Barlaam and Ioasaph Saint John of Damascus,Aeterna Press.1953 There is no doubt that the author of Barlaam and Ioasaph himself regarded his story as a true narrative of the lives of real characters and that this view was universally held until quite recent times. The names of Saint Barlaam and Saint Ioasaph have figured in the Calendars both of the Roman and of the Greek Church and still retain their place in the latter. To-day, however, this view can be no longer held. A comparison of the story with the well-known legend of Buddha must convince every open-minded reader, that the outline of the plot is derived from the same Eastern source; in spite of all difference in detail, the general resemblance is quite undeniable. The writer himself tells us, that the story was brought to him from India, and it is highly probable, that what he heard was simply a version of the life of Buddha, adapted by Christians of the East to their own use. Rebuilding the State Institutions Juan Antonio Le Clercq,Jose Pablo Abreu
Sacramento.2019-11-29 Contemporary Mexico faces a complex crisis of violence and insecurity with high levels of impunity and the lack of an effective rule of law. These weaknesses in the rule of law are multidimensional and involve elements of institutional design, the specific content of the laws, particularities of political competition and a culture of legality in a country with severe social inequalities. This book discusses necessary institutional and legal reforms to develop the rule of law in a context of democratic, social and economic transformations. The chapters are organized to address: 1) The concept of the 'rule of law' and its measurement; 2) The fragility of the 'rule of law' in Mexico; 3) Structural reforms and implementation challenges; 4) Social exclusion and the culture of legality. The book addresses decision-makers, civil servants, consultants, scholars, lecturers, and students focusing on public policy, rule of law, sociology of law, legislative studies and practice, impunity, and areas of political philosophy. • The book presents an interdisciplinary and integrated approach for understanding the rule of law in Mexico, taking into account national particularities, the regional context and global comparisons. • Chapters discuss recent institutional reforms in Mexico from a critical point of view and explore possible next steps to achieve effective implementation. • This book addresses the links between a weak rule of law and social phenomena like insecurity, violence, corruption and democratic deficits.

City of Islands Tammy L. Brown.2015-09-02 Tammy L. Brown uses the life stories of Caribbean

intellectuals as windows into the dynamic history of immigration to New York and the long battle for racial equality in modern America. The majority of the 150,000 black immigrants who arrived in the United States during the first-wave of Caribbean immigration to New York hailed from the English-speaking Caribbean--mainly Jamaica, Barbados, and Trinidad. Arriving at the height of the Industrial Revolution and a new era in black culture and progress, these black immigrants dreamed of a more prosperous future. However, northern-style Jim Crow hindered their upward social mobility. In response, Caribbean intellectuals delivered speeches and sermons, wrote poetry and novels, and created performance art pieces challenging the racism that impeded their success. Brown traces the influences of religion as revealed at Unitarian minister Ethelred Brown's Harlem Community Church and in Richard B. Moore's fiery speeches on Harlem street corners during the age of the New Negro. She investigates the role of performance art and Pearl Primus's declaration that dance is a weapon for social change during the long civil rights movement. Shirley Chisholm's advocacy for women and all working-class Americans in the House of Representatives and as a presidential candidate during the peak of the Feminist Movement moves the book into more overt politics. Novelist Paule Marshall's insistence that black immigrant women be seen and heard in the realm of American Arts and Letters at the advent of multiculturalism reveals the power of literature. The wide-ranging styles of Caribbean campaigns for social justice reflect the expansive imaginations and individual life stories of each intellectual Brown studies. In addition to deepening our understanding of the long battle for racial equality in America, these life stories reveal the powerful interplay between personal and public politics.

Ballads of Robin Hood and Other Outlaws Frank Sidgwick.2021-03-20 Book Excerpt: note 6: See H. L. D. Ward's _Catalogue of Romances_, 506, under the Romance of Fulk Fitz-Warine.]III.

HISTORICAL ROBIN HOODSIn 1852 Joseph Hunter issued, as No. 4 of his 'Critical and Historical Tracts, ' _The Great Hero of the ancient Minstrelsy of England, Robin Hood_ . Amongst other discoveries, he found, in an Exchequer document of expenses in the royal household of Edward II., the name of 'Robyn Hode' occurring several times as a 'vadlet' or 'porteur de la chambre, ' at the salary of threepence per diem, between March and November of 1324. Various other researchers have succeeded in tracing half a dozen people, all named Robin or Robert Hood, within a period of some forty years of the fourteenth century; but few have pressed identification with Robin Hood the outlaw so far as Hunter, 'who, ' says Professor Child, 'could have identified Pigrogromitus and Quinapalus, if he had given his mind to it.' Working on the above datum, Hunter shows how probable it is that Robin HRead M

Boy Labour and Apprenticeship Reginald Arthur Bray.1911

Architecture and Democracy Claude Fayette Bragdon.1918 This book can lay no claim to unity of theme, since its subjects range from skyscrapers to symbols and soul states; but the author claims for it nevertheless a unity of point of view, and one (correct or not) so comprehensive as to include in one synthesis every subject dealt with. For according to that point of view, a skyscraper is only a symbol--and of what? A condition of consciousness, that is, a state of the soul. Democracy even, we are beginning to discover, is a condition of consciousness too. Our only hope of understanding the welter of life in which we are immersed, as in a swift and muddy river, is in ascending as near to its pure source as we can. That source is in consciousness and consciousness is in ourselves. This is the point of view from which each problem dealt with has been attacked; but lest the author be at once set down as an impracticable dreamer, dwelling aloof in an ivory tower, the reader should know that his book has been written in the scant intervals afforded by the practice of the profession of architecture, so broadened as to include the study of abstract form, the creation of ornament, experiments with color and light, and such occasional educational activities as from time to time he has been called upon to perform at one or another architectural school. The three essays included under the general heading of Democracy and Architecture were prepared at the request of the editor of *The Architectural Record*, and were published in that journal. The two following, on Ornament from Mathematics, represent a recasting and a rewriting of articles which have appeared in *The Architectural Review*, *The Architectural Forum*, and *The American Architect*. *Harnessing the Rainbow* is an address delivered before the Ad. Club of Cleveland, and the Rochester Rotary Club, and afterwards made into an essay and published in *The American Architect* under a different title. The appreciation of Louis Sullivan as a writer appears here for the first time, the author having previously paid his respects to Mr. Sullivan's strictly architectural genius in an essay in *House and Garden*. *Color and Ceramics* was delivered on the occasion of the dedication of the Ceramic Building of the University of Illinois, and afterwards published in *The Architectural Forum*. *Symbols and Sacraments* was printed in the *English Quarterly Orpheus*. *Self Education* was delivered before the Boston Architectural Club, and afterwards published in a number of architectural journals.
