**US Army Insider Missions 2** Michael Salla.2023-10 It has become clear JP, a soldier currently serving within the US Army, is part of a covert disclosure initiative to expose the public to the diverse projects involving non-human intelligence and exotic technologies that are known to the US military. However, in true military fashion this is being done in a way that maintains plausible

deniability. As you will discover in Volume 2, almost all of JP's missions involve non-human intelligence based on Earth in underwater or underground locations. This is a marked shift from Volume 1, which contained an even mix of off-planet and Earth-based missions. After the publication of Volume 1 of this book series, JP reported that several officers approached him privately to congratulate him on the good job he has been doing and even asked for his autograph. Given that JP is only an enlisted serviceman, such recognition speaks volumes about the covert disclosure initiative that the US Army/Air Force is conducting through him. JP's mission updates are essential first-hand eyewitness accounts by an active military serviceman describing what is happening in some of the most highly classified projects being conducted by the US concerning non-human intelligence and technologies.

*Dark Angel* Brian Andrews, Jeffrey Wilson.2022-04-05 Former Navy SEAL Jedidiah Johnson returns to Nashville ready to begin his training with the elite warriors known as the Shepherds. He thinks he knows what to expect when he arrives on the sprawling, state-of-the-art facility but quickly realizes he'll have to find his place as the rookie leader of a new team. Then he starts having visions of an imminent attack overseas, and with the clock ticking, Jed and his team are dispatched to neutralize the threat. All the while, Jed hears whispers of another threat . . . a name that raises unexplained

fear and anger throughout the Shepherds organization. Once a military man, Nicholas Woland betrayed the Shepherds and all they stood for when he joined their enemies. After years in prison, Woland is eager to get back in action spreading chaos and death. And he has been freed for a purpose: a sinister plot that will result in hundreds of casualties and incite worldwide religious warfare for years to come. As Woland and the Shepherds race toward a collision, Jed must rely on his gifts, his training, and his untested team to make critical decisions on a global stage—never realizing that a secret servant of the enemy is growing closer and closer to him.

**Embattled Home (Contemporary Military Suspense)** J.M. Madden. 2014-04-26 His Marine training taught him that failure is never an option regardless of circumstances. That certainly

applies to Chad's need to stop Lost and Found's deranged client from using the information he gathered to stalk and abuse his ex. Falling in love with the broken woman and her sweet daughter in the middle of rescuing them is definitely not the best timing. But it's also inevitable. In Book 3 of this heart-warming military romance series, Chad will discover that protecting Lora is a much easier task than proving he's the one man she can finally trust with her heart. Weeks of no incriminating evidence should have clued him in sooner about who was the real victim. Now Chad Lowell is wracked with guilt after the woman he's assigned to investigate is attacked by her abusive ex-husband right under his nose. Lora and her little girl are in incredible danger, and he vows to protect them at all costs, whether the angry and hurt woman wants him to or not. His Marine training makes the protecting part easy, but nothing he does seems to make Lora want to take a chance on him or his love. Lora O'Neil left a life of abuse to make a new start for herself and her daughter. When her ex hires Lost and Found Investigative Service to track her down, she's left reeling both physically and emotionally. The private detective that had been watching her for the past couple of months did finally come to her rescue, but does that mean she should now trust him to help her turn their lives around? The sexy former Marine makes her body feel things she thought she'd never feel for a man again, but she just can't imagine what it would take for her to heal enough to ever say yes.
