Handbook of the Arts in Qualitative Research J. Gary Knowles, Ardra L. Cole. 2008 Knowles and Cole bring together the top scholars in qualitative methods to provide a comprehensive overview of where arts-based research has come, and where it is going. It addresses the significant issues conceiving and conducting arts-based or arts-informed research in the social sciences and humanities.

Ninth Street Women Mary Gabriel. 2018-09-25 Five women revolutionize the modern art world in postwar America in this gratifying, generous, and lush true story from a National Book Award and Pulitzer Prize finalist (Jennifer Szalai, New York Times). Set amid the most turbulent social and political period of modern times, Ninth Street Women is the impassioned, wild, sometimes tragic, always exhilarating chronicle of five women who dared to enter the male-dominated world of twentieth-century abstract painting -- not as muses but as artists. From their cold-water lofts, where they worked, drank, fought, and loved, these pioneers burst open the door to the art world for themselves and countless others to come. Gutsy and indomitable, Lee Krasner was a hell-raising leader among artists long before she became part of the modern art world's first celebrity couple by marrying Jackson Pollock. Elaine de Kooning, whose brilliant mind and peerless charm made her the emotional center of the New York School, used her work and words to build a bridge between the avant-garde and a public that scorned abstract art as a hoax. Grace Hartigan fearlessly abandoned life as a New Jersey housewife and mother to achieve stardom as one of the boldest painters of her generation. Joan Mitchell, whose notoriously tough exterior shielded a vulnerable artist within, escaped a privileged but emotionally damaging Chicago childhood to translate her fierce vision into magnificent canvases. And Helen Frankenthaler, the beautiful daughter of a prominent New York family, chose the difficult path of the creative life. Her gamble paid off: At twenty-three she created a work so original it launched a new school of painting. These women changed American art and society, tearing up the prevailing social code and replacing it with a doctrine of liberation. In Ninth Street Women, acclaimed author Mary Gabriel tells a remarkable and inspiring story of the power of art and artists in shaping not just postwar America but the future.

Wake Up Live the Life You Love E. Steven, Lee Beard. 2004-01-05

Lost Cove Charles Jackson. 2007-08-22 The story takes place between the years 1926-1946 and is written in the language of the mountain people of that time and those with the beautiful Southern drawl from the Deep South that moved into the area. It is a return to the times that use to be, but will never be again. Two families, the Kidwells from Alabama and the Wilsons from Tennessee and Ohio move into a small town deep inside the Great Smokey Mountains called Hamilton, Tennessee, from different backgrounds and for different reason, but with only one motive, to make a new life for themselves. The children grow up sharing lifes experiences with each other and their newfound friends. Love, marriage, births, disappointments and death become a part of their lives. The loving parents struggle with the hardships of a deep depression that gripped the country at that time. With the onset of World War Two many changes come into their lives, some good, some bad, but they would survive because they already knew what hard times were like. The Kidwells from Alabama are loggers that come into the Cove to harvest much needed timber for their Company. The Wilsons move back to Tennessee from Ohio to get away from the harsh winters that cut into their earning power as carpenters. The Patriarch of the Wilson family must give up his work as a carpenter for health reasons, buys a small farm and returns to his younger days as a tobacco farmer.

Creating a Pathway to Your Dream Career Tom Kucharvy. 2014-10-01 What do you want your life to be like when you're 25? 35? 55? Do you want a job that will feed you and your family or do you want a career that will be an integral part of your life—a career that will feed your passions, enable the lifestyle you choose, and be a continual source of engagement and pride? But do you really have the luxury of even considering your dream job in an era in which more than 40 percent of college graduates can't even get jobs that require college degrees, much less jobs in their field? Not only should you think about your dream job—you owe it to yourself to do so. You just need a plan. This book will help you develop that plan by first examining how the careers of the future will differ from those of the past, where these jobs and careers will and won't be, and the range of skills (many of which are not taught in schools) they will require. With this context, it then lays out a three-stage, 20-step plan that will help you: • Objectively assess and develop your skills and align them with your passions • Assess the career opportunities that will best utilize these skills in pursuit of your passion • Expand your career options and hedge your bets by identifying complementary “safety careers” • Evaluate

your post-high school education options and create an education plan that is best suited to you and your career choice • Prioritize the factors you should consider in targeting your critical first career-track job and use that job to expand your long-term career options

Jesus and John Wayne: How White Evangelicals Corrupted a Faith and Fractured a Nation Kristin Kobes Du Mez.2020-06-23 NEW YORK TIMES BESTSELLER The “paradigm-influencing” book (*Christianity Today*) that is fundamentally transforming our understanding of white evangelicalism in America. *Jesus and John Wayne* is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “a spiritual badass.” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today’s evangelicals might not be theologically astute, but they know their VeggieTales, they’ve read John Eldredge’s *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “Christian America.” Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the “moral majority” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals’ most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, *Jesus and John Wayne* shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.

the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

*Single Season Sitcoms of the 1990s* Bob Leszczak.2018-09-14 During the “Must See TV” 1990s, Americans enjoyed such immensely popular sitcoms as *Friends*, *Seinfeld*, *Home Improvement* and *The Drew Carey Show*. Shows that did not make the ratings cut numbered in the hundreds—the emergence of new networks and cable channels airing original programming resulted in a vast increase in short-lived sitcoms over the previous decade. Some of these “flops” were actually quite good and deserved a better fate. The author revisits them—along with the “dramedies” of the day—with detailed entries providing production and broadcast information, along with critical analyses, and recollections by cast and crew members. A subsection highlights sitcoms that returned for an abbreviated second season. Dozens of cast and crew photographs are included.

Trespicio effortlessly guides you through her method of unhooking yourself from other people's agendas, boning up on the skills to move you forward, and exploring your own creativity, memory, and intuition to unlock your unique path to meaning—while also confronting the challenges that stop you in your tracks, like boredom, loss, and fear.
