Amusing Ourselves to Death Neil Postman.2005-12-27 What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, *The Washington Post Book World*

Into the River Ted Dawe.2013-10-18 A gripping, gritty and award-winning coming-of-age novel for young adult readers. When Te Arepa Santos is dragged into the river by a giant eel, something happens that will change the course of his whole life. The boy who struggles to the bank is not the same one who plunged in, moments earlier. He has brushed against the spirit world, and there is a price to be paid; an utu (revenge) to be exacted. Years later, far from the protection of whanau (family) and ancestral land, he finds new enemies. This time, with no one to save him, there is a decision to be made: he can wait on the bank, or leap forward into the river. At the 2013 NZ Post Childrens Book Awards Into the River was judged the Margaret Mahy Book of the Year. It also won the Young Adult Fiction category of the awards. An engaging coming-of-age novel, it follows its main protagonist from his childhood in small-town rural New Zealand to an elite Auckland boarding school, where he must forge his own way - including battling with his cultural identity. This prequel to Ted Dawe's award-winning novel Thunder Road is gritty, provocative, at times shocking, but always real and true. The awards' chief judge Bernard Beckett described a character caught between two worlds ... the explicit content was presented as the danger of people being left adrift by society. And within that context, hard-hitting material is crucial; it is what makes the book authentic, real and important. The Deputy Chief Censor of Film and Literature ruled that the book is not offensive: 'The book deals with some stronger content. There are sexual relationships between teenagers, encounters with possible child sexual exploitation, the use of illegal drugs and other criminal activities, violent assault, and a moderate level of highly offensive language. These are well contextualised within an exciting fast moving narrative that has as its protagonist, a young teenage Maori boy from a rural community who is finding his way through the strange uncomfortable environment of a boys' boarding school and unfamiliar social mores. The story captures the raw and real extremes of adolescence in teenage boys along with their yearnings and obsessions. The book is notable for being one of the first in the New Zealand which specifically targets teenage boys and younger men — a genre that does not have great representation. The genre character is therefore significant. The content immerses the reader in action, wit, and intrigue, as well as a level of social realism, all likely to engage teen and young adult readers and with particular appeal for older boys and young men.'

A Zoo in My Luggage Gerald Durrell.2016-11-29 A British naturalist and his wife acquire a menagerie of animals and set up their own zoo in this delightful memoir by the author of the Corfu Trilogy. For many years I had wanted to start a zoo. . . . Any reasonable person smitten with an ambition of this sort would have secured the zoo first and obtained the animals afterwards. But throughout my life I have rarely if ever achieved what I wanted by tackling it in a logical fashion. After a decade of supplying creatures for other people's zoos, in 1957 Gerald Durrell and his wife set off on an adventurous journey to the Cameroons in West Africa, where they collected numerous mammals, birds, and reptiles. The wild nature of the animals created quite a bit of chaos, but the Durrells' problems really began when they attempted to return to Britain with their exotic new friends. Not only did they have to get them safely home, they also had to find somewhere able and—more importantly—willing to house them. Told with wit and a zest for all things furry and feathered, Durrell's A Zoo in My Luggage is a brilliant account of how a pioneer of wildlife preservation came to found a new type of zoo. This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate.

Meanwhile, Sonia's Muslim parents expect everything of her, and it may be more than she is able to give after she suffers a shattering loss. But every kind of animal, including humans, is enclosed within its own unique sensory bubble, perceiving but a tiny sliver of our immense world. In *An Immense World*, Ed Yong coaxes us beyond the confines of our own senses, allowing us to perceive the skeins of scent, waves of electromagnetism, and pulses of pressure that surround us. We encounter beetles that are drawn to fires, turtles that can track the Earth’s magnetic fields, fish that fill rivers with electrical messages, and even humans who wield sonar like bats. We discover that a crocodile’s scaly face is as sensitive as a lover’s fingertips, that the eyes of a giant squid evolved to see sparkling whales, that plants thrum with the inaudible songs of courting bugs, and that even simple scallops have complex vision. We learn what bees see in flowers, what songbirds hear in their tunes, and what dogs smell on the street. We listen to stories of pivotal discoveries in the field, while looking ahead at the many mysteries that remain unsolved. Funny, rigorous, and suffused with the joy of discovery, *An Immense World* takes us on what Marcel Proust called “the only true voyage . . . not to visit strange lands, but to possess other eyes.” WINNER OF THE ANDREW CARNEGIE MEDAL • FINALIST FOR THE KIRKUS PRIZE • FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD • LONGLISTED FOR THE PEN/E.O.
