

Silabus Mata Kuliah Teori Administrasi Negara

Comparative Public Administration Eric E. Otenyo, Nancy S. Lind, Lawrence R. Jones. 2006-07-24 Public administration scholars and practitioners are increasingly concerned with the need to broaden the field's scope beyond particularistic accounts of administration in given countries. This title brings together seminal readings in comparative, development public administration and contemporary public management scholarship.

Strategic Information Management Robert D. Galliers, Dorothy E Leidner. 2013-06-17 'Strategic Information Management' has been completely up-dated to reflect the rapid changes in IT and the business environment since the publication of the second edition. Half of the readings in the book have been replaced to address current issues and the latest thinking in Information Management. It goes without saying that Information technology has had a major impact on individuals, organizations and society over the past 50 years or so. There are few organizations that can afford to ignore IT and few individuals who would prefer to be without it. As managerial tasks become more complex, so the nature of the required information systems (IS) changes - from structured, routine support to ad hoc, unstructured, complex enquiries at the highest levels of management. As with the first and second editions, this third edition of 'Strategic Information Management: Challenges and strategies in managing information systems' aims to present the many complex and inter-related issues associated with the management of information systems. The book provides a rich source of material reflecting recent thinking on the key issues facing executives in information

systems management. It draws from a wide range of contemporary articles written by leading experts from North America and Europe. 'Strategic Information Management' is designed as a course text for MBA, Master's level students and senior undergraduate students taking courses in information management. It provides a wealth of information and references for researchers in addition.

Socio-legal Studies Philip Aneurin Thomas.1997 This text on socio-legal studies is derived from the Socio-Legal Studies Association 1995 annual conference at Leeds University. It examines the definition of the term socio-legal and the boundaries in which the lawyers of this subject fit.

Administration of Islam in Indonesia Deliar Noer.2010 With the size of its Muslim population greater than in any other country-an overwhelming majority of its 135 million people regarding themselves as adherents of Islam-it is natural that for Indonesia serious questions should arise as to the position of Islam within the state. Indeed that has been the case, and ever since the country proclaimed its independence there has been an ongoing tension between the attempts of Muslims to shape society in conformity with the tenets of Islam and the efforts of successive governments to control that religion as a political and social force. Although an increasing number of scholarly studies have been concerned with the endeavors of Muslim leaders to influence the course of Indonesia's social and political development, very little has been written about the other side of this equation-the politics of the government for controlling and regulating Islam. In this essay Deliar Noer has broken important new ground by providing significant insights into this badly neglected aspect of the relationship. For this task Noer brings to bear strong credentials-extensive research on the political and social history of Islam in twentieth-century Indonesia, a solid training in political science and an intellectual integrity that has won him respect abroad as well as in Indonesia. He is the author

of The Modernist Muslim Movement in Indonesia: 1900-1942 (Oxford University Press, 1973) and of numerous scholarly articles. After securing his Ph.D. in Political Science at Cornell University, he served as a lecturer or professor of political science at the University of North Sumatra, the Jakarta IKIP, where he was also Rector, the University of Indonesia, and at Griffith University in Australia. Under both the Sukarno and Suharto regimes he has won the reputation of being a principled scholar unwilling to compromise his honesty and objectivity- despite the pressures exerted by government. It was because of such pressure that in 1974 he was prevented from delivering his professorial address, Partisipasi Dalam Pembangunan (Participation in Development). This was a valuable contribution to the pool of ideas relevant to his country's development, and for this infringement of academic freedom his country is the poorer. Those concerned with understanding contemporary Indonesia are sure to be grateful to Noer for this present study. - George McT. Kahin, January, 1978

Democracy and Public Administration Richard C Box.2015-03-12
The true measure of the successful practice of public service is its ability to remain faithful to the tenets of democratic society. This introductory text links the practice of public administration to the core concepts of American democracy. It covers the nuts and bolts of public administration in the context of delivering democracy in public service - providing what the public really wants as opposed to what self-serving bureaucracies may call for. Chapters in *Democracy and Public Administration* discuss the functional topics covered in other texts, but from the perspective of this democratic ideal. Each chapter is written by an expert in the area, and summarizes previous research in the area, presents the author's research and thought, and offers ways in which practitioners can apply the concepts discussed to their daily work.

Reinventing Government David Osborne, Ted Gaebler.1993-02-01 A landmark in the debate on the future of

public policy.—The Washington Post.

Public Administration Ferrel Heady.1996 The book is an important text in the field of comparative public administration providing

Introduction to the Study of Public Administration Leonard D. White.1963

Ilmu Perundang-undangan 1 Maria Farida Indrati Soeprapto. Buku ini mengetengahkan dasar-dasar dan pembentukan peraturan perundang-undangan yang meliputi proses, teknik, bahasa, norma hukum, tata susunan (hierarki), jenis-jenis, fungsi, dan materi muatan yang harus dituangkan dalam suatu peraturan perundang-undangan. Buku ini dapat membantu para mahasiswa, teoretisi, teknisi, dan mereka yang berhubungan dengan pembentukan peraturan perundang-undangan agar dapat memahami permasalahan tersebut secara lebih baik.

PENGANTAR ILMU ADMINISTRASI NEGARA Dra. Juharni, M.Si..2015-12-31 Buku ini merupakan buku ajar yang disusun berdasarkan Satuan Acara Pengajaran (SAP) dan Garis-Garis Besar Program Pengajaran (GBPP) mata kuliah Pengantar Ilmu Administrasi Negara. Dalam bab pertama penulis mengemukakan pengertian dasar administrasi Negara yang meliputi pengertian, sejarah, ciri dan kekhususan, serta aneka wajah administrasi Negara. Dalam bab dua membicarakan perkembangan studi administrasi Negara meliputi perkembangan paradigm dalam administrasi Negara, pendekatan, evolusi, sistem dan ekologi administrasi Negara. Dalam bab tiga mengungkapkan teori-teori dalam administrasi Negara, kemudian dalam bab empat membahas administrasi Negara dan public policy. Pada bab lima embicarakan perilaku organisasi dalam administrasi Negara.

Handbook of Public Administration W. Bartley Hildreth, Gerald Miller, Jack Rabin, Gerald J. Miller.2018-01-19 Since the publication of the previous edition, the best-selling Handbook of Public Administration enters its third edition with substantially revised, updated, and expanded coverage of public administration

history, theory, and practice. Edited by preeminent authorities in the field, this work is unparalleled in its thorough coverage and comprehensive references. This handbook examines the major areas in public administration including public budgeting and financial management, human resource management, decision making, public law and regulation, and political economy. Providing a strong platform for further research and advancement in the field, this book is a necessity for anyone involved in public administration, policy, and management. This edition includes entirely new chapters on information technology and conduct of inquiry. In each area of public administration, there are two bibliographic treatises written from different perspectives. The first examines the developments in the field. The second analyzes theories, concepts, or ideas in the field's literature.

An Introduction to the Study of the Law of the Constitution A.V. Dicey. 1985-09-30 A starting point for the study of the English Constitution and comparative constitutional law, *The Law of the Constitution* elucidates the guiding principles of the modern constitution of England: the legislative sovereignty of Parliament, the rule of law, and the binding force of unwritten conventions.

A Centripetal Theory of Democratic Governance John Gerring, Strom C. Thacker. 2008-06-08 This book outlines the importance of political institutions in achieving good governance within a democratic polity.

The New Public Service Janet V Denhardt, Robert B. Denhardt. 2016-09-16 This widely praised work provides a framework for the many voices calling for the reaffirmation of democratic values, citizenship, and service in the public interest. The expanded edition includes an all-new chapter that addresses the practical issues of applying these ideals in actual, real-life situations. *The New Public Service, Expanded Edition* is organized around a set of seven core principles: serve citizens, not customers; seek the public interest; value citizenship and

public service above entrepreneurship; think strategically, act democratically; recognize that accountability isn't simple; serve, rather than steer; and value people, not just productivity. The book asks us to think carefully and critically about what public service is, why it is important, and what values ought to guide what we do and how we do it. It celebrates what is distinctive, important and meaningful about public service and considers how we might better live up to those ideals and values. All students and serious practitioners in public administration and public policy should read this book. While debates about public policy issues will surely continue, this compact, clearly written volume provides an important framework for public service based on and fully integrated with citizen discourse and the public interest.

The New Face of Government David E. McNabb. 2009-03-24
Change is sweeping the globe, and at the government level, operational changes are prompting many public administrators to develop new management styles and ways of delivering services to their citizens. In the process, they are changing the face of government. *The New Face of Government: How Public Managers are Forging a New Approach to Governance* explores how national leaders are changing the art and practice of government and how public managers are shaping and guiding government's response to the transformation. Includes a Field-Tested Survey for Diagnosing Institutional Disequilibrium Focusing on change at the federal, state, and local levels, this book addresses policy dimensions such as: Strategic and knowledge management Enterprise architecture Information and communications technology Organizational performance assessment Technological and organizational improvement It evaluates how these areas enable agencies from the public and private sectors to become more cost-effective, performance-oriented learning organizations. Not all the ambiguities in policy making and administration have been resolved. However, there is much hope for the future of government and governance. The successes and failures included

in *The New Face of Government: How Public Managers are Forging a New Approach to Governance* illustrate this promise and provide guideposts for public managers who find themselves faced with similar problems and new challenges. About the Author: David E. McNabb teaches a variety of public and private administration and management courses both in the U.S. and abroad, including college and university programs in Latvia, Bulgaria, Germany, the United Kingdom, Italy, France, and Belgium. He is the author of nearly 80 peer-reviewed conference papers and articles. This is his seventh book.

An Introduction to Indonesian Law Peter Mahmud Marzuki.2011

Buku Ajar Reformasi Administrasi Publik Salamatul Afiyah

,Irawati Irawati,Mochamat Nurdin ,Henni Zainal,Khikmatul

Essays on Ethics in Business and the Professions Jack N. Behrman.1988

The Public Administration Theory Primer H. George Frederickson, Kevin B. Smith, Christopher Larimer, Michael J. Licari.2018-04-17 The Public Administration Theory Primer explores how the science and art of public administration is definable, describable, replicable, and cumulative. The authors survey a broad range of theories and analytical approaches—from public institutional theory to theories of governance—and consider which are the most promising, influential, and important for the field. This book paints a full picture of how these theories contribute to, and explain, what we know about public administration today. The third edition is fully revised and updated to reflect the latest developments and research in the field including more coverage of governments and governance, feminist theory, emotional labor theory, and grounded research methodology. Expanded chapter conclusions and a brand-new online supplement with sample comprehensive exam questions and summary tables make this an even more valuable resource for all public administration students.

Forms of Community Participation in Disaster Risk Management Practices Rabindra Osti.2011

Disaster management, which involves prevention, mitigation, preparedness, response and rehabilitation efforts, has been discussed for a long time. In short, such management stages can be classified into before, during and after event activities. Disaster preparedness can be referred to as all measures taken to prepare in advance aiming at reducing the impact of possible disasters. Although all preparedness activities aim at reducing the damage at community, on-site practicality, which concerns the full utilisation of the capacities particularly at the time of emergency, has not been well documented, possibly because of

difficulties in visualising emergency contexts to be faced by local communities. This book focuses on the methodological approach of CBDRM that has been practised in different parts of the world, mostly in highly disaster-prone Asian localities.

Politics and Administration Frank J. Goodnow.1900

The Political Economy of Communication Vincent

Mosco.1996-10-14 What is political economy and how can it be applied to the study of media communication? The Political Economy of Communication is the definitive critical overview of the discipline for students of the social sciences. It explains in detail the analytic tools that political economy can apply to today's increasingly global and technological information society. Mosco presents an historical overview of the discipline and defines political economy by its focus on the relation between the production, distribution and consumption of communication in historical and cultural context. This comprehensive analysis of the 'commodity form' is communication includes an examination of print, broadcast and new electronic media, the role and function of the audience, and the problem of social control. It concludes by addressing the relationship of political economy to the increasingly important fields of policy studies and cultural studies.

Public Management and Governance Tony Bovaird,Elke

Loeffler.2004-06-02 A comprehensive, in depth and accessible resource for students of public sector management and administration: with an international authorship, this is more comprehensive, cohesive and international than any other textbook in the area.

Holding Government Bureaucracies Accountable Bernard

Rosen.1998-02-24 The growth in power of government bureaucracies is one of the more profound developments of 20th-century society. Bureaucracies impact the quality of life of every person in this country and many millions outside American borders. The president, governors, mayors, legislators, judges,

and the public now are increasingly concerned with how bureaucracies are using their power, and accountability is at the heart of these concerns. For what and to whom are bureaucracies accountable? This acclaimed text examines these questions, primarily in the context of the federal bureaucracy. Building upon the second edition of the text, Rosen updated the entire work to incorporate significant subsequent developments. Among the most important are the Chief Financial Officer Act of 1990, the Government Performance and Results Act of 1993, and the Government Management Reform Act of 1994. These three laws, with the Clinton administration's National Performance Review initiative, could substantially improve performance and accountability. The text clearly and systematically examines issues of accountability that are of concern to students and researchers as well as policymakers in the area of public administration.

Professional Meeting Management Glen Curtis Ramsborg, Carol Krugman, Amanda K. Cecil, Ph.D., Cynthia Vannucci. 2015 The sixth edition of *Professional Meeting Management* is the newest edition of the longtime standard reference and textbook for the meetings industry and meetings education. This is the first student and meeting professionals textbook aligned with the new Certified Meeting Professional (CMP) International Standards, which will be used by the Convention Industry Council as a reference book for item writing for the CMP Certification Examination. It includes the most up-to-date information on current trends, strategic planning for meetings, budgeting and funding, marketing and promotion, technology, running and closing the meeting, and industry developments on the horizon.

The Policy Process Stuart S. Nagel. 1999 Since the passage of national welfare reform legislation in the areas of welfare, employment, health and social services have been changing rapidly. This book discusses many of the different changes that these policies have gone through in recent years as well as the

shift of responsibility toward state and local government for these changes. It is divided into: Part One: Federal, State and Local Relations; Part Two: Executive, Legislative and Judicial Relations; Part Three: The Group Struggle; Part Four: Public Values; Part Five: Democracy With Resistance.

The Spirit of Public Administration H. George Frederickson.1997 Administration an exhilarating and challenging perspective.

A Guide to Gender-analysis Frameworks Candida March,Ines A. Smyth,Maitrayee Mukhopadhyay.1999 This is a single-volume guide to all the main analytical frameworks for gender-sensitive research and planning. It draws on the experience of trainers and practitioners, and includes step-by-step instructions for using the frameworks.

Delivering Quality Service Valarie A. Zeithaml.2010-05-11 Excellence in customer service is the hallmark of success in service industries and among manufacturers of products that require reliable service. But what exactly is excellent service? It is the ability to deliver what you promise, say the authors, but first you must determine what you can promise. Building on seven years of research on service quality, they construct a model that, by balancing a customer's perceptions of the value of a particular service with the customer's need for that service, provides brilliant theoretical insight into customer expectations and service delivery. For example, Florida Power & Light has developed a sophisticated, computer-based lightning tracking system to anticipate where weather-related service interruptions might occur and strategically position crews at these locations to quicken recovery response time. Offering a service that customers expect to be available at all times and that they will miss only when the lights go out, FPL focuses its energies on matching customer perceptions with potential need. Deluxe Corporation, America's highly successful check printer, regularly exceeds its customers' expectations by shipping nearly 95% of all orders by the day after the orders were received. Deluxe even put

U.S. Postal Service stations inside its plants to speed up delivery time. Customer expectations change over time. To anticipate these changes, Metropolitan Life Insurance Company regularly monitors the expectations and perceptions of their customers, using focus group interviews and the authors' 22-item generic SERVQUAL questionnaire, which is customized by adding questions covering specific aspects of service they wish to track. The authors' groundbreaking model, which tracks the five attributes of quality service -- reliability, empathy, assurance, responsiveness, and tangibles -- goes right to the heart of the tendency to overpromise. By comparing customer perceptions with expectations, the model provides marketing managers with a two-part measure of perceived quality that, for the first time, enables them to segment a market into groups with different service expectations.

Ethics for Bureaucrats John Rohr.2017-12-01 This important text integrates the study of ethics into public management training, highlighting Supreme Court opinions on three specific constitutional values-equality, freedom, and property-focusing on the pedagogical aspects of law and posing challenging questions to help readers apply theories to concrete situations. It includes a case index for further research. Topics of specific interest include abortion, affirmative action, bureaucratic bashing, civil disobedience, the Ethics in Government Act of 1978, the Iran-Contra scandal, moral absolutism, privileged communications, religious fundamentalism, and whistle blowing. The Midwest Review of Public Administration lauds it as ...a unique teaching tool.

Laporan Musjawarah Ilmu Administrasi Negara dan Niaga Musjawarah Ilmu Administrasi Negara dan Niaga, Djakarta, 1961.1962

Ethics and Integrity of Governance L. W. Huberts, Jeroen Maesschalck, Carole L. Jurkiewicz.2008-01-01 The book is a welcome contribution to the literature on ethics as it provides a

broader horizon of investigation than most familiar works in recent years. Jamil E. Jreisat, *International Journal of Public Administration* This book provides critical, up-to-date reviews on the field of ethics and integrity of governance, along with fresh future perspectives. Focusing on Europe and the US, it addresses the key dimensions of public service values, the integrity and rationality of governance, ethics management, and the ethics of governance politics. In each of these four areas, leading international scholars tackle the main issues and controversies facing the world today. The final chapter synthesizes these views and provides an ambitious and critical outline for future work in the field of ethics and integrity of governance. Emanating from the much heralded transatlantic dialogue, this study integrates both the European and American perspectives into a common voice for action. *Ethics and Integrity of Governance* will appeal to academics, researchers and practitioners in the areas of leadership and organisation, public policy and public administration, and public values and ethics.

Handbook of Comparative and Development Public Administration Ali Farazmand.2019-02-21 With contributions from nearly 80 international experts, this comprehensive resource covers diverse issues, aspects, and features of public administration and policy around the world. It focuses on bureaucracy and bureaucratic politics in developing and industrialized countries and emphasizing administrative performance and policy implementation, as well as political system maintenance and regime enhancement. The book covers the history of public administration and bureaucracy in Persia, Greece, Rome, and Byzantium and among the Aztecs, Incas, and Mayas, public administration in small island states, Eastern Europe, and ethics and other contemporary issues in public administration.

Patterns of Entrepreneurship Management Jack M. Kaplan, Jack McGourty.2020-08-04 Featuring updated themes, new cases, and

enhanced interactive learning tools, the sixth edition of *Patterns of Entrepreneurship Management* addresses the challenges, issues, and rewards real-life entrepreneurs encounter when starting and growing a venture. Using its innovative “Roadmap” approach, this practical guide enables students and aspiring entrepreneurs to design, execute, and maintain their business plan—covering every essential step of the entrepreneurial process, from turning an idea into a business model to securing funding and managing resources. The authors draw from their experience launching new ventures to provide a unique hands-on approach to developing the skills required to start and build a company in the modern business environment. Discussions focus on the real-life challenges facing startup founders: important issues such as how to drive continuous innovation and how to create a company culture that maximizes success. Numerous illustrative examples and case studies cover every management challenge imaginable, featuring a “Master Case” written by the founder of a successful startup that traces the history of his company from concept to eventual sale.

Sebagai layaknya sebuah buku tentang teori, tujuan akhir adalah untuk menjawab berbagai pertanyaan berjenis mengapa (why), ditambah prediksi tentang masa depan akuntansi. Buku ini ditulis bagi para filsuf akuntansi para pencari kebenaran hakiki tentang segala hal signifikan dalam belantara akuntansi, para musafir pengelana akuntansi umumnya, para periset akuntansi khususnya, lebih khusus lagi bagi para penyusun standar akuntansi apa pun. Sepanjang pemulisan ditemukan berbagai gagasan hipotetikal yang layak untuk diwacanakan dan diriset lanjut. Sebuah buku pegangan (handbook) bagi praktisi bersifat sementara, senmentara kebenaran akuntansi adalah abadi.

Public Policy Analysis William N. Dunn. 2015-07-22 *Public Policy Analysis*, the most widely cited book on the subject, provides readers with a comprehensive methodology of public policy analysis. Starting from the premise that policy analysis is an applied social science discipline designed for solving practical problems facing public and nonprofit organizations, the book bridges the gap between theory and practice. It provides practical skills for conducting policy analysis and communicating findings through memos, position papers, and other forms of structured analytical writing. The book asks readers to critically analyze the arguments of policy practitioners as well as political scientists, economists, and political philosophers.

Governing States and Localities Kevin B. Smith, Alan Greenblatt. 2019-01-03 An easy-to-navigate, comparative book on state and local government. Very student-friendly and well-organized. —Jane Bryant, John A. Logan College The trusted and proven *Governing States and Localities* guides students through the contentious environment of state and local politics and focuses on the role that economic and budget pressures play in issues facing state and local governments. With their engaging journalistic writing and crisp storytelling, Kevin B. Smith and Alan Greenblatt employ a comparative approach to explain how and why states and localities are both similar and different. The Seventh Edition is thoroughly updated to account for such major developments as state versus federal conflicts over immigration reform, school shootings, and gun control; the impact of the Donald Trump presidency on intergovernmental relations and issues of central interest to states and localities; and the lingering effects of the Great Recession.
