**An Introduction to Law** Phil Harris.2006-12-14 Since the publication of its first edition, this textbook has become the definitive student introduction to the subject. As with earlier editions, the seventh edition gives a clear understanding of fundamental legal concepts and their importance within society. In addition, this book addresses the ways in which rules and the structures of law respond to and impact upon changes in economic and political life. The title has been extensively updated and explores recent high profile developments such as the Civil Partnership Act 2005 and the Racial and Religious Hatred Bill. This introductory text covers a wide range of topics in a clear, sensible fashion giving full context to each. For this reason *An Introduction to Law* is ideal for all students of law, be they undergraduate law students, those studying law as part of a mixed degree, or students on social sciences courses which offer law options.

**Challenged Justice: In Pursuit of Judicial Independence** Shimon Shetreet,Hiram Chodosh,Helland Eric.2021-08-24 The book offers articles by senior jurists on important aspects of judicial independence and judicial process in many jurisdictions, including indicators of justice. *Social Research in the Judicial Process* Wallace D. Loh.1984-09-17 How to inform the judicial mind,

Justice Frankfurter remarked during the school desegregation cases, is one of the most complicated problems. Social research is a potential source of such information. Indeed, in the 1960s and 1970s, with activist courts at the forefront of social reform, the field of law and social science came of age. But for all the recent activity and scholarship in this area, few books have attempted to create an intellectual framework, a systematic introduction to applied social-legal research. *Social Research in the Judicial Process* addresses this need for a broader picture. Designed for use by both law students and social science students, it constructs a conceptual bridge between social research (the realm of social facts) and judicial decision making (the realm of social values). Its unique casebook format weaves together judicial opinions, empirical studies, and original text. It is a process-oriented book that teaches skills and perspectives, cultivating an informed sensitivity to the use and misuse of psychology, social psychology, and sociology in appellate and trial adjudication. Among the social-legal topics explored are school desegregation, capital punishment, jury impartiality, and eyewitness identification. This casebook is remarkable for its scope, its accessibility, and the intelligence of its conceptual integration. It provides the kind of interdisciplinary teaching framework that should eventually help lawyers to make knowledgeable use of social research, and social scientists to conduct useful research within a legally sophisticated context.

**Performing Judicial Authority in the Lower Courts** Sharyn Roach Anleu, Kathy Mack. 2017-05-10

Judicial authority is constituted by everyday practices of individual judicial officers, balancing the obligations of formal law and procedure with the distinctive interactional demands of lower courts. *Performing Judicial Authority in the Lower Courts* draws on extensive original, independent empirical data to identify different ways judicial officers approach and experience their work. It theorizes the meanings of these variations for the legitimate performance of judicial authority. The central theoretical and empirical finding presented in this book is the incomplete fit between conventional norms of judicial performance, emphasizing detachment and impersonality, and the practical, day-to-day judicial work in high volume, time-pressured lower courts. Understanding the judicial officer as the crucial link between formal abstract law, the legal institution of the court and the practical tasks of the courtroom, generates a more complete theory of judicial legitimacy which includes the manner in which judicial officers present themselves and communicate their decisions in court.

**Judicial Decision-Making in a Globalised World** Elaine Mak.2014-07-04 Why do judges study legal sources that originated outside their own national legal system, and how do they use arguments from these sources in deciding domestic cases? Based on interviews with judges, this book presents the inside story of how judges engage with international and comparative law in the highest courts of the United Kingdom, Canada, the United States, France and the Netherlands. A comparative analysis of the views and experiences of the judges clarifies how the decision-making of these Western courts has developed in light of the internationalisation of law and the increased opportunities for transnational judicial communication. While the qualitative analysis reveals the motives that judges claim for using foreign law and the influence of 'globalist' and 'localist' approaches to judging, the author also finds suggestions of a convergence of practices between the courts that are the subject of this study. This empirical analysis is complemented by a constitutional-theoretical inquiry into the procedural and substantive factors of legal evolution, which enable or

constrain the development and possible convergence of highest courts' practices. The two strands of the analysis are connected in a final contextual reflection on the future development of the role of Western highest courts.

*Cross-Border Litigation in Europe* Paul Beaumont, Mihail Danov, Katarina Trimmings, Burcu Yüksel. 2017-11-16 This substantial and original book examines how the EU Private International Law (PIL) framework is functioning and considers its impact on the administration of justice in cross-border cases within the EU. It grew out of a major project (ie EUPILLAR: European Union Private International Law: Legal Application in Reality) financially supported by the EU Civil Justice Programme. The research was led by the Centre for Private International Law at the University of Aberdeen and involved partners from the Universities of Freiburg, Antwerp, Wrocław, Leeds, Milan and Madrid (Complutense). The contributors address the specific features of cross-border disputes in the EU by undertaking a comprehensive analysis of the Court of Justice of the EU (CJEU) and national case law on the Brussels I, Rome I and II, Brussels Iia and Maintenance Regulations. Part I discusses the development of the EU PIL framework. Part II contains the national reports from 26 EU Member States. Parts III (civil and commercial) and IV (family law) contain the CJEU case law analysis and several cross-cutting chapters. Part V briefly sets the agenda for an institutional reform which is necessary to improve the effectiveness of the EU PIL regime. This comprehensive research project book will be of interest to researchers, students, legal practitioners, judges and policy-makers who work, or are interested, in the field of private international law.

**Her Honor** LaDoris Hazzard Cordell. 2021-10-26 In *Her Honor*, Judge LaDoris Hazzard Cordell provides a rare and thought-provoking insider account of our legal system, sharing vivid stories of the cases that came through her courtroom and revealing the strengths, flaws, and much-needed changes within our courts. Judge Cordell, the first African American woman to sit on the Superior Court of Northern California, knows firsthand how prejudice has permeated our legal system. And yet, she believes in the system. From ending school segregation to legalizing same-sex marriage, its

progress relies on legal professionals and jurors who strive to make the imperfect system as fair as possible. Her Honor is an entertaining and provocative look into the hearts and minds of judges. Cordell takes you into her chambers where she haggles with prosecutors and defense attorneys and into the courtroom during jury selection and sentencing hearings. She uses real cases to highlight how judges make difficult decisions, all the while facing outside pressures from the media, law enforcement, lobbyists, and the friends and families of the people involved. Cordell's candid account of her years on the bench shines light on all areas of the legal system, from juvenile delinquency and the shift from rehabilitation to punishment, along with the racial biases therein, to the thousands of plea bargains that allow our overburdened courts to stay afloat—as long as innocent people are willing to plead guilty. There are tales of marriages and divorces, adoptions, and contested wills—some humorous, others heartwarming, still others deeply troubling. Her Honor is for anyone who's had the good or bad fortune to stand before a judge or sit on a jury. It is for true-crime junkies and people who vote in judicial elections. Most importantly, this is a book for anyone who wants to know what our legal system, for better or worse, means to the everyday lives of all Americans.

**Questions & Answers** Patrick Emery Longan.2007

**The Use of Courtrooms in U.S. District Courts, Federal Judicial Center, July 18, 2008** .2008

**How Judges Sentence** Geraldine Mackenzie.2005 How do judges sentence? This question is frequently asked but infrequently explored. What factors are taken into account? How do judges see their role? How do they apply the aims and purposes of sentencing? How are factors such as public opinion taken into account? How Judges Sentence explores these questions through interviews with Queensland judges. The judges explain how they come to their decisions when sentencing, how they view judicial discretion, and how they exercise it. The book carefully examines their comments

within the legislative and theoretical contexts of sentencing. The analysis yields valuable insights into judicial methodologies, perceptions, and attitudes towards the sentencing process. *How Judges Sentence* provides a major contribution to debates on sentencing.

*Trends in the Judiciary* Wendell C. Wallace, Michael M. Berlin, Dilip K. Das. 2021-12-30 *Trends in the Judiciary: Interviews with Judges from Across the Globe, Volume Four*, provides insights into the lives, working environments, and social milieus of a select group of judges. These legal luminaries, often viewed as pedantic in their ontology, serve the crucial role of preserving the human rights of individuals. This text offers detailed data emanating from the narratives of judges who were interviewed by a wide range of academicians, from emerging and mid-career scholars to professionals and established professors. The narratives of the judges are interspersed with research data and country details in an effort to enhance the knowledge base of the readership. Judges from Asia, Africa, the Caribbean, Europe, the Pacific Islands, New Zealand, North America, and South America all contributed to this text by sharing information on their careers as well as insights as they traversed their profession. The readership of this manuscript will experience the thought processes of judges in relation to the social, cultural, economic, and political context of their respective nations and the gender issues, subtle attempts at juridical control, dealing with powerful criminals, and the lives of judges who have other interests besides interpreting and applying the law. The international, cross-cultural perspectives presented in this book should be of significant interest to academics, practitioners, students, criminologists, and the criminal justice community, and those interested in comparative legal studies across the globe.

**Appointing Judges in an Age of Judicial Power** Peter H. Russell, Kate Malleson. 2006-01-01 The main aim of this volume is to analyse common issues arising from increasing judicial power in the

context of different political and legal systems, including those in North America, Africa, Europe, Australia, and Asia.

*Corporate Crime* Eileen Regen Larence.2010-05

**The Power of the Supreme People's Court** Ding Qi.2019-08-09 This book explores the recent development of the Supreme People's Court of China, the world's largest highest court. Recognizing that its approach to exercising power in an authoritarian context has presented a challenge to the understanding of judicial power in both democratic and non-democratic legal settings, it captures the essence of the Court through its institutional design as well as functional practice. It argues that regardless of the deep-seated political and institutional constraints, the Court has demonstrated a highly pragmatic interest in fulfilling its primary functions and prudently expanding judicial power in the context of reform-era China. This notwithstanding, it also discusses how the Court's incompetence and reluctance to challenge the bureaucratism and politicization suggests that the call for an impartial and authoritative judicial power will continue to be jeopardized while the Court operates in the shadow of Party authority and lacks meaningful checks and balances. Drawing on the experience of the Court, this book reflects on some deep-rooted misunderstandings of legal development in China, providing a source of inspiration for reconceptualizing the internal logic of a distinct category of judicial power.

*Race, Gender, Sexuality, and the Politics of the American Judiciary* Samantha L. Hernandez, Sharon A. Navarro.2018-11-29 The judicial system in a liberal democracy is deemed to be an independent branch of government with judges free from political agendas or societal pressures. In reality, judges are often influenced by their economic and social backgrounds, gender, race, religion, and sexuality. This volume explores the representation of different identities in the judiciary in the

United States. The contributors investigate the pipeline, ambition, institutional inclusion, retention, and representation of groups previously excluded from federal, state, and local judiciaries. This study demonstrates how diversity on the bench improves the quality of justice, bolsters confidence in the legitimacy of the courts, and provides a vital voice in decision-making power for formerly disenfranchised populations.

*Emotions in Late Modernity* Roger Patulny, Alberto Bellocchi, Rebecca E. Olson, Sukhmani Khorana, Jordan McKenzie, Michelle Peterie. 2019-01-31 This international collection discusses how the individualised, reflexive, late modern era has changed the way we experience and act on our emotions. Divided into four sections that include studies ranging across multiple continents and centuries, *Emotions in Late Modernity* does the following: Demonstrates an increased awareness and experience of emotional complexity in late modernity by challenging the legal emotional/rational divide; positive/negative concepts of emotional valence; sociological/ philosophical/psychological divisions around emotion, morality and gender; and traditional understandings of love and loneliness. Reveals tension between collectivised and individualised-privatised emotions in investigating 'emotional sharing' and individualised responsibility for anger crimes in courtrooms; and the generation of emotional energy and achievement emotions in classrooms. Debates the increasing mediation of emotions by contrasting their historical mediation (through texts and bodies) with contemporary digital mediation of emotions in classroom teaching, collective mobilisations (e.g. riots) and film and documentary representations. Demonstrates reflexive micro and macro management of emotions, with examinations of the 'politics of fear' around asylum seeking and religious subjects, and collective commitment to climate change mitigation. The first collection to investigate the changing nature of emotional experience in contemporary times, *Emotions in Late*

Modernity will appeal to students and researchers interested in fields such as sociology of emotions, cultural studies, political science and psychology. **Selecting International Judges** Ruth Mackenzie.2010-06-17 International courts are called upon to decide upon an increasingly wide range of issues of global importance, yet public knowledge of international judges and the process by which they are appointed remains very limited. Drawing on extensive empirical research, this book explains how the judges who sit on international courts are selected.

*Decolonizing the Criminal Question* Ana Aliverti, Henrique Carvalho, Anastasia Chamberlen, Professor of Sociology of Law and Criminology Máximo Sozzo.2023-06-08 Within the discipline of criminology and criminal justice, relatively little attention has been paid to the relationship between criminal law, punishment, and imperialism, or the contours and exercise of penal power in the Global South. *Decolonizing the Criminal Question* is the first work of its kind to comprehensively place colonialism and its legacies at the heart of criminological enquiry. By examining the reverberations of colonial history and logics in the operation of penal power, this volume explores the uneasy relationship between criminal justice and colonialism, bringing relevance of these legacies in criminological enquiries to the forefront of the discussion. It invites and pursues a better understanding of the links between imperialism and colonialism on the one hand, and nationalism and globalisation on the other, by exposing the imprints of these links on processes of marginalisation, racialisation, and exclusion that are central to contemporary criminal justice practices. Covering a range of jurisdictions and themes, *Decolonizing the Criminal Question* details how colonial and imperial

domination relied on the internalization of hierarchies and identities -- for example, racial, geographical, and geopolitical -- of both the colonized and the colonizer, and shaped their subjectivity through imageries, discourses, and technologies. Offering innovative, conceptual, and methodological approaches to the study of the criminal question, this work is an essential read for scholars not only focused on criminology and criminal justice, but also for scholars in law, anthropology, sociology, politics, history, and a range of other disciplines in the humanities and social sciences. *Decolonizing the Criminal Question* is an open access title available under the terms of a CC BY-NC-ND 4.0 International licence. It is free to download from OUP and selected open access locations.

*Child Exploitation and Trafficking* Virginia M. Kendall, T. Markus Funk. 2016-12-21 Each year, more than two million children around the world fall victim to commercial sexual and labor exploitation. Put simply, the growing epidemic of child exploitation demands a coordinated response. In addition to compliance concerns raised by the Foreign Corrupt Practices Act (FCPA), UK Bribery Act, and other more familiar transnational anti-corruption laws, today's companies must also respond to more novel legal requirements, such as those contained in the California Transparency in Supply Chains Act, Federal Acquisition Regulations on Trafficking in Persons in Federal Contracts, U.K. Modern Slavery Act of 2015, European Union's Directive on Transparency and its amendments, and the proposed federal Business Transparency in Trafficking and Slavery Act and other laws. This Second Edition of *Child Exploitation and Trafficking: Examining Global Enforcement and Supply Chain Challenges and U.S. Responses* brings fresh, practical thinking to this oft-misunderstood area of the law, helping erase some of its counterproductive mythology. The book not only provides the first comprehensive, practical introduction to the history and present-day reality of child exploitation and

supply chain issues, but it also traces the interconnected web of domestic and transnational federal laws and law enforcement efforts launched in response thereto. The Second Edition not only is updated to reflect the latest trends and other development presented by two of the premier experts concerning this constantly-evolving field, but it also contains new chapters examining areas such as special issues in the fight against human trafficking and the raft of landmark anti-trafficking laws that herald a new compliance reality for the globe's business community. Written from the distinctive perspective of those who have spent their careers in the trenches investigating, prosecuting, and adjudicating these intricate, emotional cases, as well as those who are tasked with ensuring that products are free from the taint of child exploitation and force labor, the book is uniquely proscriptive, as well as descriptive, in the sense that it relies on real-world examples to serve up practical advice and reform proposals for those involved at all levels of this challenging area.

**Justice Alternatives** Pat Carlen, Leandro Ayres França. 2019-07-11 Justice is one of the most debated and reinterpreted of concepts within the fields of law, criminology and criminal justice. Bringing together 35 leading thinkers, analysts and campaigners from around the world, this collection presents a range of on-going struggles for justice from abolitionist, transitional, transformative, indigenous, green and restorative perspectives. Against a background of contemporary concerns about dark money, plutocracies and populism, these chapters raise questions about the relationships between social justice and criminal justice and between democracy, knowledge and justice. Overall, the chapters also demonstrate the breadth, variety and vibrancy of contemporary criminology and include, amongst other cutting-edge contributions, chapters by John Braithwaite, Michelle Brown, Ian Loader, Pat O'Malley, Joe Sim, Susanne Karstedt,

Phil Scraton, Richard Sparks, Loïc Wacquant and Sandra Walklate. Justice Alternatives is essential reading for students of criminology, criminal justice and law, as well as for other scholars and activists concerned about social justice, policing, courts, imprisonment, mass supervision, rights and privatized justice. The book's emphasis upon the importance of imagination, experimentation, innovation and debate aims to promote an optimism that there are always alternatives to inequality, domination and oppression.

**Victim Advocacy in the Courtroom** Mary Lay Schuster, Amy D. Proppen. 2011 This volume examines sentencing hearings in criminal court and the presentation of victim impact statements, as well as child protection cases in juvenile court and the recommendations of guardians ad litem (GALS). Through interviews, observations, and textual analysis, all deeply grounded in an innovative court watch program, the authors illuminate the most effective persuasive practices of victim advocates and GALS as they help protect the rights and needs of victims of domestic violence, sexual assault, and child abuse. Mary Lay Schuster and Amy D. Proppen offer nuanced interpretations of these strategies in the courtroom setting and provide an understanding of how to develop successful advocacy for vulnerable parties in the legal arena.

*Conversations with RBG* Jeffrey Rosen.2019-11-05 In her own words, Ruth Bader Ginsburg offers an intimate look at her life and career, through an extraordinary series of conversations with the head of the National Constitution Center. This remarkable book presents a unique portrait of Justice Ruth Bader Ginsburg, drawing on more than twenty years of conversations with Jeffrey Rosen, starting in the 1990s and continuing through the Trump era. Rosen, a veteran legal journalist, scholar, and president of the National Constitution Center, shares with us the justice's observations on a variety of topics, and her intellect, compassion, sense of humor, and humanity shine through. The affection they have for each other as friends is apparent in their banter and in their shared love for the Constitution—and for opera. In *Conversations with RBG*, Justice Ginsburg discusses the future of *Roe v. Wade*, her favorite dissents, the cases she would most like to see overruled, the #MeToo movement, how to be a good listener, how to lead a productive and compassionate life, and of course the future of the Supreme Court itself. These frank exchanges illuminate the steely determination, self-mastery, and wit that have inspired Americans of all ages to embrace the woman known to all as “Notorious RBG.” Whatever the topic, Justice Ginsburg always has something interesting—and often surprising—to say. And while few of us will ever have the opportunity to chat with her face-to-face, Jeffrey Rosen brings us by her side as never before. *Conversations with RBG* is a deeply felt portrait of an American hero.

*Europeanization of Judicial Review* Nicola Ch Corkin.2014-11-13 *Europeanization of Judicial Review* argues that the higher complexity of the political framework in which laws are made today leads to less well-designed laws and loop-holes, allowing politicians to leave decisions to the courts. The higher complexity of the political framework is a result of the need in the EU to consider both national and European legal and political rules when phrasing new laws. Both to decrease the

complexity in the design of legislation and to preserve the ideal of the rule of law, the courts now are more likely to rule laws unconstitutional. The book employs a wide range of quantitative and qualitative methods to collect new data about the German, Austrian, and Italian constitutional courts over the last four decades. These three courts have a comparable history, theoretical background, and structure while differing in two key components: length of EU membership and legitimacy perception. Corkin employs multi-method research based on over fifty interviews with judges, politicians and civil servants; content analysis of abstract judicial review cases over three decades; and a database of over 300 variables relating to the courts and their surroundings. Her data reveals that in abstract judicial review, and in the wider political arena, political culture has become more confrontational due to attitude changes in politicians and judges. These attitude changes can be directly linked to the EU and have wide-ranging implications for legitimacy, democracy and political methodology. Presenting a bridge between the revitalized realist and legalist debate, *Europeanization of Judicial Review* will contribute to socio-legal theory, literature on comparative courts, and both new institutionalism and Europeanization theory.

The book examines the place held by female judges at home and women's place in society as a whole, and investigates gender equality, women's agencies, emancipation, and empowerment in

the contemporary China. Based on data resulting from original research, this book provides a much-needed contribution to contemporary women's studies.
