learning, as well as the pressing need to enhance instructional effectiveness in the widest possible variety of settings. Like its predecessors, this edition celebrates the joys of teaching and learning at their best and emphasizes the reciprocal exchange of wisdom that teachers and students can experience. It is based on the belief that teaching is not purely a matter of inborn talent. On the contrary, the knowledge, skills, and attitudes that make for excellence in teaching can be analyzed, abstracted, and learned. One key premise of *Teaching and the Case Method* is that all teaching and learning involve a core of universally applicable principles that can be discerned and absorbed through the study and discussion of cases.

**Chronicle in Stone** Ismail Kadare. 2011-07-01 Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

**Discovering Albanian I Textbook** Linda Mëniku, Héctor Campos. 2011-08-01 Approximately five million people worldwide speak Albanian. The opening of Albania in the 1990s to broader trading and diplomatic relations with other nations has created a need for better knowledge of the language and culture of this country. This book teaches the student to communicate in everyday situations in the language, with each chapter introducing a new situational context. Students learn to discuss work, vacations, health, and entertainment. Students also learn to practice basic skills such as shopping, ordering tickets, and renting an apartment. Upon completing this textbook, students will be at the A2/B1 level of proficiency on the scale provided by the Common European Framework of Reference for Languages (CEFR). The textbook includes: • eighteen lessons based on real-life situations, including three review lessons • dialogues to help introduce vocabulary and grammatical structures • comprehension questions and exercises • related readings at the end of each chapter • full translations for all examples discussed in grammar sections • a series of appendixes with numerous charts summarizing main classes of nouns, adjectives, and verbs • an appendix with the solutions to most of the exercises in the book • a glossary with all the words in the dialogs and readings.

*Patterns of Local Autonomy in Europe* Andreas Ladner, Nicolas Keuffer, Harald Baldersheim, Nikos Hlepas, Pawel Swianiewicz, Kristof Steyvers, Carmen Navarro. 2018-10-26 This book considers local autonomy, measured as a multidimensional concept, from a cross-country comparative perspective, and examines how variations can be explained and what their consequences are. It fills a gap in the literature by providing a comprehensive study of the different components of local autonomy across a large number of countries, over time. It offers a theoretically saturated concept to measure local autonomy and applies it to 39 countries, including all 28 EU member states together with Albania, Georgia, Iceland, Liechtenstein, Macedonia, Moldova, Norway, Serbia, Switzerland Turkey and Ukraine, over a period of 25 years (1990-2014).

**Management in Action** Peter Lawrence. 2018-04-17 This title, originally published in 1984, is based on a study of the work of general and production managers in companies in Britain and Germany, and gives a life-like account of the realities of management, including the problems, crises and unresolved tensions. Throughout the book the author draws comparisons between management style and performance in Britain and Germany. Designed primarily for management and business studies undergraduates, the book gives an excellent idea of what industry is really like. For students who are committed to a career in management but who lack experience of industry, this realistic and down-to-earth account will be invaluable.

*Have Your Say!* Council of Europe. 2015-11-24 Youth participation is not an end in itself, but a means of achieving positive changes in young people's lives and of building better democratic societies. Participation is a fundamental human right recognised, among others, in the Universal Declaration of Human Rights and the Convention on the Rights of the Child. Participation is also a core principle of human rights and is a condition for effective democratic citizenship for all people. The aim of the Council of Europe's youth policy is to provide young people with equal opportunities and experience which enable them to develop the knowledge, skills and competencies to play a full part in all aspects of society. Youth participation is at the core of youth policy in the Council of Europe, which includes co-management as a form of sharing power with youth representatives. Youth participation is promoted across the various sectors of the Council of Europe. The revised European Charter on the Participation of Young People in Local and Regional Life, adopted in May 2003 by the Congress of Local and Regional Authorities of the Council of Europe, is a standard-setting instrument for youth participation. It supports young people, youth workers, youth organisations and local authorities in promoting and enhancing meaningful youth participation at local and regional level across Europe. The manual "Have your say!" was produced to support local and regional authorities, youth organisations and young

people who want to give young people a real say for a meaningful democratic youth participation. According to the Charter, participation is about having the right, the means, the space and the opportunity and, where necessary, the support to participate in and influence decisions and engage in actions and activities so as to contribute to building of a better society. The manual "Have your say!" is an educational and practical tool to support all those committed to making that right a reality for more young people in the Council of Europe member states.

*How All Teachers Can Support Citizenship and Human Rights Education* Peter Brett, Pascale Mompoin-Gaillard, Maria Helena Salema, Sarah Keating-Chetwynd. 2009-01-01 This publication sets out the core competences needed by teachers to put democratic citizenship and human rights into practice in the classroom, throughout the school and in the wider community. It is intended for all teachers, not only specialists but teachers in all subject areas, and teacher educators working in higher-education institutions or other settings, both in pre- and in-service training. Some 15 competences are presented and grouped into four clusters. Each cluster of competences corresponds to one chapter, within which the competences are described in detail and exemplified. The reader will find progression grids and suggested developmental activities for each competence: these grids, featuring focusing, developing, established and advanced practice, aim to help teachers and teacher educators determine the level to which their professional practice corresponds, and thus identify specific and practical improvements upon which they can focus.
