The Outsider Albert Camus.1961 When a young Algerian named Meursault kills a man, his subsequent imprisonment and trial are puzzling and absurd. The apparently amoral Meursault--who puts little stock in ideas like love and God--seems to be on trial less for his murderous actions, and more for what the authorities believe is his deficient character.

Math on Trial Leila Schneps,Coralie Colmez.2013-03-12 In the wrong hands, math can be deadly. Even the simplest numbers can become powerful forces when manipulated by politicians or the media, but in the case of the law, your liberty -- and your life -- can depend on the right calculation. In *Math on Trial*, mathematicians Leila Schneps and Coralie Colmez describe ten trials spanning from the nineteenth century to today, in which mathematical arguments were used -- and disastrously misused -- as evidence. They tell the stories of Sally Clark, who was accused of murdering her children by a doctor with a faulty sense of calculation; of nineteenth-century tycoon Hetty Green, whose dispute over her aunt's will became a signal case in the forensic use of mathematics; and of the case of Amanda Knox, in which a judge's misunderstanding of probability led him to discount critical evidence -- which might have kept her in jail. Offering a fresh angle on cases from the nineteenth-century Dreyfus affair to the murder trial of Dutch nurse Lucia de Berk, Schneps and Colmez show how the improper application of mathematical concepts can mean the difference between walking free and life in prison. A colorful narrative of mathematical abuse, *Math on Trial* blends courtroom drama, history, and math to show that legal expertise isn't always enough to prove a person innocent.

Sapiens Yuval Noah Harari.2015-02-10 New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

Eugenie Grandet Honoré de Balzac.2024-01-05 Eugénie Grandet is a novel first published in 1833 by French author Honoré de Balzac. While he was writing it he conceived his ambitious project, La Comédie humaine, and almost immediately prepared a second edition, revising the names of some of the characters so that Eugénie Grandet then fitted into the section: Scenes from provincial life (Scènes de la vie de province) in the Comédie. He dedicated the edition to Maria Du Fresnay, who was then his lover and was the mother of his daughter, Marie-Caroline Du Fresnay. Eugénie Grandet is set in the town of Saumur, which should have been familiar to Balzac since he grew up in Tours about 35 miles away. The two towns are both on the Loire, with châteaux, and of similar size. Tours was much more important historically and politically, which may explain why Balzac allows the impression in the opening that the Grandet residence was Saumur's most important building. Though Balzac grew up in the aftermath of the Revolution, he came to adulthood in Paris under the restored Bourbon monarchy (Louis XVIII & Charles X) and wrote most of what we know under the July Monarchy (1830-1848) of Louis Philippe, which came to power when the revolution of 1830 deposed the Bourbon monarchy. It is worth noting that though the Republic had replaced the Livre with the Franc (of equal value), both continued to circulate, as did the Louis. (wikipedia.org) About the author: Honoré de Balzac born Honoré Balzac; (20 May 1799 - 18 August 1850) was a French novelist and playwright. The novel sequence La Comédie humaine, which presents a panorama of post-Napoleonic French life, is generally viewed as his magnum opus. Owing to his keen observation of detail and unfiltered representation of society, Balzac is regarded as one of the founders of realism in European literature. He is renowned for his multi-faceted characters; even his lesser characters are complex, morally ambiguous and fully human. Inanimate objects are imbued with character as well; the city of Paris, a backdrop for much of his writing, takes on many human qualities. His writing influenced many famous writers, including the novelists Émile Zola, Charles Dickens, Marcel Proust, Gustave Flaubert, and Henry James, and filmmakers François Truffaut and Jacques Rivette. Many of Balzac's works have been made into films and continue to inspire other writers. James called him really the father of us all. An enthusiastic reader and independent thinker as a child, Balzac had trouble adapting to the teaching style of his grammar school. His willful nature caused trouble throughout his life and frustrated his ambitions to succeed in the world of business. When he finished school, Balzac was apprenticed in a law office, but he turned his back on the study of law after wearying of its inhumanity and banal routine. Before and during his career as a writer, he attempted to be a publisher, printer, businessman, critic, and politician; he failed in all of these efforts. La Comédie Humaine reflects his real-life difficulties, and includes scenes from his own experience. Balzac suffered from health problems throughout his life, possibly owing to his intense writing schedule. His relationship with his family was often strained by financial and personal drama, and he lost more than one friend over critical reviews. In 1850, Balzac married Ewelina Hańska (née Contessa Rzewuska), a Polish aristocrat and his longtime love. He died in Paris six months later. (wikipedia.org)

The Three-Arched Bridge Ismail Kadare.2012-01-31 In the Balkan Peninsula, history's long-disputed bridge between Asia and Europe, the receding

Byzantine empire has left behind a patchwork of warring peoples who fight over everything, from their pastures of sheep to the authorship of their countless legends. One such gruesome tale declares that a castle under construction cannot be finished until a young mason's bride has been walled up alive, one breast left exposed to suckle her growing infant even after her death. Myth becomes perverse reality when a mason is plastered into a bridge over a strategically important river, where his will not be the last human sacrifice.

The Forty Rules of Love Elif Shafak.2010-02-18 In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

Baudolino Umberto Eco.2011-05-15 BAUDOLINO gravita em torno dos prazeres da corte de Federico Hohenstaufen, conhecido como Barbarossa, à época da Terceira Cruzada. A história engloba justamente o período entre 1152 e 1204, começando com a ascensão de Barbarossa ao trono e terminando com a conquista de Constantinopla pela temida ordem dos cavaleiros templários. A trama é protagonizada por Baudolino - adolescente, criativo e mentiroso que dá título à obra - e Niceta Coniate, personagem inspirado em um historiador e orador que viveu na corte de Constantinopla. A narrativa retrocede, enquanto Baudolino conta a Niceta suas aventuras e desventuras, numa mistura de fantasia e realidade, História e faz-de-conta. Tudo isso temperado por inúmeras situações cômicas. No intervalo, Eco embaralha os seus personagens inventados e produz o mais recorrente efeito de seu texto: interferir em acontecimentos históricos conhecidos por meio de atos ou circunstâncias vividas pelos personagens fictícios.

Chronicle in Stone Ismail Kadare.2011-07-01 Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Homo Deus Yuval Noah Harari.2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah

Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from bingeing at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

The Archer Paulo Coelho. 2020-11-10 From the #1 best-selling author of *The Alchemist* comes an inspiring story about a young man seeking wisdom from an elder, and the practical lessons imparted along the way. Includes stunning illustrations by Christoph Niemann. "A novelist who writes in a universal language." —The New York Times In *The Archer* we meet Tetsuya, a man once famous for his prodigious gift with a bow and arrow but who has since retired from public life, and the boy who comes searching for him. The boy has many questions, and in answering them Tetsuya illustrates the way of the bow and the tenets of a meaningful life. Paulo Coelho's story suggests that living without a connection between action and soul cannot fulfill, that a life constricted by fear of rejection or failure is not a life worth living. Instead one must take risks, build courage, and embrace the unexpected journey fate has to offer. With the wisdom, generosity, simplicity, and grace that have made him an international best seller, Paulo Coelho provides the framework for a rewarding life: hard work, passion, purpose, thoughtfulness, the willingness to fail, and the urge to make a difference.

Albanian Literature Robert Elsie.2005-07-29 The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. *Albanian Literature: A Short History* tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, *Albanian Literature* is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Women in Modern Albania Susan E. Pritchett Post.1998 Upon her arrival in Tirana, Albania, in April 1994, the author found a city unlike any other she had experienced. Rotting trash was piled in the center of the streets, animals shared the rutted roads with cars, and housing, when it could be found, was crowded and crumbling. But she found a people full of optimism, particularly the women. Despite the subservient role forced by tradition on nearly all Albanian women, they have increasingly become the foundation upon which the country exists. Not only are they responsible for caring for extended households, these women are now also becoming vital parts of the country's economy. Most importantly, however, they maintain a faith in Albania that belies the country's turbulent past and widely predicted future. Through interviews with over 200 Albanian women, this work is an insightful, often poignant, look at a country that remains a mystery to most in the West.
