Struggle and Survival in Palestine/Israel Mark LeVine, Gershon Shafir. 2012-09 This book is a collection of narratives collected from family archives, interviews, and published memoirs. They tell the stories of everyday people living a conflict-ridden world, emphasizing individual interaction, introducing marginal voices alongside more renowned ones, defying typical definition of Israelis and Palestinians.

Redefining the Muslim Community Alexander Orwin. 2017-04-05 Writing in the cosmopolitan metropolis of Baghdad, Alfarabi (870-950) is unique in the history of premodern political philosophy for his extensive discussion of the nation, or Umma in Arabic. The term Umma may be traced back to the Qur'ān and signifies, then and now, both the Islamic religious community as a whole and the various ethnic nations of which that community is composed, such as the Turks, Persians, and Arabs. Examining Alfarabi's political writings as well as parts of his logical commentaries, his book on music, and other treatises, Alexander Orwin contends that the connections and tensions between ethnic and religious Ummas explored by Alfarabi in his time persist today in the ongoing political and cultural disputes among the various nationalities within Islam. According to Orwin, Alfarabi strove to recast the Islamic Umma as a community in both a religious and cultural sense, encompassing art and poetry as well as law and piety. By proposing to acknowledge and accommodate diverse Ummas rather than ignoring or suppressing them, Alfarabi anticipated the contemporary concept of Islamic civilization, which emphasizes culture at least as much as religion. Enlisting language experts, jurists, theologians, artists, and rulers in his philosophic enterprise, Alfarabi argued for a new Umma that would be less rigid and more creative than the Muslim community as it has often been understood, and therefore less inclined to force disparate ethnic and religious communities into a single mold. *Redefining the Muslim Community* demonstrates how Alfarabi's judicious combination of cultural pluralism, religious flexibility, and political prudence could provide a blueprint for reducing communal strife in a region that continues to be plagued by it today.

Beirut Fragments Jean Said Makdisi. 1999 A new edition of the widely acclaimed account of the civilian experience of fifteen years of war in Beirut- a profound, heartbreaking book (Los Angeles Times Book Review), an impassioned cry against indifference (New York Times Book Review), a work ringing with truth and insight (Arab Book World)-now with an Afterword about the postwar years. A New York Times Book Review Notable Book An intensely personal yet timelessly crafted portrait of life in a worn-torn city, Beirut Fragments spans the years of the civil war in Lebanon, 1975-1990. When thousands fled, Jean Said Makdisi chose to stay. She raised three sons, taught English and Humanities at Beirut University College-and she wrote. She records the breakdown of society and the physical destruction of Beirut, the massacres of Sabra and Shatila, the Israeli Invasion, everyday acts of terrorism, the struggle to maintain ordinary routines amid chaos, and the incredible spirit of a people. A Palestinian, a Christian, a woman who has lived in Jerusalem, Cairo, the United States, and Beirut, Jean Said Makdisi uses the migrations of her own life as a paradigm which helps elucidate many of the conflicts in the region. The new afterword covers the postwar years, from the last ceasefire to the present day.

A Landscape of War Munira Khayyat. 2022-11-22 What worlds take root in war? In this book, anthropologist Munira Khayyat describes life along the southern border of Lebanon, where resistant ecologies thrive amid a terrain of perennial war. A Landscape of War takes us to frontline villages where armed invasions, indiscriminate bombings, and scattered land mines have become the environment where everyday life is waged. This book dwells with multispecies partnerships such as tobacco farming and goatherding that carry life through seasons of destruction. Neither green-tinged utopia nor total devastation, these ecologies make life possible in an insidiously deadly region. Sourcing an anthropology of war from where it is lived, this book decolonizes distant theories of war and brings to light creative practices forged in the midst of ongoing devastation. In lyrical prose that resonates with imperiled conditions across the Global South, Khayyat paints a portrait of war as a place where life must go on.

Survivors Donald E. Miller, Lorna Touryan Miller. 1993-04-08 Between 1915 and 1923, over one million Armenians died, victims of a genocidal campaign that is still denied by the Turkish government. Thousands of other Armenians suffered torture, brutality, deportation. Yet their story has received scant attention. Through interviews with a hundred elderly Armenians, Donald and Lorna Miller give the forgotten genocide the hearing it deserves. Survivors raise important issues about genocide and about how people cope with traumatic experience. Much here is wrenchingly painful, yet it also speaks to the strength of the human spirit.

Outrage Dale Dye. 2013-01-08 In 1982-83, American Marines were stationed in Beirut with a vaguely defined mission to keep the peace. But once the PLO was evacuated and a new Lebanese president elected, Moslem terrorists assassinated President Gemayel and relentlessly pressed their guerrilla war, forcing the Marines to stay in The Root and to participate in an increasingly tense and dangerous mission. Written and now revised by a retired Marine Corps captain who served in Beirut, this brutal, fast-moving novel about the events that led to the massacre of the Marines is peopled with Moslem terrorists; Arabs willing to lay down their lives to stop the fighting; tough Israeli soldiers who deride American peace efforts; wise-guy journalists; and--of course--the Marines. Outrage is a tribute to those Marines who gave their lives in Beirut and an expression of outrage at the events that occurred. Fast-paced, authentic, and at times disturbing, it is both an exhilarating testament to the sacrifice of those who served and an angry condemnation of the policies which led to the deaths of so many brave men. "Firsthand knowledge is the strong suit in this fictional treatment of the disastrous involvement of the US Marines in Beirut.... Misguided American policy decisions leading to the use of Marine troops as symbols rather than as soldiers continually placed the men in combat situations, yet without the authority to become involved or even properly defend themselves.... the real strength is the close-up view of the murderous effects of a rotten political strategy." —Kirkus Reviews "Retired Marine Captain Dye has written a fictionalized account of the events that led to the deaths of 241 American Marines and other servicemen at the hands of a Moslem fanatic at Beirut Airport in 1983. Dye's military dialogue will sound authentic to most veteran ears..." —Publisher's Weekly "The Marines struggle with increasing frustration against command indifference, Muslim snipers, and willfully blind political.... The best part is the incandescent invective launched by these cheerfully profane soldiers at their enemies, allies, and one another." —Library Journal

War's Other Voices miriam cooke. 1996-08-01 This book challenges the assumption that men write of war, women of the hearth. The Lebanese war has seen the publication of many more works of fiction by women than

by men. Miriam Cooke has termed these women the Beirut Decentrists, as they are decentered or excluded from both literary canon and social discourse. Although they may not share religious or political affiliation, they do share a perspective which holds them together. Cooke traces the transformation in consciousness that has taken place among women who observed and recorded the progress towards chaos in Lebanon. During the so-called two year war of 1975-76 little comment was made about those (usually men in search of economic security) who left the saturnalia of violence, but with time attitudes changed. Women became aware that they had remained out of a sense of responsibility for others and that they had survived. Consciousness of survival was catalytic: the Beirut Decentrists began to describe a society that had gone beyond the masculinization normal in most wars and achieved an almost unprecedented feminization. Emigration, the expected behavior for men before 1975, became the sin qua non for Lebanese citizenship. The writings of the Beirut Decentrists offer hope of an escape from the anarchy. If men and women could espouse the Lebanese women's sense of responsibility, the energy that had fueled the unrelenting savagery could be turned to reconstruction. But that was before the invasion of 1982.

Beirut, I Love You Zena el Khalil.2012-10-16 Zena el Khalil, a young Beirut-based female artist, writer, and activist who had an unconventional but worldly upbringing growing up in Lagos, Nigeria and attending art school in New York, returns after 9/11 to her familial home of Beirut and its mountains, beaches, food, music and drugs. Beirut, I Love You, spanning from 1994 to the present day, brings Beirut to life in all its glory and contradictions and is filled with personal anecdotes of Zena's life there: a place where, in spite of the pervasive desire for hope and the resilience of its people, still bears deep scars from the Lebanese Civil War and the Israeli invasion of 2006—a place where plastic surgery and AK 47s live side by side and nightclubs are situated on rooftops in order to avoid car bombs. Yet Zena and her friends, in particular her fellow rebel Maya, refuse to accept the extreme poles of Beirut, the militias and gender restrictions on one side, hedonism and materialism on the other. And although Zena experiences tragedy and loss, her story is a testament to the power of love and friendship, and the beauty of her city and its inhabitants. Written with an honest, profound simplicity, Zena is intoxicated by the country's contradictions—"Lebanon was, and always will be, schizophrenic"—and attempts to come to terms with her role among her friends, family, and city.

Translation and Survival Tessa Rajak.2009-04-09 The translation of the Hebrew Bible into Greek was the first major translation in Western culture. Its significance was far-reaching. Without a Greek Bible, European history would have been entirely different - no Western Jewish diaspora and no Christianity. Translation and Survival is a literary and social study of the ancient creators and receivers of the translations, and about their impact. The Greek Bible served Jews who spoke Greek, and made the survival of the first Jewish diaspora possible; indeed, the translators invented the term 'diaspora'. It was a tool for the preservation of group identity and for the expression of resistance. It invented a new kind of language and many new terms. The Greek Bible translations ended up as the Christian Septuagint, taken over along with the entire heritage of Hellenistic Judaism, during the process of the Church's long-drawn-out parting from the Synagogue. Here, a brilliant creation is restored to its original context and to its first owners.

Portraits of Survival Ariane Delacampagne.2014 Bourj Hammoud in northeast Beirut is home to a close-knit, vibrant Armenian community of shopkeepers, craftspeople and artists, young and old, a thriving combination of modern commerce and traditional trades. In less than a century the area has transformed itself from a tent city of refugees--the Armenians who fled Turkey in 1915 and began flocking here in the 1920s--to a bustling urban economic center. It is here that Ariane Delacampagne, a photographer of Armenian descent, chose to focus her lens. She spent years developing close connections to the remarkable people working and living here: the tailors and cobblers, embroiderers and clockmakers, jewelers and gem cutters, and the families. The result is an unforgettable portrait of the spirit and courage, the enterprise and heritage, which forms the soul of Bourj Hammoud.

No Lipstick in Lebanon Paul Timblich,Fasika Sorssa.2015-10-08 Desperate to create her own destiny, and drawn by the irresistible possibility of earning real dollars as a maid in Beirut, Meron Lemma leaves her devout mother and family behind to join the many other Habesha migrants searching for a better life in the Middle East. Only once there does she realise the ugly truth: instead of opportunity, she has found captivity. Rich in cultural detail and exposing the ongoing, under-reported horrors facing domestic workers in Lebanon today, this is a harrowing account of the unremitting hell of modern slavery. Told through the escalating

plight of our heroine, this is not just a fictionalized report of one maid's ordeal, but rather the uncovering of a larger issue plaguing a generation of women.

Beirut 2020: Diary of the Collapse Charif Majdalani.2021-08-03 World Literature Today: Notable Translation of the Year PopMatters: Best Book of the Year Told in elegant, evocative prose, a devastating and necessary testament to the August explosion that thoughtfully examines the crises that preceded it and its aftermath. At the start of the summer of 2020, in a Lebanon ruined by economic crisis and political corruption, in an exhausted Beirut still rising up for true democracy while the world was paralyzed by the coronavirus, Charif Majdalani set about writing a journal. He intended to bear witness to this terrible, confusing time, and perhaps endure it by putting it into words. Using small, everyday interactions—with fellow restaurant patrons, repairmen, the father of his wife's patient, a young Syrian refugee—as openings to address larger systemic problems, he explains how events in Lebanon's recent history led to this point. Then, on August 4, the explosion of 2,750 tons of ammonium nitrate in the port of Beirut devastated the city and the country. Majdalani's chronicle suddenly became a record of the catastrophe, which left more than two hundred dead and thousands injured, and the massive public outcry that followed. In the midst of the senseless chaos and grief, however, he continues to find cause for hope in the kindness and resilience of those determined to stay and rebuild.

Surviving Jewel Mitri Raheb,Mark A. Lamport.2022-05-24 The Christian church was born in the Middle East and grew there for centuries. Its interaction with Islam turned Christianity in this once predominantly Christian region into a marginalized jewel, surviving at great peril within a difficult, even sometimes hostile, political and religious climate. Of course, the story of Christianity over the last 1,300 years is not solely one of conflict, marginalization, and persecution but is also about accommodation, interchange, and cooperation. This introductory book details the history of the church in its Middle Eastern birthplace through the past two thousand years. It is a story described as “a lost history” by Philip Jenkins, but it is here uncovered and placed on display. For those with eyes to see, the church of the Middle East is here revealed as a precious jewel, still catching the light.

The Merchant of Syria Diana Darke.2018 Barely literate, and supporting his mother and sisters from the age of ten, Abu Chaker built up a business empire--despite twice losing everything he had. Diana Darke follows his tumultuous journey, from instability in Syria and civil war in Lebanon, to his arrival in England in the 1970s, where he rescued a failing Yorkshire textile mill, Hield Bros, and transformed it into a global brand. The Merchant of Syria tells two parallel stories: the life of a cloth merchant and his resilience, and the rich history of a nation built on trade. Over millennia Syria has seen great conflict and turmoil, but like the remarkable story of Abu Chaker, it continues to survive.--Provided by publisher.

Gate of the Sun Elias Khoury.2016-11-08 New York Times Notable Book of the Year “An imposingly rich and realistic novel, a genuine masterwork” that vividly captures the Palestinian experience following the creation of the Israeli state (New York Times Book Review) After Palestine is torn apart in 1948, two men remain alone in a deserted makeshift hospital in the Shatila camp on the outskirts of Beirut—entering a vast world of displacement, fear, and tenuous hope. Khalil holds vigil at the bedside of his patient and spiritual father, a storied leader of the Palestinian resistance who has slipped into a coma. As Khalil attempts to revive Yunes, he begins a story, which branches into many: stories of the people expelled from their villages in Galilee; of the massacres that followed; of the extraordinary inner strength of those who survived; and of love. Khalil—like Elias Khoury—is a truth collector, trying to make sense of the fragments and various versions of stories that have been told to him. His voice is intimate and direct, his memories are vivid, his humanity radiates from every page. Khalil lets his mind wander through time, from village to village, from one astonishing soul to another, and takes us with him. Gate of the Sun is a Palestinian Odyssey and the first magnum opus of the Palestinian saga. Beautifully weaving together haunting stories of survival and loss, love and devastation, memory and dream, Khoury humanizes the complex Palestinian struggle as he brings to life the story of an entire people.

The Root Eric Hammel.2020-10-28 THE ROOT The Marines in Beirut August 1982--February 1984Eric Hammel Facing northward out of a second-deck window, the lance corporal was hurled through the window and out into mid-air. He fell thirty feet to the ground and landed on his feet. He was not harmed until falling debris struck him on the head and shoulders. Nearly every other member of the recon platoon in his compartment was killed in the inferno. At 6:22 A.M. on October 23, 1983, a yellow Mercedes truck raced across the parking lot of the Beirut International Airport in Lebanon. Crashing through a chain-link gate into the 24th Marine Amphibious Unit's headquarters compound, it raced on careening through a shack and into the open atrium lobby of a terminal building where the men were housed, many still asleep. The truck lurched to a stop. Seconds later, 12,000 pounds of high explosives piled in the bed of the truck exploded. The four-story steel and concrete building shuddered, then collapsed. Two hundred forty-one Americans were killed and many more were injured in the disaster. Soon after the 24th MAU returned to the United States in November 1983, the Marine Corps granted Eric Hammel an unprecedented opportunity to interview survivors of the bombing

and those who came to their rescue. The Root is the result of these interviews. It is a narrative account of the Marines' mission in Lebanon, describing their escalating involvement in the largely unreported battles fought in and around the shattered city of Beirut. And it presents in detail the terrorist attack on the unit headquarters. The focus of The Root is on the nearly 200 people interviewed by the author-enlisted men and officers-for whom the shock and horror at the bombing were still fresh. Their reactions to the danger, what they survived and how they survived it, their concerns and insights, make The Root a timeless chronicle of the human spirit-and as timely as today's headlines. Praise for The Root Illustrates Washington's exceptional resistance to accepting the facts that contradict its preconceived views. . . . It's time that we learn from our mistakes and never again put our people in situations we do not understand. A first step is to read how our effort in Beirut turned from a noble cause into having our troops pinned down in an escalating civil war we did not understand. -Colonel Thomas X Hammes, USMC (Ret.), author of The Sling and the StoneIt's a fine book . . . a fascinating record of the life of a military unit . . . -New York Times Hammel has grippingly reconstructed a story that was often obscured as it unfolded. -Los Angeles Times Hammel's detailed account of individual rescue efforts is intensely graphic. . . . Beirut Seizures Haas H. Mroue.2011-12 On April 13, 1975, four Phalangists were murdered during the attempted assassination of Pierre Jumayyil. In a retaliation effort, the Phalangists attacked a bus filled with Palestinian passengers, killing twenty seven of the occupants. And so began a civil war in Lebanon that would last sixteen years and take more than one hundred thousand lives. In his posthumous collection of poetry, Haas Mroue offers deeply moving lyrical verse that details his traumatic experiences as the chaos of the war in Lebanon engulfed his childhood, as well as the experiences of the some nine hundred thousand who were forced to flee their homes. Recalling how he helplessly witnessed rockets flying over rooftops and listened for names of the dead on the radio, Haas relies on strong imagery as he shares how he lived through a war with no name and somehow managed to escape Beirut with nothing but his memories. Originally written some twenty years after he fled the war, the poetry in Beirut Seizures carefully examines difficult subjects and politically charged ideas with grace, emotion, and a strong voice, making it a powerful statement about the impact of war on ordinary people.

The Politics of Militant Group Survival in the Middle East Ora Szekely.2016-11-26 This book compares the performances of four key non-state actors in the Arab-Israeli conflict ecosystem: the PLO, Hamas, Hizbullah, and Amal. It argues that it is not the assets a militant group has, but rather how it acquired them that matters in explaining the variation in these actors' abilities to militarily resist and politically recover from confrontations with far more powerful adversaries. Groups that rely on marketing campaigns to secure local support and regional patronage do far better than those that rely on coercion or even barter. The book develops a typology of organizations based on their foreign and domestic policies, which has interesting implications for other non-state actors, such as ISIS. It is based on field research in Jordan, Lebanon, Israel, the West Bank, Egypt, and Syria, including interviews with members of a range of Lebanese and Palestinian militant groups, as well as politicians, UN staff, journalists, and members of the Jordanian and Israeli armies.
