We Ride Upon Sticks Quan Barry.2020-03-03 In the town of Danvers, Massachusetts, home of the original 1692 witch trials, the 1989 Danvers Falcons will do anything to make it to the state finals—even if it means tapping into some devilishly dark powers. Against a background of irresistible 1980s iconography, Quan Barry expertly weaves together the individual and collective progress of this enchanted team as they storm their way through an unforgettable season. Helmed by good-girl captain Abby Putnam (a descendant of the infamous Salem accuser Ann Putnam) and her co-captain Jen Fiorenza (whose bleached blond “Claw” sees and knows all), the Falcons prove to be wily, original, and bold, flaunting society’s stale notions of femininity. Through the crucible of team sport and, more importantly, friendship, this comic tour de female force chronicles Barry’s glorious cast of characters as they charge past every obstacle on the path to finding their glorious true selves.

A Calling for Charlie Barnes Joshua Ferris.2021-09-16 From the Booker-shortlisted author of *To Rise Again at a Decent Hour* comes a hilarious novel about fathers, sons, thwarted dreams and confronting the reality of who we really are 'This is a fine American novel about family, love, and a decent but flawed man trying to be better. In dark times like these, I can't recommend this book too highly. It's strong' Stephen King on Twitter _____ Charlie Barnes is a mid-century man devoted to his newspaper and his landline. But Charlie is about to get dragged into our troubled age by his storyteller son, who has a different idea of him than he has of himself. Then there are his other children, his ex-wives, present wife, business clients, friends and acquaintances, all of whom have their competing opinions of Charlie. He certainly seems simple enough: he's a striver, a romantic, and a thoroughgoing capitalist. But suddenly blindsided by the Great Recession and a dose of bad news, he might have to rethink his life from top to bottom, and on short notice. What makes a man real? What makes him good? And how does the story we tell about ourselves line up with the lives that we actually live? _____ 'Funny, moving, and formally a work of genius, *A Calling for Charlie Barnes* is quite literally the book Joshua Ferris was born to write' Garth Risk Hallberg, author of *City on Fire* 'Dazzling. Mind-blowing. About as much fun as you can have without risking arrest' Richard Russo, author of *Empire Falls* 'Wonderful: fast and deep, urgent and brilliant . . . A hilarious, intimate, and scathing takedown of so many American vanities' Dana Spiotta, author of *Stone Arabia*

Abundant Harvests John Dietler, Heather Gibson, James M. Potter. 2015 This book is no longer in print, but is available for download as a free e-book through SWCA, Inc. Mission San Gabriel Arcangél was known as the Pride of the Missions due to its legendary agricultural productivity and its prominence in Southern California as a center of commerce and social interaction during the mission period (1771-1834). This volume, SWCA Anthropological Research Paper No. 11, reports on the first archaeological data recovery undertaken at the mission. Working within the mission's garden area, the study revealed more than 300,000 artifacts and 45 archaeological features, including a large granary, a reservoir complex, and one of the first industrial properties on the West Coast: Chapman's Mill and Millrace. Using archaeological results to critically examine historical narratives, the project examined the economic and social organization of the mission through detailed analyses of the public architecture and everyday materials left behind by Native American residents in the productive heart of the community, including animal bones, plant remains, ceramics, and tools. These studies revealed a dynamic and resilient native population that, despite clear hardships, was well-supplied with domesticated meat and locally gathered plant foods. The architectural remains clearly demonstrate the stepwise process through which a European worldview was molded to the unfamiliar California landscape, where self-taught engineers developed techniques of harnessing water that enabled the population explosion that came to characterize the Los Angeles Basin in succeeding decades. Lavishly illustrated and richly detailed, the volume is a resource for archaeologists, historians, and mission scholars alike.

Pride Ibi Zoboi. 2018-09-18 In a timely update of Jane Austen's *Pride and Prejudice*, National Book Award finalist Ibi Zoboi skillfully balances cultural identity, class, and gentrification against the heady magic of first love in her vibrant reimagining of this beloved classic. A smart, funny, gorgeous retelling starring all characters of color. Zuri Benitez has pride. Brooklyn pride, family pride, and pride in her Afro-Latino roots. But pride might not be enough to save her rapidly gentrifying neighborhood from becoming unrecognizable. When the wealthy Darcy family moves in across the street, Zuri wants nothing to do with their two teenage sons, even as her older sister, Janae, starts to fall for the charming Ainsley. She especially can't stand the judgmental and arrogant Darius. Yet as Zuri and Darius are forced to find common ground, their initial dislike shifts into an unexpected understanding. But with four wild sisters pulling her in different directions, cute boy Warren vying for her attention, and college applications hovering on the horizon, Zuri fights to find her place in Bushwick's changing landscape, or lose it all. Zoboi skillfully depicts the vicissitudes of teenage relationships, and Zuri's outsize pride and poetic sensibility make her a sympathetic teenager in a contemporary story about race, gentrification, and young love. Universal Harvester John Darnielle. 2017-02-07 New York Times Bestseller A moving, beautifully etched picture of America's lost and profoundly lonely. —Kazuo Ishiguro, author of *The Remains of the Day* and winner of the 2017 Nobel Prize for Literature "Brilliant . . . Darnielle is a master at building suspense, and his writing is propulsive and urgent; it's nearly impossible to stop reading . . . [Universal Harvester is] beyond worthwhile; it's a major work by an author who is quickly becoming one of the brightest stars in American fiction." —Michael Schaub, Los Angeles Times "Grows in menace as the pages stack up . . . [But] more sensitive than one would expect from a more traditional tale of dread." —Joe Hill, New York Times Book Review Life in a small town takes a dark turn when mysterious footage begins appearing on VHS cassettes at the local Video Hut. So begins *Universal Harvester*, the haunting and masterfully unsettling new novel from John Darnielle, author of the New York Times Bestseller and National Book Award Nominee *Wolf in White Van* Jeremy works at the Video Hut in Nevada, Iowa. It's a small town in the center of the state—the first in Nevada pronounced ay. This is the late 1990s, and even if the Hollywood Video in Ames poses an existential threat to Video Hut, there are still regular customers, a rush in the late afternoon. It's good enough for Jeremy: it's a job, quiet and predictable, and it gets him out of the house, where he lives with his dad and where they both try to avoid missing Mom, who died six years ago in a car wreck. But when a local schoolteacher comes in to return her copy of *Targets*—an old movie, starring Boris Karloff, one Jeremy himself had ordered for the store—she has an odd complaint: "There's something on it," she says, but doesn't elaborate. Two days later, a different customer returns a different tape, a new release, and says it's not defective, exactly, but altered: "There's another movie on this tape." Jeremy doesn't want to be curious, but he brings the movies home to take a look. And, indeed, in the middle of each movie, the screen blinks dark for a moment and the movie is replaced by a few minutes of jagged, poorly lit home video. The scenes are odd and sometimes violent, dark, and deeply disquieting. There are no identifiable faces, no dialogue or explanation—the first video has just the faint sound of someone breathing— but there are some recognizable landmarks. These have been shot just outside of town. In *Universal Harvester*, the once placid Iowa fields and farmhouses now sinister and imbued with loss and instability and profound foreboding. The novel will take Jeremy and those around him deeper into this landscape than they have ever expected to go. They will become part of a story that unfolds years into the past and years into the future, part of an impossible search for something someone once lost that they would do anything to regain. "This chilling literary thriller follows a video store clerk as he deciphers a macabre mystery through clues scattered among the tapes his customers rent. A page-tuning homage to *In Cold Blood* and *The Ring*." —O: The Oprah Magazine "[Universal Harvester is] so wonderfully strange, almost Lynchian in its juxtaposition of the banal and the creepy, that my urge to know what the hell was going on caused me to go full throttle . . . [But] Darnielle hides so much beautiful commentary in the book's quieter moments that you would be remiss not to slow down." —Abram Scharf, MTV News "Universal Harvester is a novel about noticing hidden things, particularly the hurt and desperation that people bear under their exterior of polite reserve . . . Mr. Darnielle possesses the clairvoyant's gift for looking beneath the surface." —Sam Sacks, *The Wall Street Journal* "[Universal Harvester is] constantly unnerving, wrapped in a depressed dread that haunts every passage. But it all pays off with surprising emotionality." —Kevin Nguyen, GQ.com

Technics and Civilization Lewis Mumford. 2010-10-30 *Technics and Civilization* first presented its compelling history of the machine and critical study of its effects on civilization in 1934—before television, the personal computer, and the Internet even appeared on our periphery. Drawing upon art, science, philosophy, and the history of culture, Lewis Mumford explained the origin of the

machine age and traced its social results, asserting that the development of modern technology had its roots in the Middle Ages rather than the Industrial Revolution. Mumford sagely argued that it was the moral, economic, and political choices we made, not the machines that we used, that determined our then industrially driven economy. Equal parts powerful history and polemic criticism, *Technics and Civilization* was the first comprehensive attempt in English to portray the development of the machine age over the last thousand years—and to predict the pull the technological still holds over us today. “The questions posed in the first paragraph of *Technics and Civilization* still deserve our attention, nearly three quarters of a century after they were written.”—*Journal of Technology and Culture*

The Red Car: A Novel Marcy Dermansky.2016-10-11 “Sharp and fiery. . . . There is, now, a literary term for a book you can’t stop reading. . . . It is *The Red Car*.”—*New York Times Book Review* In her “dry, delightful fairy tale for grown-ups” (*People*), celebrated novelist Marcy Dermansky offers a biting exploration of a woman’s search for self-realization and models of a life well lived. When Leah’s former boss and mentor, Judy, dies in an accident and leaves Leah her most prized possession—a flashy red sports car—the shock forces Leah to reevaluate her whole life. Leah is living in Queens with a husband she doesn’t love and a list of unfulfilled ambitions. Returning to San Francisco to claim the mysteriously powerful car, she revisits past lives and loves in several sprawling days colored by sex and sorrow. Dermansky evokes an edgy, capricious, and beautifully haunting heroine—one whose search for realization is as wonderfully unpredictable and hypnotic as the twists and turns of the Pacific Coast Highway. Tautly wound, transgressive, and mordantly funny, *The Red Car* is an incisive exploration of one woman’s unusual route to self-discovery.

Want Lynn Steger Strong.2020-07-07 Named a Best Book of 2020 by Time Magazine, The Los Angeles Times, NPR, Vulture, The New Yorker, and Kirkus Grappling with motherhood, economic anxiety, rage, and the limits of language, *Want* is a fiercely personal novel that vibrates with anger, insight, and love. Elizabeth is tired. Years after coming to New York to try to build a life, she has found herself with two kids, a husband, two jobs, a PhD—and now they're filing for bankruptcy. As she tries to balance her dream and the impossibility of striving toward it while her work and home lives feel poised to fall apart, she wakes at ungodly hours to run miles by the icy river, struggling to quiet her thoughts. When she reaches out to Sasha, her long-lost childhood friend, it feels almost harmless—one of those innocuous ruptures that exist online, in texts. But her timing is uncanny. Sasha is facing a crisis, too, and perhaps after years apart, their shared moments of crux can bring them back into each other's lives. In *Want*, Lynn Steger Strong explores the subtle violences enacted on a certain type of woman when she dares to want things—and all the various violences in which she implicates herself as she tries to survive.

Palm Beach Chic Jennifer Ash Rudick.2015-10-06 Palm Beach interiors have long reflected the travels, penchants, and whimsies of the town's worldly inhabitants. But as real estate on this tiny barrier island becomes increasingly valuable, residents are calling upon world-class designers to help fine-tune their visions, giving rise to a fresh tropical design vernacular. Fashion designer Josie Natori, for instance, asked architect Calvin Tsao to transform a standard two-bedroom apartment into an airy retreat with rattan furniture and ethnic accessories that are perfectly suited to Palm Beach's subtropical setting and pay tribute to her Asian heritage. These homes aren't slavish copies of interior design magazines or decorators' dictates but testaments to what can be achieved when inspired by the natural beauty of a unique locale and when imagination is one's only limitation. *Tropical Chic: Palm Beach at Home* captures the enduring charm of newly restored seaside fantasies by Mizner, Fatio and Volk, celebrated for their Cuban coquina courtyards and soaring miradors overlooking tiled pools and arching fountains. Jennifer Ash Rudick, a long-time Palm Beach resident, leads an insider's tour of twenty-five houses, cottages, Moorish casbahs, artists' compounds, and Mad Men-era vintage condos. Jessica Klewicki, a Palm Beach-based photographer, captures extraordinary gardens, verandas, lakeside pavilions, a rustic ranch, and simple pastel Bermudan houses sheltered by dense thickets of Norfolk pines and age-old banyans. It is this eclectic mix of old and new, of Spanish and Caribbean, of contemporary design and sun-faded WASP thrift, that makes Palm Beach chic.

Handbook of Research on Cultivating Literacy in Diverse and Multilingual Classrooms Neokleous, Georgios,Krulatz, Anna,Farrelly, Raichle.2020-03-27 Literacy has traditionally been associated with the linguistic and functional ability to read and write. Although literacy, as a fundamental issue in education, has received abundant attention in the last few decades, most publications to date have focused on monolingual classrooms. Language teacher educators have a responsibility to prepare teachers to be culturally responsive and flexible so they can adapt to the range of settings and variety of learners they will encounter in their careers while also bravely questioning the assumptions they are encountering about multilingual literacy development and instruction. The *Handbook of Research on Cultivating Literacy in Diverse and Multilingual Classrooms* is an essential scholarly publication that explores the multifaceted nature of literacy development across the

lifespan in a range of multilingual contexts. Recognizing that literacy instruction in contemporary language classrooms serving diverse student populations must go beyond developing reading and writing abilities, this book sets out to explore a wide range of literacy dimensions. It offers unique perspectives through a critical reflection on issues related to power, ownership, identity, and the social construction of literacy in multilingual societies. As a resource for use in language teacher preparation programs globally, this book will provide a range of theoretical and practical perspectives while creating space for pre- and in-service teachers to grapple with the ideas in light of their respective contexts. The book will also provide valuable insights to instructional designers, curriculum developers, linguists, professionals, academicians, administrators, researchers, and students.
