

Helen Vendler Poems Poets Poetry Third Edition

Station Island Seamus Heaney.2014-01-13 The title poem of this collection, set on an Irish island, tells of a pilgrim on an inner journey that leads him back into the world that formed him, and then forward to face the crises of the present. Writing in *The Washington Post Book World*, Hugh Kenner called the narrative sequence in Seamus Heaney's *Station Island* as fine a long poem as we've had in fifty years.

Wallace Stevens Helen Vendler.1986 In this graceful book, Helen Vendler brings her remarkable skills to bear on a number of Stevens' short poems. She shows us that this most intellectual of poets is in fact the most personal of poets; that his words are not devoted to epistemological questions alone but are also words chosen out of desire.

The Haw Lantern Seamus Heaney.2014-01-13 This collection of thirty-one poems is Seamus Heaney's first since *Station Island*. *The Haw Lantern* is a magnificent book that further extends the range of a poet who has always put his trust in the possibilities of the language.

Death to the Death of Poetry Donald Hall.1994 A spirited defense of the vitality of contemporary poetry.

My Poets Maureen N. McLane.2014-07-01 A thrillingly original exploration of a life lived under poetry's uniquely seductive spell Oh! there are spirits of the air, wrote Percy Bysshe Shelley. In this stunningly original book Maureen N. McLane channels the spirits and voices that make up the music in one poet's mind. Weaving criticism and memoir, *My Poets* explores a life reading and a life read. McLane invokes in *My Poets* not necessarily the best poets, nor the most important poets (whoever these might be), but those writers who, in possessing her, made her. I am marking here what most marked me, she writes. Ranging from Chaucer to H.D. to William Carlos Williams to Louise Glück to Shelley (among others), McLane tracks the growth of a poet's mind, as Wordsworth put it in *The Prelude*. In a poetical prose both probing and incantatory, McLane has written a radical book of experimental criticism. Susan Sontag called for an erotics of interpretation: this is it. Part *Bildung*, part dithyramb, part exegesis, *My Poets* extends an implicit invitation to you, dear reader, to consider who your my poets, or my novelists, or my filmmakers, or my pop stars, might be.

The Ocean, the Bird, and the Scholar Helen Vendler.2015-04-20 A *Times Higher Education Book of the Week* One of our foremost commentators on poetry examines the work of a broad range of nineteenth- and twentieth-century English, Irish, and American poets. *The Ocean, the Bird, and the Scholar* gathers two decades' worth of Helen Vendler's essays, book reviews, and occasional prose—including the 2004 Jefferson Lecture—in a single volume. "It's one of [Vendler's] finest books, an impressive summation of a long, distinguished career in which she revisits many of the poets she has venerated over a lifetime and written about previously. Reading it, one can feel her happiness in doing what she loves best. There is scarcely a page in the book where there isn't a fresh insight about a poet or poetry." —Charles Simic, *New York Review of Books* "Vendler has done perhaps more than any other living critic to shape—I might almost say 'create'—our understanding of poetry in English." —Joel Brouwer, *New York Times Book Review* "Poems are artifacts and [Vendler] shows us, often thrillingly, how those poems she considers the best specimens are made...A reader feels that she has thoroughly absorbed her subjects and conveys her understanding with candor, clarity, wit." —John Greening, *Times Literary Supplement*

Incarnadine Mary Szybist.2013-02-05 The anticipated second book by the poet Mary Szybist, author of *Granted*, a finalist for the National Book Critics Circle Award The troubadours knew how to burn themselves through, how to make themselves shrines to their own longing. The spectacular was never behind them.-from *The Troubadours* etc. In *Incarnadine*, Mary Szybist.

Coming of Age as a Poet Helen Vendler.2003 With characteristic precision, authority, and grace, Vendler helps readers to appreciate the

conception and practice of poetry as she explores four poets and their first perfect works. 4 halftones.

Ways Into Shakespeare's Sonnets Helen Hennessy Vendler.1990

Poetry Michael Meyer.1998

The Given and the Made Helen Hennessy Vendler.1995 Philosophy, economics, and decision theory have long been dominated by the idea that rational choice consists of seeking or achieving one's own greatest good. Beyond Optimizing argues that our ordinary understanding of practical reason is more complex than this, and also that optimizing/maximizing views are inadequately supported by the considerations typically offered in their favor. Michael Slote challenges the long-dominant conception of individual rationality, which has to a large extent shaped the very way we think about the essential problems and nature of rationality, morality, and the relations between them. He contests the accepted view by appealing to a set of real-life examples, claiming that our intuitive reaction to these examples illustrates a significant and prevalent, if not always dominant, way of thinking. Slote argues that common sense recognizes that one can reach a point where enough is enough, be satisfied with what one has, and, hence, rationally decline an optimizing alternative. He suggests that, in the light of common sense, optimizing behavior is often irrational. Thus, Slote is not merely describing an alternative mode of rationality; he is offering a rival theory. And the numerous parallels he points out between this common-sense theory of rationality and common-sense morality are then shown to have important implications for the long-standing disagreement between commonsense morality and utilitarian consequentialism. Beyond Optimizing is notable for its use of a much richer vocabulary of criticism than optimizing/maximizing models ever call upon. And it further argues that recent empirical investigations of the development of altruism and moral motivation need to be followed up by psychological studies of how moderation, and individual rationality more generally, take shape within developing individuals.

Stay, Illusion Lucie Brock-Broido.2015-03-03 National Book Award Finalist Stay, Illusion, the much-anticipated volume of poems by Lucie Brock-Broido, illuminates the broken but beautiful world she inhabits. Her poems are lit with magic and stark with truth: whether they speak from the imagined dwelling of her "Abandonarium," or from habitats where animals are farmed and harmed "humanely," or even from the surreal confines of death row, they find a voice like no other—dazzling, intimate, startling, heartbreaking. Eddying between the theater of the lavish and the enigmatic, between the gaudy and the unadorned, Brock-Broido's verse scours America for material to render unflinchingly the here and now. Grandeur devolves into a comic irony: "We have come to terms with our Self / Like a marmoset getting out of her Great Ape suit." She dares the unexplained: "The wings were left ajar / At the altar where I've knelt all night, trembling, leaning, rough / As sugar raw, and sweet." Each poem is a rebellious chain of words: "Be good, they said, and so too I was / Good until I was not." Strange narratives, interior and exterior, make a world that is foreign and yet our own; like Dickinson, Brock-Broido constructs a spider-sibling, commanding the "silk spool of the recluse as she confects her eventual mythomania." And why create the web? Because: "If it is written down, you can't rescind it."

Dickinson Emily Dickinson,Helen Vendler.2010-09-07 Seamus Heaney, Denis Donoghue, William Pritchard, Marilyn Butler, Harold Bloom, and many others have praised Helen Vendler as one of the most attentive readers of poetry. Here, Vendler turns her illuminating skills as a critic to 150 selected poems of Emily Dickinson. As she did in *The Art of Shakespeare's Sonnets*, she serves as an incomparable guide, considering both stylistic and imaginative features of the poems. In selecting these poems for commentary Vendler chooses to exhibit many aspects of Dickinson's work as a poet, "from her first-person poems to the poems of grand abstraction, from her ecstatic verses to her unparalleled depictions of emotional numbness, from her comic anecdotes to her painful poems of aftermath." Included here are many expected favorites as well as more complex and less often anthologized poems. Taken together, Vendler's selection reveals Emily Dickinson's development as a poet, her astonishing range, and her revelation

of what Wordsworth called “the history and science of feeling.” In accompanying commentaries Vendler offers a deeper acquaintance with Dickinson the writer, “the inventive conceiver and linguistic shaper of her perennial themes.” All of Dickinson’s preoccupations—death, religion, love, the natural world, the nature of thought—are explored here in detail, but Vendler always takes care to emphasize the poet’s startling imagination and the ingenuity of her linguistic invention. Whether exploring less familiar poems or favorites we thought we knew, Vendler reveals Dickinson as “a master” of a revolutionary verse-language of immediacy and power. *Dickinson: Selected Poems and Commentaries* will be an indispensable reference work for students of Dickinson and readers of lyric poetry.

A Hunger Lucie Brock-Broido.2013-08-21 Ranging from the mundane to the ethereal, the themes of Brock-Broido's first collection are interesting and sometimes startling. The poems range from those concerned with time, especially the conjunction of the past and the future; those influenced by things or places specifically American, poems that appear vaguely autobiographical; and those based on actual historical or contemporary events, usually involving, and often narrated by, a child.

Ordinary Light Tracy K. Smith.2015-03-31 National Book Award Finalist From the dazzlingly original Pulitzer Prize-winning poet hailed for her “extraordinary range and ambition” (The New York Times Book Review): a quietly potent memoir that explores coming-of-age and the meaning of home against a complex backdrop of race, faith, and the unbreakable bond between a mother and daughter. The youngest of five children, Tracy K. Smith was raised with limitless affection and a firm belief in God by a stay-at-home mother and an engineer father. But just as Tracy is about to leave home for college, her mother is diagnosed with cancer, a condition she accepts as part of God’s plan. *Ordinary Light* is the story of a young woman struggling to fashion her own understanding of belief, loss, history, and what it means to be black in America. In lucid, clear prose, Smith interrogates her childhood in suburban California, her first collision with independence at Harvard, and her Alabama-born parents’ recollections of their own youth in the Civil Rights era. These dizzying juxtapositions—of her family’s past, her own comfortable present, and the promise of her future—will in due course compel Tracy to act on her passions for love and “ecstatic possibility,” and her desire to become a writer. Shot through with exquisite lyricism, wry humor, and an acute awareness of the beauty of everyday life, *Ordinary Light* is a gorgeous kaleidoscope of self and family, one that skillfully combines a child’s and teenager’s perceptions with adult retrospection. Here is a universal story of being and becoming, a classic portrait of the ways we find and lose ourselves amid the places we call home.

Our Secret Discipline Helen Vendler.2007-11-29 The fundamental difference between rhetoric and poetry, according to Yeats, is that rhetoric is the expression of ones quarrels with others while poetry is the expression of ones quarrel with oneself. Through exquisite attention to outer and inner forms, Vendler explores the most inventive reaches of the poets mind.

Poets Thinking Helen Vendler.2009-06-30 Poetry has often been considered an irrational genre, more expressive than logical, more meditative than given to coherent argument. And yet, in each of the four very different poets she considers here, Helen Vendler reveals a style of thinking in operation; although they may prefer different means, she argues, all poets of any value are thinkers. The four poets taken up in this volume-- Alexander Pope, Walt Whitman, Emily Dickinson, and William Butler Yeats--come from three centuries and three nations, and their styles of thinking are characteristically idiosyncratic. Vendler shows us Pope performing as a satiric miniaturizer, remaking in verse the form of the essay, Whitman

writing as a poet of repetitive insistence for whom thinking must be followed by rethinking, Dickinson experimenting with plot to characterize life's unfolding, and Yeats thinking in images, using montage in lieu of argument. With customary lucidity and spirit, Vendler traces through these poets' lines to find evidence of thought in lyric, the silent stylistic measures representing changes of mind, the condensed power of poetic thinking. Her work argues against the reduction of poetry to its (frequently well-worn) themes and demonstrates, instead, that there is always in admirable poetry a strenuous process of thinking, evident in an evolving style--however ancient the theme--that is powerful and original.

Structure & Surprise Michael Theune.2007 *Structure & Surprise: Engaging Poetic Turns* offers a road map for analyzing poetry through examination of poems' structure, rather than their forms or genres. Michael Theune's breakthrough concept encourages students, teachers, and writers to use structure as a tool to see the fundamental affinities between strikingly different kinds of poetry and radically different literary eras. The book includes examination of the mid-course turn and the elegy, as well as the ironic, concessional, emblem, and retrospective-prospective structures, among others. In addition, 14 contemporary poets provide an example of and commentary on their own work.

My Emily Dickinson Susan Howe.2007-11-15 Starts off as a manifesto but becomes richer and more suggestive as it develops.—The New York Sun For Wallace Stevens, Poetry is the scholar's art. Susan Howe—taking the poet-scholar-critics Charles Olson, H.D., and William Carlos Williams (among others) as her guides—embodies that art in her 1985 *My Emily Dickinson* (winner of the Before Columbus Foundation Book Award). Howe shows ways in which earlier scholarship had shortened Dickinson's intellectual reach by ignoring the use to which she put her wide reading. Giving close attention to the well-known poem, *My Life had stood—a Loaded Gun*, Home tracks Dickens, Browning, Emily Brontë, Shakespeare, and Spenser, as well as local Connecticut River Valley histories, Puritan sermons, captivity narratives, and the popular culture of the day. Dickinson's life was language and a lexicon her landscape. Forcing, abbreviating, pushing, padding, subtracting, riddling, interrogating, re-writing, she pulled text from text....

Words in Air Elizabeth Bishop, Robert Lowell. 2020-02-18 Robert Lowell once remarked in a letter to Elizabeth Bishop that you ha[ve] always been my favorite poet and favorite friend. The feeling was mutual. Bishop said that conversation with Lowell left her feeling picked up again to the proper table-land of poetry, and she once begged him, Please never stop writing me letters—they always manage to make me feel like my higher self (I've been re-reading Emerson) for several days. Neither ever stopped writing letters, from their first meeting in 1947 when both were young, newly launched poets until Lowell's death in 1977. Presented in *Words in Air* is the complete correspondence between Bishop and Lowell. The substantial, revealing—and often very funny—interchange that they produced stands as a remarkable collective achievement, notable for its sustained conversational brilliance of style, its wealth of literary history, its incisive snapshots and portraits of people and places, and its delicious literary gossip, as well as for the window it opens into the unfolding human and artistic drama of two of America's most beloved and influential poets.

Trouble in Mind Lucie Brock-Broido. 2010-02-10 With *Trouble in Mind*, her long-awaited third collection, Lucie Brock-Broido has written her most exceptional poems to date. There is a new clarity to her work, a disquieting transparency, even in the midst of the wild thickets of language for which she is known. A poet “at the border of her own allegory,” Brock-Broido searches for a lexicon adequate to the extremities of experience—a quest that is as capricious as it is uncompromising. In the process, she reveals, unsparingly, things as they are. In “Pamphlet on Ravening” she recalls, “I was a hunger artist once, as well. / My bones had shone. / I had had rapture on my side.” The book is laced with sequences: haunted, odd self-portraits; a succession of poems provoked by discarded titles by Wallace Stevens; an intermittent series of fractured and beguiling lyrics that she variously refers to as fragments, leaflets, and apologues. *Trouble in Mind* is a book that astonishes us afresh at the agility and the uncanny will of language, which Brock-Broido is not afraid to follow where it may lead her: “That the name of bliss is only in the diminishing / (As far as possible) of pain. That I had quit / The quiet velvet cult of it, / Yet trouble came.” Even trouble, in Brock-Broido's idiom, becomes something resplendent. From the Hardcover edition.

Last Looks, Last Books Helen Vendler. 2010-03-01 Modern American poets writing in the face of death In *Last Looks, Last Books*, the eminent critic Helen Vendler examines the ways in which five great modern American poets, writing their final books, try to find a style that does justice to life and death alike. With traditional religious consolations no longer available to them, these poets must invent new ways to express the crisis of death, as well as the paradoxical coexistence of a declining body and an undiminished consciousness. In *The Rock*, Wallace Stevens writes simultaneous narratives of winter and spring; in *Ariel*, Sylvia Plath sustains melodrama in cool formality; and in *Day by Day*, Robert Lowell subtracts from plenitude. In *Geography III*, Elizabeth Bishop is both caught and freed, while James Merrill, in *A Scattering of Salts*, creates a series of self-portraits as he dies, representing himself by such things as a Christmas tree, human tissue on a laboratory slide, and the evening/morning star. The solution

for one poet will not serve for another; each must invent a bridge from an old style to a new one. Casting a last look at life as they contemplate death, these modern writers enrich the resources of lyric poetry.

Upholding Mystery David Impastato.1997 Is it possible that a body of Christian poetry is now being produced whose literary merit is equal to its religious conviction? David Impastato's splendid anthology, *Upholding Mystery*, answers that question with a resounding and surprising yes..

The Poem Is You Stephanie Burt.2016-09-12 The variety of contemporary American poetry leaves many readers overwhelmed. The critic, scholar, and poet Stephen Burt sets out to help. Beginning in the early 1980s, where critical consensus ends, he presents 60 poems, each with an original essay explaining how the poem works, why it matters, and how it speaks to other parts of art and culture.

Poems: North & South Elizabeth Bishop.1955

Collected Poems Donald Davie.1991-05-28 Donald Davie's poems are here arranged chronologically from the 1950s to the beginning of the 1990s. Taken together, the poems display that reverence for the distinctive qualities of the English language which has earned him a name as one of Britain's finest living poets. Davie's voice—judgemental, ironic, epigrammatic, humorous, self-lacerating—speaks always with reference to an unhuman perpendicular standard that itself goes unquestioned. It is not a standard of Beauty or Truth; Davie is a poet of the third member of the Platonic triad, Justice.—Helen Vendler, *The New Yorker* [Davie's poems] are on the quiet side, often casual and musing in mood and tone; determined to resist large gestures of assent or denial. . . Donald Davie may just be the best English poet-critic of our time.—William Pritchard, *The New Republic* Donald Davie's *Collected Poems* does more than mark the culmination of one of the most distinguished careers in post-war British poetry; it is the autobiographical journey of a living poet at the height of his creative powers and the mastery of his craft. Davie is considered the most important and valuable contemporary link between poetry in England and America.—Sarah E. McNeil, *Little Rock Free Press*

Selected Poems 1988-2013 Seamus Heaney.2014-11-18 A new edition of the later selected work of a Nobel Prize-winning poet Often considered to be the greatest poet of our age (*The Guardian*), Seamus Heaney was awarded the Nobel Prize in Literature in 1995 for works of lyrical beauty and ethical depth, which exalt everyday miracles and the living past. He saw poetry as a vocation and credited it with the power to persuade the vulnerable part of our consciousness of its rightness in spite of the evidence of wrongness all around it, the power to remind us that we are hunters and gatherers of values. Paul Muldoon wrote that Heaney was the only poet I can think of who was recognized worldwide as having moral as well as literary authority. Shortly before his death in 2013, Seamus Heaney began to compile *Selected Poems 1988-2013*, and although he was unable to complete the project, his choices have been followed here. This volume encapsulates the finest work from *Seeing Things* (1991) with its lines of loss and revelation; *The Spirit Level* (1996) where we experience the poem as ploughshare that turns time / Up and over.; the landmark translation of *Beowulf* (1999); *Electric Light* (2001), a book of origins and oracles; and his final collections, *District and Circle* (2006) and *Human Chain* (2010), which limn the interconnectedness of being, our lifelines to our inherited past.
