Mutual Funds Joel E. Ross.1988

A Handbook of Mutual Fund Investing Barry G. Dolgin.2010-12-30 This book is written for the serious mutual fund investor seeking a new and very different approach to mutual fund portfolio construction. It introduces F.S.I. (Fund Screen Investigation), the author's proprietary process for mutual fund portfolio construction. The process is highly structured, analytic, quantitative, and based on a set of assumptions regarding the workings of markets and investor psychology. The acknowledgment and measurement of risk is central to the process. A theme that resonates throughout the book is that things are not always as they appear in the investment world. Accordingly, the reader is offered a new perspective for viewing the investment world and specific suggestions for what to focus on. Show me the numbers! is a refrain that reflects and underscores this theme. Fundamental investment topics such as allocation, correlation, diversification, and index investing are also discussed. F.S.I. provides the blueprints for constructing discrete portfolios that vary by historical levels of risk and return. Readers can variably weight these portfolios with their investment dollars to express their overall level of risk tolerance and objectives, thereby creating a uniquely personal investment strategy, and one which offers a significant degree of flexibility, facilitating modification if circumstances change. This flexibility is of particular importance to retirees and investors approaching retirement as they formulate their individual plans.

Earn More (sleep Better) Richard Eli Evans.1999 This is likely to be the most important book you will ever read about investing. It recommends a very simple, step-by-step strategy to do what sophisticated professionals do -- use index funds as the vehicle of choice for their investment assets. Why Index Funds? For the fifteen-year period ending December 31, 1997, an S&P 500 index fund beat 90 percent of all diversified stock funds -- before counting sales charges and the tax advantage of index funds. In fact, index funds have outperformed non-index funds across a wide range of asset classes and time periods. What about individual stocks and bonds? Based on the evidence, investing with individual stocks, bonds, or conventional mutual funds is not likely to give you the best results. It makes more sense to invest with a diversified portfolio of index funds, balanced to fit your needs and goals. How do Index Funds perform in bear markets? Index funds in six recent bear markets held up better than conventional, non-index funds.

Mutual Funds for Beginners Charles Reinhardt.2015-02-07 Many people are looking for a way to make their money grow. Investing is a great method of leveraging your money out to do all the work for you, so the question is not if you'll invest; it's what investment is right for you. More and more Americans are looking into mutual funds to save, fund their retirement, or just have a steady source of interest income. The great thing about mutual funds is that you can be assured that your investment is in good hands. You see, unlike other forms of investment, mutual funds are always professionally managed by a financial expert in order to make sure that returns are maximized. Interested in learning more? This guide provides a detailed explanation of mutual funds and how to manage them in simple layman's terms that even a beginning investor can understand. Keep on reading so you can start investing smart now!

The Mutual Fund Wealth Builder Dick Fabian.2000 Dick Fabian has helped thousands of individuals average an astonishing 17 percent compounded growth. He now reveals his proven investment techniques using domestic, sector, index, and international mutual funds. 35 illustrations.

All about Mutual Funds Bruce Jacobs.2001 This guide aims to provide objective, time-tested methods for evaluating the advantages and disadvantages of investing in mutual funds to determine the best for your needs. It covers items including the various types available, how to use the Internet for mutual fund investing and strategies for maximizing your return of investment. The second, expanded edition includes extensive changes based on the Internet as a tool for investing, from how to find the best information to how to harvest on-line. The new material also includes risk tolerance tests and risk control techniques.

The Unofficial Guide to Investing in Mutual Funds Stacie Zoe Berg.1999-03-31 Insider secrets are given to choosing the most profitable mutual fund investments--plus the lowdown on diversification, boosting investments by making tax-wise decisions, and adapting portfolios to individual needs.

Mutual Funds for Dummies Eric Kevin Tyson.2010

Mutual Fund Shareholders Gordon J. Alexander,Jonathan D. Jones,Peter J. Nigro.1997

Build Your Own Mutual Fund Brian O'Connell.2004 Investors already pour an average of \$450 billion into personal portfolios every year, and many Wall Street experts predict that figure could climb as high as \$1 trillion over the next decade. This user-friendly book gives readers practical advice on this new hot trend in investing.

Mutual Funds Jo Kaufmann.1988 A guide to learning the tools of investing, what mutual funds are, the history and development of mutual funds, and how to choose a mutual fund.

The Complete Guide to Managing a Portfolio of Mutual Funds Ronald K. Rutherford.1997 Written by a veteran financial planner, this guide uniquely covers the statistical and non-statistical issues involved in selecting and managing a balanced portfolio of mutual funds. It explains investment policy development techniques, explores all asset classes of mutual funds, and covers the critical issues of style analyses, data interpretation, and style management.

The Mutual Fund Business Robert C. Pozen.1998 Pozen, a leading industry expert, offers a structured presentation of mutual funds for upper-level undergraduates and MBA students. *The Mutual Fund Business, 2/e*, covers the key principles of mutual fund investment theory through straightforward writing supported by selected articles and case studies. This text provides a comprehensive, firsthand look at the investment strategies supporting a \$4 trillion industry undergoing significant growth in the U.S.

The Fund Industry Robert Pozen,Theresa Hamacher.2015-02-02 A guide to how your money is managed, with foreword by Nobel laureate Robert Shiller The Fund Industry offers a comprehensive look at mutual funds and the investment management industry, for fund investors, those working in the fund industry, service providers to the industry and students of financial institutions or capital markets. Industry experts Robert Pozen and Theresa Hamacher take readers on a tour of the business of asset management. Readers will learn how to research a fund and assess whether it's right for them; then they'll go behind the scenes to see how funds are invested, sold and regulated. This updated edition expands coverage of the segments of the industry where growth is hottest, including hedge funds, liquid alternatives, ETFs and target date funds—and adds an introduction to derivatives. Mutual funds are a key component of financial planning for 96 million Americans. Nearly a quarter of U.S. household savings are invested in funds, which give individual investors affordable access to professional management. This book provides a detailed look at how firms in the industry: Invest those savings in stocks and bonds Evaluate the risks and returns of funds Distribute funds directly to consumers or through financial advisors or retirement plans Handle the complex operational and regulatory requirements of mutual funds Vote proxies at the annual meetings of public companies Expand their operations across borders Along the way, the authors describe the latest trends and discuss the biggest controversies—all in straightforward and engaging prose. *The Fund Industry* is the essential guide to navigating the mutual fund industry.

The Mutual Fund Wealth Builder Michael D. Hirsch.1991 An expert on mutual funds shows hot defensive investing always wins the day -- no matter what the economy or market is doing.

Straight Talk about Mutual Funds Dian Vujovich.1992

How to Read a Mutual Fund Prospectus Thomas P. Lemke,Gerald T. Lins.1999

Best of the Best Mutual Funds Ranga Chand.1999 A leading independent economist and mutual fund analyst identifies more than 100 top-earning funds--called Heavy Hitters--that have been consistent earners over a ten-year period.

Mutual Funds Seth Anderson,Parvez Ahmed.2006-03-30 Mutual funds are the dominant form of investment companies in the United States today, with approximately \$7 trillion in assets under management. Over the past half century an important body of academic research has addressed various issues about the nature of these companies. These works focus on a wide range of topics, including fund performance, investment style, and expense issues, among others. *MUTUAL FUNDS: Fifty Years of Research Findings* is designed for the academic researcher interested in the various issues surrounding mutual funds and for the practitioner interested in funds for investment purposes. The authors briefly trace the historical evolution of funds, present important aspects of the Investment Company Act of 1940, and then summarize a substantial portion of the academic literature which has been written over the past five decades. This book presents an outstanding wealth of information on mutual funds in a remarkably readable format. It is probably the most comprehensive work currently available on funds. The book sheds light on the numerous issues surrounding mutual fund performance and pricing and is an important resource for any serious investor. Kathleen A. Wayner, Bowling Portfolio Management, President and CEO

Investor's Guide to Low-cost Mutual Funds Mutual Fund Education Alliance.1990

The Great Mutual Fund Trap Gregory Baer,Gary Gensler.2002-09-24 Convinced that your star mutual fund manager will help you beat the market? Eager to hear the latest stock picking advice on CNBC? FORGET ABOUT IT! *The Great Mutual Fund Trap* shows that the average mutual fund consistently underperforms the market, and that strategies for picking above-average funds -- everything from past performance to expert rankings -- are useless. Picking individual stocks on the advice of brokers and analysts works no better. The only sure things are the fees and commissions you'll pay. Fortunately, the news is not all bad. Investors willing to ignore the constant drumbeat of "trade frequently," "trust the experts," and "beat the market" now have the opportunity to do better. Using new investing products investors can earn higher returns with lower risks. Drawing on their years of Wall Street, Treasury and Federal Reserve experience, Gary Gensler and Gregory Baer offer a fresh and realistic look at how money is managed in America. From new indexing strategies to risk-managed stock selection, *The Great Mutual Fund Trap* offers investors an escape from high costs and immunity from seductive marketing messages.

Index Funds Will McClatchy,IndexFunds.com.2002-12-11 A comprehensive look into the world of index funds from the top name in the business Index funds are a growing segment of the investing world, due in part to their higher average returns and a virtual certainty of achieving target index. *An Insider's Guide to Index Funds* fully describes the ins and outs of this investment tool that gives investors the benefit of individual stocks and lower costs associated with mutual funds. The scope of this guide includes everything from a description of various index funds to building a sensible portfolio to saving on taxes to the risk associated with index funds. Seasoned veterans as well as novices will benefit from the depth of knowledge and proven advice that only Indexfunds.com can provide.

Business Week's Guide to Mutual Funds Jeffrey M. Laderman.1992 Packed with even more easy-to-follow charts, tables, graphs, and illustrations, this new edition also presents completely updated Scoreboards that show investors exactly where to put their money, how long to keep it there, and when it's time to move it. Illustrated.

Mutual Fund Fact Book .2001 A guide to trends and statistics in the mutual fund industry.

Mutual Funds U.S. Securities and Exchange Commission.2007 What they are, how to compare them, what to consider before investing, and how to avoid common pitfalls.

Find the Right Mutual Funds Christine Benz.2004-12-29 *The Morningstar Investment Coach: Finding the Right Funds* allows readers to take their first steps in the world of mutual funds with confidence. Filled with informative topics such as how to purchase a fund and how to find a fund's total return, as well as important fund documents, this guide has been designed to give readers a solid mutual fund investing foundation.

Winning with Mutual Funds Junius Ellis.1987 This comprehensive volume provides all the information necessary to make intelligent decisions for mutual-fund investments. It explains how mutual funds work, describes various types of funds, and tells how to establish investment goals.

The Fidelity Guide to Mutual Funds Mary Rowland.1990-12

The Real Truth about Mutual Funds and how to Make Money on Your Investments Herbert Ringold.1996-01-01 The real truth is that the mutual fund industry is not squeaky clean. Even if you are a seasoned investor, you are easy prey for the exaggerated, even out-and-out false claims that swirl around the 6,000 different funds skillfully angling for your dollars. Some of the big-name families of funds are among the worst offenders. After reading this book, you'll know how to design your own system for analyzing funds - a system that, like the Asian proverb, will teach you to fish for life; why you should never, ever buy mutual funds from a bank or stockbroker; how not to get devoured by those giant mutual fund machines, Fidelity and Vanguard; why any fund's past performance is highly deceptive; why current advertising claims are even more deceptive; how to decode the details of a fund prospectus; how to avoid hidden charges (and many are well-hidden); when to buy and sell; which newsletters to rely on and which to use as birdcage liner; and how to build a solid portfolio that reflects your risk tolerance, financial circumstances, and future plans (Ringold gives you six model portfolios and explains the reasoning behind the fund selections in each.)--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
