Float Daniel Miyares.2015-06-09 A boy's small paper boat—and his large imagination—fill the pages of this wordless picture book, a modern-day classic from the creator of *Pardon Me!* that includes endpaper instructions for building a boat of your own. A little boy takes a boat made of newspaper out for a rainy-day adventure. The boy and his boat dance in the downpour and play in the puddles, but when the boy sends his boat floating down a gutter stream, it quickly gets away from him. So of course the little boy goes on the hunt for his beloved boat—and when the rain lets up, he finds himself on a new adventure altogether. This seemingly simply story from Daniel Miyares is enriched with incredible depth and texture that transcend words.

**Good Morning, Kimchi!** Suk-cha Yun,Sook-ja Yoon.2005-01-01 In part one of *Good Morning, Kimchi*, readers are taken on an odyssey through the pickled vegetable's theory and history, the science of the dish, along with its many different tastes, the ingredients and utensils needed to make it, and the customs associated with kimchi itself. *Apocalypse* Jacques Ellul.2020-05-05 “There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation].” —Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, *Apocalypse* is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. “Architecture in movement” is the key to understanding Revelation's puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul's thorough engagement with Revelation.

**Twelve Years a Slave** Solomon Northup.2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

To cast light on African perspectives, and on the point of view of enslaved men and women, this group of top Africanist scholars has examined both conventional historical sources (such as European travel accounts, colonial documents, court cases, and missionary records) and less-explored sources of information (such as folklore, oral traditions, songs and proverbs, life histories collected by missionaries and colonial officials, correspondence in Arabic, and consular and admiralty interviews with runaway slaves). Each source has a short introduction highlighting its significance and orienting the reader. This first of two volumes provides students and scholars with a trove of African sources for studying African slavery and slave trade.

*My Darkest Years* James Bachner.2010-06-25 Born in Berlin in 1922, James Bachner was a German Jew during the darkest days of the Third Reich. Once a happy child in a well-to-do German family, as the years passed Bachner faced first ridicule and persecution, then imprisonment and deprivation. Attributing his survival to a combination of strength and being in the right place at the right time, Bachner's memoir is a poignant and often horrific account of Jewish struggles during the days of World War II. Beginning with his idyllic childhood, Bachner expresses the range of emotions he experienced as the Nazis transformed his homeland into a nation where he and his fellow Jews were no longer welcome. He describes the volatile political atmosphere and the fears inspired in all Germans by tales of the concentration camps. In addition, he tells of the belief many Jews held that the West would step in and put an end to Hitler's reign. The work then details the realities of life in a concentration camp. The end of the war, Bachner's reunion with his remaining family members and his eventual relocation to America are also discussed.

**Essays and Letters** Friedrich Hölderlin.2009-08-27 One of Germany's greatest poets, Johann Christian Friedrich Hölderlin (1770-1843) was also a prose writer of intense feeling, intelligence and perception. This new translation of selected letters and essays traces the life and thoughts of this extraordinary writer. Hölderlin's letters to friends and fellow writers such as Hegel, Schiller and Goethe describe his development as a poet, while those written to his family speak with great passion of his beliefs and aspirations, as well as revealing money worries and, finally, the tragic unravelling of his sanity. These works examine Hölderlin's great preoccupations - the unity of existence, the relationship between art and nature and, above all, the spirit of the writer.

*The History and Traditions of the Pimbwe* Seel, Sarah-Jane,Mgawe, Peter.2014-10-07 The book presents the history, tradition and culture of a small tribe know as the Pimbwe in Tanzania. It describes the life of the Pimbwe from the pre-colonial era, through the arrival of missionaries, colonisation and post independence, right up to the present day. By reading this book, you will discover the origins of the Pimbwe, their traditions and their culture, which although not differing greatly from those of other African tribes, constitute an intriguing and unique story. In 2008 a group of researchers help a workshop in Mpanda to compile a collection of information and various narrative from Pimbwe elders who maintain and highly honour the Pimbwe communities culture and norms. The researchers subsequently used archival and other published historical materials to ingrate Pimbwe narrative into know historical events. It should be remembered that this book was written with the aim of preserving in written form a history which has been passed down through generations and held in the memories of the elders. It is also hoped that this book will help new

generations, particularly of the Pimbwe community, to understand and honour their culture and traditions in a world in which globalisation continuously erodes cultural diversity.

**Conservation** Monique Borgerhoff Mulder, Peter Coppolillo. 2018-06-05 Nearly 90 percent of the earth's land surface is directly affected by human infrastructure and activities, yet less than 5 percent is legally protected for biodiversity conservation--and even most large protected areas have people living inside their boundaries. In all but a small fraction of the earth's land area, then, conservation and people must coexist. Conservation is a resource for all those who aim to reconcile biodiversity with human livelihoods. It traces the historical roots of modern conservation thought and practice, and explores current perspectives from evolutionary and community ecology, conservation biology, anthropology, political ecology, economics, and policy. The authors examine a suite of conservation strategies and perspectives from around the world, highlighting the most innovative and promising avenues for future efforts. Exploring, highlighting, and bridging gaps between the social and natural sciences as applied in the practice of conservation, this book provides a broad, practically oriented view. It is essential reading for anyone involved in the conservation process--from academic conservation biology to the management of protected areas, rural livelihood development to poverty alleviation, and from community-based natural resource management to national and global policymaking.

**Legal Republicanism** Samantha Besson, José Luis Martí. 2009-03-26 Interest in republicanism as a political theory has burgeoned in recent years, but its implications for the understanding of law have remained largely unexplored. Legal Republicanism is the first book to offer a comprehensive, critical survey of the potential for creating republican accounts of fundamental issues in law and legal theory. Bringing together contributors with backgrounds in political and legal philosophy, the essays in the volume assess republicanism's historical traditions, conceptual coherence, and normative proposals. The collection offers a valuable insight into new debates taking place in republican political and legal theory. It also analyses potential republican approaches to concrete issues arising in areas of law such as criminal, constitutional and international law. Finally, the book includes comparisons between republican legal traditions and how they react to contemporary challenges. The book will be of value to political and democratic theorists, to legal philosophers and constitutional theorists, and all those interested in the legitimacy of decision-making in national and international settings.

*Selected Poems and Fragments* Friedrich Hölderlin.2007-02-22 Friedrich Hölderlin (1770-1843) is now recognized as one of Europe's supreme poets. He first found his true voice in the epigrams and odes he wrote when transfigured by his love for the wife of a rich banker. He later embarked on an extraordinarily ambitious sequence of hymns exploring cosmology and history, from mythological times to the discovery of America and his own era. The 'Canticles of Night', by contrast, include enigmatic fragments in an unprecedented style, which anticipates the Symbolists and Surrealists. Together the works collected here show Hölderlin's use of Classical and Christian imagery and his exploration of cosmology and history in an attempt to find meaning in an uncertain world.

*Just Enough* Gesshin Claire Greenwood.2019-06-11 Fresh out of college, Gesshin Claire Greenwood found her way to a Buddhist monastery in Japan and was ordained as a Buddhist nun. Zen appealed to Greenwood because of its all-encompassing approach to life and how to live it, its willingness to face life's big questions, and its radically simple yet profound emphasis on presence, reality, the now. At the monastery, she also discovered an affinity for working in the kitchen, especially the practice of creating delicious, satisfying meals using whatever was at hand — even when what was

at hand was bamboo. Based on the philosophy of oryoki, or “just enough,” this book combines stories with recipes. From perfect rice, potatoes, and broths to hearty stews, colorful stir-fries, hot and cold noodles, and delicate sorbet, Greenwood shows food to be a direct, daily way to understand Zen practice. With eloquent prose, she takes readers into monasteries and markets, messy kitchens and predawn meditation rooms, and offers food for thought that nourishes and delights body, mind, and spirit.

Decades of living immersed in Japanese culture and years of culinary training have given Andoh a unique platform from which to teach. **Kings, Queens and Pawns: An American Woman at the Front** Mary Roberts Rinehart.2019-12-02 This collection by journalist and mystery writer Mary Roberts Rinehart contained her observations on her travels during 1914 when she went to Europe alone to cover World War I. She wonderfully describes everything from being received by King Albert in Belgium and recording his first certified statement on the war to meeting Winston Churchill and travelling to the English and French front lines as the first reporter allowed. Moreover, she made some interesting observations on the people, places and events she came across during her time there. Apart from being a travel book, this work was, more importantly, a humanitarian plea to Americans to join the war effort three years before the American Expeditionary Force set sail for Europe.

*The Return of the Mother* Andrew Harvey.2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

*Destination Simple* Brooke McAlary.2016-12-23 How to harness the power of daily rituals to create a calmer, happier life. We live life in the fast lane. We are over-worked, over-connected and over-stressed, and we compete over how busy and important and sleep-deprived we are. But we don't have to. Brooke McAlary knows first-hand the power of simplifying and living with less. After being diagnosed with postnatal depression, she embraced a more intentional life. Then, when the Covid-19 pandemic hit, she had to review her everyday routines - and expectations. She looked for ways to adapt them to fit a life in lockdown, all the while protecting and prioritising her health, energy and passion. In this fully revised edition of *Destination Simple*, with an entirely new introduction and updates throughout in light of the pandemic, Brooke shows us how to harness the power of daily rituals to change the flow of our busy lives and create lasting, positive change.
