There Was a Country Chinua Achebe.2012-10-11 From the legendary author of *Things Fall Apart*—a long-awaited memoir of coming of age in a fragile new nation, and its destruction in a tragic civil war For more than forty years, Chinua Achebe maintained a considered silence on the events of the Nigerian civil war, also known as the Biafran War, of 1967–1970, addressing them only obliquely through his poetry. Decades in the making, *There Was a Country* is a towering account of one of modern Africa's most disastrous events, from a writer whose words and courage left an enduring stamp on world literature. A marriage of history and memoir, vivid firsthand observation and decades of research and reflection, *There Was a Country* is a work whose wisdom and compassion remind us of Chinua Achebe's place as one of the great literary and moral voices of our age.

Immaterial Archives Jenny Sharpe.2020-03-15 In this innovative study, Jenny Sharpe moves beyond the idea of art and literature as an alternative archive to the historical records of slavery and its aftermath. *Immaterial Archives* explores instead the intangible phenomena of affects, spirits, and dreams that Caribbean artists and writers introduce into existing archives. Through the works of Frantz Zéphirin, Edouard Duval-Carrié, M. NourbeSe Philip, Erna Brodber, and Kamau Brathwaite, *Immaterial Archives* examines silences as black female spaces, Afro-Creole sacred worlds as diasporic cartographies, and the imaginative conjoining of spirits with industrial technologies as disruptions of enlightened modernity.

Arts of Living on a Damaged Planet Anna Lowenhaupt Tsing,Nils Bubandt,Elaine Gan,Heather Anne Swanson.2017-05-30 Living on a damaged planet challenges who we are and where we live. This timely anthology calls on twenty eminent humanists and scientists to revitalize curiosity, observation, and transdisciplinary conversation about life on earth. As human-induced environmental change threatens multispecies livability, *Arts of Living on a Damaged Planet* puts forward a bold proposal: entangled histories, situated narratives, and thick descriptions offer urgent “arts of living.” Included are essays by scholars in anthropology, ecology, science studies, art, literature, and bioinformatics who posit critical and creative tools for collaborative survival in a more-than-human Anthropocene. The essays are organized around two key figures that also serve as the publication’s two openings: Ghosts, or landscapes haunted by the violences of modernity; and Monsters, or interspecies and intraspecies sociality. Ghosts and Monsters are tentacular, windy, and arboreal arts that invite readers to encounter ants, lichen, rocks, electrons, flying foxes, salmon, chestnut trees, mud volcanoes, border zones, graves, radioactive waste—in short, the wonders and terrors of an unintended epoch. Intersecting Film, Music, and Queerness Jack Curtis Dubowsky.2016-04-08 *Intersecting Film, Music, and Queerness* uses musicology and queer theory to uncover meaning and message in canonical American cinema. This study considers how queer readings are reinforced or nuanced through analysis of musical score. Taking a broad approach to queerness that questions heteronormative and homonormative patriarchal structures, binary relationships, gender assumptions and anxieties, this book challenges existing interpretations of what is progressive and what is retrogressive in cinema. Examined films include *Bride of Frankenstein*, *Louisiana Story*, *Rudolph the Red-Nosed Reindeer*, *Blazing Saddles*, *Edward Scissorhands*, *Brokeback Mountain*, *Boys Don't Cry*, *Transamerica*, *Thelma & Louise*, *Go Fish* and *The Living End*, with special attention given to films that subvert or complicate genre. Music is analyzed with concern for composition, intertextual references, absolute musical structures, song lyrics, recording, arrangement, and performance issues. This multidisciplinary work, featuring groundbreaking research, analysis, and theory, offers new close readings and a model for future scholarship.

Dear Life Rachel Clarke.2020-01-23 'What a remarkable book this is; tender, funny, brave, heartfelt, radiant with love and life, and with the love of life. It brought me often to laughter and - several times - to tears' Robert Macfarlane From the Sunday Times bestselling author of *Your Life in My Hands* comes this vibrant, tender and deeply personal memoir that finds light and love in the darkest of places. As a specialist in palliative medicine, Dr Rachel Clarke chooses to inhabit a place many people would find too tragic to contemplate. Every day she tries to bring care and comfort to those reaching the end of their lives and to help make dying more bearable. Rachel's training was put to the test in 2017 when her beloved GP father was diagnosed with terminal cancer. She learned that nothing - even the best palliative care - can sugar-coat the pain of losing someone you love. And yet,

she argues, in a hospice there is more of what matters in life - more love, more strength, more kindness, more joy, more tenderness, more grace, more compassion - than you could ever imagine. For if there is a difference between people who know they are dying and the rest of us, it is simply this: that the terminally ill know their time is running out, while we live as though we have all the time in the world. *Dear Life* is a book about the vital importance of human connection, by the doctor we would all want by our sides at a time of crisis. It is a love letter - to a father, to a profession, to life itself.

[Pearl Harbor to Guadalcanal](#) Frank O. Hough, Verle E. Ludwig, Henry I. Shaw, Jr..2013-01-12 This book, "Pearl Harbor to Guadalcanal: History of U. S. Marine Corps Operations in World War II, Volume I," covers Marine Corps participation through the first precarious year of World War II, when disaster piled on disaster and there seemed no way to check Japanese aggression. Advanced bases and garrisons were isolated and destroyed; Guam, Wake, and the Philippines. The sneak attack on Pearl Harbor, "day that will live in infamy," seriously crippled the U. S. Pacific Fleet; yet that cripple rose to turn the tide of the entire war at Midway. Shortly thereafter, the U. S. Marines launched on Guadalcanal an offensive which was destined to end only on the home islands of the Empire. The country in general, and the Marine Corps in particular, entered World War II in a better state of preparedness than had been the case in any other previous conflict. But that is a comparative term and does not merit mention in the same sentence with the degree of Japanese preparedness. What the Marine Corps did bring into the way, however, was the priceless ingredient developed during the years of peace: the amphibious doctrines and techniques that made possible the trans-Pacific advance - and, for that matter, the invasion of North Africa and the European continent. By publishing this operations history in a durable form, it is hoped to make the Marine Corps record permanently available for the study of military personnel, the edification of the general public, and the contemplation of serious scholars of military history.

[Minor Histories](#) Mike Kelley.2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the blazing network of focused confluences from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in voices that grew out of scripts for performance pieces to expository critical and

autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. *Statements* consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including *Ajax*, which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; *Some Aesthetic High Points*, an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of creative writings that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. *Video Statements and Proposals* are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. *Image-Texts* offers writings that accompany or are part of artworks and installations. This section includes *A Stopgap Measure*, Kelley's zestful millennial essay in social satire, and *Meet John Doe*, a collage of appropriated texts. *Architecture* features an discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, *Ufology* considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

Walker's Appeal, with a Brief Sketch of His Life: And Also, Garnet's Address to the Slaves of the United States of America Henry Highland Garnet, David Walker. 2018-08-09 This superb book unites the abolitionist famous speeches of David Walker and Henry Highland Garnet - two famous African American campaigners opposing slavery in the 19th century. Filled with vociferous opposition, both campaigners condemn racism and hatred underpinning the perpetuation of slavery. Insight into feelings of the time are dispensed: it was dangerous to be abolitionist as it meant standing against powerful economic interests controlling the Southern states. Retaliation, violent or otherwise, was a constant possibility. Unlike abolitionists more ingratiated with the Establishment of the era, Walker and Garnet did not fear criticizing otherwise lauded figures such as President Thomas Jefferson. As well as owning slaves, Jefferson published his opinion that black people were inherently inferior, and that their place in shackles was justified. That this view be espoused by a recent leader of the United States indicated, for Walker and Garnet, an urgent need for vigorous, sustained opposition.

The American Yawp Joseph L. Locke, Ben Wright. 2019-01-22 I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world.—Walt Whitman, *Song of Myself*, *Leaves of Grass* *The American Yawp* is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. *The Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the

development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

The Leatherback Turtle James R. Spotila,Pilar Santidrián Tomillo.2015-10-30 The most comprehensive book ever written on leatherback sea turtles. Weighing as much as 2,000 pounds and reaching lengths of over seven feet, leatherback turtles are the world's largest reptile. These unusual sea turtles have a thick, pliable shell that helps them to withstand great depths—they can swim more than one thousand meters below the surface in search of food. And what food source sustains these goliaths? Their diet consists almost exclusively of jellyfish, a meal they crisscross the oceans to find. Leatherbacks have been declining in recent decades, and some predict they will be gone by the end of this century. Why? Because of two primary factors: human redevelopment of nesting beaches and commercial fishing. There are only twenty-nine index beaches in the world where these turtles nest, and there is immense pressure to develop most of them into homes or resorts. At the same time, longline and gill net fisheries continue to overwhelm waters frequented by leatherbacks. In *The Leatherback Turtle*, James R. Spotila and Pilar Santidrián Tomillo bring together the world's leading experts to produce a volume that reveals the biology of the leatherback while putting a spotlight on the conservation problems and solutions related to the species. The book leaves us with options: embark on the conservation strategy laid out within its pages and save one of nature's most splendid creations, or watch yet another magnificent species disappear.

M Train Patti Smith.2015-10-06 NATIONAL BESTSELLER • From the National Book Award-winning author of *Just Kids*: a “sublime collection of true stories ... and wild imaginings that take us to the very heart of who Patti Smith is” (*Vanity Fair*), told through the cafés and haunts she has worked in around the world. Patti Smith calls this bestselling work “a roadmap to my life.” *M Train* begins in the tiny Greenwich Village café where Smith goes every morning for black coffee, ruminates on the world as it is and the world as it was, and writes in her notebook. Through prose that shifts fluidly between dreams and reality, past and present, we travel to Frida Kahlo's Casa Azul in Mexico; to the fertile moon terrain of Iceland; to a ramshackle seaside bungalow in New York's Far Rockaway that Smith acquires just before Hurricane Sandy hits; to the West 4th Street subway station, filled with the sounds of the Velvet Underground after the death of Lou Reed; and to the graves of Genet, Plath, Rimbaud, and Mishima. Woven throughout are reflections on the writer's craft and on artistic creation. Here, too, are singular memories of Smith's life in Michigan and the irremediable loss of her husband, Fred Sonic Smith. Braiding despair with hope and consolation, illustrated with her signature Polaroids, *M Train* is a meditation on travel, detective shows, literature, and coffee. It is a powerful, deeply moving book by one of the most remarkable multiplatform artists at work today. Featuring a postscript with five new photos from Patti Smith
