An American Journey James Ernest Shaw.2013-07 An American Journey is a captivating tale of America and Americans. In the summer of 1962 James Shaw strapped an army surplus sleeping bag on his 3-speed Raleigh bike and set off from his small-town Nebraska home for the Rocky Mountains. He was fifteen years old and had just read John Steinbeck's *Travels with Charley*. Just like Steinbeck, James learned that America is filled with good-hearted characters, like the tobacco-chewing, foul-mouthed pool shark who, upon learning that James was looking for a place to camp, directed the wandering wayfarer to a pastor who let him sleep on his porch. Too old at sixty-five? Fifty years later, James had a few questions: How much has America changed since the days of John F. Kennedy? Are Americans still kind to strangers? And could he, at age sixty-five, bike the thousand-plus miles that lie between Wisconsin and Colorado? On this journey James took along a companion—a weird-looking, small-wheeled bike named Friday. By piquing the curiosity of everyone who saw it, that strange little blue bike introduced James to a fascinating cross section of Americans. From these people James discovered what has changed about America and the many things that are still essentially the same in this great and still wide-open country. An unforgettable cast of characters. You'll meet the people James met—memorable one-of-a-kind, salt-of-the-earth folks. Some days he met so many intriguing people that he rode only a couple of dozen miles. Their stories will inspire you. They will also serve as warnings that this great experiment that is known as America must be safeguarded. Steinbeck warned us—and so do the fascinating people you will meet in *An American Journey*. Their stories will remind you of all that is good about America—and just how much we stand

to lose if we are not vigilant in protecting our freedoms. Travels with Friday will warm your heart with appreciation for the unique spirit of the American people.

Latin American Journey Robert W. Pazmiño.2002-09-02 Latin American Journey demonstrates in a unique way how personal and social narrative can illuminate the biblical story. Robert Pazmiño's experiences in a South American base community and the barrios of Costa Rica are here translated into fresh and vital proposals for Christian education in North America. Showing the way between fundamentalism of both the right and left, the author brings into creative partnership an often

polarized orthodoxy and 'orthopraxy'. A valuable resource for religious educators, pastors, and seminary students. - Gabriel Fackre Abbot Professor of Christian Theology Andover Newton Theological School Pazmino has shown significant creativity in bringing the insights of liberation theology to bear on the discipline of religious education. He has done this in a manner that is directly relevant to a North American audience, and not merely to those curious about Latin American liberation theology. He writes clearly and succinctly, and his book could be valuable in courses on religious education in seminars and colleges. It is a must for curriculum planners and writers, as well as for directors of Christian education in local churches. - Justo L. Gonzalez Director, Hispanic Summer Program The Fund for Theological Education, Inc.

The American Journey of Barack Obama, eBook text edition The Editors of Life Magazine.2008-12-22 For decades Americans have turned to LIFE to see, understand, and remember the most important events and people of our time. Just as LIFE once opened up the glittering Kennedy White House, LIFE now focuses its lens on Barack Obama. The American Journey of Barack Obama covers the candidate from his childhood and adolescence to his time as editor of The Harvard Law Review and his Chicago activist years, culminating with the excitement and fervor of the historic 2008 Democratic National Convention. The unfolding drama of Obama's life and political career is cinematic in scope, and never has it been presented so compellingly. In addition to a powerful array of photographs that were taken by many of the country's greatest photographers (and some that were snapped, in the quiet moments, by Obama family members themselves), this book also includes a Foreword by Senator Edward M. Kennedy, an incisive narrative biography and original essays by some of our finest writers, including Gay Talese, Charles Johnson, Melissa Fay Greene, Andrei Codrescu, Fay Weldon, Richard Norton Smith, Bob Greene and several others. Many readers will find a new understanding of Obama. All readers will feel that they are bearing witness to a singular, undeniably American story.

My American Journey Colin L. Powell, Joseph E. Persico.2010-12-29 #1 NEW YORK TIMES BESTSELLER • "A great American success story . . . an endearing and well-written book."—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanting with their leaders, General Powell's passionate views on family, personal responsibility, and, in his own words, "the greatness of America and the opportunities it offers" inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

The Truths We Hold Kamala Harris. 2020-08-04 The #1 New York Times bestseller From Vice President Kamala Harris, one of America's most inspiring political leaders, a book about the core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country A life story that genuinely entrances. —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents—an esteemed economist from Jamaica and an admired cancer researcher from India—met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale tough on crime rhetoric as presenting a series of false choices. Neither tough nor soft but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in *THE TRUTHS WE HOLD* a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

The Greater Journey David McCullough. 2011-05-24 The #1 bestseller that tells the remarkable story of the generations of American artists, writers, and doctors who traveled to Paris, fell in love with the city and its people, and changed America through what they learned, told by America's master historian, David McCullough. Not all pioneers went west. In *The Greater Journey*, David McCullough tells the enthralling, inspiring—and until now, untold—story of the adventurous American artists, writers, doctors, politicians, and others who set off for Paris in the years between 1830 and 1900, hungry to learn and to excel in their work. What they achieved would profoundly alter American

history. Elizabeth Blackwell, the first female doctor in America, was one of this intrepid band. Another was Charles Sumner, whose encounters with black students at the Sorbonne inspired him to become the most powerful voice for abolition in the US Senate. Friends James Fenimore Cooper and Samuel F. B. Morse worked unrelentingly every day in Paris, Morse not only painting what would be his masterpiece, but also bringing home his momentous idea for the telegraph. Harriet Beecher Stowe traveled to Paris to escape the controversy generated by her book, *Uncle Tom's Cabin*. Three of the greatest American artists ever—sculptor Augustus Saint-Gaudens, painters Mary Cassatt and John Singer Sargent—flourished in Paris, inspired by French masters. Almost forgotten today, the heroic American ambassador Elihu Washburne bravely remained at his post through the Franco-Prussian War, the long Siege of Paris, and the nightmare of the Commune. His vivid diary account of the starvation and suffering endured by the people of Paris is published here for the first time. Telling their stories with power and intimacy, McCullough brings us into the lives of remarkable men and women who, in Saint-Gaudens' phrase, longed "to soar into the blue."
