*Ghosts of Park County* John K. Aldrich.2008-01-01 Ghosts of Park County is John K. Aldrich's classic ghost town and historic mining camp guide, updated with GPS locations and elevations. Aldrich's Ghosts is a colorful and engaging history of Park County's boom-and-bust mining towns. You'll follow the footsteps of the determined men and women who lived the Colorado gold and silver rushes. Gold was the principal mineral mined in Park County, Colorado, and the county ranks eighth in the state in gold production. Most of the production came from the northwest part of the county along the east slope of the Mosquito Range. Placer gold was discovered in Park County in 1859. The placers were found in the streams of South Park; later rich lode deposits were discovered at the headwaters of the South Platte and its tributaries. Ghosts of Park County features the historic towns of Como, Fairplay, and Alma, and locations in the Mosquito Range and Pike National Forest. Numerous color photographs and our exclusive 16x20 inch topographic map showing site locations will help you explore Colorado's mountain history from your armchair or from back country roads and trails. Ghosts of Park County is one in our series of books on the ghost towns and mining camps of Colorado. There are 14 additional titles in John Aldrich's series available through Columbine Ink, a Denver-based regional publisher. Read them all for a journey you'll enjoy time and again!
