Language in Zambia Sirarpi Ohannessian, Mubanga E. Kashoki. 2017-09-20 Originally published in 1978, this volume is divided into 3 parts. Part 1 presents an overview of the linguistic situation in Zambia: who speaks which languages, where they are spoken, what these languages are like. Special emphasis is given to the extensive survey of the languages of the Kafue basin, where extensive changes and relocations have taken place. Part 2 is on language use: patterns of competence and of extension for certain languages in urban settings, configurations of comprehension across language boundaries, how selected groups of multilinguals employ each of their languages and for what purposes, what languages are used in radio and television broadcasting and how decisions to use or not use a language are made. Part 3 involves language and formal education: what languages, Zambian and foreign, are used at various levels in the schools, which are taught, with what curricula, methods, how teachers are trained, how issues such as adult literacy are approached and with what success.

Conversation Strategies David Kehe, Peggy Dustin Kehe. 2004 What are Conversation Strategies? They are techniques that help the speaker and listener keep a conversation going to its natural and desired conclusion. They are skills that supplement the linguistic and sociolinguistic skills most texts focus on: grammar, vocabulary, and usage. To develop strategic competence, students must learn the words, phrases, and conventions used as two speakers engage in the active give-and-take of conversation. These are the strategies we use to get more information, make comparisons, correct someone politely, agree and disagree, summarize, share information, and make decisions in a business meeting. Students also practice polite forms, rejoinders, clarifications, follow-up questions, getting a response, expressing probability, interrupting, and avoiding conversation killers. Each activity has three parts: a teacher's introduction, a written introductory exercise to be done by students individually, and pair/group practice that makes use of information gap and other interactive formats. -- From product description.

Education Sector Plans and their Implementation in Developing Countries Roy Carr-Hill. 2023-03-09 This book examines the factors affecting the successful implementation of Education Sector Plans in developing countries. It provides a detailed comparison that draws on data from 27 countries to offer careful research conclusions and policy recommendations. Offering a detailed comparison of the schooling situation (e.g. availability of potable water and toilets, provision for the disabled) as well as educational outcomes (both test scores and percentages out-of-school) from the 27 countries using empirical evidence, the book examines the resources that have been invested in different education sectors, investigating the development and success of each plan. The volume uses correlation analysis to compare factors including the availability of government funding, national characteristics, ministerial decisions, influences of country and donor stakeholders, as well as district- and school-level issues. Thorough comparative analysis of the data is then demonstrated, with two measures of achievements to identify which factors can be considered as the most important in order to reach realistic policy and research conclusions. Timely and engaging, this book will be of great interest to researchers, scholars, and postgraduate students in the field of education and international development, comparative education, and international education more broadly.

P.S. Be Eleven Rita Williams-Garcia. 2013-05-21 The Gaither sisters are at it again! A sequel to the Newbery Honor Book *One Crazy Summer*, this Coretta Scott King Award-winning novel will find a home in the hearts of readers who loved *Brown Girl Dreaming* and *As Brave as You*. After spending the summer in Oakland, California, with their mother and the Black Panthers, Delphine, Vonetta, and Fern arrive home with a newfound streak of independence. That doesn't sit well with Big Ma, who doesn't like the way things are changing. Neither does Delphine. Pa has a new girlfriend. Uncle Darnell comes home from Vietnam, but he's not the same. And her new sixth-grade teacher isn't the fun, stylish Miss Honeywell—it's Mr. Mwila, a stern exchange teacher from Zambia. But the one thing that doesn't change during this turbulent year is the advice that Delphine

receives from her mother, who reminds her not to grow up too fast. To be eleven while she can. Readers who enjoy Christopher Paul Curtis's *The Watsons Go to Birmingham* and Jacqueline Woodson's *Brown Girl Dreaming* will find much to love in this book. Rita Williams-Garcia's books about Delphine, Vonetta, and Fern can also be read alongside nonfiction explorations of American history such as Jason Reynolds's and Ibram X. Kendi's books. Each humorous, unforgettable story in this trilogy follows the sisters as they grow up during one of the most tumultuous eras in recent American history, the 1960s. Read the adventures of eleven-year-old Delphine and her younger sisters, Vonetta and Fern, as they visit their kin all over the rapidly changing nation—and as they discover that the bonds of family, and their own strength, run deeper than they ever knew possible. “The Gaither sisters are an irresistible trio. Williams-Garcia excels at conveying defining moments of American society from their point of view.” —Publishers Weekly (starred review)

The International status of education about the Holocaust Carrier, Peter,Fuchs, Eckhardt,Messinger, Torben,Georg Eckert Institute for International Textbook Research (Germany).2015-01-14 How do schools worldwide treat the Holocaust as a subject? In which countries does the Holocaust form part of classroom teaching? Are representations of the Holocaust always accurate, balanced and unprejudiced in curricula and textbooks? This study, carried out by UNESCO and the Georg Eckert Institute for International Textbook Research, compares for the first time representations of the Holocaust in school textbooks and national curricula. Drawing on data which includes countries in which there exists no or little information about representations of the Holocaust, the study shows where the Holocaust is established in official guidelines, and contains a close textbook study, focusing on the comprehensiveness and accuracy of representations and historical narratives. The book highlights evolving practices worldwide and thus provides education stakeholders with comprehensive documentation about current trends in curricula directives and textbook representations of the Holocaust. It further formulates recommendations that will help policy-makers provide the educational means by which pupils may develop Holocaust literacy.

The Golden State Lydia Kiesling.2018-09-04 NATIONAL BOOK FOUNDATION 5 UNDER 35 PICK. LONGLISTED FOR THE CENTER FOR FICTION'S FIRST NOVEL PRIZE. Named one of the Best Books of 2018 by NPR, Bookforum and Bustle. One of Entertainment Weekly's 10 Best Debut Novels of 2018. An Amazon Best Book of the Month and named a fall read by BuzzFeed, Nylon, Entertainment Weekly, Elle, Vanity Fair, Vulture, Refinery29 and Mind Body Green A gorgeous, raw debut novel about a young woman braving the ups and downs of motherhood in a fractured America In Lydia Kiesling's razor-sharp debut novel, *The Golden State*, we accompany Daphne, a young mother on the edge of a breakdown, as she flees her sensible but strained life in San Francisco for the high desert of Altavista with her toddler, Honey. Bucking under the weight of being a single parent—her Turkish husband is unable to return to the United States because of a “processing error”—Daphne takes refuge in a mobile home left to her by her grandparents in hopes that the quiet will bring clarity. But clarity proves elusive. Over the next ten days Daphne is anxious, she behaves a little erratically, she drinks too much. She wanders the town looking for anyone and anything to punctuate the long hours alone with the baby. Among others, she meets Cindy, a neighbor who is active in a secessionist movement, and befriends the elderly Alice, who has traveled to Altavista as she approaches the end of her life. When her relationships with these women culminate in a dangerous standoff, Daphne must reconcile her inner narrative with the reality of a deeply divided world. Keenly observed, bristling with humor, and set against the beauty of a little-known part of California, *The Golden State* is about class and cultural breakdowns, and desperate attempts to bridge old and new worlds. But more than anything, it is about motherhood: its voracious worry, frequent tedium, and enthralling, wondrous love.

Stolen Childhood Priscilla Musonda.2012-05-01 Priscilla Musonda has no idea how she survived such a hard life, but she knows why. The survivor of a lifetime of sexual abuse, she has grown to serve as a beacon for other child victims. In *Stolen Childhood*, she shares chilling, detailed accounts of her life in Zambia as the sexual slave of her father. The abuse began when she was just five years old, and as a result, her relatives

shunned her and predicted that she would never marry. She struggled to complete her education as the nightmare continued. As a teen, she was forced to marry her own father, a polygamist with three other wives. She bore him four children who have also been shunned by her family. Desperate, she ran away to live on the streets. Her life was grim, but not as grim as the future they predicted for her. But Priscilla is a survivor, not a victim. She dreams of building a sanctuary, school, and psychosocial centre in Zambia. She shares her story with strong language and imagery, to help the reader truly understand what she went through. She wants to do everything she can to get others to take the claims of children seriously. Ten percent of the proceeds from the sale of her story will go to benefit the work of PSHAF.
