Comprised of contributions from a broad range of scholars and practitioners, the volume explores whether an adherence to aesthetic values can be preserved when art is instrumentalized as protest and considers theatre as a tool to be employed by the School Strike for Climate movement. Considering perspectives from areas including performance, directing, production, design, theory and history, this book will prompt vital discussions which could transform curricular design and implementation in the light of the climate crisis. *Theatre Pedagogy in the Era of Climate Crisis* will be of great interest to students, scholars and practitioners of climate change and theatre and performance studies.

**Imperialism and Theatre** J. Ellen Gainor. 2003-09-02 Imperialism is a transnational and transhistorical phenomenon; it occurs neither in limited areas nor at one specific moment. In cultures from across the world theatrical performance has long been a site for both the representation and support of imperialism, and resistance and rebellion against it. *Imperialism and Theatre* is a groundbreaking collection which explores the questions of why and how the theatre was selected within imperial cultures for the representation of the concerns of both the colonizers and the colonized. Gathering together fifteen noted scholars and theatre practitioners, this collection spans global and historical boundaries and presents a uniquely comprehensive study of post-colonial drama. The essays engage in current theoretical issues while shifting the focus from the printed text to theatre as a cultural formation and locus of political force. A compelling and extremely timely work, *Imperialism and Theatre* reveals fascinating new dimensions to the post-colonial debate. Contributors: Nora Alter; Sudipto Chatterjee; Mary Karen Dahl; Alan Filewood; Donald H. Frischmann; Rhonda Garelick; Helen Gilbert; Michael Hays; Loren Kruger; Josephine Lee; Robert Eric Livingston; Julie S. Peters; Michael Quinn; Edward Said; Elaine Savory.

**The Routledge Companion to the Contemporary Musical** Jessica Sternfeld, Elizabeth L. Wollman.2019-08-16 The *Routledge Companion to the Contemporary Musical* is dedicated to the musical's evolving relationship to American culture in the late twentieth and early twenty-first centuries. In the past decade-and-a-half, international scholars from an ever-widening number of disciplines and specializations have been actively contributing to the interdisciplinary field of musical theater studies. Musicals have served not only to mirror the sociopolitical, economic, and cultural tenor of the times, but have helped shape and influence it, in America and across the globe: a genre that may seem, at first glance, light-hearted and escapist serves also as a bold commentary on society. Forty-four essays examine the contemporary musical as an ever-shifting product of an ever-changing culture. This volume sheds new light on the American musical as a thriving, contemporary performing arts genre, one that could have died out in the post-Tin Pan Alley era but instead has managed to remain culturally viable and influential, in part by newly embracing a series of complex contradictions. At present, the American musical is a live, localized, old-fashioned genre that has simultaneously developed into an increasingly globalized, tech-savvy, intensely mediated mass entertainment form. Similarly, as it has become increasingly international in its scope and appeal, the stage musical has also become more firmly rooted to Broadway—the idea, if not the place—and thus branded as a quintessentially American entertainment.

*John Cage's Theatre Pieces* William Fetterman.2012-10-12 The experimental composer John Cage (1912-1992) is best known for his works in percussion, prepared piano, and electronic music, but he is also acknowledged to be one of the most significant figures in 20th century theatre. In Cage's work in theatre composition there is a blurring of the distinctions between music, dance, literature, art and everyday life. Here, William Fetterman examines the majority of those compositions by Cage which are aural as well as visual in content, beginning with his first work in this genre in 1952, and continuing through 1992. Much of the information in this study comes from previously undocumented material discovered among the unpublished scores and notes of Cage and his frequent collaborator David Tudor, as well as author's interviews with Cage and with individuals closely associated with his work, including David Tudor, Merce Cunningham, Bonnie Bird, Mary Caroline Richards, and Ellsworth Snyder.

**Come from Away** Genevieve Graham.2018-04-24 From the bestselling author of *Tides of Honour* and *Promises to Keep* comes a poignant novel about a young couple caught on opposite sides of the Second World War. In the fall of 1939, Grace Baker's three brothers, sharp and proud in their

uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says, will be over before it starts. But three years later, the fighting rages on and rumours swirl about “wolf packs” of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone’s throw from Grace’s window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away, and as Grace gets to know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War.

pulls guiding their movements, this book explores contemporary artists who have responded to various forms of migration in their theatre, performance and multimedia work. The volume comprises two lectures and two curated conversations with theatre-makers and artists. Danish scholar of contemporary visual culture, Anne Ring Petersen, brings artistic and political aspects of 'postmigration' to the fore in an essay on the innovations of Shermin Langhoff at Berlin's Ballhaus Naunynstraße, and the decolonial work of Danish-Trinidadian artist Jeannette Ehlers. The racialised and gendered exclusions associated with navigating 'the industry' for non-white female and non-white non-binary artists are interrogated in Melbourne-based theatre scholar Paul Rae's interview with two Australian performers of Indian heritage, Sonya Soares and Raina Peterson. UK playwrights Joe Murphy and Joe Robertson of Good Chance Theatre discuss their work in dialogue, and with their colleague, Iranian animator and illustrator Majid Adin. Emma Cox's essay on Irish artist Richard Mosse's video installation, *Incoming*, discusses thermographic 'heat signatures' as a means of seeing migrants and the imperative of envisioning global climate change. **Israeli Theatre** Naphtaly Shem-Tov. 2021-05-26 This book conceptualizes Mizrahi (Middle Eastern Jewish) theatre, unfolding its performances in the field of Israeli theatre with a critical gaze. It covers the conceptualization and typology, not along a chronological axis, but rather through seven

theatrical forms. The author suggests a definition of Mizrahi theatre that has fluid boundaries and it can encompass various possibilities for self-representation onstage. Although Mizrahi theatre began to develop in the 1970s, the years since the turn of the millennium have seen an intense flowering of theatrical works by second- and third-generation artists dealing with issues of identity and narrative in a diverse array of forms. Mizrahi theatre is a cultural locus of self-representation, generally created by Mizrahi artists who deal with content, social experiences, cultural, religious, and traditional foundations, and artistic languages derived from the history and social reality of Mizrahi Jews in both Israel and their Middle Eastern countries of origin. Critically surveying Mizrahi theatre in Israel, the book is a key resource for students and academics interested in theatre and performance studies, and Jewish and Israeli studies.

Religion, Theatre, and Performance Lance Gharavi. 2011-12-21 The intersections of religion, politics, and performance form the loci of many of the most serious issues facing the world today, sites where some of the world's most pressing and momentous events are contested and played out. That this circumstance warrants continued, thoughtful, and imaginative engagement from those within the fields of theatre and performance is one of the guiding principles of this volume. This collection features a diverse set of perspectives, written by some of the top scholars in the relevant fields, on the many modern intersections of religion with theatre and performance. Contributors argue that religion can no longer be conceived of as a cultural phenomenon that is safely sequestered in the private sphere. It is instead an explicitly public force that stimulates and complicates public actions, and thus a crucial component of much performance. From mystic theologies of acting to the neuroscience of spirituality in rituals to the performance

of secularism, these essays address a broad variety of religious traditions, sharing a common conception of religion as a crucial object of discourse—one that is formed by, and significantly formative of, performance.
