The Book of Gardening Projects for Kids Whitney Cohen,John Fisher.2012-07-12 “What better way to begin to explore the natural world than to experience the magic and beauty of a family garden.” —Arden Bucklin-Sporer, author of *How to Grow a School Garden* Many gardeners find that once they have children gardening goes the way of late-night dinner parties and Sunday morning sleep-ins. Raising kids and maintaining a garden can be a juggling act, leaving the family garden forgotten and neglected. But kids can make great gardening companions, and the benefits of including them are impossible to ignore. Gardening gets kids outdoors and away from television and video games, increases their connection to plants and animals, and helps build enthusiasm for fresh fruits and vegetables. Their involvement becomes the real harvest of a family garden. In *The Book of Gardening Projects for Kids*, Whitney Cohen and John Fisher draw on years of experience in the Life Lab Garden Classroom and gardening with their own children to teach parents how to integrate the garden into their family life, no matter its scope or scale. The book features simple, practical gardening advice, including how to design a play-friendly garden, ideas for fun-filled theme gardens, and how to cook and preserve the garden's bounty. 101 engaging, family-friendly garden activities are also featured, from making Crunch-n-Munch Vegetable Beds and Muddy Miniature Masterpieces to harvesting berries for Fresh Fruity Pops.

Guerrilla Yardwork Peter Korchnak.2013-02-22 *Guerrilla Yardwork: The First-Time Home Owner's Handbook* rethinks yardwork as you know it. Part manifesto, part field manual, it draws upon the tenets of guerrilla warfare outlined by Sun Tzu, Che Guevara, and others, to introduce guerrilla yardwork as both a yardvolutionary philosophy and an effective practice for every first-time home owner strapped for cash and pressed for time. Guerrilla yardwork utilizes the element of surprise to launch small, repetitive attacks at unpredictable times and locations around the yard to weaken Bad Nature and promote Good Nature in Her stead. Offensive, highly mobile, and fluid in character, guerrilla yardwork is marked by swift action of short duration, followed by rapid withdrawal. The yard won't know what hit it. The Book Club Chronicles—Part Six—The Tempest Joan H. Parks.2018-03-28 The storms of autumn arrive, and the storms of their lives continue. The ladies decide to study Shakespeares *The Tempest*, wrongly thinking that a comedy will be easier than another of the big tragedies. Finding a suitable filmed version is difficult; reading the text is even more difficult. They struggle, seeing in this late play parts that mirror their own experiences. Claire and Henry struggle in their late-life marriage with the debris and assumptions from their earlier marriages. Annie fights against the physical constraints that come with her aging as Bill wrestles with what he will do after retirement. Katherine is haunted by her past and her brush with cancer and has trouble accepting that Mark is in her life for the duration. Frannie now has grandchildren and a measure of

happiness because she has faced the demons of her upbringing. The new members of the book club, Sally and Clarissa, have their own issues as their long-standing friendship shatters. Clarissa is rejuvenated by one new passion and one old passion. All this occurs and is illuminated by their reading of the glorious music and the strange plots of *The Tempest*.

Yardwork Daniel Coleman.2017 Daniel Coleman is looking to find a home. After a childhood that left him feeling placeless, he ended up in Hamilton, Ontario, one of Canada's most polluted cities at the time. *Yardwork* is his attempt to put down roots in a place he never expected to be. Coleman decided he wanted to truly know and belong to a small piece of land, his patch of garden on the edge of the Niagara Escarpment, to deeply understand its ecology, landscape and history. Starting with the creation myths and geology, moving through the settler era and up to the present, Coleman pours his considerable talents into learning, and sharing, as much of the story of the land as possible. Most books on ecology focus either on protecting the wilderness or analyzing a toxic dump. Most books on gardens focus on plant health or landscape design. Most books on Indigenous-settler relations focus on politics or social inequities. *Yardwork* meditates on the sedimentary layers of ecological, cultural and political stories that make up Hamilton, the escarpment city at the Head of the Lake. Along the way Coleman strives to build a new awareness of the place where he lives as sacred land.

Cracking the Code to Profit Ryan J. Sciamanna.2018-01-25 What is Cracking the Code to Profit? Cracking the Code to Profit is the complete, start to finish blueprint for building a REAL BUSINESS in the lawn care and landscaping industry. The author, Ryan Sciamanna, shares all his knowledge on how he went from a solo operator to six crews in three years. Who is the book for? Cracking the Code to Profit is for anyone thinking about starting a lawn care business to companies trying to break through the \$200k to \$300k gross revenue barrier. If you would like to, but are not already, making \$100k per year as the owner of your lawn care company, you will benefit from reading this book. Why Ryan wrote the book: In 2016 Ryan narrowed his lawn care companies service offering down to lawn mowing and lawn treatments only. Prior to that, his company was a full-service lawn and landscape service provider offering all of the typical services including mulching, pruning, cleanups, leaf removals, hardscapes, landscape design and installation, and snow removal. He made the change in his business model to increase profit margins and reduce the amount of time required of him as the owner of the business. Naturally, he needed to find referral partners for his lawn care customers because they still had other lawn and landscape needs his company no longer performed. He contacted several other lawn and landscape business owners in his area and told them he wanted to send them referrals for the work his company no longer performed and only asked they don't 'steal' his customers for the services they were still providing. After shooting off the first several referrals, Ryan quickly realized that a lot of these companies needed help and until they improved their business operations, referring his clients to them was only making him look bad! He has since stopped referring work with the exception of a couple companies that proved they would provide his customers quality work at fair prices and actually be reliable. Ryan says, I think most lawn care business owners started their business just like I did...they enjoyed the work and were good at it, so they said, why not work for myself. In the beginning, it usually goes pretty smooth, but as they add more and more customers and eventually need to hire employees, they get in over their heads. I did the same thing, but quickly educated myself on how to run an actual business and not just be self-employed. He organized all of his knowledge into Cracking the Code to Profit in hopes it will save new business owners years of frustration. Ryan read a similar 'book' before he started his business that his father had bought for him online. It was actually just a word document that someone had written on starting a lawn care business and his dad printed it off for him. It cost his father \$79.95 for that! Ryan still has that 'book' and even though it was overpriced, terrible quality and a lot of the information was not good, he still credits that book towards helping him get his business off the ground. What you can expect from Cracking the Code to Profit - How to Start a Lawn Care Business: The book flows in chronological order from starting your business to your exit strategy. Ryan put every detail he could recall from his own experience. You can see the book chapters in the book preview. After each chapter, action steps are included so you know exactly what you need to do. At the end of the book, you will find the resource section for continued learning and execution. You can expect to have a much better understanding of how to start and grow your lawn care business in a healthy, profitable way. Ryan's contact info is also included in the book. He would love to hear from you after you finish it!

Educated Tara Westover.2018-02-20 #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . The MX Book of New Sherlock Holmes Stories - Part VI: 2017 Annual David Marcum.2017-04-27 2017 is the 130th anniversary of the publication of *A Study in Scarlet*, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson. What an amazing journey it's been! In addition to the pitifully few sixty tales originally presented in *The Canon*, published between 1887 and 1927, there have been literally thousands of additional Holmes adventures in the form of books, short stories, radio and television episodes, movies, manuscripts, comics, and fan fiction. And yet, for those who are true friends and admirers of the Master Detective of Baker Street, where it is always 1895 (or a few decades on either side of that!) these stories are not enough. Give us more! In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring

stories set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, the popularity has only continued to grow. Two more volumes were released in 2016, and this the first of two planned for 2017 - with no end in sight! The thirty-five stories in this volume - now bringing the total number of narratives and participating authors in this series to well over one-hundred! - represent some of the finest new Holmesian storytelling to be found, and honor the man described by Watson as the best and wisest ... whom I have ever known. All royalties from this collection are being donated by the writers for the benefit of the preservation of Undershaw, one of the former homes of Sir Arthur Conan Doyle. Part VI: 2017 Annual features contributions by: Bob Byrne, Julie McKuras, Derrick Belanger, Robert Perret, Deanna Baran, G.C. Rosenquist, Hugh Ashton, David Timson, Shane Simmons, Stephen Wade, Mark Mower, David Friend, Nick Cardillo, Roger Riccard, S. Subramanian, Carl L. Heifetz, Geri Shear, S.F. Bennett, Jennifer Copping, Jim French, Carla Coupe, Narrelle Harris, Arthur Hall, Craig Janacek, Marcia Wilson, Tracy Revels, Molly Carr, Keith Hann, David Ruffle, David Marcum, Thomas A. Turley, Jan Edwards, C. Edward Davis, Tim Symonds, and Daniel D. Victor, with a poem by Bonnie MacBird, and forewords by David Marcum, Nicholas Utechin, Roger Johnson, Steve Emecz, and Melissa Farnham.
