

Versailles Le Jardin Des Statues

Dictionnaire Critique Et Documentaire Des Peintres, Sculpteurs, Dessinateurs & Graveurs de Tous Les Temps Et de Tous Les Pays: L-Z Emmanuel Bénézit.1924

A History of the Gardens of Versailles Michel Baridon.2008-08-27 The gardens of Versailles are perhaps the most famous in the world. The scale of the gardens is monumental, with a sense of openness to the horizon. They express the spirit of seventeenth-century science with their geometrical layout and with their interest in optics, evidenced by the reflecting mirrors of the water parterres and of the Grand Canal. The original park design, realized by Andr Le Ntre, the king himself, and a few advisers, has never been altered. Its main axis runs from east to west to celebrate the Sun King, and Louis XIV was so involved in the creation and maintenance of his gardens that he wrote *The Way to Present the Gardens of Versailles* to make sure that they were properly enjoyed. Michel Baridon traces the history of the gardens from their inception through the three centuries of eventful history that they have witnessed. He shows how Louis XIV's successor, Louis XV, made his own original contribution to the gardens at Trianon, and how Mique and Hubert Robert designed, also at Trianon, the English garden and the delightful village beloved by Marie Antoinette. An introduction stresses the cultural importance of the Versailles gardens, a chronology shows the stages of their growth and development, and later chapters discuss the contemporary challenges of conservation and historical interpretation. Beautifully illustrated with historical images and commissioned photographs, *A History of the Gardens of Versailles* provides visitors and enthusiasts with a guide to the legendary grounds.

Supplement to the Universal Catalogue of Books on Art National Art Library (Great Britain),Great Britain. Department of Science and Art.1877

Vaux and Versailles Stella Spriet,Claire Goldstein.2008-01-09 Goldstein shows how the connection between Vaux and Versailles is at the heart of classical style. She retraces the roots of Versailles in Fouquet's short-lived experiment, and destabilises any easy understanding of the court of the Sun King as the origin of French national style.

Bouchardon Anne-Lise Desmas,Édouard Kopp,Guilhem Scherf,Juliette Trey .2017-01-10 One of the most imaginative and fascinating artists of eighteenth-century France, Edme Bouchardon (1698-1762) was instrumental in the transition from Rococo to Neoclassicism and in the artistic rediscovery of classical antiquity. Much celebrated in his time, Bouchardon created some of the most iconic images of the age of Louis XV. His oeuvre demonstrates a remarkable variety of themes (from copies after the antique to subjects of history and mythology, portraiture, anatomical studies, ornament, fountains and tombs), media (drawings, sculptures, medals, prints), and techniques (chalk, plaster, wax, terracotta, marble, bronze). With five essays by experts on Bouchardon's sculpture and graphic arts, more than 140 catalogue entries, and a detailed chronology, this book aims to demonstrate the originality of Bouchardon's art within the cultural and social context of the period, while suggesting the subtle relationship between, as well as the relative autonomy of, the artist's two careers as a sculptor and a draftsman. This lavishly illustrated publication represents an unprecedented and thorough survey on this major and unique artist from the Age of Enlightenment, offering indepth scholarship based on unpublished material.

Dairy Queens Meredith Martin.2011-02-15 Though Meredith Martin is primarily an art historian, this book goes way beyond art history. It examines "pleasure dairies," built by the French aristocracy to be sites of leisure, healing, and simple luxury, from the vantage point of cultural studies as well as social and political history. The traditional historical narrative, still deeply resonant, is that these dairies were little more than frivolous excess or attempts to imagine "common life" by people so wealthy they could not even imagine poverty. But Martin complicates this picture. She examines the social, cultural, and political uses of these dairies, showing that they were in fact instrumental as sites that both reinforced and challenged definitions of femininity. The dairies provided strategic venues for noble women to assert their status and identity while at the same time appearing to retreat from power. They served the functions of a spa, where fresh milk and beautiful scenery helped women recover their health. They also are tangible evidence of the new valorization of country living, which was expressed also in political debates about improving the countryside and reforming the aristocracy, especially elite women.

The Sun King's Garden Ian Thompson.2006-10-31 Presents an illustrated account of the creation of one of the world's most dazzling and extensive gardens, the gardens at the palace of Versailles, noting the unique four-decade friendship between Louis XIV, the creator of the garden, and Andre Le Ntre, the gardener.

Paris and Its Environs, Displayed in a Series of Two Hundred Picturesque Views, from Original Drawings Augustus Pugin.1829

Cultivated Power Elizabeth Hyde.2005-03-07 Cultivated Power explores the collection, cultivation, and display of flowers in early modern France at the historical moment when flowering plants, many of which were becoming known in Europe for the first time, piqued the curiosity of European gardeners and botanists, merchants and ministers, dukes and kings. Elizabeth Hyde reveals how flowers became uniquely capable of revealing the curiosity, reason, and taste of those elite men who engaged in their cultivation. The cultural and increasingly political value of such qualities was not lost on royal panegyrists, who seized upon the new meanings of flowers in celebrating the glory of Louis XIV. Using previously unexplored archival sources, Hyde recovers the extent of floral plantations in the gardens of Versailles and the sophisticated system of nurseries created to fulfill the demands of the king's gardeners. She further examines how the successful cultivation of those flowers made it possible for Louis XIV to demonstrate that his reign was a golden era surpassing even that of antiquity. Cultivated Power expands our knowledge of flowers in European history beyond the Dutch tulip mania, and restores our understanding of the importance of flowers in the French classical garden. The book also develops a fuller perspective on the roles of gender, rank, and material goods in the age of the baroque. Using flowers to analyze the movement of culture in early modern society, Cultivated Power ultimately highlights the influence of curious florists on the taste of the king, and the extension of the cultural into the realm of the political.

Versailles Immortalisé Par Les Merveilles Parlantes des Bâtiments, Jardins, Bosquets, Parcs, Statues, Groupes, Termes, & Vases de marbre, de pierre, & de métaux, Pièces d'eaux, Tableaux & Peintures qui sont dans les Châteaux de Versailles, de Trianon, de la Ménagerie & de Marly Jean Baptiste de Monicart.1720

The Houses and Collections of the Marquis de Marigny Alden R. Gordon, Maria Leilani Gilbert, Elizabeth A. Spatz, Patricia A. Teter.2003 Between 1750 and his death in 1781, the Marquis de Marigny?brother of Madame de Pompadour, courtier to Louis XV, and one of eighteenth-century France's important patrons of art and architecture?amassed a collection that was broad in scope, progressive in taste, and exceptional in quality and provenance. This book offers a transcription of the exhaustive inventory of Marigny's estate together with an essay in which Alden R. Gordon not only sketches Marigny's life and times but also re-creates the interiors and grounds where the paintings, statues, books, household goods, and other property listed in the inventory were displayed and used. Also included are plans of Marigny's last four residences; lists of heirs, paintings, and

auction sales; transcriptions of shipping manifests and sales catalogs; indexes; and a glossary.

Jean Duchesne.2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1831 edition. Excerpt: ...deux enfans, Diane et Apollon. Elle traversait la Ljcie accablee de soif et de lassitude; avant apercu un etang dont l'eau paraissait claire, elle s'en approcha pour s'y desalterer. Deja elle s'etait posee sur ses genoux pour boire plus a son aise; mais des paysans, qui arrachaient les roseaux de l'etang, la repousserent avec brutalite et l'empacherent de boire. Ils ajouterent a leur refus quelques injures, et la menacerent meme de la maltraiter si elle ne s'eloignait. La deesse, alors tout emue, leva les mains vers le ciel et demanda la punition de ces paysans, qui furent a l'instant metamorphoses en grenouilles. Ce beau groupe de marbre blanc est du au ciseau de Baltazar de Marsy.il est au milieu de l'un des bassins du jardin de Versailles, sur la partie la plus elevee d'une estrade a plusieurs gradins en marbre rouge; autour sont disposees 74 figures de Lyciens, dans differens etats de metamorphose, et toutes jetant de l'eau vers la deesse, ce qui produit un des plus beaux effets d'eau de cette residence royale. Jean Edelinck a grave ce groupe en 1679. Haut., 5 pieds? D. 4. 684. LATONA AND HER CHILDREN. Constantly pursued by Juno, Latona had been obliged to quit the Island of Delos, where she had given birth to her two children, Apollo and Diana. She was crossing Lycia and was overpowered by thirst and fatigue: perceiving a pond whose water seemed clear, she approached to quench her drought. She had already knelt, to drink the more at her ease, when some peasants, who were gathering reeds in the pond, brutally drove her away and prevented her from...

Antiquarianism and the Visual Histories of Louis XIV Robert Wellington.2017-07-05

Antiquarianism and the Visual Histories of Louis XIV: Artifacts for a Future Past provides a new interpretation of objects and images commissioned by Louis XIV (1638-1715) to document his reign for posterity. The Sun King's image-makers based their prediction of how future historians would interpret the material remains of their culture on contemporary antiquarian methods, creating new

works of art as artifacts for a future time. The need for such items to function as historical evidence led to many pictorial developments, and medals played a central role in this. Coin-like in form but not currency, the medal was the consummate antiquarian object, made in imitation of ancient coins used to study the past. Yet medals are often elided from the narrative of the arts of ancient France, their neglect wholly disproportionate to the cultural status that they once held. This revisionary study uncovers a numismatic sensibility throughout the iconography of Louis XIV, and in the defining monuments of his age. It looks beyond the standard political reading of the works of art made to document Louis XIV's history, to argue that they are the results of a creative process wedded to antiquarianism, an intellectual culture that provided a model for the production of history in the grand siècle.

Sculpture Collections in Europe and the United States 1500-1930 .2021-04-26 Exploring the various forms taken by sculpture collections, this volume presents new research on collectors, modes of display, and the aesthetics of viewing sculpture, making a notable addition to the literature on the history of sculpture and art collecting as a cultural phenomenon.

Versailles, le jardin dévoilé François Chevalier,Gérard Denizeau.2012 C'est la grammaire des Jardins Italiens qui a fait naître le « génie de Versailles ». Par l'éducation reçue, par son amour pour Marie Mancini, par son goût pour les arts, Louis XIV a fait du château et du parc de Versailles une œuvre d'art. De Versailles émane une force spirituelle bien supérieure à la seule volonté propagandiste d'un souverain. C'est ce que ce guide se propose de mettre en lumière, au travers de l'histoire mythologique des statues, de leurs correspondances, de leurs associations. La première partie du livre permet au lecteur de comprendre les différentes motivations de Louis XIV et surtout de «se mettre en condition » pour déchiffrer les mécanismes de la pensée symbolique de l'époque. La seconde partie est le compagnon qui, pas à pas, accompagne le visiteur.
