* Comprehensive assessment from the leading German environmental scientists of the state of the world's living resources or biosphere * Covers all aspects of the subject: biodiversity and genetic diversity, landscape and ecosystems, its role in the Earth's system and human impacts on it * Reviews global policies and research strategies on the biosphere and advocates urgent policy actions * A major, authoritative contribution to environmental science and policy Biodiversity- the planet's natural capital- is undergoing a dramatic collapse: its Sixth Extinction. The losses, which are do to human activities and overexploitation of the biosphere, are irreversible. They are undermining the basis of future well-being and prosperity, including genetic resources and food production, climate stability, and coastal and soil protection. The scientists of the German Advisory Council on Global Change have produced an authoritative and alarming analysis of the state of the biosphere. They show that the time remaining for remedial action is fast disappearing and they set out a range of initiatives to be

undertaken at different levels. Among their main urgent recommendations are: * protecting 10-20% of the global land area * an Intergovernmental Panel on Biodiversity to provide scientific advice * conservation of the diversity of cultivated as well as wild plant species * greater multilateral cooperation and implementation of the Convention on Biological Diversity The volume makes a highly significant contribution to the scientific and policy debates on these critical issues. It will be essential reading for those engaged with them.

*Hidden In Plain Sight: A Study of the Revelation to John Uchenna Mezue.*2015-10-03 The Revelation to John has been with us for about 2000 years and has been the subject of diverse attempts at interpretation. The Revelation as given is a vision of the end time work of the Son of Man and the sole purpose is to prepare humanity for that mission and offer them the chance to recognise the last Envoy of God when He does come. It is only with this understanding in view that the Revelation can be appreciated. All the promised messages for the end-time are now available to us

and I believe we are in a better position to understand the message of The Revelation. Indeed, I believe that we urgently need to understand its message. The urge and pressure amongst all striving human spirits to unravel the mysteries of The Revelation represents this need. This study is not a substitute for The Revelation, but may be regarded as a call for a deeper study and hopefully an awakening to the need to experience the times in a more alert manner. The work is offered in the recognition that the Revelation is being fulfilled in this epoch and as such is a must read for all striving human spirits
