Routledge Handbook of Psychiatry in Asia Dinesh Bhugra, Samson Tse, Roger Ng, Nori Takei.2015-08-20 Geographically and demographically Asia is a huge region with a large number of societies and cultures, each affected by their own unique problems including over-population, major

natural disasters, poverty and changing social and economic factors. Inevitably this means that different mental health needs have developed across the region. Colonialism, globalization, industrialization and urbanization have brought major demographic and cultural shifts in the region but clinical mental health practices and services and societal attitudes to mental health issues vary enormously. This handbook surveys the state of the current psychiatric care field across the whole Asia-Pacific region. Focusing on individual countries, each chapter will include: A summary of factors affecting the practice and provision of psychiatric care, including cultural attitudes to mental health issues Coverage of the conceptualisation, causation and prevalence of mental health issues in society An overview of mental health care services and systems available and workforce training Coverage of country specific innovative practices and folk therapies As the first major reference work on psychiatric care in Asia this book is an essential resource for scholars and students researching mental health in Asia as well as psychiatrists and other mental health professionals working in the region.

Technology (ICVEAST 2023) Debrina Vita Ferezagia, Karin Amelia Safitri, Nailul Mona, Badra Al Aufa. 2023-10-30 This is an open access book. International Conference on Vocational Education Applied Science and Technology (ICVEAST), formerly known as International Conference on Vocation for Higher Education (ICVHE), is an annual event organized by the Vocational Education Program, Universitas Indonesia, that aims to encourage innovative applied research in vocational higher education. In 2022, we rebranded the conference to focus on being an international forum where scholars and practitioners share their ideas on vocational education, especially within applied science and technology. The rebranding from ICVHE to ICVEAST marks our fifth conference. This year, we present our sixth conference, with the theme, "VOCATIONAL 5.0: Virtuosity Collaboration for Sustainability Development and Innovative Technologies Goals 5.0". Collaboration for sustainability development is a crucial part of achieving a sustainable future. It involves working with stakeholders, such as governments, businesses, non-governmental organizations, and communities, to develop and implement sustainable solutions. These stakeholders can pool their resources, knowledge, and expertise by working together to create innovative solutions that benefit the environment and society. The collaboration also helps ensure that all stakeholders are on the same page regarding sustainability goals and objectives. By building relationships and trust between stakeholders, collaboration can help to create a more sustainable future. Innovative Technology Goal 5.0 focuses on using technology to improve access to education and foster a culture of innovation and creativity. It seeks to create a more equitable and inclusive learning environment by providing access to digital tools and resources for all students, regardless of background or ability. It also seeks to promote technology to support the development of 21st-century skills, such as critical thinking, problem-solving, and collaboration. Finally, it aims to ensure that technology is used to

support the development of a safe and secure learning environment while encouraging responsible and ethical use. VOCATIONAL 5.0 is a collaborative effort to promote sustainable development and innovative technology goals. It is designed to bring together experts from various fields, including business, education, government, and the non-profit sector, to identify and develop innovative solutions to global challenges. Through the use of data-driven decision-making and the application of new technologies, VOCATIONAL 5.0 seeks to create a more sustainable and equitable world. The initiative also aims to foster collaboration between stakeholders, create a platform for knowledge sharing, and promote the use of technology to drive social, economic, and environmental progress. By leveraging the collective expertise of its members, VOCATIONAL 5.0 is committed to achieving its sustainable development and innovative technology goals. This ICVEAST aims to be a respected international forum to discuss the recent improvement and challenges in Vocational Education nowadays and in the future, from the research insight, mainly applied research in the field of administration and business, health science, social humanities, and engineering. The event will gather representatives from different countries, diverse areas of knowledge, and lots of education, research, public institutions, and organizations. The conference is devised as a space to exchange ideas and discuss the challenges that education and manufacturing face in preparing human capabilities to shift into the current trend of automation and the role of advanced technologies in those challenges. We intend to have an interactive conference through these three different sessions: business talks, keynote, and parallel/presentation sessions.

Perlindungan Konsumen Obat: Tinjauan Umum Peraturan Perundang-undangan di

Indonesia Dr. Norma Sari, S. H., M. Hum..2021-01-27 Buku ini mengkaji dan menganalisis perlindungan konsumen obat pada kerangka umum perlindungan. Penulis mengalami kegelisahan

akademik atas fenomena lemahnya perlindungan konsumen obat di Indonesia. Penulis ingin mengkaji bagaimana sistem hukum yang terdiri dari struktur substansi dan budaya hukum dalam memberi perlindungan kepada konsumen obat dengan memulai dari pengkajian pada aspek substansi hukum terlebih dahulu. Konsumen pada umumnya memiliki kedudukan lemah di hadapan pelaku usaha. Khusus konsumen obat yang mengkonsumsi sesuatu langsung berhubungan dengan tubuhnya, kerentanan yang dihadapi bukan sekedar lemahnya posisi tawar, tetapi juga keselamatan dan kesehatan jiwa raga menjadi taruhan. Berbeda dengan konsumen makanan yang masih dapat menolak atau tidak dalam memilih makanan, konsumen obat, terutama untuk terapi, seringkali tidak ada pilihan lain. Kondisi ini menjadi pertimbangan penting dalam aspek perlindungan hukum. Buku ini memberikan gambaran kepada pembaca mengenai fenomena tersebut dan bagaimana dalam kaca mata hukum.

Proceedings of the International Conference for Democracy and National Resilience 2022 (ICDNR 2022) Gayatri Dyah Suprobowati, Dona Budi Kharisma, Waluyo Waluyo. 2023-02-10 This is an open access book. National Resilience of Indonesia is a dynamic condition of the Indonesian Nation that includes all aspects of integrated national life, defence from disturbances both from outside and from within the country to ensure identity, integration, survival of the nation and state, and the struggle to achieve national goals. The existence of digital life, a significant modernization, greatly influences the implementation of a country's democracy. In general, the development of digitalization and modern life has affected not only democracy but also all aspects of life. People's life dynamics can lead to the rapid growth of democratic appliances, where cultural acculturation was affected by a touch of information technology. The individual freedom of society in conveying ideas, criticisms, suggestions, and even blasphemy is often encountered through various variants of social media users. Digitalization encourages increased problems with people's constitutional rights such as freedom of opinion, protection of the rights of other citizens, defamation, and pollution. Ethnicity, religion, race, between groups, and so on. Another problem that must also be accommodated is the problem of organizing democracy, statehood, and government policies. So there needs to be an optimization of the conception of a country's democracy to create protection for citizens, governments, and so on to create optimal democratic implementation, accountability, and the state's principles, and ideals.

Permasalahan Kontemporer Hukum Perlindungan Konsumen di Indonesia Dr. Norma Sari, S.H., M.Hum..2021-12-31 Eskalasi kegelisahan akademik penulis sebagai dosen dan aktivis atas perkembangan perlindungan konsumen di Indonesia semakin meningkat akhir-akhir ini. Ruang-ruang dialektika dengan para kolega dan mahasiswa saat penelitian, pengabdian masyarakat, menulis jurnal, menjadi pembicara karya ilmiah, serta membimbing skripsi telah menginspirasi penulis untuk merespon kegalauan tersebut dengan merangkai gagasan yang ada dan menampilkan dalam sebuah karya untuk dikaji bersama. Setidaknya ada 7 tema yang penulis angkat dalam buku ini. Pertama, perlindungan konsumen perumahan. Rumah sebagai salah satu kebutuhan primer menjadi pintu masuk diskusi karena dengan beban biaya investasi yang sangat tinggi, potret perilaku pelaku usaha menjadi gambaran untuk menangkap persoalan lainnya. Literasi transaksi konsumen menjadi isu pokok selain tanggung jawab pelaku bisnis. Kedua, perlindungan konsumen kesehatan. Kebutuhan primer yang kedua yang penulis angkat adalah kesehatan. Perkembangan teknologi kesehatan yang sangat cepat pada satu sisi menggembirakan namun juga harus selalu dijaga aspek keamanan dan keselamatan bagi konsumen. Alih-alih konsumen mengalami kenaikan

kualitas kesehatan, berbagai eksese negatif harus dihindarkan. Ketiga perlindungan konsumen jasa keuangan. Inovasi teknologi yang terus berkembang untuk memfasilitasi transaksi bisnis konsumen dan pelaku usaha dalam prakteknya menunjukkan skala masalah yang melebar. Bukan hanya konsumen yang menjadi korban namun para pihak di sekeliling konsumen harus ikut menanggung resiko, minimal ketidaknyamanan dari pihak-pihak yang tidak bertanggung jawab. Literasi konsumen yang lemah menjadi peluang untuk dimanfaatkan dengan pendekatan iklan berlebihan. Keempat, perlindungan konsumen media. Kehidupan masa kini yang tidak lepas dari genggaman gawai mempermudah untuk akses terhadap media. Penetrasi media yang semakin cepat dan massif pada akhirnya berdampak pada konsumsi yang tidak sehat dan kurang layak. Isu ini penting diangkat karena rekaman memori atas apa yang dibaca, didengar, dan dilihat terutama anak-anak akan sangat berpengaruh pada proses tumbuh kembangnya. Kelima, mitigasi perlindungan konsumen di masa bencana. Pandemi global COVID-19 berdampak sangat meluas tidak terkecuali relasi konsumen dan pelaku usaha. Konsumen mengalami kerawanan yang lebih tinggi dan perlu advokasi. Upaya mitigasi untuk merespon kondisi terkini sekaligus mengantisipasi masa depan menjadi urgen untuk dilakukan. Keenam, jeratan klausula baku bagi konsumen. Sejak pertama kali diundangkan pada tahun 1999 dan berlaku pada tahun 2000, Undang-undang Perlindungan Konsumen memberi kesempatan para pelaku usaha untuk menyesuaikan klausula baku. Namun 2s1 tahun berlaku, kondisi yang terjadi masih jauh dari harapan dan menggembirakan. Klausula baku yang menjerat bahkan masih terpampang dalam ruang promosi publik. Ketujuh, Badan Penyelesaian Sengketa Konsumen: Bagai Bunga Kembang Tak Jadi. Tulisan ini adalah bagian akhir untuk memberikan narasi dan refleksi jalan panjang akses keadilan konsumen saat mengalami sengketa. Lembaga yang tujuan pembentukannya menjadi babak baru perlindungan konsumen yang

bersengketa justru semakin mengalami pelemahan secara sistemik.

Penguatan Upaya Kesehatan Masyarakat Dan Pemberdayaan Masyarakat Bidang

Kesehatan Di Indonesia Dr. dr. R. Hapsara Habib Rachmat, DPH.2018-07-12 Sistem Kesehatan Nasional dewasa ini menetapkan bahwa upaya kesehatan dan pemberdayaan masyarakat pada hakikatnya merupakan fokus dari pembangunan kesehatan. Upaya kesehatan tersebut pada pokoknya terdiri atas upaya kesehatan masyarakat dan upaya kesehatan perorangan. Program Jaminan Kesehatan Nasional sangat mendukung penguatan upaya kesehatan perorangan termaksud. Penguatan upaya kesehatan masyarakat merupakan penguatan setiap kegiatan dan/atau serangkaian kegiatan untuk memelihara dan meningkatkan derajat kesehatan masyarakat dalam bentuk peningkatan kesehatan dan pencegahan penyakit oleh pemerintah dan/atau masyarakat. Pemberdayaan masyarakat bidang kesehatan merupakan suatu proses pembangunan manusia atau masyarakat melalui pengembangan kemampuan masyarakat, perubahan perilaku, dan pengorganisasian masyarakat bidang kesehatan. Tantangan penguatan upaya kesehatan masyarakat, yaitu masih terbatasnya pemerataan pembangunan kesehatan, pelayanan kesehatan perorangan yang masih terbatas mutunya, upaya kesehatan masyarakat yang masih kurang berfungsi, kemampuan pengelolaan atau manajemen pembangunan kesehatan yang belum kuat, dan peran masyarakat dalam pembangunan kesehatan yang belum optimal. Tantangan pemberdayaan masyarakat, yaitu belum optimalnya penggerakan masyarakat, pengorganisasian masyarakat dalam pemberdayaan, advokasi, kemitraan, dan peningkatan sumber daya masih terbatas. Masalah penguatan upaya kesehatan masyarakat dan pemberdayaan masyarakat pada hakikatnya meliputi:

- 1) kurangnya penggunaan pendekatan proses penguatan yang lebih terarah, menyeluruh, dan saling

terkait serta realistis, dan 2) terbatasnya sumber daya pendukung terutama sumber daya manusia, informasi, dan pembiayaan. Strategi penguatan upaya kesehatan masyarakat dan pemberdayaan masyarakat bidang kesehatan meliputi: 1. Strategi penguatan upaya kesehatan masyarakat: analisis, pengendalian, dan penilaian; pengembangan kebijakan; dan pelaksanaan dan dukungan. 2. Strategi pemberdayaan masyarakat: Pemberdayaan masyarakat bidang kesehatan dilakukan melalui kelompok masyarakat, organisasi masyarakat, dunia usaha dan pihak lain pada tingkat nasional, provinsi, dan kabupaten/ kota. Langkah-langkah pokok pelaksanaan strategi penguatan upaya kesehatan masyarakat dan pemberdayaan masyarakat, antara lain: Dalam peningkatan pembangunan kesehatan yang memberi pengutamakan pada penguatan kesehatan masyarakat memerlukan perubahan mindset atau paradigma bagi semua pihak terkait. Perlu ditetapkan dan dilaksanakan strategi penguatan upaya kesehatan masyarakat dan pemberdayaan masyarakat dalam bidang kesehatan yang bersifat menyeluruh. Penguatan tersebut perlu menggunakan pendekatan proses yang lebih terarah, menyeluruh, dan saling terkait serta realistis dan didukung sumber daya yang memadai. Alokasi pembiayaan kesehatan diutamakan untuk penguatan kegiatan upaya kesehatan masyarakat dan mendukung pemberdayaan masyarakat bidang kesehatan. Pengembangan dan pemberdayaan SDM Kesehatan perlu makin diperkuat di tingkat pusat dan daerah. Penguatan upaya kesehatan masyarakat dan pemberdayaan masyarakat hanya dapat dilaksanakan bila didukung oleh sistem informasi kesehatan yang tangguh, baik dalam penyelenggaraan maupun penggunaannya. Pembinaan dan pengawasan upaya kesehatan masyarakat dan pemberdayaan masyarakat perlu berpedoman terutama pada ketentuan-ketentuan yang telah ditetapkan dan dilaksanakan dengan saksama. Penguatan upaya kesehatan masyarakat dan pemberdayaan masyarakat bidang kesehatan diharapkan bersama dengan pelaksanaan Jaminan Kesehatan

Nasional dapat mendukung percepatan pembangunan kesehatan sehingga dapat meningkatkan akselerasi, pemerataan, dan mutu pembangunan kesehatan. [UGM Press, UGM, Gadjah Mada University Press]
