Encyclopedia of Media and Propaganda in Wartime America [2 volumes] Martin J. Manning, Clarence R. Wyatt. 2010-12-20 This fascinating compilation of reference entries documents the unique relationship between mass media, propaganda, and the U.S. military, a relationship that began in the period before the American Revolution and continues to this day—sometimes cooperative, sometimes combative, and always complex. The Encyclopedia of Media and Propaganda in Wartime America brings together a group of distinguished scholars to explore how war has been reported and interpreted by the media in the United States and what effects those reports and interpretations have had on the people at home and on the battlefield. Covering press-U.S. military relationships from the early North American colonial wars to the present wars in Iraq and Afghanistan, this two-volume encyclopedia focuses on the ways in which government and military leaders have used the media to support their actions and the ways in which the media has been used by other forces with different views and agendas. The volumes highlight major events and important military, political, and cultural players, offering fresh perspectives on all of America's conflicts. Bringing these wars together in one source allows readers to see how media affected the conflicts individually, but also understand how the use of the various forms of media (print, radio, television, film, and electronic) have developed and changed over the years.

Images of America in Scandinavia Poul Houe, Sven Hakon Rossel. 1998 The subject of Images of America in Scandinavia, the first comprehensive study of its kind, is as multifaceted, complex, and overwhelming as America or the United States, itself. It concerns the nature and function, reality and fiction of such

images in Denmark, Norway, and Sweden past and present. The book is intended to be a source of solid information as well as a starting point for further inquiries into its cultural territory. Part of its focus is on images of America rooted in printed sources, but, in addition, general surveys of other cultural signs of America in the Scandinavian countries present a broader picture and provide some of the background for the predominantly literary images. Issues such as government and politics, popular and vanguard music and art, and socio-cultural institutions intermittently come to the fore. Framing the volume's three pairs of national surveys is an introductory chapter, which addresses the entire subject from a bird's-eye view, and a concluding chapter, which, by contrast, delves into the cross-fire of sentiments defining people whose images of America, are both American and Scandinavian. The discussion of America as perceived in Scandinavia sheds new light on intriguing inter-Scandinavian cultural distinctions and borderlines. Countless books and articles, methods and theories, have been devoted to the study of national and cultural identity. Still, the exchanges between such identities and the images they engender - so indispensable for the participants in a global culture - remain clouded by many misconceptions. Images of America in Scandinavia whose editors and authors all have Scandinavian backgrounds, will contribute an improved understanding of the cultural interplay between Scandinavia and the United States of America.

Kurt Weill's America Naomi Graber.2021-03-27 Throughout his life, German-Jewish composer Kurt Weill was fascinated by the idea of America. His European works depict America as a Capitalist dystopia. But in 1935, it became clear that Europe was

Downloaded from

no longer safe for Weill, and he set sail for New World, and his engagement with American culture shifted. From that point forward, most of his works concerned the idea of America, whether celebrating her successes, or critiquing her shortcomings. As an outsider-turned-insider, Weill's insights into American culture were unique. He was keenly attuned to the difficult relationship America had with her immigrants, but was slower to grasp the subtleties of others, particularly those surrounding race relations, even though his works reveal that he was devoted to the idea of racial equality. The book treats Weill as a node in a transnational network of musicians, writers, artists, and other stage professionals, all of whom influenced each other. Weill sought out partners from a range of different sectors, including the Popular Front, spoken drama, and the commercial Broadway stage. His personal papers reveal his attempts to navigate not only the shifting tides of American culture, but the specific demands of his institutional and individual collaborators. In reframing Weill's relationship with immigration and nationality, the book also puts nuance contemporary ideas about the relationships of immigrants to their new homes, moving beyond ideas that such figures must either assimilate and abandon their previous identities, or resist the pull of their new home and stay true to their original culture.

America on Film Harry M. Benshoff, Sean Griffin. 2011-08-26
America on Film: Representing Race, Class, Gender, and Sexuality in the Movies, 2nd Edition is a lively introduction to issues of diversity as represented within the American cinema. Provides a comprehensive overview of the industrial, socio-cultural, and aesthetic factors that contribute to cinematic representations of race, class, gender, and sexuality Includes over 100 illustrations, glossary of key terms, questions for discussion, and lists for further reading/viewing Includes new case studies of a number of films, including Crash, Brokeback Mountain, and Quinceañera

The Negro Motorist Green Book Victor H. Green. The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Lewd Looks Elena Gorfinkel.2017-10-15 One of the most fascinating phenomena of 1960s film culture is the emergence of American sexploitation films—salacious indies made on the margins of Hollywood. Hundreds of such films were produced and shown on both urban and small-town screens over the course of the decade. Yet despite their vital importance to the film scene, and though they are now understood as a gateway to the emergence of publicly exhibited hardcore pornography in the early 1970s, these films have been largely overlooked by scholars. Defined by low budgets, quick production times, unknown actors, strategic uses of nudity, and a sensationalist obsession with unbridled female sexuality, sexploitation films provide a unique window into a tumultuous period in American culture and sexual politics. In *Lewd Looks*, Elena Gorfinkel examines the social and legal developments that made sexploitation films possible: their aesthetics, their regulation, and their audiences. Gorfinkel explores the ways sexploitation films changed how spectators encountered and made sense of the sexualized body and set the stage for the adult film industry of today. *Lewd Looks* recovers a lost chapter in the history of independent cinema and American

culture—a subject that will engross readers interested in media, sexuality, gender, and the 1960s. Gorfinkel investigates the films and their contexts with scholarly depth and vivid storytelling, producing a new account of the obscene image, screen sex, and adult film and media.

Laws of the State of Delaware .1921

Herringshaw's American Blue-book of Biography .1919

Latino American Cinema Scott L. Baugh.2012-04-13 Latino

American cinema is a provocative, complex, and definitively American topic of study. This book examines key mainstream commercial films while also spotlighting often-underappreciated documentaries, avant-garde and experimental projects, independent productions, features and shorts, and more. *Latino American Cinema: An Encyclopedia of Movies, Stars, Concepts, and Trends* serves as an essential primary reference for students of the topic as well as an accessible resource for general readers. The alphabetized entries in the volume cover the key topics of this provocative and complex genre—films, filmmakers, star performers, concepts, and historical and burgeoning trends—alongside frequently overlooked and crucially ignored items of interest in Latino cinema. This comprehensive treatment bridges gaps between traditional approaches to U.S.-Latino and Latin American cinemas, placing subjects of Chicana and Chicano, Puerto Rican, Cuban and diasporic Cuban, and Mexican origin in perspective with related Central and South American and Caribbean elements. Many of the entries offer compact definitions, critical discussions, overviews, and analyses of star artists, media productions, and historical moments, while several foundational entries explicate concepts, making this single volume encyclopedia a critical guide as well.

Blue-Collar Hollywood John Bodnar.2006-09-26 Selected by Choice Magazine as an Outstanding Academic Title for 2003

Downloaded from
gws.ala.org on 2022-10-19
by guest

From Tom Joad to Norma Rae to Spike Lee's Mookie in *Do the Right Thing*, Hollywood has regularly dramatized the lives and struggles of working people in America. Ranging from idealistic to hopeless, from sympathetic to condescending, these portrayals confronted audiences with the vital economic, social, and political issues of their times while providing a diversion—sometimes entertaining, sometimes provocative—from the realities of their own lives. In *Blue-Collar Hollywood*, John Bodnar examines the ways in which popular American films made between the 1930s and the 1980s depicted working-class characters, comparing these cinematic representations with the aspirations of ordinary Americans and the promises made to them by the country's political elites. Based on close and imaginative viewings of dozens of films from every genre—among them *Public Enemy*, *Black Fury*, *Baby Face*, *The Grapes of Wrath*, *It's a Wonderful Life*, *I Married a Communist*, *A Streetcar Named Desire*, *Peyton Place*, *Taxi Driver*, *Raging Bull*, *Coal Miner's Daughter*, and *Boyz n the Hood*—this book explores such topics as the role of censorship, attitudes toward labor unions and worker militancy, racism, the place of women in the workforce and society, communism and the Hollywood blacklist, and faith in liberal democracy. Whether made during the Great Depression, World War II, the Cold War, or the Vietnam era, the majority of films about ordinary working Americans, Bodnar finds, avoided endorsing specific political programs, radical economic reform, or overtly reactionary positions. Instead, these movies were infused with the same current of liberalism and popular notion of democracy that flow through the American imagination.

The American Dream and Contemporary Hollywood Cinema

J. Emmett Winn.2007-09-26 While the myth of a classless America endures in the American Dream, the very stratification that it denies unfairly affects the majority of Americans. Studies show that it's difficult for working class people to achieve upward mobility in the US. This book shows that the American Dream's glorification in Hollywood cinema should not be ignored.

John Wayne's America Garry Wills.2013-05-28 The Pulitzer Prize-winning author of Lincoln at Gettysburg brings his eloquence, wit, and on-target perceptions of American life and politics to this fascinating, well-drawn protrait of a twentieth-century hero. In this work of great originality—the biography of an idea—Garry Wills shows how John Wayne came to embody Amercian values and influenced our cultoure to a degree unmatched by any other public figure of his time. In Wills's hands, Waynes story is tranformed into a compelling narrative about the intersection of popular entertainment and political realities in mid-twentieth-century America.

Herringshaw's American Blue-Book of Biography; Prominent Americans .1926

American Catholic Charles Morris.2011-08-24 A cracking good story with a wonderful cast of rogues, ruffians and some remarkably holy and sensible people. --Los Angeles Times Book Review Before the potato famine ravaged Ireland in the 1840s, the Roman Catholic Church was barely a thread in the American cloth. Twenty years later, New York City was home to more Irish Catholics than Dublin. Today, the United States boasts some sixty million members of the Catholic Church, which has become one of this country's most influential cultural forces. In American Catholic: The Saints and Sinners Who Built America's Most Powerful Church, Charles R. Morris recounts the rich story of the rise of the Catholic Church in America, bringing to life the

Downloaded from

personalities that transformed an urban Irish subculture into a dominant presence nationwide. Here are the stories of rogues and ruffians, heroes and martyrs--from Dorothy Day, a convert from Greenwich Village Marxism who opened shelters for thousands, to Cardinal William O'Connell, who ran the Church in Boston from a Renaissance palazzo, complete with golf course. Morris also reveals the Church's continuing struggle to come to terms with secular, pluralist America and the theological, sexual, authority, and gender issues that keep tearing it apart. As comprehensive as it is provocative, *American Catholic* is a tour de force, a fascinating cultural history that will engage and inform both Catholics and non-Catholics alike. The best one-volume history of the last hundred years of American Catholicism that it has ever been my pleasure to read. What's appealing in this remarkable book is its delicate sense of balance and its soundly grounded judgments. --Andrew Greeley

Nightmares in Red, White and Blue Joseph Maddrey.2010-07-27
What's weighing on Americans? Look to horror movies for your answer--they're one of the best measures of the American consciousness. From an early fascination with the Gothic, to the mutant horrors of the Atomic Age and alien enemies of the Cold War, to the inner demons of the psyche and the American Dream turned nightmare, the history of American horror films is a reflection of changing American cultural attitudes and values--and the fears that accompany them. This survey of the pivotal horror films produced in America examines the history of the genre as a reflection of cultural changes in the United States. It begins with an exploration of the origins of the genre, and follows its development until the present, using various films to document the evolution of Hollywood horror flicks and illustrate their cultural significance. The second part focuses on eight pivotal directors whose personal visions helped shape the genre--from early pioneers like Tod Browning and Alfred Hitchcock, to modern masters like John Carpenter and Wes Craven. American Blue-book of Biography Thomas William Herringshaw.1919

The Western in the Global South MaryEllen Higgins,Rita Keresztesi,Dayna Oscherwitz.2015-04-24 The Western in the Global South investigates the Western film genre's impact, migrations, and reconfigurations in the Global South.

Contributors explore how cosmopolitan directors have engaged with, appropriated, and subverted the tropes and conventions of Hollywood and Italian Westerns, and how Global South Westerns and Post-Westerns in particular address the inequities brought about by postcolonial patriarchy, globalization and neoliberalism. The book offers a wide range of historical engagements with the genre, from African, Caribbean, South and Southeast Asian, Central and South American, and transnational directors. The contributors employ interdisciplinary cultural studies approaches to cinema, integrating aesthetic considerations with historical, political, and gender studies readings of the international appropriations and U.S. re-appropriations of the Western genre.

The Blue Movie Murders Ellery Queen.2015-09-29 A killing shocks the erotic film underworld in a mystery featuring Mike McCall, the political troubleshooter introduced in The Campus Murders. The film is called The Wild Nymph, and it may be the finest pornographic movie ever made. A relic of the 1950s, when erotic cinema was more artistic than smutty, it was filmed on a shoestring budget by the enigmatic genius Sol Dahlman. But 20 years later, the film has been forgotten and Dahlman has become a recluse. Finding him will be a deadly proposition. A Hollywood producer comes to the state capital in search of Dahlman, hoping to capitalize on pornography's growing mainstream acceptance. He meets Mike McCall, the governor's top troubleshooter, whose only interest in pornography is in keeping women's lib protestors from picketing the theaters. When Dahlman is found dead, it falls

Downloaded from

to McCall to stop the bloodshed. Sex can be controversial, but murder is always taboo.

The American Film Institute and the Cultural Politics of Experimental and Independent Cinema Gracia

Ramirez.2024-03-15 This book examines the role that the American Film Institute (AFI) had in supporting experimental and independent cinema at a key moment of change in the history of American film. Weaving a rich historical narrative, Ramirez argues that the Cold War struggle for cultural supremacy motivated the creation of the federally-funded AFI. Exploring the intersection of business interests and political objectives, Ramirez demonstrates how the AFI's approach to experimental and independent cinema was marked by an interest in promoting innovative aesthetics and protecting the creative freedom of filmmakers but lacked the attention to distribution and exhibition that would strengthen the viability of experimental and independent filmmaking as professional practices. Scholars of film, history, and American studies will find this work particularly useful.

Projecting Paranoia Ray Pratt.2001 A wide-ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War. The first book to take a sweeping look at 60 years of film and analyze them thematically.

film. This edition incorporates new writings and recent developments, such as a chronology documenting changes associated with the mascot issue, along with information on state legislation. Other new material incorporates powerful commentary by Native American veterans, who speak to the issue of stereotyping against their people in the military. Also includes a new expanded annotated bibliography.

African American Slang Maciej Widawski.2015-03-05 A pioneering exploration of form, meaning, theme and function in African American slang, illustrated with thousands of contextual examples.

Planet of the Apes as American Myth Eric Greene.2006-03-17 How do political conflicts shape popular culture? This book explores that question by analyzing how the Planet of the Apes films functioned both as entertaining adventures and as apocalyptic political commentary. Informative and thought provoking, the book demonstrates how this enormously popular series of secular myths used images of racial and ecological crisis to respond to events like the Cold War, the race riots of the 1960s, the Civil Rights movement, the Black Power movement, and the Vietnam War. The work utilizes interviews with key filmmakers and close readings of the five Apes films and two television series to trace the development of the series' theme of racial conflict in the context of the shifting ideologies of race during the sixties and seventies. The book also observes that today, amid growing concerns over race relations, the resurgent popularity of Apes and Twentieth Century--Fox's upcoming film may again make Planet of the Apes a pop culture phenomenon that asks who we are and where we are going. Instructors considering this book for use in a course may request an examination copy here.

personnel on film - but do their fans know that Fonda won a Bronze Star for his actions during Pacific naval encounters, that Bogart dropped a fleeing prisoner with his .45, that Montgomery was awarded a Bronze Star for his courageous performance of duty during the Normandy invasion, or that Borgnine hunted U-boats off America's East Coast? A virtual who's who, this entertaining and historically accurate work brings to life these and dozens of other stars' naval and coast guard service backgrounds and film careers. It is drawn from interviews with the actors, diaries, letters, and official military and film industry archives.

Black Women Film and Video Artists Jacqueline

Bobo.2013-09-13 Black women film and video makers have been producing shorts, documentaries and films since the early part of this century. Unfortunately, not only has their work been overlooked by distributors, but critical reviews have been few and far between. Conceived to redress that omission, Black Women Film and Video Artists is the first comprehensive history and analysis of this genre. Gathered here are noted scholars and critics, as well as the film/video makers themselves who offer insight into the work of underexplored artists. The discussions range from pioneering to contemporary film makers and include artists such as Madeline Anderson, Monica Freeman, Jacqueline Shearer, Kathleen Collins, Julie Dash, Camille Billops, Zeinabu irene Davis, and Michelle Parkerson, among others. Contributors include: Jacqueline Bobo, Carmen Coustaut, Gloria J. Gibson, C.A. Griffith, Monique Guillory, Carol Munday Lawrence, O. Funmilayo Makarah, Ntongela Maselila, Jacqueline Shearer, P. Jane Splawn.

Blue Movie Terry Southern.2011-05-03 DIVA darkly hilarious, wildly erotic satire of Hollywood/divDIV /divDIVKing B., the world's most admired filmmaker—winner of a string of Oscars and awards from Cannes to Venice—takes on a new project: the most expensive, star-studded, high-quality, X-rated film ever made. He joins forces with producer Sid Krassman, who's made a

fortune with B movies, and Angela Sterling, a misunderstood sex symbol who longs to do “serious” work. After convincing the principality of Liechtenstein to host the production in exchange for a distribution exclusive to boost tourism, King B. and Krassman arrive with cast and crew to make *The Faces of Love*. While keeping the nature of the film secret from American bankers, King B. lines up a host of European and American big-name stars. But word leaks out to the local religious groups and possibly even the Vatican. Between the Cardinal’s attempts to sabotage production and the big egos and even bigger libidos behind the scenes, the enterprise plummets into hilarious anarchy.

Blue Movie is comic eroticism at its best—populated by over-the-top characters, memorable dialogue, and perverse vignettes, and colored by razor-sharp insights into the film industry.

This ebook features an illustrated biography of Terry Southern including rare photos and never-before-seen documents from the author’s estate.

Willing Seduction Barbara Kosta. 2012 Josef von Sternberg's 1930 film *The Blue Angel* (*Der blaue Engel*) is among the best known films of the Weimar Republic (1919-1933). A significant landmark as one of Germany's first major sound films, it is known primarily for launching Marlene Dietrich into Hollywood stardom and for initiating the mythic pairing of the Austrian-born American director von Sternberg with the star performer Dietrich. This fascinating cultural history of *The Blue Angel* provides a new interpretive framework with which to approach this classic Weimar film and suggests that discourses on mass and high culture are integral to the film's thematic and narrative structure. These discourses surface above all in the relationship between the two main characters, the cabaret entertainer Lola Lola (Marlene Dietrich) and the high school teacher Immanuel Rath (one-time Oscar winner Emil Jannings). In addition to offering insight into some of the major debates that informed the Weimar Republic, this book demonstrates that similar issues

Downloaded from
gws.ala.org on 2022-10-19
by guest

continue to shape the contemporary cultural landscape of Germany. Barbara Kosta thus also looks at Dietrich as a contemporary cultural icon and at her symbolic value since German unification and at Lola Lola's various incarnations.

The American Blue Book of Biography .1914

The American Civil War on Film and TV Douglas Brode, Shea T.

Brode, Cynthia J. Miller. 2017 Whether on the big screen or small, films featuring the American Civil War have provided the setting, ideologies, and character archetypes for cinematic narratives of morality, race, gender, and nation. Nineteen essays explore all these issues; spanning a wide range of films, from the silent era to the present, as well as several television mini-series, this volume provides a critical conversation about the Civil War on film.

Winter in America Daniel Robert McClure. 2021-10-22

Neoliberalism took shape in the 1930s and 1940s as a transnational political philosophy and system of economic, political, and cultural relations. Resting on the fundamental premise that the free market should be unfettered by government intrusion, neoliberal policies have primarily redirected the state's prerogatives away from the postwar Keynesian welfare system and toward the insulation of finance and corporate America from democratic pressure. As neoliberal ideas gained political currency in the 1960s and 1970s, a reactionary cultural turn catalyzed their ascension. The cinema, music, magazine culture, and current events discourse of the 1970s provided the space of negotiation permitting these ideas to take hold and be challenged. Daniel Robert McClure's book follows the interaction between culture and economics during the transition from Keynesianism in the mid-1960s to the triumph of neoliberalism at the dawn of the 1980s. From the 1965 debate between William F. Buckley and James Baldwin, through the pages of *BusinessWeek* and *Playboy*, to the rise of exploitation cinema in the 1970s, McClure tracks the increasingly

Downloaded from
[gws.ala.org](https://www.gws.ala.org) on 2022-10-19

shared perception by white males that they had lost their long-standing rights and that a great neoliberal reckoning might restore America's repressive racial, sexual, gendered, and classed foundations in the wake of the 1960s.

The 10 Big Lies About America Michael Medved. 2009-10-13 It ain't so much the things we don't know that get us into trouble, nineteenth-century humorist Josh Billings remarked. It's the things we know that just ain't so. In this bold New York Times bestseller, acclaimed author and talk-radio host Michael Medved zeroes in on ten of the biggest fallacies that millions of Americans believe about our country—in spite of incontrovertible evidence to the contrary. The Big Lies exposed and dissected include: • America was founded on genocide against Native Americans. • The United States is uniquely guilty for the crime of slavery and built its wealth on stolen African labor. • Aggressive governmental programs offer the only remedy for economic downturns and poverty. • The Founders intended a secular, not Christian, nation. Each of the ten lies is a grotesque, propagandistic misrepresentation of the historical record. Medved's witty, well-documented rebuttal supplies the ammunition necessary to fire back the next time somebody tries to recycle destructive distortions about our nation.

Find American Blue Film

Both fiction and non-fiction are covered, spanning different genres (e.g. science fiction, fantasy, thrillers, romance) and types (e.g. novels, comics, essays, textbooks). It's worth remembering that ~~absent from~~

gws.ala.org on 2022-10-19

price tag doesn't necessarily mean that the book is in the public domain; unless explicitly stated otherwise, the author will retain rights over it, including the exclusive right to distribute it. Similarly, even if copyright has expired on an original text, certain editions may still be in copyright due to editing, translation, or extra material like annotations. There are plenty of genres available and you can search the website by keyword to find a particular book. Each book has a full description and a direct link to Amazon for the download. Updated every hour with fresh content, Centsless Books provides over 30 genres of free Kindle books to choose from, and the website couldn't be easier to use. The browsing interface has a lot of room to improve, but it's simple enough to use. Downloads are available in dozens of formats, including EPUB, MOBI, and PDF, and each story has a Flesch-Kincaid score to show how easy or difficult it is to read. Being an Android device owner can have its own perks as you can have

access to its Google Play marketplace or the Google eBookstore to be precise from your mobile or tablet. You can go to its "Books" section and select the "Free" option to access free books from the huge collection that features hundreds of classics, contemporary bestsellers and much more. There are tons of genres and formats (ePUB, PDF, etc.) to choose from accompanied with reader reviews and ratings. World Public Library: Technically, the World Public Library is NOT free. But for \$8.95 annually, you can gain access to hundreds of thousands of books in over one hundred different languages. They also have over one hundred different special collections ranging from American Lit to Western Philosophy. Worth a look. As archive means, you can retrieve books from the Internet Archive that are no longer available elsewhere. This is a not for profit online library that allows you to download free eBooks from its online library. It is basically a
