Now, with this new series, starting with *Killed at the Whim of a Hat*, Cotterill is poised to break into the mainstream. Set in present day rural Thailand, Cotterill is as sharp and witty, yet more engaging and charming, than ever before. Jimm Juree was a crime reporter for the Chiang Mai Daily Mail with a somewhat eccentric family—a mother who might be drifting mentally; a grandfather—a retired cop—who rarely talks; a younger brother obsessed with body-building, and a transgendered, former beauty pageant queen, former older brother. When Jimm is forced to follow her family to a rural village on the coast of Southern Thailand, she's convinced her career—maybe her life—is over. So when a van containing the skeletal remains of two hippies, one of them wearing a hat, is inexplicably unearthed in a local farmer's field, Jimm is thrilled. Shortly thereafter an abbot at a local Buddhist temple is viciously murdered, with the temple's monk and nun the only suspects. Suddenly Jimm's new life becomes somewhat more promising—and a lot more deadly. And if Jimm is to make the most of this opportunity, and unravel the mysteries that underlie these inexplicable events, it will take luck, perseverance, and the help of her entire family. One of *Library Journal's* Best Mystery Books of 2011

After Modernist Painting Craig Staff.2013-03-14 Painting has often been declared dead since the 1960s and yet it refuses to die. Even the status and continued legitimacy of the medium has been repeatedly placed in question. As such, painting has had to continually redefine its own parameters and re-negotiate for itself a critical position within a broader, more discursive set of discourses. Taking the American Clement Greenberg's 'Modernist Painting' as a point of departure, *After Modernist Painting* will be both a historical survey and a critical re-evaluation of the contested and contingent nature of the medium of painting over the last 50 years. Presenting the first critical account of painting, rather than art generally, this book provides a timely exploration of what has remained a persistent and protean medium. Craig Staff focuses on certain developments including the relationship of painting to Conceptual Art and Minimalism, the pronouncement of paintings alleged death, its response to Installation Art's foregrounding of site, how it was able to interpret ideas around appropriation, simulation and hybridity and how today painting can be understood as both imaging and imagining the digital. *After Modernist Painting* is an invaluable resource for those seeking to understand the themes and issues that have pertained to painting within the context of postmodernism and contemporary artistic practice.
