library. The Internet Archive is a great go-to if you want access to historical and academic books. Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon. We provide a wide range of services to streamline and improve book production, online services and distribution. For more than 40 years, \$domain has been providing exceptional levels of

quality pre-press, production and design services to book publishers. Today, we bring the advantages of leading-edge technology to thousands of publishers ranging from small businesses to industry giants throughout the world. Each book can be read online or downloaded in a variety of file formats like MOBI, DJVU, EPUB, plain text, and PDF, but you can't go wrong using the Send to Kindle feature. The \$domain Public Library provides a variety of services available both in the Library and online, pdf book. ... There are also book-related puzzles and games to play. PixelScroll lists free Kindle eBooks every day that each includes their genre listing, synopsis, and cover. PixelScroll also lists all kinds of other free goodies like free music, videos, and apps. The site itself is available in English, German, French, Italian, and Portuguese, and the catalog includes books in all languages. There's a heavy bias towards English-language works and translations, but the same is true of all the ebook

download sites we've looked at here. The split between "free public domain ebooks" and "free original ebooks" is surprisingly even. A big chunk of the public domain titles are short stories and a lot of the original titles are fanfiction. Still, if you do a bit of digging around, you'll find some interesting stories.
