Freedom Over Me Ashley Bryan.2016-09-13 Newbery Honor Book Coretta Scott King Author Honor Book Coretta Scott King Illustrator Honor Book Using original slave auction and plantation estate documents, Ashley Bryan offers a moving and powerful picture book that contrasts the monetary value of a person with the priceless value of life experiences and dreams that a slave owner could never take away. Imagine being looked up and down and being valued as less than chair. Less than an ox. Less than a dress. Maybe about the same as...a lantern. This gentle yet deeply powerful way goes to the heart of how a slave is given a monetary value by the slave owner, tempering this with the one thing that can't be bought or sold: dreams. Inspired by the actual will of a plantation owner that lists the worth of each and every one of his "workers," the author has created collages around that document, and others like it. Through fierce paintings and expansive poetry, he imagines and interprets each person's life on the plantation, as well as the life their owner knew nothing about—their dreams and pride in knowing that they were worth far more than an overseer or madam ever would guess. Visually epic, and never before done, this stunning picture book is unlike anything you've seen.

Paid off by her shady employer, she buys a one-way ticket to Reykjavik, in search of a lover from her own dark past. But when the fashion photographer's mutilated corpse is discovered back in Finland, Cass finds herself sucked into a vortex of ancient myth and betrayal, vengeance and serial murder, set against a bone-splintering soundtrack of black metal and the terrifying beauty of the sunless Icelandic wilderness. The One-Cent Magenta James Barron.2017-03-07 An inside look at the obsessive, secretive, and often bizarre world of high-profile stamp collecting, told through the journey of the world's most sought-after stamp. When it was issued in 1856, it cost a penny. In 2014, this tiny square of faded red paper sold at Sotheby's for nearly \$9.5 million, the largest amount ever paid for a postage stamp at auction. Through the stories of the eccentric characters who have bought, owned, and sold the one-cent magenta in the years in between, James Barron delivers a fascinating tale of global history and immense wealth, and of the human desire to collect. One-cent magentas were provisional stamps, printed quickly in what was then British Guiana when a shipment of official stamps from London did not arrive. They were intended for periodicals, and most were thrown out with the

newspapers. But one stamp survived. The singular one-cent magenta has had only nine owners since a twelve-year-old boy discovered it in 1873 as he sorted through papers in his uncle's house. He soon sold it for what would be \$17 today. (That's been called the worst stamp deal in history.) Among later owners was a fabulously wealthy Frenchman who hid the stamp from almost everyone (even King George V of England couldn't get a peek); a businessman who traveled with the stamp in a briefcase he handcuffed to his wrist; and John E. du Pont, an heir to the chemical fortune, who died while serving a thirty-year sentence for the murder of Olympic wrestler Dave Schultz. Recommended for fans of Nicholas A. Basbanes, Susan Orlean, and Simon Winchester, *The One-Cent Magenta* explores the intersection of obsessive pursuits and great affluence and asks why we want most what is most rare.
