Églises et santé dans le Tiers Monde. Hier et aujourd'hui Jean Pirotte, Henri Derroitte. 2016-05-18 The fifteen papers presented here examine three centuries of close, if sometimes ambiguous, links between Christian mission and medicine. The authors, who include theologians, historians, sociologists, physicians and representatives of major international health-care organisations, address themselves to such questions as: How is one to assess the results of past missionary health-care effort? How are modern-day Christian organisations to cope with the burden of institutions set up in the past? What links should the Churches maintain with official medical organisations? What position should the Churches take on the 'faith v. healing' debate begun by certain religious groups? And how is one to lay the groundwork of a theology of health and healing? The complexity of the issues outlined here can - alas - provide no easy answers. Quinze auteurs, compris théologiens, historiens, sociologues, médecins et responsables d'organisations sanitaires, ont centré leurs réflexions sur le rôle des Églises chrétiennes dans le domaine de la santé, hier dans les pays de mission, aujourd'hui dans ces mêmes régions où se mûrit une véritable inculturation du christianisme. Dans cet ouvrage ils abordent plusieurs questions fondamentales: comment évaluer les résultats et lacunes de l'action sanitaire des missions dans le passé? Les communautés chrétiennes actuelles doivent-elles porter le poids d'institutions mises en place hier? Quels rapports les Églises doivent-elles entretenir avec les organisations médicales officielles? Comment les Églises se situent-elles dans la dialectique 'foi-guérison' développée par certains groupes religieux? Plus profondément, comment poser les jalons d'une théologie de la santé et de la guérison? Trouver les réponses sur ces questions complexes c'est une tâche très délicate.

Two Stories/Deux nouvelles Stendhal. 2014-05-05 In writing these two ardently romantic and turbulent tales, Stendhal delved deep into old Italian narratives and into his own impassioned heart. "Vanina Vanini" and "L'abbesse de Castro" abound in the qualities for which the French author remains enduringly popular: his strong-willed, impulsive characters; his dry wit and keen irony; and the sweeping drama of his historical settings. Originally published in the *Revue de Paris* in 1829, "Vanina Vanini" traces the fortunes of an aristocrat's daughter who falls in love with a wounded soldier, and prefigures Stendhal's superb novel, *The Red and the Black*, which appeared two years later. "L'abbesse de Castro," published in 1839 under a pseudonym in the prestigious *Revue des Deux Mondes*, was reputedly derived from Roman and Florentine source manuscripts. Consisting chiefly of Stendhal's own invention, it recounts the illicit liaison and subsequent trial of an abbess. The only dual-language edition of these stories, this book features an informative introduction and ample footnotes, making it not only a pleasure to read but also a valuable learning and teaching aid for students and teachers of French literature.

Fe-Lines Norman R Shapiro.2015-09-30 The French have long had a love affair with the cat, expressed through centuries of poetry portraying the animal's wit and wonder. Norman R. Shapiro lionizes the felines' limitless allure in this one-of-a-kind collection. Spanning centuries and styles, he draws on she-cats and toms, and an honor roll of French poets, well known and lesser known, who have served as their devoted champions. He reveals the remarkable range of French cat poems, with most works presented here for the first time in English translation. Scrupulously devoted to evoking the meaning and music of the originals, Shapiro also respects the works' formal structures. Pairing his translations with Olga Pastuchiv's elegant illustrations, Fe-Lines guides the reader through the marvels and inscrutabilities of the Mystique féline .
