Rituals Joel Silverman.2020-06-15 Understanding your dog's rituals gives dog owners the advantage of understanding your dog - particularly because each dog has its own natural behavior. Rituals emphasizes the importance of taking the time to recognize your dog's need for the game. Joel Silverman demonstrates how the natural behavior a dog plays out now has the ability to escalate over time. The escalation of the behavior can both be a good thing or bad thing. Either way, that behavior becomes a Ritual.

Pit Bull Flower Power Sophie Gamand.2018 For decades, pit bulls have been demonized by society and portrayed as hellhounds. They've become the most feared, hated, and abused of all companion animals. Some cities and even entire countries ban them, while the media persist in associating them with viciousness. This unjust reputation has sealed the fate of millions of dogs, who face prejudice around the world and languish in shelters, where they are the most euthanized. In America alone, hundreds of thousands of pit bulls are put to sleep every year. Since 2014, French photographer Sophie Gamand has been composing portraits of adoptable pit bulls from more than thirty shelters and rescues throughout the United States. Many had been waiting for years for a home. Adorning her models with handmade flower-crowns, Gamand tells each dog's story and celebrates their inherent personality, vulnerability, and individuality. Posted and shared widely on social media, the portraits--at once charming, candid, and deeply affecting--have not only led to hundreds of dogs finding loving, forever homes, but have also spurred efforts to destigmatize an animal whose reputation for violence says more about us than it does the character of the dogs themselves. Full of moving, honest, and inspiring stories of individual dogs and their lives (and deaths), Pit Bull Flower Power presents a vivid, beautifully composed cross-section of Gamand's

extraordinary work. The book also serves as a testament to the caring people who work in animal rescue, the passion and dedication of those who provide homes for these animals, and the dignity, forbearance, and love of these dogs, who are at the mercy of humans.

Wild Horses of the Summer Sun Tory Bilski.2019-05-07 A wondrous story of adventure and friendship featuring a group of women who ride Icelandic horses. Blame it or praise it, there is no denying the wild horse in us. - Virginia Woolf Each June, Tory Bilski meets up with fellow women travelers in Reykjavik where they head to northern Iceland, near the Greenland Sea. They escape their ordinary lives to live an extraordinary one at a horse farm perched at the edge of the world. If only for a short while. When they first came to Thingeyar, these women were strangers to one another. The only thing they had in common was their passion for Icelandic horses. However, over the years, their relationships with each other deepens, growing older together and keeping each other young. Combining the self-discovery of Eat, Pray, Love, the sense of place of Under the Tuscan Sun, and the danger of Wild, Wild Horses of the Summer Sun revels in Tory's quest for the wild inside her. These women leave behind the usual troubles at home: illnesses, aging parents, troubled teenagers, financial worries and embrace their desire for adventure. Buoyed by their friendships with each other and their growing attachments and bonds with the otherworldly horses they ride, the warmth of Thingeyrar's midnight sun carries these women through the rest of the year's trials and travails. Filled with adventure and fresh humor, as well as an incredible portrait of Iceland and its remarkable equines, Wild Horses of the Summer Sun will enthrall and delight not just horse lovers, but those of us who yearn for a little more wild in everyday life.

Mysterious and playful, the language of flowers has roots in everything from the characteristics of the plant to its presence in folklore and history. Researched and illustrated by popular artist Jessica Roux, this book makes a stunning display piece, conversation-starter, or thoughtful gift.

The Green Brain Frank Herbert.2002-09-16 In an overpopulated world seeking living room in the jungles, the International Ecological Organization was systematically exterminating the voracious insects which made these areas uninhabitable. Using deadly foamal bombs and newly developed vibration weapons, men like Joao Martinho and his co-workers fought to clear the green hell of the Mato Grosso. But somehow those areas which had been completely cleared were becoming reinfested, despite the impenetrable vibration barriers. And tales came out of the jungles . . . of insects mutated to incredible sizes . . . of creatures who seemed to be men, but whose eyes gleamed with the chitinous sheen of insects. . . . A fascinating examination of the fragile balance between consciousness, man and insect from one of the best-loved science fiction creators of all time.
