Songs of America Jon Meacham,Tim McGraw.2019-06-11 NEW YORK TIMES BESTSELLER • A celebration of American history through the music that helped to shape a nation, by Pulitzer Prize winner Jon Meacham and music superstar Tim McGraw “Jon Meacham and Tim McGraw form an irresistible duo—connecting us to music as an unsung force in our nation's history.”—Doris Kearns Goodwin Through all the years of strife and triumph, America has been shaped not just by our elected leaders and our formal politics but also by our music—by the lyrics, performers,

and instrumentals that have helped to carry us through the dark days and to celebrate the bright ones. From “The Star-Spangled Banner” to “Born in the U.S.A.,” Jon Meacham and Tim McGraw take readers on a moving and insightful journey through eras in American history and the songs and performers that inspired us. Meacham chronicles our history, exploring the stories behind the songs, and Tim McGraw reflects on them as an artist and performer. Their perspectives combine to create a unique view of the role music has played in uniting and shaping a nation.

Beginning with the battle hymns of the revolution, and taking us through songs from the defining events of the Civil War, the fight for women’s suffrage, the two world wars, the Great Depression, the civil rights movement, the Vietnam War, and into the twenty-first century, Meacham and McGraw explore the songs that defined generations, and the cultural and political climates that produced them. Readers will discover the power of music in the lives of figures such as Harriet Tubman, Franklin Roosevelt, Eleanor Roosevelt, and Martin Luther King, Jr., and will learn more about some of our most beloved musicians and performers, including Marian Anderson, Elvis Presley, Sam Cooke, Aretha Franklin, Bob Dylan, Duke Ellington, Carole King, Bruce Springsteen, and more. *Songs of America* explores both famous songs and lesser-known ones, expanding our understanding of the scope of American music and lending deeper meaning to the historical context of such songs as “My Country, ’Tis of Thee,” “God Bless America,” “Over There,” “We Shall Overcome,” and “Blowin’ in the Wind.” As Quincy Jones says, Meacham and McGraw have “convened a concert in *Songs of America*,” one that reminds us of who we are, where we’ve been, and what we, at our best, can be.

Plants in Contemporary Poetry John Ryan.2017-08-15 Positioned within current ecocritical scholarship, this volume is the first book-length study of the representations of plants in contemporary American, English, and Australian poetry. Through readings of botanically-minded writers including Les Murray, Louise Glück, and Alice Oswald, it addresses the relationship between language and the subjectivity, agency, sentience, consciousness, and intelligence of vegetal life. Scientific, philosophical, and literary frameworks enable the author to develop an interdisciplinary approach to examining the role of plants in poetry. Drawing from recent plant science and contributing to the exciting new field of critical plant studies, the author develops a methodology he calls botanical criticism that aims to redress the lack of emphasis on plant life in studies of poetry. As a subset of ecocriticism, botanical criticism investigates how poets engage with plants literally and figuratively, materially and symbolically, in their works. Key themes covered in this volume include plants as invasives and weeds in human settings; as sources of physical and spiritual nourishment; as signifiers of region, home, and identity; as objects of aesthetics and objectivism; and, crucially, as beings with their own perspectives, voices, and modes of dialogue. Ryan demonstrates that poetic imagination is as essential as scientific rationality to elucidating and appreciating the mysteries of plant-being. This book will appeal to a multidisciplinary readership in the fields of ecocriticism, ecopoetry, environmental humanities, and ecocultural studies, and will be of interest to researchers in the emerging area of critical plant studies.

Sound-Blind Alex Benson. 2023-11-14 In the 1880s, a new medical term flashed briefly into public awareness in the United States. Children who had trouble distinguishing between similar speech sounds were said to suffer from sound-blindness. The term is now best remembered through anthropologist Franz Boas, whose work deeply influenced the way we talk about cultural difference. In this fascinating work of literary and cultural history, Alex Benson takes the concept as an opening onto other stories of listening, writing, and power—stories that expand our sense of how a syllable, a word, a gesture, or a song can be put into print, and why it matters. Benson interweaves ethnographies, memoirs, local-color stories, modernist novels, silent film scripts, and more. Taken together, these seemingly disparate texts—by writers including John M. Oskison, Helen Keller, W. E. B. Du Bois, F. Scott Fitzgerald, and Elsie Clews Parsons—show that the act of transcription, never neutral, is conditioned by the histories of race, land, and ability. By carefully tracing these conditions, Benson argues, we can tease out much that has been left off the

record in narratives of American nationhood and American literature.

Code Talker Joseph Bruchac.2006-07-06 Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to find.—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story remained classified for more than twenty years. But now Joseph Bruchac brings their stories to life for young adults through the riveting fictional tale of Ned Begay, a sixteen-year-old Navajo boy who becomes a code talker. His grueling journey is eye-opening and inspiring. This deeply affecting novel honors all of those young men, like Ned, who dared to serve, and it honors the culture and language of the Navajo Indians. An ALA Best Book for Young Adults Nonsensational and accurate, Bruchac's tale is quietly inspiring...—School Library Journal

The New Anthology of American Poetry Steven Gould Axelrod,Camille Roman,Thomas Travisano.2003 Overview: Steven Gould Axelrod, Camille Roman, and Thomas Travisano continue the standard of excellence set in Volumes I and II of this extraordinary anthology. Volume III provides the most compelling and wide-ranging selection available of American poetry from 1950 to the present. Its contents are just as diverse and multifaceted as America itself and invite readers to explore the world of poetry in the larger historical context of American culture. Nearly three hundred poems allow readers to explore canonical works by such poets as Elizabeth Bishop, Robert Lowell, and Sylvia Plath, as well as song lyrics from such popular musicians as Bob Dylan and Queen Latifah. Because contemporary American culture transcends the borders of the

continental United States, the anthology also includes numerous transnational poets, from Julia de Burgos to Derek Walcott. Whether they are the works of oblique avant-gardists like John Ashbery or direct, populist poets like Allen Ginsberg, all of the selections are accompanied by extensive introductions and footnotes, making the great poetry of the period fully accessible to readers for the first time.

Selected Poems John Dryden.2013-03-05 Essential works of the renowned 17th-century poet include *Annus Mirabilis*, *Absalom and Achitophel*, *Mac Flecknoe*, *Songs from Marriage à la Mode*, *To the Memory of Mr. Oldham*, *A Song for St. Cecilia's Day*, more.

Great Speeches by Native Americans Bob Blaisdell.2012-03-01 Remarkable for their eloquence, depth of feeling, and oratorical mastery, these 82 compelling speeches encompass five centuries of Indian encounters with nonindigenous people. Beginning with a 1540 refusal by a Timucua chief to parley with Hernando de Soto (With such a people I want no peace), the collection extends to the 20th-century address of activist Russell Means to the United Nations affiliates and members of the Human Rights Commission (We are people who love in the belly of the monster). Other memorable orations include Powhatan's *Why should you destroy us, who have provided you with food?* (1609); Red Jacket's *We like our religion, and do not want another* (1811); Osceola's *I love my home, and will not go from it* (1834); Red Cloud's *The Great Spirit made us both* (1870); Chief Joseph's *I will fight no more forever* (1877); Sitting Bull's *The life my people want is a life of freedom* (1882); and many more. Other notable speakers represented here include Tecumseh, Seattle, Geronimo, and Crazy Horse, as well as many lesser-known leaders. Graced by forceful metaphors and vivid imagery expressing emotions that range from the utmost indignation to the deepest sorrow, these addresses are deeply moving documents that offer a window into the hearts and minds of Native Americans as they struggled against the overwhelming tide of European and American

encroachment. This inexpensive edition, with informative notes about each speech and orator, will prove indispensable to anyone interested in Native American history and culture.

Incantations Ambar Past.2014-01-01 This book of poems and stark, vivid illustrations is rooted in the female soul of indigenous Mexico. The Tzotzil women of the Chiapas Highlands are the poets and the artists. Ambar Past, who collected the poems and drawings, includes a moving essay about their poetics, beliefs, and history. In the 1970s, living among the Maya, Past watched the people endure as an epidemic swept through a village. No help came. Many children died. One mother offered her dead child a last sip of Coca-Cola and uttered a prayer: Take this sweet dew from the earth, take this honey. It will help you on your way. It will give you strength on your path. Incantations like this—poems about birth, love, hate, sex, despair, and death—coupled with primitive illustrations, provide a compelling

insight into the psychology of these Mayan women poets. The Cinco Puntos edition of *Incantations* is a facsimile of the original handmade edition produced by the Taller Leñateros. It was reviewed in *The New York Times*. At the age of twenty-three, Ambar Past left the United States for Mexico. She lived among the Mayan people, teaching the techniques of native dyes and learning to speak Tzotzil. She is the creator of the graphic arts collective Taller Leñateros in Chiapas and was a founding member of Sna Jolobil, a weaving cooperative for Mayan artisans. [Sacred Sites](#) Susan Sontree.2020-06 A history that is equal parts science and mythology, *Sacred Sites* offers a rare and poetic vision of a world composed of dynamic natural forces and mythic characters. The result is a singular and memorable account of the evolution of the Southern California landscape, reflecting the riches of both Native knowledge and Western scientific thought. Beginning with Western science, poet Susan Sontree carries readers from the Big Bang to the present as she describes the origins of the universe, the shifting of tectonic plates, and an evolving array of plants and animals that give Southern California its unique features today. She tells of the migration of humans

into the region, where they settled, and how they lived.

Complementing this narrative and reflecting Native peoples' view of their own history and way of life, Suntree recounts the creation myths and songs that tell the story of the First People and of unforgettable shamans and heroes. Featuring contemporary photographs of rarely seen landmarks along with meticulous research, Sacred Sites provides unusual insight into how natural history and mythology and scientific and intuitive thinking combine to create an ever-deepening sense of a place and its people.
