Learning and Teaching Together Michele TD Tanaka.2016-03-01 Across Canada, teachers unfamiliar with Aboriginal approaches to learning are seeking ways to respectfully weave Aboriginal content into their lessons. This book introduces an indigenist approach to education. It recounts how pre-service teachers immersed in a crosscultural course in British Columbia began to practise Indigenous ways of knowing. Working alongside Indigenous wisdom keepers, they transformed earth fibres into a mural and, in the process, their own ideas about learning and teaching. By revealing how they worked to integrate Indigenous ways of knowing into their practice, this book opens a path for teachers to nurture indigenist crosscultural understanding in their classrooms.

Huck Lace Weaving Patterns with Color and Weave Effects Tom Knisely.2019-10-28 Join expert weaver and teacher Tom Knisely in his exploration of Huck Lace! Lace Weaves are best described as loom controlled warp and weft floats on a Plain Weave ground fabric. The term Color and Weave Effects refers to a careful arrangement of light and dark colored threads in the warp and weft that weave into beautiful patterns. Log Cabin is probably the best known color and weave pattern. Combining Huck with Color and Weave orders opened the door to astonishing pattern possibilities. He then came up with four color arrangements: Light and Dark, Complimentary Colors, Monochromatic, and Triadic colors. With 144 patterns and four color themes for each pattern, that's 576 patterns. Each pattern includes the full draft and a woven sample for reference. Tom also includes full details for five projects that are perfect for weaving Huck: dish towels, mug rugs, baby blanket, and two scarves. *Huck Lace Weaving Patterns with Color and Weave Effects* is an essential resource that you will turn to for inspiration and guidance again and again.

The Third Reconstruction Peniel E. Joseph.2022-09-06 One of our preeminent historians of race and democracy argues that the period since 2008 has marked nothing less than America's Third Reconstruction In The Third Reconstruction, distinguished historian Peniel E. Joseph offers a powerful and personal new interpretation of recent history. The racial reckoning that unfolded in 2020, he argues, marked the climax of a Third Reconstruction: a new struggle for citizenship and dignity for Black Americans, just as momentous as the movements that arose after the Civil War and during the civil rights era. Joseph draws revealing connections and insights across centuries as he traces this Third Reconstruction from the election of Barack Obama to the rise of Black Lives Matter to the failed assault on the Capitol. America's first and second Reconstructions fell tragically short of their grand aims. Our Third Reconstruction offers a new chance to achieve Black dignity and citizenship at last—an opportunity to choose hope over fear.
