AWARENESS SCIENCE FOR 6 CLASS WITH CD ON REQUEST LAKHMIR SINGH. Awareness Science is a series of science books for classes 1-8 for the schools following CBSE Syllabus.

**Friendly Chemistry Student Edition** Joey Hajda. 2011-01-07 Friendly Chemistry is a truly unique approach to teaching introductory chemistry. Used by home schoolers and charter, public and private school students world-wide for over ten years, Friendly Chemistry presents what is often considered an intimidating subject as a genuinely fun, enjoyable experience. Whether you're a high-school aged student needing a lab science course or a non-traditional student looking for a refresher course to help you prepare for an upcoming entrance exam, Friendly Chemistry can help you accomplish your goal in a painless way! If you do have aspirations of a future in a science field, Friendly Chemistry can give you the solid foundation you need to succeed in subsequent courses. Friendly Chemistry was written using simple language and a host of analogies to make learning (and teaching!) chemistry easy. The chemistry concepts presented in Friendly Chemistry are NOT watered-down. The concepts are just explained in ways that are readily understood by most learners. Coupled with these explanations is a host of teaching aids, labs and games which makes the learning concrete and multi-sensory. Students find the course fun and painless. Parents often comment, I wish I had had this when I was taking chemistry. Now it all makes so much sense! Friendly Chemistry covers the same topics taught in traditional high school chemistry courses. The course begins with an introduction to atomic theory followed by discussion of why the elements are arranged the way they are in the periodic table. Quantum mechanics comes next using the acclaimed Doo-wop Board as a teaching aid. Next comes a discussion of how atoms become charged (ionization), followed by an explanation of how charged atoms make compounds. The mole is introduced next, followed by a discussion of chemical reactions. Stoichiometry (predicting amounts of product produced from a reaction) is treated next followed by a discussion of solutions (molarity). The course is wrapped up with a discussion of the ideal gas laws. Please note that this is the STUDENT EDITION. Volumes 1 and 2 of the TEACHERS EDITION must be purchased separately in order to have all materials necessary to complete this chemistry course. **Science of Spirit** Robert Donald Tonelli. 2011-01-17 Beyond the Secret... Beyond the Power of Now... is the Science of Spirit...a Deeper look at life. Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery? Science of Spirit: Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang. It clarifies the connectedness of all life with Science and to Spirit through the understanding of world-old Hermetic Teachings in a balance of Reason and Faith. Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life. Consciousness and the energy that makes up matter are inextricably combined or linked, emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality. The universe isn't made of things or particles. It's a process. It's made up of events. The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super-conscious species of humanity moving through an Omega Point in time between 2011-- 2013. These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy. Our accelerating consciousness is moving to a quantum existence of Spirit-in-Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society. The Science of Spirit is

based on my personal experience... my research... and my understanding of the ancient philosophy that this work comes from... It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by... I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society. This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life... A Science of Spirit that is inherent in Mother Nature... It goes in-depth about understanding What Consciousness Is! - An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth. This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective, this battle between the Forces of Good and Evil at The End of Time. This Ancient Science of Spirit philosophy explains how the primeval forces of life [Spirit] that are inherent in Mother Earth growing for 16.4 billion years are pitted against the dogmatic, stagnant, god-fearing personalities, that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet. This is a real life battle between evolving evolutionary beings against the Anti-Christ Social Consciousness of The Multi-National Corporations. Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind. I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon. This ancient Science
