The Future of Leadership Development Susan E. Murphy, Ronald E. Riggio. 2003 First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

The Myth of Lasgush Dr Kapurani, Anastas Kapurani. 2004 'That which puzzled and fascinated me whenever I met Lasgush was this sensation of the impossible. It was impossible to get on with him as you did with others. The moment you were at him, or rather, the moment you knocked at his door, suddenly all became another thing. There was another logic, another code, other words, wrapped up in another meaning. .when you went to Lasgush's, it was more than going abroad. You believed you dropped somewhere beyond our time, beyond the everyday way of looking at things. One more step and it looked as if you would cross the borders of life and would find yourself in Dante's nothingness. .He was unpredictable, corrosive like acid, creepy, startling. His laugh was like as if beyond our life, mirthless, and his sadness had no grief. As for his anger, it was such as well, luxurious, cold, whereas his contempt was radiating from afar, as if adorned with silver.' (Kadare, In My Studio. pp 207, 208, 209. My translation) -All this Saussurean lava of meaning has its own matchless 'crater' from where it erupts and reaches us time and again, endlessly. Lasgush's Word has its own individual suspension, chiselled by the hand of a true master. It is breathlessly succinct and, in all probability, on a par with the best ever created. Lasgush says that his Word is: 'Mystery that burns in a thread of lightning.' (My Fiery Tongue)

Mood in the Languages of Europe Björn Rothstein, Rolf Thieroff. 2010 This book is the first

comprehensive survey of mood in the languages of Europe. It gives readers access to a collection of data on mood. Each article presents the mood system of a specific European language in a way that readers not familiar with this language are able to understand and to interpret the data. The articles contain information on the morphology and semantics of the mood system, the possible combinations of tense and mood morphology, and the possible uses of the non-indicative mood(s). The papers address the explanation of mood from an empirical and descriptive perspective. This book is of interest to scholars of mood and modality, language contact, and areal linguistics and typology.

Chronicle in Stone Ismail Kadare.2011-07-01 Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

The Forty Rules of Love Elif Shafak.2010-02-18 In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel

narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on Sweet Blasphemy, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

History of the Yiddish Language Max Weinreich.2008-01-01 Max Weinreich's History of the Yiddish Language is a classic of Yiddish scholarship and is the only comprehensive scholarly account of the Yiddish language from its origin to the present. A monumental, definitive work, History of the Yiddish Language demonstrates the integrity of Yiddish as a language, its evolution from other languages, its unique properties, and its versatility and range in both spoken and written form. Originally published in 1973 in Yiddish by the YIVO Institute for Jewish Research and partially translated in 1980, it is now being published in full in English for the first time. In addition to his text, Weinreich's copious references and footnotes are also included in this two-volume set.

Philosophy of Nonsense Jean-Jacques Lecercle.2012-11-12 'Jean-Jacques Lecercle's remarkable Philosophy of Nonsense offers a sustained and important account of an area that is usually hastily dismissed. Using the resources of contemporary philosophy - notably Deleuze and Lyotard - he

manages to bring out the importance of nonsense' - Andrew Benjamin, University of Warwick Why are we, and in particular why are philosophers and linguists, so fascinated with nonsense? Why do Lewis Carroll and Edward Lear appear in so many otherwise dull and dry academic books? This amusing, yet rigorous new book by Jean-Jacques Lecercle shows how the genre of nonsense was constructed and why it has proved so enduring and enlightening for linguistics and philosophy.

David Strauss: The Confessor and the Writer Friedrich Nietzsche.2021-04-10 David Strauss: the Confessor and the Writer attacks David Strauss's *The Old and the New Faith: A Confession*, which Nietzsche holds up as an example of the German thought of the time. He paints Strauss's *New Faith*— a scientifically-determined universal mechanism based on the progression of history—as a vulgar reading of history in the service of a degenerate culture. Nietzsche polemically attacks not only the book but also Strauss as a Philistine of pseudo-culture.

Frida Hayden Herrera.2018-06-28 The beautifully illustrated and utterly absorbing biography of one of the twentieth century's most transfixing artists Frida is the story of one of the twentieth century 's most extraordinary women, the painter Frida Kahlo. Born near Mexico City, she grew up during the turbulent days of the Mexican Revolution and, at eighteen, was the victim of an accident that left her

crippled and unable to bear children. To salvage what she could from her unhappy situation, Kahlo had to learn to keep still so she began to paint. Kahlo 's unique talent was to make her one of the century 's most enduring artists. But her remarkable paintings were only one element of a rich and dramatic life. Frida is also the story of her tempestuous marriage to the muralist Diego Rivera, her love affairs with numerous, diverse men such as Isamu Noguchi and Leon Trotsky, her involvement with the Communist Party, her absorption in Mexican folklore and culture, and of the inspiration behind her unforgettable art.

Early Albania Robert Elsie.2003 The present volume endeavours to throw light on a corner of Europe which is often ignored by historians. The book is not a history of early Albania, but rather a collection of important historical documents and texts from the 11th to the 17th centuries, which will add to an understanding of the early history and development of Albania and its people. The vast majority of these works has never been published in English before. The first section of the book focusses on the emergence of the Albanians as a people and provides the reader with the earliest documents which make reference to them. The second, and main section of the volume provides a broader view of history and geography and, in particular, of life in Albania from the 12th to the 17th centuries. It relies primarily on the reports of travellers and chroniclers, many of whom offer fascinating, firsthand information on what they saw and experienced during their travels in the country.

Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or

a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

The Languages of the Jews Bernard Spolsky. 2014-03-27 Historical sociolinguistics is a comparatively new area of research, investigating difficult questions about language varieties and choices in speech and writing. Jewish historical sociolinguistics is rich in unanswered questions: when does a language become 'Jewish'? What was the origin of Yiddish? How much Hebrew did the average Jew know over the centuries? How was Hebrew re-established as a vernacular and a dominant language? This book explores these and other questions, and shows the extent of scholarly disagreement over the answers. It shows the value of adding a sociolinguistic perspective to issues commonly ignored in standard histories. A vivid commentary on Jewish survival and Jewish speech communities that will be enjoyed by the general reader, and is essential reading for students and researchers interested in the study of Middle Eastern languages, Jewish studies, and sociolinguistics.

Albanian Literature Robert Elsie.2005-07-29 The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. *Albanian Literature: A Short History* tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, *Albanian Literature* is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.
