*The Man of Jasmine* Unica Zürn.1994 Zürn's mental collapse was initiated when she encountered in the real world her childhood fantasy figure the man of jasmine: he was the writer Henri Michaux, and her meeting him plunged her into a world of hallucination in which visions of her desires, anxieties and events from her unresolved past overwhelmed her present life. Her return to reality was constantly interrupted by alternate visionary and depressive periods.

**Poetics and Politics** Toni Bernhart,Jaša Drnovsek,Sven Thorsten Kilian,Joachim Küpper,Jan Mosch.2018-08-21 Far from teleological historiography, the pan-European perspective on Early Modern drama offered in this volume provides answers to why, how, where and when the given phenomena of theatre appear in history. Using theories of circulation and other concepts of exchange, transfer and movement, the authors analyze the development and differentiation of European secular and religious drama, within the disciplinary framework of comparative literature and the history of literature and concepts. Within this frame, aspects of major interest are the relationship between tradition and innovation, the status of genre, the proportion of autonomous and heteronomous creational dispositions within the artefacts or genres they belong to, as well as strategies of functionalization in the context of a given part of the cultural net. Contributions cover a broad range of topics, including poetics of Early Modern Drama; political, institutional and social practices; history of themes and motifs (Stoffgeschichte); history of genres/cross-fertilization between genres; textual traditions and distribution of texts; questions of originality and authorship; theories of circulation and net structures in Drama Studies.

**The "Berlin Chronicle" Notices** Walter Benjamin.2015 A companion volume to Walter Benjamin's (1892-1940) memoir *Berlin Childhood* circa 1900, *The Berlin Chronicle Notices* is now in a new translation by Carl Skoggard. The German-Jewish philosopher, theorist and critic Walter Benjamin began to ruminate on his comfortable Berlin childhood in 1932, not long before he would flee Germany for good to escape the Nazis. The resulting *Berlin Chronicle notices*--40 in all--do not result in a linear narrative but instead remain fragmentary recollections of Benjamin's young years, from his early childhood to the threshold of adulthood. More generally, they are a series of profound explorations of memory and of the ways memory relates to place. Rich in and of themselves, these notices greatly illuminate *Berlin Childhood* circa 1900, written by Benjamin months later. This translation, in a charming pocket-sized format, comes with an extensive commentary, a historical map of Berlin and numerous illustrations.

*Themba* Lutz van Dijk.2011-10-31 A hard-hitting, and emotional story set in South Africa, following Themba and his dreams of becoming a famous footballer. Themba grows up dreaming of becoming a football star. One day he leaves the village and travels with his sister to the city in search of their mother. Life is a struggle and Themba has to grow up fast. A lucky break gives him the chance to train as a footballer and play professionally - but Themba has a secret - should he tell the truth about his HIV and risk everything he's ever dreamed of? ~ Themba won an IBBY award - Best Book for Young People. Karin Chubb was Shortlisted for the Marsh Award for Children's Literature in Translation for Themba, a unique award celebrating the high quality and diversity of translated fiction for young readers. The book was also made into an award-winning film. "Beautifully translated from the original ... it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread." Books, Teens and Magazines "Themba reminds me of my own childhood and youth in a township close to a small village in the Transvaal in South Africa: Like him I wanted to escape poverty, like him I had the hope that our world will be a just world one day - and like him I loved my mother who was working at the time as a maid for a white family. To be very honest: in soccer Themba seems to be simply better than I was." Archbishop Desmond Tutu "READ OF THE MONTH" *Pride* magazine "...an inspirational coming of age drama about a young South African boy's escape from poverty and the pursuit of a dream." *Spring* online "It's a rags to riches story - a story of hope, of dreaming your dreams and achieving them, and it's also a story of friendship..." *The Sunday Independent* "It's a really engaging book, and because Aids is a serious issue, it made us want to carry on reading more about it." *Durning Library* teenage reading group "Beautifully translated from the original and it is an easy and straightforward read. However, the storyline is tough - poverty, AIDS and death haunt the pages of the book. The reader learns about the hardship of life for many ordinary South Africans (even after Mandela came to power) and the struggle for those families who have a family member suffering from AIDS. The problems they face do not lie solely in a lack of medication and good nutrition; it also lies in the ignorance of their neighbours and friends and a refusal of many to acknowledge the illness and help the ill. However this is not a depressing book - it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread." *The Anarchists* John Henry MacKay.2020-07-25 Germany's Poet-Anarchist John Henry Mackay wrote this thinly-disguised fictional account of his sojourn to London in 1887. A journey of transformation from revolutionary self-martyrdom to radical self-ownership, the book follows Carrard Auban (a French revolutionary firebrand turned anarcho-individualist) through late-19th century Paris, Chicago, and London.

**Destiny's Journey** Alfred Döblin.2019-08-16 *Destiny's Journey* is a memoir reconstructed partly from notebooks that Döblin kept from the time he worked in the French Ministry of Information in the spring of 1940 and partly written without notes in Los Angeles where he took refuge during the Second World War. It tells the personal and generational story of the flight of Jewish and anti-Nazi intellectuals from Europe to America, their fear and frustration, isolation, and inability to work. Döblin's story differs from that of other Jewish intellectuals and artists in that his family converts to Catholicism in Los Angeles. Unlike most of them, he returns to Europe as an officer with the French forces and works on denazifying German literature. The conversion narrative bridges the departure from and return to Europe. To critic John Simon, "the latter part of the book often reads like a shrill piece of Christian homiletics. But even this is not without interest, as it traces the transformation of an anarchic outsider into a dogmatic insider." "The first part of 'Destiny's Journey' [about] Döblin's departure from Paris [in] 1940... is magisterial: acidly observed, saturated in telling detail, grimly comic and harrowing... with an exemplary introduction by Peter Demetz... an important, nourishing book" — John Simon, *The New York Times*

**Rome the Cosmopolis** Catharine Edwards, Greg Woolf. 2006-11-02 Rome stands today for an empire and for a city. The essays gathered in this volume explore some of the many ways in which the two were interwoven. Rome was fed, beautified and enriched by empire just as it was swollen, polluted, infected and occupied by it. Empire was paraded in the streets of Rome, and exhibited in the city's buildings. Empire also made the city ineradicably foreign, polyglot, an alien capital, and a focus for un-Roman activities. The city was where the Roman cosmos was most concentrated, and so was most contested. Deploying a range of methodologies on materials ranging from Egyptian obelisks to human skeletal remains, via Christian art and Latin poetry, the contributors to this volume weave a series of pathways through the world-city, exploring the different kinds of centrality Rome had in the empire. The result is a startlingly original picture of both empire and city.

An evocative tale of the search for love and connection, *The End of the Ocean* is a profoundly moving father daughter story of survival and a clarion call for climate action. Strange Things Margaret Atwood. 2009-10-01 Margaret Atwood's witty and informative book focuses on the imaginative mystique of the wilderness of the Canadian North. She discusses the 'Grey Owl Syndrome' of white writers going native; the folklore arising from the mysterious-- and disastrous -- Franklin expedition of the nineteenth century; the myth of the dreaded snow monster, the Wendigo; the relations between nature writing and new forms of Gothic; and how a fresh generation of women writers in Canada have adapted the imagery of the Canadian North for the exploration of contemporary themes of gender, the family and sexuality. Writers discussed include Robert Service, Robertson Davies, Alice Munro, E.J. Pratt, Marian Engel, Margaret Laurence, and Gwendolyn MacEwan. This superbly written and compelling portrait of the mysterious North is at once a fascinating insight into the Canadian imagination, and an exciting new work from an outstanding literary presence.

**The Philosophy of Spiritual Activity** Rudolf Steiner. 2007-05 This seminal work asserts that free spiritual activity--understood as the human ability to think and act independently of one's physical nature--is the most appropriate path today for inner development and true self-knowledge. This is not simply a volume of philosophy, but also a friendly guide to practice and the experience of living thinking. Rudolf Steiner provides a step-by-step account of how we can come to experience living, intuitive thinking, the conscious experience of pure spirit. Since this book was written more than a century ago, many have tried to discover the kind of new thinking that can help us better understand the spiritual, ecological, social, political, and philosophical issues that face us. Steiner showed a path that leads from ordinary thinking to the level of pure spiritual activity--true inner freedom.

Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining. —Thomas Keller, *The French Laundry*

Linguistic and Rhetorical Perspectives on Congressional Hearings Cinzia Giglioni. 2020-07-10 Congressional hearings are often the most requested government documents in US libraries. However, among the genres that have been traditionally of interest to political discourse analysts - e.g.

political speeches, political interviews, policy documents – hearings have not been of much scrutiny on the part of discourse scholars, an attitude somehow contrasting with the lay public's interest. Cinzia Giglioni takes the opportunity to gain a unique view into the actors, the interested parties, the issues, from a linguistic and rhetorical perspective. Her intent is to provide an in-depth analysis of witnesses' opening statements, which are probably the most salient parts in a congressional hearing. The investigation begins with, but is not constricted by, theoretical aspects, which are integrated with empirical observations and suggestions for critical reading.

**Women in Antiquity** Stephanie Lynn Budin, Jean Macintosh Turfa. 2016-08-12 This volume gathers brand new essays from some of the most respected scholars of ancient history, archaeology, and physical anthropology to create an engaging overview of the lives of women in antiquity. The book is divided into ten sections, nine focusing on a particular area, and also includes almost 200 images, maps, and charts. The sections cover Mesopotamia, Egypt, Anatolia, Cyprus, the Levant, the Aegean, Italy, and Western Europe, and include many lesser-known cultures such as the Celts, Iberia, Carthage, the Black Sea region, and Scandinavia. Women's experiences are explored, from ordinary daily life to religious ritual and practice, to motherhood, childbirth, sex, and building a career. Forensic evidence is also treated for the actual bodies of ancient women. *Women in Antiquity* is edited by two experts in the field, and is an invaluable resource to students of the ancient world, gender studies, and women's roles throughout history.

Everyday Initiations Rüdiger Dahlke. 1999 Connects general Short-comings of Western societies with the loss of rituals in daily life.

**Political Memoir** George W. Egerton. 1994 The genre of political memoir has a long history, from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations. Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre, fusing autobiographical, historical and political elements. The essays in this book draw together the collaborative findings of a team of British, European, American and Canadian scholars to present a pioneering historical and critical study of the genre of political memoir, analysing the development of its distinct functions and assessing leading memoirists in European, American, Canadian, Indian and Japanese societies. The editor, George Egerton, introduces the volume and surveys the principal features of the genre over its long history. Otto Pflanze analyses the memoirs of Bismarck; Robert Young, Milton Israel, Joshua Mostow and Robert Bothwell study the memoir literature of France, India, Japan and Canada respectively. Barry Gough and Tim Travers look at naval and military memoirists, while Zara Steiner, B.J.C. McKercher and Valerie Cromwell assess the memoirs of diplomats and their families. Leonidas Hill examines the memoirs of leading Nazis. John Munro, Francis Heller and Robert Ferrell convey inside information on the making of memoirs - notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman. Stephen Ambrose assays Nixon as memoirist, while Janos Bak portrays the status of memoirists under totalitarian regimes. Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist. The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter.

**Going to the Mountain** Ndaba Mandela. 2018-06-28 'You empower yourself and then you reach out to others.' Uplifting life lessons from one of the greatest leaders the world has ever known... through the eyes of the grandson whose life he changed forever. In his book *Going to the Mountain*, Ndaba Mandela shares the story of his coming-of-age alongside South Africa's rebirth. It is a remarkable journey, and one that took him from the violent, segregated Soweto ghettos to his grandfather's presidential home. As a young boy, Ndaba was constantly shunted from place to place. But at eleven years old he was unexpectedly invited to live with his grandfather, Nelson Mandela, even though he had met him only once before, during a prison visit. And, slowly, they built a relationship that would affect both of them profoundly. Ndaba's teenage years were complicated, but as he approached his twenty-first birthday, Mandela decided that Ndaba was finally ready to 'go to the mountain' - a test of courage during which you become a man. At the end of this gruelling ritual journey, the elders of the Mandelas' tribe gathered and Ndaba's grandfather was there, as ever, to share his greatest life lessons. From Nelson Mandela, Ndaba learned the spirit of endurance, the triumph of forgiveness, the power of resistance and the beauty of reconciliation. And as Mandela grew older, Ndaba had the chance to repay his grandfather's love and support by demonstrating the ways in which he'd understood all that he had taught him. Intimate and inspirational, *Going to the Mountain* is a powerful reminder of how one person can impact profoundly on another, and a testament to the awesome power within us to change ourselves and our world.

**Witchcraft Medicine** Claudia Müller-Ebeling, Christian Rättsch, Wolf-Dieter Storl. 2003-10-01 An in-depth investigation of traditional European folk medicine and the healing arts of witches • Explores the outlawed "alternative" medicine of witches suppressed by the state and the Church and how these plants can be used today • Reveals that female shamanic medicine can be found in cultures all over the world • Illustrated with color and black-and-white art reproductions dating back to the 16th century Witch medicine is wild medicine. It does more than make one healthy, it creates lust and knowledge, ecstasy and mythological insight. In *Witchcraft Medicine* the authors take the reader on a journey that examines the women who mix the potions and become the healers; the legacy of Hecate; the demonization of nature's healing powers and sensuousness; the sorceress as shaman; and the plants associated with witches and devils. They explore important seasonal festivals and the plants associated with them, such as wolf's claw and calendula as herbs of the solstice and alder as an herb of the time of the dead--Samhain or Halloween. They also look at the history of forbidden medicine from the Inquisition to current drug laws, with an eye toward how the sacred plants of our forebears can be used once again.

**Child Protection** Nigel Parton, David Thorpe, Corrine Wattam. 1995-06-30 Drawing on original research, this book provides a major critique of contemporary child protection research, policy and practice. In particular, it challenges current attempts to reorder priorities and reconstruct the balance between family support and child protection. In the process, it provides a unique insight into the nature of child protection work and the way practitioners respond to the inherent tensions and difficulties involved. It is essential reading for anyone interested in this major personal and social issue.

*Founding Psychoanalysis Phenomenologically* Dieter Lohmar, Jagna Brudzinska. 2011-10-12 The present anthology seeks to give an overview of the different approaches to establish a relation between phenomenology and psychoanalysis, primarily from the viewpoint of current phenomenological research. Already during the lifetimes of the two disciplines' founders, Edmund Husserl (1859 - 1938) and Sigmund Freud (1856 - 1939), phenomenological and phenomenologically inspired authors were advancing psychoanalytic theses. For both traditions, the Second World War presented a painful and devastating disruption of their development and mutual exchange. During the postwar period, phenomenologists, especially in France, revisited psychoanalytic topics. Thus, in the so-called second generation of phenomenology there developed an intensive reception of the psychoanalytic tradition, one that finds its expression even today in current hermeneutic, postmodern and poststructuralist conceptions. But also in more recent phenomenological research we find projects concentrated systematically on psychoanalysis and its theses. In this context, the status of psychoanalysis as a science of human experience is discussed anew, now approached on the 'first person' basis of a phenomenological understanding of subjective experience. In such approaches, phenomena like incorporation, phantasy, emotion and the unconscious are discussed afresh. These topics, important for modern phenomenology as well as for psychoanalysis, are examined in the context of the constitution of the human person as well as of our intersubjective world. The analyses are also interdisciplinary, making use of connections with modern medicine, psychiatry and psychotherapy. The systematic investigations are enriched by historical analysis and research in the internal development of the disciplines involved. The volume presents recent work of internationally recognized researchers - phenomenologically oriented philosophers, psychoanalysts and psychotherapists - who work in the common field of the two disciplines. The editors hope that this selection will encourage further systematic collaboration between phenomenology and psychoanalysis

**The Radio Family** Ingeborg Bachmann. 2021 Ingeborg Bachmann (1926-1973) is recognized as one of post-war German literature's most important novelists, poets, and playwrights. Influenced by Hans Weigel and the legendary literary circle Gruppe 47, Bachmann gained international renown for her poems, short stories, and novels, and won numerous awards for her work. Sadly, her life ended abruptly in October of 1973 when a lit cigarette

burned down her apartment causing Bachmann to suffer severe burns that would eventually prove fatal. The author was only forty-seven, and her tragic death left what could have been a long and lustrous writing career regretfully stunted. Nearly twenty years after her death, during an estate sale in Vienna, fifteen episodes of the popular Viennese radio drama *The Radio Family* were discovered. Remarkably, they happened to be written by Ingeborg Bachmann herself, who had been a writer on the show just after she graduated university. *The Radio Family* was a popular radio soap opera broadcast in the American sector of occupied Vienna in the 1950s. The program focused on a middle-class Viennese family and their everyday life. Topics ranged from birthday parties and holiday plans to profiteering and currency fraud in the commercial sector, and Austrians' involvement in the Nazi past. All fifteen scripts have now been compiled and masterfully translated, revealing an early and significant piece of Bachmann's body of work, while simultaneously offering a rare glimpse into Vienna's quotidian history.

**The Epochs of German History** J. Haller. 2020-06-29 Originally published in 1930. This book is not intended to be a discussion on German history, but to talk about its epochs, a period in which some fresh beginning is made, some fresh determining element enters, some event occurs to give a new direction to the course of history. The book is concerned with the critical moments of German history, the turning points in its course. Those are what we want to consider, and also to select as points of vantage from which we may survey the development of the German nation, viewing the panorama section by section.
