Endless Blue Sky Hyoseok Lee.2018 Set in 1940s colonial Korea and Japanese-occupied Manchuria, *Endless Blue Sky* tells the love story between Korean writer Ilma and Russian dancer Nadia. The novel is both a thrilling melodrama set in glamorous locations that would shortly be tragically ravaged by war, and a bold piece of writing espousing new ideas on love, marriage, and race. Reading this tale of cosmopolitan socialites finding their way in a new world of luxury hotels, racetracks, and cabarets, one gets a sense of the enthusiasm for the future that some felt in Korea at the time. Honford Star's edition of *Endless Blue Sky*, the first in English, includes an introduction and explanatory notes by translator Steven D. Capener.

**Love Troubles** Wanning Sun.2023-05-18 Four decades of economic reform have made China one of the most unequal countries in the world – but the impact of this inequality is not just socioeconomic. *Love Troubles* is the first book to examine the emotional cost of this inequality to the intimate and emotional lives of China's people. Drawing on first-hand ethnographic research among rural migrant factory workers in the Pearl River Delta in southern China, Wanning Sun critically analyzes narratives about love, romance, and intimacy in contemporary Chinese public discourses. Examining the impact of economic and cultural inequality on private life, this book both embodies and facilitates an intimate turn in the study of China's social change, and presents a significant intellectual intervention into worldwide debates on inequality.

**Fifty Shades of Red** Austin Cunningham.2012-10-01 The uproarious parody of *Fifty Shades of Grey* that more than takes on a life of its own! James Redfield is a consultant not far removed from college, and today is a special day for his project. He meets with young Hanna Stahl, a woman who has always captured his eye with her beauty and innocence, but a truly startling series of events forces him into an unthinkable position with company executive Norma Grayson! In a further bizarre set of circumstances, James signs a contract with Mrs. Grayson that gives new meaning to the idea of women being on top! But, after all, doesn't the other kind of, ahem, relationship deserve its own novel? And thus, mixing comedy and eroticism with a touch of drama and class, *Fifty Shades of Red* makes for fine reading for both fans and non-fans of that other novel.

**Blood Sisters** Kim Yideum.2019-06-11 *Blood Sisters* tells the story of Jeong Yeoul, a young Korean college student in the 1980's, when the memory of President Chun Doo-hwan's violent suppression of student demonstrations against martial law was still fresh. Yideum captures with raw honesty the sense of dread felt by many Korean women during this time as Jeong struggles in a swirl of misguided desires and hopelessness against a society distorted by competing ideologies, sexual violence, and cultural conservatism. Facing this helplessness, her impulse is to escape into the world of art. *Blood Sisters* is a vivid, powerful portrayal of a woman's efforts to live an authentic life in the face of injustice.

But as Joan, being both beautiful and introspective, begins to record her day-to-day musings, she realizes she has a lot to say. About everything. And everyone, God help them. The result? A no-holds-barred, delightfully vicious and always hilarious look at the everyday life of the ultimate diva. *The Global Vampire* Cait Coker,Donald E. Palumbo,C.W. Sullivan III.2020-01-10 The media vampire has roots throughout the world, far beyond the shores of the usual Dracula-inspired Anglo-American archetypes. Depending on text and context, the vampire is a figure of anxiety and comfort, humor and fear, desire and revulsion. These dichotomies gesture the enduring prevalence of the vampire in mass culture; it can no longer articulate a single feeling or response, bound by time and geography, but is many things to many people. With a global perspective, this collection of essays offers something new and different: a much needed counter-narrative of the vampire's evolution in popular culture. Divided by geography, this text emphasizes the vampiric as a globetrotting citizen du monde rather than an isolated monster.

*Turning the Page* Angus Phillips.2014-02-05 This is an exciting period for the book, a time of innovation, experimentation, and change. It is also a time of considerable fear within the book industry as it adjusts to changes in how books are created and consumed. The movement to digital has been taking place for some time, but with consumer books experiencing the transition, the effects of digitization can be clearly seen to everybody. In *Turning the Page* Angus Phillips analyses the fundamental drivers of the book publishing industry - authorship, readership, and copyright - and examines the effects of digital and other developments on the book itself. Drawing on theory and research across a range of subjects, from business and sociology to neuroscience and psychology, and from interviews with industry professionals, Phillips investigates how the fundamentals of the book industry are changing in a world of ebooks, self-publishing, and emerging business models. Useful comparisons are also made with other media industries which have undergone rapid change, such as music and newspapers. This book is an ideal companion for anyone wishing to understand the transition of the book, writing and publishing in recent years and will be particularly relevant to students studying publishing, media and communications.

**The Golden Phoenix** Chi-mun Sö.1998 These seven stories, dramatic and thought-provoking, provide a compelling picture of Korean life in the 1940s-1990s. Family and community ties, respect for tradition, survival in the face of repeated national disasters and wrenching social upheaval - these are among the themes evoked in the collection. The narratives make palpable the lives and emotions of characters from differing backgrounds, all of whom must negotiate the same historical legacy and contradictory modern developments.

*Straight Korean Female Fans and Their Gay Fantasies* Jungmin Kwon.2019-02-15 This study is about ardent Korean female fans of gay representation

in the media, their status in contemporary Korean society, their relationship with other groups such as gay men, and, above all, their contribution to reshaping the media's portrayal of gay people, as well as the public attitude toward sexually marginalized groups. Kwon calls the female fandom of gay portrayals FANTasy culture and argues that it enables the present growing visibility of the gay body in Korean mainstream media. She also argues that fandom has functioned as a catalyst to ameliorate a harsh reality for a marginalized group. The FANTasy subculture started forming around text-based media, such as yaoi (or boys' love manga, a Japanese genre), fan fiction, and U.S. gay-themed dramas, and has been influenced by diverse social, political, and economic conditions, such as the democratization of Korea, an open policy toward foreign media and cultural products, the diffusion of consumerism, government investment in Korean culture, the Hollywoodization of the film industry, and the popularity of Korean culture abroad. While much scholarly attention has been paid to the female fans of homoerotic cultural texts in other countries, Kwon explores both the understudied Korean case and another aspect of the subculture that has been relatively neglected: its location in and influence on the society at large--

Talking about Food Sofia Rüdiger, Susanne Mühleisen. 2020-06-15 All humans eat and all humans speak - activities which in social life often, but not always, co-occur: We talk while eating and drinking with others, but food is also a prominent literal and metaphorical discursive topic which contributes to establishing communities and identities. This omnipresence of eating and drinking in our daily lives has led to a public fascination with foodways. The contributions in this edited collection investigate the connection between language and food from a variety of perspectives. As food discourses operate on local, global, and mediated levels, they are intertwined with notions of identity and culture and thus shed light on intimate understandings of ourselves as human beings. *Talking about Food - The Social and the Global in Eating Communities* provides up-to-date and thought-provoking contributions to the linguistics of food. The book is essential reading for anyone interested in food-related subjects.

**The Routledge Companion to Literary Media** Astrid Ensslin,Julia Round,Bronwen Thomas.2023-08-30 *The Routledge Companion to Literary Media* examines the fast-moving present and future of a media ecosystem in which the literary continues to play a vital role. The term 'literary media' challenges the tendency to hold the two terms distinct and broadens accepted usage of the literary to include popular cultural forms, emerging technologies and taste cultures, genres, and platforms, as well as traditions and audiences all too often excluded from literary histories and canons. Featuring contributions from leading international scholars and practitioners, the Companion provides a comprehensive guide to existing terms and theories that address the alignment of literature and a variety of media forms. It situates the concept in relation to existing theories and historiographies; considers emerging genres and forms such as locative narratives and autofiction; and expands discussion beyond the boundaries by which literary authorship is conventionally defined. Contributors also examine specific production and publishing contexts to provide in-depth analysis of the promotion of literary media materials. The volume further considers reading and other aspects of situated audience engagement, such as Indigenous and oral storytelling, prize and review cultures, book clubs, children, and young adults. This authoritative collection is an invaluable

resource for scholars and students working at the intersection of literary and media studies.

**Hype** Gabrielle Bluestone.2021-04-06 Hype is the best kind of nonfiction: juicy, sharp, savage and wildly entertaining, with a celebrity behaving badly on every page. What more could you want?" -Cat Marnell, New York Times-bestselling author of *How to Murder Your Life* From former Vice journalist and executive producer of hit Netflix documentary *Fyre* comes an eye-opening look at the con artists, grifters and snake oil salesmen of the digital age—and why we can't stop falling for them. We live in an age where scams are the new normal. A charismatic entrepreneur sells thousands of tickets to a festival that never happened. These unsettling stories of today's viral grifters have risen to fame and hit the front-page headlines, yet the curious conundrum remains: Why do these scams happen? Drawing from scientific research, marketing campaigns, and exclusive documents and interviews, former Vice reporter Gabrielle Bluestone delves into the irresistible hype that fuels our social media ecosystem, whether it's from the trusted influencers that peddled *Fyre* or the consumer reviews that sold *Juicero*. **Wilful Blindness** Margaret Heffernan.2011-02-03 Fully revised and updated since its first publication in 2011 to encompass further appalling instances of wilful blindness: Grenfell Tower, Carillion, Harvey Weinstein, Windrush and many more 'Entertaining and compellingly argued' Sunday Times 'A tour de force of brilliant insights' Philip Zimbardo 'A polemic against the dangers of docility and groupthink in every walk of life' Books of the Year, Financial Times 'Writing in clear, flowing prose, Heffernan draws on psychological and neurological studies and interviews with executives, whistleblowers and white-collar criminals' New York Times 'An engaging read, packed with cautionary tales ... Heffernan shows why we close our eyes to facts that threaten our families, our livelihood, and our self-image - and, even better, she points the way out of the darkness' Daniel H. Pink, author of *Drive* and *A Whole New Mind*? Why, after every major accident and blunder, do we look back and ask, how could we have been so blind? Why do some people see what others don't? And how can we change? Drawing on studies by psychologists and neuroscientists, and from interviews with business leaders, whistle blowers and white collar criminals, distinguished businesswoman and writer Margaret Heffernan examines the phenomenon of wilful blindness, exploring the reasons that individuals and groups are blind to impending personal tragedies, corporate collapses, engineering failures - even crimes against humanity. We turn a blind eye in order to feel safe, to avoid conflict, to reduce anxiety and to protect

prestige. It makes us feel good at first, with consequences we don't see. But greater understanding leads to solutions, and Heffernan shows how - by challenging our biases, encouraging debate, discouraging conformity, and not backing away from difficult or complicated problems - we can be more mindful of what's going on around us and be proactive instead of reactive.

The Routledge Handbook of Hospitality Studies Conrad Lashley.2016-11-10 In recent years there has been a growing interest in the study of hospitality as a social phenomenon. This interest has tended to arrive from two communities. The first comprises hospitality academics interested in exploring the wider meanings of hospitality as a way of better understanding guest and host relations and its implications for commercial settings. The second comprises social scientists using hosts and guests as a metaphor for understanding the relationship between host communities and guests as people from outside the community - migrants, asylum seekers and illegal immigrants. The Routledge Handbook of Hospitality Studies encourages both the study of hospitality as a human phenomenon and the study for hospitality as an industrial activity embracing the service of food, drink and accommodation. Developed from specifically commissioned original contributions from recognised authors in the field, it is the most up-to-date and definitive resource on the subject. The volume is divided into four parts: the first looks at ways of seeing hospitality from an array of social science disciplines; the second highlights the experiences of hospitality from different guest perspectives; the third explores the need to be hospitable through various time periods and social structures, and across the globe; while the final section deals with the notions of sustainability and hospitality. This handbook is interdisciplinary in coverage and is also international in scope through authorship and content. The 'state-of-the-art' orientation of the book is achieved through a critical view of current debates and controversies in the field as well as future research issues and trends. It is designed to be a benchmark for any future assessment of the field and its development. This handbook offers the reader a comprehensive synthesis of this discipline, conveying the latest thinking, issues and research. It will be an invaluable resource for all those with an interest in hospitality, encouraging dialogue across disciplinary boundaries and areas of study.
