Cheminots, traminots, employés du métro Yann Guillerm.2023-10-12

*L'épopée du train à vapeur* Clive Lamming.2010-11-24 Résumé des cheminots : En ce XIXe siècle naissant, des milliers d'hommes se lèvent au nom d'un grand projet industriel. Les passionnés de chemin de fer actuels ont tendance à l'oublier car pour eux, l'histoire ferroviaire s'arrête le plus souvent à la locomotive à vapeur et son chauffeur. Pourtant, l'héroïne mécanique de cet opéra ne peut entrer en scène que si chacun a joué sa partition avec exactitude : bâtisseurs et ingénieurs, constructeur de lignes et de matériel roulant, artisans et ouvriers, chefs de gare et gardes-barrières, aiguilleurs et gardes-voies, télégraphistes et contrôleurs... Ce livre, déjà publié sous le titre *Le monde des cheminots*, rend hommage aux cheminots par sa grande richesse iconographique et par une description très précise de cet univers. Résumé de l'âge d'or des trains à vapeur : Les locomotives à vapeur ont fasciné trois générations par leur beauté, leur puissance majestueuse, et le cinéma a su immortaliser ces bêtes humaines en leur consacrant les plus belles scènes des plus grands films. Des rapides Pacific pour grands trains de voyageurs, aux puissantes Consolidation ou Décapod pour les trains de marchandises lourds, jusqu'aux modestes locomotives-tender pour trains de banlieue ou pour lignes secondaires,

pratiquement tous les types français du XXe siècle sont décrits dans ce livre. Déjà publié sous le titre L'âge d'or de la traction vapeur en France (1900/1950). cet ouvrage retrace l'épopée particulière de la locomotive à vapeur des années 1900 à 1950. Chemin de fer et cheminots d'antan Didier Janssoone.2021-03-11

**Histoire des juifs de Reims pendant la Seconde Guerre mondiale** Serge Ejnès.1995

A collection of facsimiles of documents, letters, and testimonies relating to the fate of the Jews in Reims during the Second World War. Contains, among others, testimonies and photographs of Jews who survived the war (p. 33-158); testimonies and Yad Vashem documents about and by Righteous Gentiles who helped to save Jews from Reims (p. 159-195); information concerning Jews (listed alphabetically) who were deported and murdered in extermination camps (p. 117-300). Pp. 332-333 contain a list of the names of the deported Jews. Ejnès, born in Poland in 1924, lived in Reims from before the Second World War; he emigrated to Israel in 1978. Testimonies and documents concerning his own family are included in the book.

*Histoire de la médecine* .1963

*Les Véron, une famille de cheminots* Élisabeth

Aghian.1985-01-01T00:00:00+01:00 Les Vèron sont originaires de la région lyonnaise qui a vu naître le rail en France. Fascinés par cet incroyable événement, ils entrent au service du chemin de fer et font de leur métier une passion qu'ils transmettent à leurs enfants de génération en génération. Avec Auguste, Claude et Robert, nous découvrons les aspects originaux et captivants de la vie de ceux qui, dans l'ombre, actionnent les rouages de cette gigantesque machine, dans des univers aussi différents que les locomotives, les gares, la voie. Les cheminots ont toujours formé un corps social bien à part dans la société française. Leur métier plus que tout autre a été bouleversé au cours de ce siècle par le progrès fulgurant de la technique, l'avènement de l'électricité, de

l'électronique et de la télécommunication, et par les changements des conditions sociales.

Jean Moulin, 17 juin 1940-21 juin 1943 Jacques Baynac.2009

Voici la plus complète biographie du héros de la Résistance entre 1940 et 1943, enfin replacé dans les contextes locaux, nationaux et internationaux. Fruit de plus de sept années de recherches dans les archives américaines, britanniques, françaises, portugaises et suisses, cet ouvrage de référence s'appuie sur des milliers de documents inédits - notamment ceux de l'Office of Strategic Services (OSS), le service secret américain, et du Special Operations Executive (SOE), le service d'action britannique. Fourmillant de révélations, il rectifie quantité d'erreurs tout en renouvelant radicalement l'interprétation de la relation entre gaullisme et Résistance. D'emblée installé en stratège exceptionnel d'une Résistance conçue comme force dominante, porteuse dès l'été 1942 d'un projet révolutionnaire socialiste et démocratique, Jean Moulin fait d'elle l'axe du jeu politique national où l'allié de droite, gaulliste, est utilisé, et celui de gauche, communiste, maîtrisé. Mais repéré depuis avril 1943, Moulin est arrêté à Caluire le 21 juin suivant, dans des

circonstances élucidées ici pour la première fois, où la trahison n'eut aucune place.

**P'tit train va loin** Madeleine Lemieux-Pépin.1985-01-01 Ce dossier contient les histoires de vie de trois résidents de Charny qui se structurent autour du métier de cheminot à l'époque de la locomotive à vapeur.

**Quelque part, ça laisse des traces: mémoire et histoire des électriciens et gaziers de la région du Havre** John Barzman. « Des électriciens ? Des gaziers ? Des métiers ? Qu'est-ce que cela peut bien être ? Aujourd'hui, nous avons des « commerciaux », des « consultants », des « intervenants extérieurs », des « intérimaires ». Le client reçoit des services, à la hauteur, ni plus ni moins, de la qualité qu'il a payée. »Entendra-t-on un jour ce discours ? Les auteurs de ce livre espèrent que non. En tout cas, ils nous racontent l'aventure peu commune d'un groupe d'hommes et de femmes de la région du Havre qui, pendant une cinquantaine d'années, ont réussi à concilier un travail digne, une technique d'avant-garde et le service de la collectivité. Soixante-dix personnes, du terrassier au cadre dirigeant, nous racontent leur savoir-faire, leur vie, la nationalisation, l'après-guerre, mai 1968, le charbon, le fioul, les réseaux et les raccordements, leurs craintes et leurs espoirs. Autour de trois sites principaux, le centre de production d'électricité nucléaire de Paluel, le centre de production thermique du Havre, le centre de distribution d'EDF-GDF, nous découvrons leur histoire, des chauffeurs de fours et des lampadaires à gaz aux ordinateurs.

**Histoire d'un fascisme allemand** Dominique Venner.1996 La 4e de couverture indique : Je vois se lever en Europe une

génération nouvelle de chefs de file qui ne connaîtront ni peur ni répugnance à verser le sang, dénués d'égards, habitués à souffrir terriblement, mais aussi à agir terriblement. Ernst Jünger (1925). Ce sont les réprouvés célébrés par Ernst von Salomon, les porteurs maudits de forces créatrices annoncés par Ernst Jünger. Ils surgissent dans l'Allemagne chaotique et affamée de novembre 1918, sur les décombres de l'armée vaincue. Ce sont les premiers corps-francs, une poignée de volontaires résolu à tout pour maintenir un Reich chancelant et des frontières menacées. Tour à tour utilisés puis rejetés par les politiciens de Weimar, ils écraseront les soulèvements spartakistes à Berlin, Hambourg, Munich et bien d'autres villes. Loin vers l'Est, dans les Pays baltes, face à l'Armée rouge, ils tenteront de reconquérir les terres du Baltikum, un nom qui deviendra leur symbole. Trahis et reniés par le pouvoir qu'ils ont sauvé, ils découvriront au fond du désespoir la révolution du nihilisme. Ils deviendront les acteurs du putsch de Kapp, des combats de Haute-Silésie, de l'assassinat de Rathenau, de la naissance du nazisme. Ils offriront à Hitler ses premiers partisans. Mais, chez eux, se recruteront aussi ses plus farouches opposants. Dominique Venner ne se borne pas à raconter cette aventure avec la précision de l'historien. Elle lui est prétexte à une réflexion en profondeur sur la naissance et la signification du fascisme. Il décrit l'étonnant mouvement d'idées que fut la Révolution conservatrice, illustré par Jünger dans sa jeunesse. Il trace enfin un portrait saisissant d'un Hitler inconnu, celui des premières années, apportant ainsi un éclairage capital sur un personnage qui reste l'une des principales énigmes de notre temps. Dominique Venner est écrivain et historien. Dans la même collection, il a publié Histoire critique de la Résistance, Histoire de la Collaboration, Histoire du Terrorisme ainsi que Les Blancs et les Rouges, Histoire de la guerre civile russe 1917-1921. Il dirige La Nouvelle Revue d'Histoire. Il est l'auteur d'une quarantaine d'ouvrages. Plusieurs de ses travaux ont été consacrés à l'Allemagne contemporaine.

**L'enseignement et l'apprentissage de la lecture aux différents niveaux de la scolarité** Magali Brunel, Olivier

Dezutter, Jean-Louis Dufays, Judith Emery-Bruneau, Erick Falardeau.2017-11-29 S'inscrivant dans la continuité de publications précédentes, cet ouvrage réunit onze articles qui interrogent la progression de l'enseignement de la lecture au long de la scolarité obligatoire dans les quatre pays francophones (Belgique, France, Québec, Suisse). Plusieurs de ces articles portent sur différents cycles d'enseignement, dont ils soulignent les spécificités et les continuités. D'autres abordent la question de la progression en confrontant textes institutionnels et pratiques effectives, ou encore en comparant différents

programmes nationaux. Une partie importante des articles, enfin, traite de situations d'apprentissage effectives ou de performances d'élèves, fournissant ainsi des savoirs empiriques nouveaux. L'ouvrage rassemble des contributions d'équipes de recherche confirmées ou qui travaillent depuis plusieurs années sur le sujet. Plusieurs de ces études constituent dès lors des recherches d'envergure, qui, à bien des égards, entrent en dialogue et se complètent mutuellement. Témoin d'un courant important de la recherche actuelle en didactique du français, ce livre n'esquive aucune des problématiques soulevées par le sujet, qu'il s'agisse de l'apprentissage continué de la lecture entre les différents cycles, de la progression curriculaire du lecteur, des comparaisons internationales de pratiques d'enseignement et d'apprentissage, ou encore des différents types de compétences mobilisées en lecture. Il constitue à ce titre un ouvrage de référence pour tout chercheur qui s'intéresse à la progression en lecture et désire s'appuyer sur les travaux les plus récents en la matière. Ce volume est publié sous la direction de Magali Brunel, de Judith Emery-Bruneau, de Jean-Louis Dufays, d'Olivier Dezutter et d'Erick Falardeau. Outre les contributions des coordinateurs, il contient des articles de Christophe Ronveaux, de Yann Vuillet, de Chloé Gabathuler et d'Orianna Franck, de Daisy Pelletier, de Cindy Pelletier et de Marion Sauvaire, de Séverine De Croix, de Jessica Penneman et de Marielle Wyns et de Julie Babin.

*Bibliographie de L'histoire Du Québec Et Du Canada, 1981-1985*  
Paul Aubin. 1990 Liste signalétique des documents parus entre 1981 et 1985: livres, articles, thèses. L'organisation de la bibliographie est en trois sections: systématique (par ordre des grands sujets), analytique (par ordre des sujets particuliers), auteur (par ordre des noms avec renvois à la section systématique). Les auteurs ont intégré à l'instrument des documents non recensés dans les ouvrages couvrant les périodes antérieures: 1948-1965, 1966-1975, 1976-1980.

*Canadian Transport* .1957

**Cheminots en grève, ou, La construction d'une identité**

Christian Chevandier.2002 Les cheminots sont aujourd'hui considérés comme le groupe social le plus combatif, suscitant des représentations contradictoires qui mettent en avant un égoïsme ou un fort esprit de solidarité. Leur histoire s'inscrit dans un temps long qui, des mouvements parisiens de 1848 aux grèves des roulants de 2001, est scandé par les grandes grèves de 1910 et de 1920, puis, sous l'Occupation, par les multiples débrayages qui correspondent à l'engagement de la corporation dans la Résistance, ainsi que par les conflits originaux et importants dans l'après-soixante-huit. Cet ouvrage n'est pas un inventaire détaillé des grèves dans les chemins de fer du milieu du XIXe siècle à nos jours, mais une mise en perspective qui tente de comprendre quels sont les ressorts du mouvement social des cheminots en prenant en compte tous ses aspects : démographiques, politiques, syndicaux, technologiques, culturels.
