

Sears Modern Homes 1913

Houses by Mail Katherine Cole Stevenson, H. Ward

Jandl.1995-07-19 It was the American Dream by Mail Order -- Smithsonian Americans have ordered from Sears, Roebuck just about everything they have needed for their homes for 100 years-- but from 1908 to 1940, some 100,000 people also purchased their houses from this mail-order wizard. Sears ready-to-assemble houses were ordered by mail and shipped by rail wherever a boxcar or two could pull in to unload the meticulously precut lumber and all the materials needed to build an exceptionally sturdy and well-designed house. From Philadelphia, Pa., to Coldwater, Kans., and Cowley, Wyo., Sears put its guarantee on quality bungalows, colonials and Cape Cods, all with the latest modern conveniences--such as indoor plumbing. Houses by Mail tells the story of these precut houses and provides for the first time an incomparable guide to identifying Sears houses across the country. Arranged for easy identification in 15 sections by roof type, the book features nearly 450 house models with more than 800 illustrations, including drawings of the houses and floor plans. Because the Sears houses were built to last, thousands remain today to be discovered and restored. Houses by Mail shows how to return them to their original charm while it documents a highly successful business enterprise that embodied the spirit and domestic design of its time. After decades of obscurity, Sears houses have become chic. --Wall Street Journal These were . spacious, solidly built homes. --Parade Don't be surprised if your own cozy bungalow turns up [in the book].--Philadelphia Inquirer A nostalgic and informative look at the tastes of Americans in the years before World War II.--Publishers Weekly The bible to researchers of Sears' ready-cut homes.--Saturday Evening Post

1913 Charles Emerson.2013-05-28 Liberating the world of 1913 from a prelude to war narrative and exploring it as it was, this fascinating volume, filled with stories, insights and colorful characters, brings to life a world more integrated and internationalized than we remember.

The Bungalow Book Henry L. Wilson.2012-03-08 Cozy, charming, and distinctly Californian, the bungalow is an enduring architectural icon. Originally designed to survive earthquakes, the low, rambling structures combined grace, beauty, and comfort at minimum cost. Early in the twentieth century, Los Angeles architect Henry Wilson, who called himself The Bungalow Man, compiled 112 of the most popular and economic bungalow blueprints of his time in a catalog for would-be homeowners. Complementing each set of prints was an illustration or photograph of the completed house, which most frequently contained two or three bedrooms with closet space, living and dining rooms, a kitchen with pantry, and a bath. An ideal reference for preservationists and restorers, this reprint of Wilson's rare catalog represents a wonderful time capsule and invaluable guide to a popular style of American domestic architecture.

Honor-bilt Modern Homes Roebuck And Co Sears.2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Mail-Order Homes Rebecca L. Hunter.2012-07-20 The rapid westward expansion of the United States in the early twentieth century set the stage for a new industry: mail-order homes. Sold by such companies as Sears, Roebuck & Co., Aladdin, and Montgomery Ward, these kit homes were shipped by train to their purchasers in boxcars containing everything required for their construction, whether a vacation cottage, modest bungalow, or two-and-a-half story home. Rebecca Hunter brings to life the history of these charming homes, tens of thousands of which were sold throughout the United States in the early 1900s, and many of which still exist. Fully illustrated and including numerous images from period catalogs, this book describes the customers who bought and built mail-order houses, the various styles and designs, and the boom and bust of the industry.

The 1942 Sears Christmas Book Sears, Roebuck and Co..2019-09-18 Faithful reprint of the retailer's Christmas catalog offers a nostalgia-inducing look at consumer goods of the 1940s, from toys to housewares, clothing, furniture, candy, and a selection of gifts for servicemen.

Putting Sears Homes on the Map Rebecca Hunter.2004

Frumpy Middle-Aged Mom Marla Jo Fisher.2020-11-24 Never mind the Real Housewives of Orange County—Marla Jo Fisher is the woman everyone can relate to, complete with bad parenting, rotten dogs, ill health, and fashion faux pas. For nearly two decades, in the Orange County Register and many syndicated papers, readers have delighted in Marla Jo's subversive humor, cranky intellect, and huge heart on her journey through broke, single, after-40 motherhood, when she adopted Cheetah Boy and Curly Girl, to her oddball adventures around the globe, to the sublime ridiculousness of life next door. Even while facing a

devastating diagnosis, Fisher teaches us that humor is the balm that eases and the very thing that binds us together.

100 Victorian Architectural Designs for Houses and Other Buildings A. J. Bicknell & Co..2012-05-29 Originally published in 1878, this now-rare collection of designs supplies views of a remarkable variety of modestly priced structures: houses, villas, cottages, many others. Handsome drawings of perspective views and elevations, some of which include floor plans, plus suggestions for interior design. 98 black-and-white illustrations.

Aladdin Homes: Built in a Day Aladdin Company.2018-11-10
Sears Modern Homes, 1913 Sears, Roebuck and Co..2012-10-23 Reproduced from a rare edition, this book features 112 designs for homes of comfort and refinement, with external views, floor plans, and other details. 400 illustrations.

Sears House Designs of the Thirties Sears, Roebuck and Co..2012-07-25 Sixty eight Sears-designed homes display handsome exterior and interior views — with vestibules, breakfast alcoves, massive chimneys, unusual roof lines, and other attractive features. Over 200 black-and-white illustrations.

Arc of Justice Kevin Boyle.2007-04-01 An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of

equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. *Arc of Justice* is the winner of the 2004 National Book Award for Nonfiction.

Beckwith Organs .1904

Small Houses of the Twenties Sears, Roebuck and Company.1991-06-01 Excellent reproduction of rare catalog illustrates and describes 86 different types of houses and bungalows still in evidence across America. Over 300 photographs, illustrations and floor plans with full descriptions comprise an invaluable sourcebook for study, authentication or restoration of antique articles or architecture.

Wardway Homes, Bungalows, and Cottages, 1925 Montgomery Ward & Co..2013-03-05 Floor plans, plus exterior and interior views of 80 vintage American homes — from a handsome multi-story residence to a charming three-room cottage. 94 black-and-white illustrations.

Informal Cecil Balmond,Jannuzzi Smith,Christian Breusing.2007 Balmond is making the transition from structural engineer working alongside other architects to an architect in his own right. His structural thinking differs from that of others in his field, in its completely innovative conception of the engineer's contribution to architecture. The plasticity of architectural plans is enhanced through a decisive promotion of their structural designs. The borderline between structure and architecture thus becomes increasingly blurred. This process is explained in detail in *Informal* by reference to eight seminal projects. Balmond elucidates the theoretical basis of his engineering and architectural solutions, and his sketches transcend purely

technical illustration - they are key to his approach. Informal invites readers to rethink their understanding of the relationships between architecture, design and engineering.

Simple Shelters Jonathan Horning.2009-11-03 A brief introduction to the construction and history of basic shelters. Shelter is one of our most basic needs, and throughout history mankind has been highly inventive in meeting it. *Simple Shelters* introduces the principal types of wooden and stick-frame structures built around the world, examining how their shape and form reflect cultural and cosmological considerations as well as climatic and utilitarian needs. Charting the gradual shift from the circular homes of the nomads to the rectangular ones favored by settled people, Jonathan Horning explores materials and construction principles over millennia, including the geodesic experiments of the twentieth century.

Aladdin "Built in a Day" House Catalog, 1917 Aladdin Company.2012-07-31 Designs for 60 homes, from a simple four-room cottage with a front porch to a comfortable two-story home with four bedrooms, a reception hall, and pantry. Shown in landscaped exteriors, floor plans, and overhead cutaway views. With detailed commentaries on each design.

Worn Sofi Thanhauser.2022-01-25 A NEW YORKER BEST BOOK OF THE YEAR • A sweeping and captivatingly told history of clothing and the stuff it is made of—an unparalleled deep-dive into how everyday garments have transformed our lives, our societies, and our planet. “We learn that, if we were a bit more curious about our clothes, they would offer us rich, interesting and often surprising insights into human history...a deep and sustained inquiry into the origins of what we wear, and what we have worn for the past 500 years. —The Washington Post In this panoramic social history, Sofi Thanhauser brilliantly tells five stories—Linen, Cotton, Silk, Synthetics, Wool—about the clothes we wear and where they come from, illuminating our world in unexpected ways. She takes us from the opulent court of Louis

XIV to the labor camps in modern-day Chinese-occupied Xinjiang. We see how textiles were once dyed with lichen, shells, bark, saffron, and beetles, displaying distinctive regional weaves and knits, and how the modern Western garment industry has refashioned our attire into the homogenous and disposable uniforms popularized by fast-fashion brands. Thanhauser makes clear how the clothing industry has become one of the planet's worst polluters and how it relies on chronically underpaid and exploited laborers. But she also shows us how micro-communities, textile companies, and clothing makers in every corner of the world are rediscovering ancestral and ethical methods for making what we wear. Drawn from years of intensive research and reporting from around the world, and brimming with fascinating stories, *Worn* reveals to us that our clothing comes not just from the countries listed on the tags or ready-made from our factories. It comes, as well, from deep in our histories.

Finding the Houses that Sears Built Rosemary Fuller

Thornton.2004-01-01 Sears offered more than 370 designs of kit homes from 1908- 1940, but nationally known Sears House expert Rosemary Thornton has discovered that Sears had 60 best-selling designs. In her new book she writes, If you learn how to identify these 60 designs, you'll discover about 60% of the Sears Homes in your community. *Finding the Houses That Sears Built* contains more than 190 graphics and photos, as well as comprehensive, detailed and fascinating information on how to identify these 60 best selling designs. Each housing style is given two full pages in this 8.5 x 11-inch book. One page shows the house as it originally appeared in the Sears Modern Homes catalog (with house details and floor plans). An opposing page has two high quality photos of existing Sears Homes. In preparing to write this captivating book, Rose photographed more than 1500 homes in 11 states. *Finding the Houses That Sears Built* represents more than five years of intensive research, documentation, travel and study.

Reprint of the 1913 Edition. Full facsimile of the original edition and not reproduced with Optical Recognition Software.

Reproduced from a rare 1913 edition, this volume features 112 designs for homes of comfort and refinement. These authentic plans offer a wealth of information on building materials and other details, along with external views, floor plans, descriptions with prices, and more. Sears Modern Homes were catalog and kit houses sold primarily through mail order by Sears, Roebuck and Co., an American retailer. Sold primarily to customers in East Coast and Midwest states, Sears homes have been located as far south as Florida and as far west as California. Examples have also been found in Alaska and Canada. Sears reported that more than 70,000 of these homes were sold in North America between 1908 and 1940. More than 370 different home designs in a wide range of architectural styles and sizes were offered over the program's 34-year history. Sears Modern Homes offered the latest technology available to house buyers in the early part of the twentieth century. Central heating, indoor plumbing, and electricity were all new developments in house design that Modern Homes incorporated, although not all of the houses were designed with these conveniences. Primarily shipped via railroad boxcars, these kits included most of the materials needed to build a house. Once delivered, many of these houses were assembled by the new homeowner, relatives, friends and neighbors, in a fashion similar to the traditional barn-raising of farming families. Other homeowners relied on local carpenters or contractors to assemble the houses. In some cases, Sears provided construction services to assemble the homes. Some builders and companies purchased homes directly from Sears to build as model homes, speculative homes or homes for customers or employees.

detailed floor plans, measurements, and a photograph of completed dwelling.

The Radford American Homes Radford Architectural Company.1903

Modern Architecture Otto Wagner.1988 In 1896, Otto Wagner's *Modern Architecture* shocked the European architectural community with its impassioned plea for an end to eclecticism and for a modern style suited to contemporary needs and ideals, utilizing the nascent constructional technologies and materials. Through the combined forces of his polemical, pedagogical, and professional efforts, this determined, newly appointed professor at the Vienna Academy of Fine Arts emerged in the late 1890s - along with such contemporaries as Charles Rennie Mackintosh in Glasgow and Louis Sullivan in Chicago - as one of the leaders of the revolution soon to be identified as the Modern Movement. Wagner's historic manifesto is now presented in a new English translation - the first in almost ninety years - based on the expanded 1902 text and noting emendations made to the 1896, 1898, and 1914 editions. In his introduction, Dr. Harry Mallgrave examines Wagner's tract against the backdrop of nineteenth-century theory, critically exploring the affinities of Wagner's revolutionary élan with the German eclectic debate of the 1840s, the materialistic tendencies of the 1870s and 1880s, and the emerging cultural ideology of modernity. *Modern Architecture* is one of those rare works in the literature of architecture that not only proclaimed the dawning of a new era, but also perspicaciously and cogently shaped the issues and the course of its development; it defined less the personal aspirations of one individual and more the collective hopes and dreams of a generation facing the sanguine promise of a new century

Sears Modern Homes 1913 Introduction

In today's digital age, the availability of Sears Modern Homes 1913 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Sears Modern Homes 1913 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Sears Modern Homes 1913 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to

purchase several of them for educational or professional purposes. By accessing Sears Modern Homes 1913 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Sears Modern Homes 1913 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This

*Downloaded from
gws.ala.org on 2020-10-29
by guest*

ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sears Modern Homes 1913 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sears Modern Homes 1913 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the

public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sears Modern Homes 1913 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient

*Downloaded from
[gws.ala.org](https://www.gutenberg.org) on 2020-10-29

means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Sears Modern Homes 1913 books and manuals for download and embark on your journey of knowledge?

FAQs About Sears Modern Homes 1913 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user

reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader?

Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sears Modern Homes 1913 is one of the best book in our library for free trial. We provide copy of Sears

Find Sears Modern Homes 1913

Free ebooks are available on every different subject you can think of in both fiction and non-fiction. There are free ebooks available for adults and kids, and even those tween and teenage readers. If you love to read but hate spending money on books, then this is just what you're looking for. BookBub is another website that will keep you updated on free Kindle books that are currently available. Click on any book title and you'll get a synopsis and photo of the book cover as well as the date when the book will stop being free. Links to where you can download the book for free are included to make it easy to get your next free eBook. As archived from www.archive.org/details/gws.ala.org on 2020-10-29

you can retrieve books from the Internet Archive that are no longer available elsewhere. This is a not for profit online library that allows you to download free eBooks from its online library. It is basically a search engine for that lets you search from more than 466 billion pages on the internet for the obsolete books for free, especially for historical and academic books. Project Gutenberg (named after the printing press that democratized knowledge) is a huge archive of over 53,000 books in EPUB, Kindle, plain text, and HTML. You can download them directly, or have them sent to your preferred cloud storage service (Dropbox, Google Drive, or Microsoft OneDrive). From romance to mystery to drama, this website is a good source for all sorts of free e-books. When you're making a selection, you can go through reviews and ratings for each book. If you're looking for a wide variety of books in various categories, check out this site. After more than 30 years

\$domain continues as a popular, proven, low-cost, effective marketing and exhibit service for publishers large and small. \$domain book service remains focused on its original stated objective - to take the experience of many years and hundreds of exhibits and put it to work for publishers. \$domain Public Library provides a variety of services available both in the Library and online. ... There are also book-related puzzles and games to play. All the books are listed down a single page with thumbnails of the cover image and direct links to Amazon. If you'd rather not check Centsless Books' website for updates, you can follow them on Twitter and subscribe to email updates. Although this program is free, you'll need to be an Amazon Prime member to take advantage of it. If you're not a member you can sign up for a free trial of Amazon Prime or wait until they offer free subscriptions, which they do from time to time for special groups of people like moms or students.
