**In the Land of the Romanovs** Anthony Cross.2014-04-27 Over the course of more than three centuries of Romanov rule in Russia, foreign visitors and residents produced a vast corpus of literature conveying their experiences and impressions of the country. The product of years of painstaking research by one of the world's foremost authorities on Anglo-Russian relations, *In the Lands of the Romanovs* is the realization of a major bibliographical project that records the details of over 1200 English-language accounts of the Russian Empire. Ranging chronologically from the accession of Mikhail Fedorovich in 1613 to the abdication of Nicholas II in 1917, this is the most comprehensive bibliography of first-hand accounts of Russia ever to be published. Far more than an inventory of accounts by travellers and tourists, Anthony Cross's ambitious and wide-ranging work includes personal records of residence in or visits to Russia by writers ranging from diplomats to merchants, physicians to clergymen, gardeners to governesses, as well as by participants in the French invasion of 1812 and in the Crimean War of 1854-56. Providing full bibliographical details and concise but informative annotation for each entry, this substantial bibliography will be an invaluable tool for anyone with an interest in contacts between Russia and the West during the centuries of Romanov rule.

**Reel Time** Robert Morris Seiler,Tamara Palmer Seiler.2013 In this authoritative work, Seiler and Seiler argues that the establishment and development of moviegoing and movie exhibition in Prairie Canada is best understood in the context of changing late-nineteenth-century and early-twentieth-century social, economic, and technological developments. From the first entrepreneurs who attempted to lure customers in to movie exhibition halls, to the digital revolution and its impact on moviegoing, *Reel Time* highlights the pivotal role of amusement venues in shaping the leisure activities of working- and middle-class people across North America. As marketing efforts, the lavish interiors of the movie palace and the romantic view of the local movie theatre concealed a competitive environment in which producers, exhibitors, and distributors tried to monopolize the industry and drive their rivals out of business. The pitched battles and power struggles between national movie theatre chains took place at the same time that movie exhibitors launched campaigns to reassure moviegoers that theatres were no longer the unclean and immoral places of amusement of yesteryear. Under the leadership of impresarios, the movie theatre rose up from these attacks to become an important social and cultural centre - one deemed suitable for women and children. An innovative examination of moviegoing as a social practice and movie exhibition as a commercial enterprise, *Reel Time* depicts how the industry shaped the development of the Canadian Prairie West and propelled the region into the modern era. Robert M. Seiler is associate professor emeritus in communication and culture at the University of Calgary. Tamara P. Seiler is professor emeritus of Canadian studies at the University of Calgary. *Reel Time* is their second joint publication.

**Hollywood's Indian** Peter Rollins.2011-01-23 Offering both in-depth analyses of specific films and overviews of the industry's output, *Hollywood's Indian* provides insightful characterizations of the depiction of the Native Americans in film. This updated edition includes a new chapter on Smoke

Signals , the groundbreaking independent film written by Sherman Alexie and directed by Chris Eyre. Taken as a whole the essays explore the many ways in which these portrayals have made an impact on our collective cultural life.

The Cinema of Agnès Varda Delphine Benezet.2014-05-20 Agnès Varda, a pioneer of the French New Wave, has been making radical films for over half a century. Many of these are considered by scholars, filmmakers, and audiences alike, as audacious, seminal, and unforgettable. This volume considers her production as a whole, revisiting overlooked films like *Mur, Murs/Documenteur* (1980-81), and connecting her cinema to recent installation work. This study demonstrates how Varda has resisted norms of representation and dictates of production. It also shows how she has elaborated a personal repertoire of images, characters, and settings, which all provide insight on their cultural and political contexts. The book thus offers new readings of this director's multifaceted rêveries, arguing that her work should be seen as an aesthetically influential and ethically-driven production where cinema is both a political and collaborative practice, and a synesthetic art form.

**Politicians and Rhetoric** J. Charteris-Black.2016-01-03 This book analyzes the rhetoric of speeches by major British or American politicians and shows how metaphor is used systematically to create political myths of monsters, villains and heroes. Metaphors are shown to interact with other figures of speech to communicate subliminal meanings by drawing on the unconscious emotional association of words.

**Mandeville's Medieval Audiences** Rosemary Tzanaki.2017-07-05 The so-called travels of Sir John Mandeville to the Holy Land, India and Cathay were immensely popular throughout Europe during the late medieval period and were translated into nine different languages. This is a detailed study of the audiences of Mandeville's Book, with particular emphasis on its reception in England and France from the time the Book appeared in the 1350s to the mid-16th century. The multiple ways in which audiences interpreted the work, depending on wider social and cultural contexts, are analysed thematically, under the headings of pilgrimage, geography, romance, history and theology, and contrasted with what can be learned of the author's intentions. The book is well-illustrated with images taken from both manuscript and early printed editions: in her study of these and the marginal notes, Rosemary Tzanaki shows their importance for seeing what readers found of interest. Her analysis makes a significant contribution to our understanding of how people in medieval Europe perceived the outside world.

**The Essential Cult TV Reader** David Lavery.2021-09-15 The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as Star Trek, The Avengers, Dark Shadows, and The Twilight Zone to popular contemporary shows such as Lost, Dexter, and 24, addressing the cultural context that allowed the development of the phenomenon. The contributors investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future.
