L'Apocalypse des animaux (1 Hen 85-90): une propagande militaire? Daniel Assefa.2007-09-30 By showing the absence of elements that reflect military propaganda in the Animal Apocalypse, this book proposes a new understanding of 1 Enoch 85-90 as the apology of a reform group that has Enoch as its Patron and a peculiar theology of the history of Israel.

Imaginative Geographies of Algerian Violence Jacob

Mundy.2015-09-09 The massacres that spread across Algeria in

1997 and 1998 shocked the world, both in their horror and in the international community's failure to respond. In the years

following, the violence of 1990s Algeria has become a central

case study in new theories of civil conflict and terrorism after the Cold War. Such lessons of Algeria now contribute to a diverse

array of international efforts to manage conflict—from development and counterterrorism to the Responsibility to Protect doctrine and transitional justice. With this book, Jacob Mundy raises a critical lens to these lessons and practices and sheds light on an increasingly antipolitical scientific vision of armed conflict. Traditional questions of power and history that once guided conflict management have been displaced by neoliberal assumptions and methodological formalism. In questioning the presumed lessons of 1990s Algeria, Mundy shows that the problem is not simply that these understandings—these imaginative geographies—of Algerian violence can be disputed. He shows that today's leading strategies of conflict management are underwritten by, and so attempt to reproduce, their own flawed logic. Ultimately, what these policies and practices lead to is not a world made safe from war, but rather a world made safe for war.

Front Cover Iconography and Algerian Women's Writing

Pamela A. Pears.2015-10-29 This book is situated between studies of the material object of the book and Algerian women's writing. It examines the iconographic depictions on book covers of three of the most studied francophone writers today, Assia Djebar, Nina Bouraoui, and Malika Mokeddem, among others, and shows how these covers have controlled the reception and interpretation of Algerian women's writing.

Writing the Black Decade Joseph Ford.2021-01-28 Writing the Black Decade: Conflict and Criticism in Francophone Algerian Literature examines how literature—and the way we read, classify, and critique literature—impacts our understanding of the world at a time of conflict. Using the bitterly-contested Algerian Civil War as a case study, Joseph Ford argues that, while literature is frequently understood as an illuminating and emancipatory tool, it can, in fact, restrain our understanding of the world during a time of crisis and further entrench the

polarized discourses that lead to conflict in the first place. Ford demonstrates how Francophone Algerian literature, along with the cultural and academic criticism that has surrounded it, has mobilized visions of Algeria over the past thirty years that often belie the complex and multi-layered realities of power, resistance, and conflict in the region. Scholars of literature, history, Francophone studies, and international relations will find this book particularly useful.

Religion in War and Peace in Africa Margee Ensign, Jean-Pierre Karegeye.2020-06-09 Religion in War and Peace in Africa shows how Religious extremism transcends the realm of belief, analysing current armed conflicts in Africa with perpetrators claiming to act in accord with their religion and moral values. Many African countries today are beset by armed conflicts carried out by different radical groups. In most such cases, religion has been used to incite extremism and to justify violence and exclusion. Perpetrators who seek to violently impose their order believe, or claim, that they are acting in accord with their religious and values. Scholars, peacemakers, Religious leaders, and Military officers explore peace initiatives and security managements. These rich, informative and path-breaking contributions in this book span the spectrum from the prevention of violence through peace initiatives and the analyses of the many complex historical, political, economic, demographic and ideological causes of violence to the role of traditional religions, and military intervention. Showing how religious leaders, scholars, peacekeepers, policy-makers, and military officers and others need to join their efforts in better understanding the intersections between religion and conflict, and to engage in shared missions focused on preventive actions and peace

The Oxford Encyclopedia of African Thought Abiola Irele.2010

From St. Augustine and early Ethiopian philosophers to the anti-colonialist movements of Pan-Africanism and Negritude, this encyclopedia offers a comprehensive view of African thought, covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe. The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse - philosophy, political thought, religion, literature, important social movements - that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience. The Encyclopedia is a large-scale work of 350 entries covering major topics involved in the development of African Thought including historical figures and important social movements, producing a collection that is an essential resource for teaching, an invaluable companion to independent research, and a solid guide for further study.

from French colonialism, which it finally achieved in 1962, was made famous by Gillo Pontecorvo's *The Battle of Algiers* (1966) and stands as an inspiration for many nearby countries. However, recent violence caused in part by ideological rivalry between a declining socialism and rising Islamism, illustrates post-colonial peril and tragedy. Today, Algeria endeavors to reconcile its past with its present. The third edition of the *Historical Dictionary of Algeria* has undergone extensive and substantial changes since previous editions, especially taking into account Algeria's civil strife of the 1990s and the country's controversial re-institutionalization and re-democratization. This is accomplished by means of a chronology, a list of acronyms and abbreviations, an introductory essay, maps, black & white photos, economic tables and statistics, appendixes, a bibliography, and hundreds of cross-referenced dictionary entries on significant persons, places, and events.

Ces changements ont trouvé dans la littérature et le cinéma un écho thématique et esthétique contribuant au débat interne à la société aussi bien qu'à l'émergence de nouvelles écritures poétiques et de nouvelles esthétiques filmiques. Les contributions à cet ouvrage abordent des conflits jusqu'alors tabou, des souvenirs et mémoires refoulés, des rêves et des utopies négociés de manière que cet espace entre écriture/lecture devient un espace qui peut lier le présent avec le passé et un futur imaginé. Un espace qui lie aussi la mémoire et l'oubli, les constructions d'identité nationale, culturelle, religieuse et sexuelle en rassemblant différentes positions, mais aussi en rendant visible des moments ou aspects invisibles, refoulés, cachés, niés, ou en créant des moments imaginés qui présentent une réalité différente, potentielle, à venir. Silence Is Death Julija Šukys.2007-01-01 On May 26, 1993, the Algerian novelist and poet Tahar Djaout was gunned down in an attack attributed to Islamist extremists. An outspoken critic of the extremism roiling his nation, Djaout, in his death, became a powerful symbol for the “murder of Algerian culture,” as scores of journalists, writers, and scholars were targeted in a swelling wave of violence. The author of twelve books of fiction and poetry, Djaout was murdered at a critical point in his career, just as his literary voice was maturing. His death was a great loss not only for Algeria and for Francophone literature but also for world literature. Rage at the news of his slaying was explosive but did nothing to quell the increasing bloodshed. *Silence Is Death* considers the life and work of Djaout in light of his murder and his role in the conflict that raged between Islamist terrorist cells and Algeria’s military regime in the 1990s. The result is an innovative meditation on death, authorship, and the political role of intellectuals. By collapsing the genres of history, biography, personal memoir, fiction, and cultural analysis, Julija Šukys investigates notions of authorial neutrality as well as the relationship between reader and writer in life and in death. Her work offers a view of reading as an encounter across time and place and opens the possibility of a relationship between different cultures under peaceful terms.

Les Agneaux du seigneur Yasmina KHADRA.2012-12-13 Avec *Les Agneaux du Seigneur*, on entre insensiblement dans la réalité du drame algérien qui semble pourtant défier l'analyse et la raison. De loin, Ghachimat est presque une image d'Épinal avec couchers de soleil sur les montagnes. De près, Ghachimat est un village comme les autres : on s'y côtoie depuis l'enfance, on se jalouse. On s'affronte en secret pour obtenir la main d'une fille.

On déteste ceux qui ont réussi, on méprise ceux qui sont restés dans la misère. On étouffe sous le joug d'une tradition obsolète. On ne s'émeut guère des événements qui embrasent la capitale. Qui n'a rien à se reprocher peut dormir sur ses deux oreilles, se dit-on. Ceux qui ont été abattus n'étaient pas tous des anges. Mais il suffit du retour au pays d'un enfant fanatisé pour que les habitants de Ghachimat basculent dans le crime collectif, portés par le ressentiment et la rancoeur, pour que des garçons bien tranquilles deviennent des tueurs en série. Le printemps n'émerveillera ni les bêtes ni les hommes. Les coquelicots évoqueront des boursoflures écorchées. L'aile gauche du cimetière atteindra bientôt les murailles d'en face. Tous les jours, un conroi ira confier son cher disparu à une terre devenue charnier.
