ThetaHealing® Vianna Stibal.2020-01-21 Discover the worldwide phenomenon of ThetaHealing® and how it can help you to achieve transformational healing in this revised and updated edition of Vianna Stibal's definitive guide. In 1995, Vianna Stibal was diagnosed with a serious health condition. When conventional and alternative medicine failed her, she discovered a simple technique that cured her illness and sparked a worldwide phenomenon. ThetaHealing® is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to identify issues with and witness healings on the physical body, and to identify and change limiting beliefs. In this revised and updated edition, you will discover: - the belief and feeling work that can instantly change the thinking within you that creates illness - the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is - how to develop the ability to change on all levels: physically, mentally, emotionally and

spiritually, using the Creator of All That Is.

The Skincare Bible Anjali Mahto.2018-04-05 'I now feel safe in the knowledge that I'm armed with the latest science-backed information about how to care for my skin' Chloe Brotheridge, author of The Anxiety Solution We all know that taking good care of our skin is the key to any effective health and beauty regime. But with so much conflicting information out there, the path to healthy skin can seem far from clear. Dr Anjali Mahto is one of the UK's leading consultant dermatologists. Equipped with years of expertise and the most up-to-date evidence, she sets out to cut through the noise and distinguish the nuggets from the nonsense. Chia seeds won't make your skin glow and lilac water is never going to reduce acne scarring. And, when it comes to the best products, high price doesn't necessarily mean high quality.

Tackling common complaints such as acne and dryness, rosacea and aging, The Skincare Bible is your definitive companion to your body's biggest organ. Clear, concise and packed full of tips on the best products and routines, it will help you discover what works for you and find confidence in your own skin. This is your expert guide to great skin - pure and simple. 'A refreshing, fad-free guide to glowing skin. A must read for anyone struggling with their skin health' Dr Megan Rossi

Staying Human Through the Holocaust Teréz Mózés. 2005 Ter z M zes was born in Romania in 1919 to a stable and loving family. Her idyllic life would eventually be shattered by the upheavals of the Second World War as the Nazis systematically undertook the destruction of the Jewish race. Starting with the insidious and menacing anti-Jewish laws and continuing with resettlement into cramped ghettos and finally deportation to the death camps, Ter z and her sister Erzsi would be thrust into a harrowing journey that would forever alter the course of their lives. In June 1944, Ter z and Erzsi were sent to the notorious Auschwitz-Birkenau concentration camp in German-occupied Poland, where they would fight for their survival in a traumatic ordeal of unimaginable horror. Liberation in February 1945 should have meant the end of their nightmare, yet their homecoming would be delayed by widespread confusion as the Russians swept through Eastern Europe crushing the Nazi regime. After internment in numerous Russian camps and an uncertain future, Ter z and Ezri finally returned to their shattered hometown of Oradea in August 1945. *Staying Human Through the Holocaust*, originally titled *Beverzett kot blak* (Shattered Tablets), was published in Hungarian in 1993 and in Romanian in 1995. Told in a direct and riveting style that will haunt the reader long after the story is over, this memoir is a glimpse of the darkest and most uplifting aspects of our humanity from both an individual and historical point of view.
