**An Everyone Culture** Robert Kegan,Lisa Laskow Lahey.2016-03-01 A Radical New Model for Unleashing Your Company's Potential In most organizations nearly everyone is doing a second job no one is paying them for—namely, covering their weaknesses, trying to look their best, and managing other people's impressions of them. There may be no greater waste of a company's resources. The ultimate cost: neither the organization nor its people are able to realize their full potential. What if a company did everything in its power to create a culture in which everyone—not just select “high potentials”—could overcome their own internal barriers to change and use errors and vulnerabilities as prime opportunities for personal and company growth? Robert Kegan and Lisa Lahey (and their collaborators) have found and studied such companies—Deliberately Developmental Organizations. A DDO is organized around the simple but radical conviction that organizations will best prosper when they are more deeply aligned with people's strongest motive, which is to grow. This means going beyond consigning “people development” to high-potential programs, executive coaching, or once-a-year off-sites. It means fashioning an organizational culture in which support of people's development is woven into the daily fabric of working life and the company's regular operations, daily routines, and conversations. An Everyone Culture dives deep into the worlds of three leading companies that embody this breakthrough approach. It reveals the design principles, concrete practices, and underlying science at the heart of DDOs—from their disciplined approach to giving feedback, to how they use meetings, to the distinctive way that managers and leaders define their roles. The authors then show readers how to build this developmental culture in their own organizations. This book demonstrates a whole new way of being at work. It suggests that the culture you create is your strategy—and that the key to success is developing everyone.

Zero to IPO: Over \$1 Trillion of Actionable Advice from the World's Most Successful Entrepreneurs

Frederic Kerrest.2022-04-19 WALL STREET JOURNAL BESTSELLER From the cofounder of a \$40 billion software company comes an invaluable guide packed with \$1 trillion worth of advice from some of the world's most successful and recognizable entrepreneurs. Over the past 20 years, first as an early employee at Salesforce and later as a cofounder of Okta (a publicly traded software company now valued at over \$40 billion), Frederic Kerrest has met the most successful entrepreneurs and investors in Silicon Valley and beyond. He's discussed every angle of entrepreneurship with them—what works, what doesn't, and what to do when things get rough—and he's taken notes. The result is this unmatched blueprint for building and growing a business, drawn from his own experience as well as that of his fellow visionaries and business leaders, who have collectively built over \$1 trillion worth of wealth for themselves and their investors. They include Marc Andreessen and Ben Horowitz (Andreessen Horowitz), Eric Yuan (Zoom), Stewart Butterfield (Slack), Aneel Bhusri (Workday), Julia Hartz (Eventbrite), Aaron Levie (Box), Fred Luddy (ServiceNow), Melanie Perkins (Canva), Patty McCord (Netflix), Sebastian Thrun (Udacity), and dozens of other luminaries. These ideas and practices aren't taught in business schools. They've been learned the hard way, through trial and error in the real world of business. Kerrest has battle-tested them himself, so he knows their power. Organized by topic in roughly the order that leaders will encounter them as they scale their businesses, this book is the ultimate guide to taking a company all the way from founding to IPO—and beyond.

**The Wigwam Resort** Lance W. Burton.2007 The evolution of an arid desert area into the verdant oasis that is the Wigwam Resort was ultimately brought about by an unlikely crop needed by an important American corporation in the early 20th century. The crop was long-staple cotton and the corporation was the Goodyear Tire and Rubber Company. When the U.S. Department of Agriculture discovered that Arizona's Salt River Valley was an ideal location to domestically grow long-staple cotton, Goodyear purchased 16,000 acres in the desert west of Phoenix to cultivate the crop for their newly developed pneumatic tire. The company built a three-room lodge, originally called the Organization House, for the executives that came to oversee the farming operations. The location became a popular winter retreat within the company, and in 1929, Goodyear expanded the facilities and opened The Wigwam as a hotel. As the years progressed, amenities such as golf and fine dining were added, and the Wigwam Resort became one of the premier luxury destinations in the Southwest.
