*New Impressions of Africa* Raymond Roussel.2012-10-28 A new translation of a masterpiece of modernist poetry Poet, novelist, playwright, and chess enthusiast, Raymond Roussel (1877-1933) was one of the French belle époque's most compelling literary figures. During his lifetime, Roussel's work was vociferously championed by the surrealists, but never achieved the widespread acclaim for which he yearned. *New Impressions of Africa* is undoubtedly Roussel's most extraordinary work. Since its publication in 1932, this weird and wonderful poem has slowly gained cult status, and its admirers have included Salvador Dalí—who dubbed it the most ungraspably poetic work of the era—André Breton, Jean Cocteau, Marcel Duchamp, Michel Foucault, Kenneth Koch, and John Ashbery. Roussel began writing *New Impressions of Africa* in 1915 while serving in the French Army during the First World War and it took him seventeen years to complete. It is hard to believe the immense amount of time composition of this kind of verse requires, he later commented. Mysterious, unnerving, hilarious, haunting, both rigorously logical and dizzyingly sublime, it is truly one of the hidden masterpieces of twentieth-century modernism. This bilingual edition of *New Impressions of Africa* presents the original French text and the English poet Mark Ford's lucid, idiomatic translation on facing pages. It also includes an introduction outlining the poem's peculiar structure and evolution, notes explaining its literary and historical references, and the fifty-nine illustrations anonymously commissioned by Roussel, via a detective agency, from Henri-A. Zo.

**The Aquarian Gospel of Jesus the Christ** Levi Dowling.2012-03-06 This visionary text professes to tell the complete story of Jesus' life, including the lost years, during which he traveled and studied in Tibet, Egypt, India, Persia, and Greece. First published in 1908, this mystical work is the cornerstone of a Christian denomination, the Aquarian Christine Church Universal, and it offers intriguing, controversial assertions about Christ's message. Jesus was conceived by a human father, author Levi Dowling states, and by effort and prayer rendered himself a fit vessel for the Christ — the model for human existence and ultimate salvation. Dowling, who devoted forty years of preparation to the task of transcribing this volume's contents from original Akashic records, further asserts the reality of reincarnation and its culmination in the perfection of the human soul. Tracing Jesus' life from his birth in Bethlehem to his ascension from the Mount of Olives, Dowling offers complete details concerning the savior's years among monks, wise men, and seers throughout the Orient. Readers with an interest in occult lore and the history of religion will find this remarkable volume a source of endless fascination.

**The Rejection of Consequentialism** Samuel Scheffler.1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results,

and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

Life in the Folds Henri Michaux. 2016 *Life in the Folds*, originally published in French in 1949, is the Belgian-born author and artist Henri Michaux's (1899-1984) most direct exploration of the many forms of suffering, a laboratory of fantastical, destructive energies in which the poet presents his methods for dealing with the world around him. The first two sections offer such items as the Slapping Gun and the Man Sling (in the section Freedom of Action) to the scenarios that call for defensive measures such as the Constellation of Jobs and the visceral Blow of Fatigue (in the section Apparitions). Also included is one of Michaux's more complex fantastical-anthropological travelogues, Portrait of the Meidosems, an account of the ways and manners of a population of vague ectoplasmic figures, anguished filaments of sorts that struggle to exist but are never allowed to sit still. This volume charts a turning point in Michaux's life and in the world, where his earlier depictions of visualized psychology and suffering found representation in a traumatized Europe.

Imbued by the war years, the Occupation and the horror of the concentration camps, *Life in the Folds* bears the scars of Michaux's own personal catastrophe--the loss of his wife, who had died of atrocious burns the previous year--and concludes with the autobiographical text, *Old Age of Pollagoras*, a wearied testament uttered before a haunted plain of death.

**Poetas Do Brasil** Frederick G. Williams.2004 The first bilingual anthology of Brazilian Poetry to cover its entire 500-year-long history, this book drew the following comment from Yale's expert in world literature, Harold Bloom: *Poets of Brazil: A Bilingual Selection* is the only book available that gives these poets to us in both languages, Portuguese and American English. The choice of poets is remarkably inclusive and various and is particularly enlightening in the works of the twentieth-century Republic of Brazil. In particular, the representation of Manuel Bandeira, of the three Andrades and of Archanjo are brilliantly rendered. The quality of the introduction and notes is also estimable.
